Gloucester Township Walked for a Cure

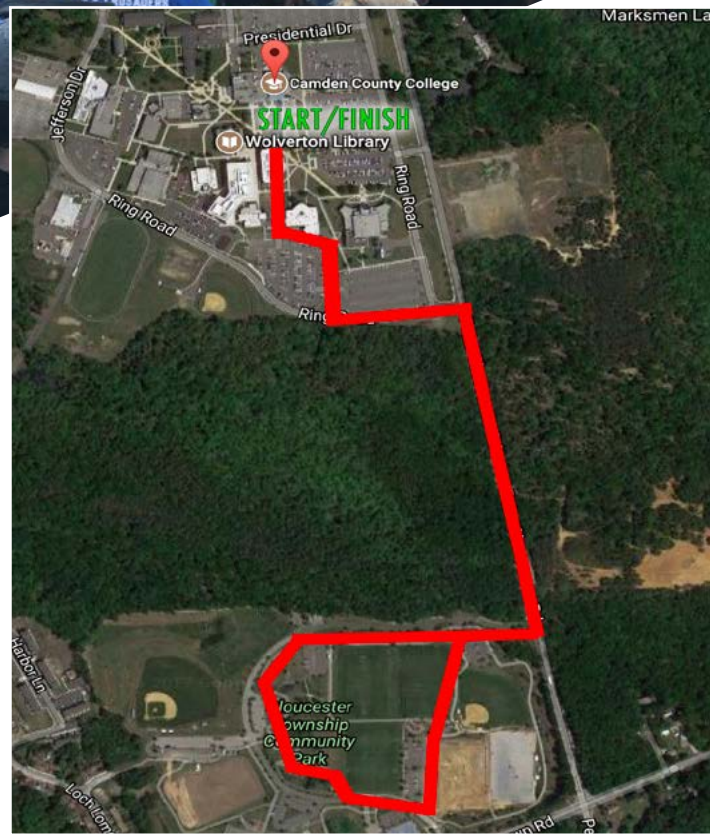

The Juvenile Diabetes Research Foundation (JDRF) One Walk is the largest and most powerful peer-to-peer fundraising program in the world for T1D. Since 1992, the event has raised more than \$1 billion for T1D research.

Gloucester Township is proud to have been the host of the One Walk for the second year in a row. Thousands attended the walk at Camden County College in the Blackwood section of the Township this past Sunday to show their support and bring about a cure one step at a time.

Volunteers arrived bright and early to set up teams' tents; Wawa donated water and snacks; music was blasting to pump up the walkers; and the air was filled with energy and positives vibes coming from all the directions!
