Residents and the GTPD came together to celebrate NNO 2017

Gloucester Township participated in the celebration of the 34th annual National Night Out on Tuesday, August 1st. National Night Out is an annual community-building campaign that promotes police-community partnerships to make our neighborhoods safer, more caring places to live. Furthermore, it provides a great opportunity to bring police and neighbors together under positive circumstances.

Thousands of residents, businesses, and law enforcement officers in Gloucester Township participated in this annual event this past Tuesday with a total of thirty different locations. One of these locations was a public location which took place at Erial Fire Hall in the Erial section of the Township.

SOLAR ECLIPSE PARTY

On August 21, 2017, millions of Americans will witness the moon move in between the Earth and the sun to create what is known as a total solar eclipse. A total solar eclipse occurs when the sun, the moon, and the Earth line up in a row causing the moon to cast a shadow over the planet.

"According to NASA, only fourteen states are in the path of totality and will be able to experience a total solar eclipse," says the Franklin Institute. "The total solar eclipse will move from west to east starting with Oregon at 10:15am PDT and ending with South Carolina at 2:36pm EDT. The twelve states in between are Idaho, Montana, Wyoming, Nebraska, Kansas, Missouri, Iowa, Illinois, Kentucky, Tennessee, Georgia, and North Carolina. However, everyone else in the U.S. will get to see at least a partial eclipse." Here in the Philadelphia region, we can expect to see 79.9% of the sun covered by the moon.

Want to experience this amazing phenomenon first hand?

Join us on August 21st at 1:00 PM for a Solar Eclipse Party! This event will be hosted by Wow Science and will take place at the Valleybrook Country Club in Blackwood. Wow Science requests a donation of \$20 per participant. You may donate online at <http://www.wowsciencecamp.org/pay-online.html> or at the event location. Solar eclipse glasses will be provided at the party. We hope to see you there!

Twenty students are enrolled in the program. Two groups of ten are collaborating on their films. The premiere features films of various styles ranging from comedy, romance, action, parody, to horror.

Don't miss the last concert in the Summer Concert Series!

The Sounds of Summer concert series comes to a close this Monday with a performance by New Jersey native, Sherry Lynn. The vivacious vocalist made her Grand Ole Opry debut in 2013 when she and Crystal performed their duet for excited fans in Music City. "It all seems unreal sometimes," says the entertainer. "You go on a show like that and it reaches so many people it's crazy. In reality, I'm a mom with five kids and I still do all the things that 'regular' folks do. I just happen to sing for a living." Sherry now splits her time between her home state and the bright lights of Nashville, Tennessee. "I do have to be in Nashville quite a bit," explains the Jersey resident. "But I do still love to play for the 'hometown' crowds."

The concert will take place on Monday, August 7th at Veterans Park at 7 PM.
