## Don't Miss Your Last Chance to Join the GTCrusaders!

Would you like to join the movement to end T1D? Join us at Camden County College on Sunday, October 22nd for the JDRF One Walk. "Serving as the Corporate Chair for the 2017 JDRF One Walk, it is my honor to invite you to create your own team or to join ours, the GTCrusaders, to raise awareness and funds for the Juvenile Diabetes Foundation. Our team is walking to create a world without Type 1 Diabetes!" stated Mayor David R. Mayer.

Type 1 diabetes (T1D) is an autoimmune disease in which a person's pancreas stops producing insulin, a hormone people need to get energy from food. T1D strikes both children and adults at any age and suddenly.

# HARKEN-A GAME OF PHONES

Parents, grandparents, teachers, scout leaders, and anyone who works with teens/tweens, know that the kids always have their phones out for texting, tweeting, Snap-chatting, and posting on Instagram. Mainstage, in collaboration with Riddlesbrood Touring Theatre, is presenting HARKEN – A GAME OF PHONES, a performance young adults will love since the audience is encouraged to use their phones! In HARKEN, a group of ordinary people, Carter attend a street fair where they're transported into Harken, fantasy world where they must fight their way to get out. The audience helps guide them through by

interacting with their smart phones! They download a software APP and vote to determine the course of live action.

The set is a 3D world created with technology normally used to make video games instead of a traditional set. Due to the nature of the fight scenes, writer/director Ryan Long notes that the show is more of a PG-13 than a G rated performance. With cell phones allowed, action-packed fight scenes, and the Game of Throne's connections, HARKEN -- A GAME OF PHONES is a must see! The production runs November 3, 7 pm; 4th, 1 and 7 pm; and 5th, 1 pm. Tickets range from \$14 - \$21 and can be purchased at [www.mainstage.org](http://www.mainstage.org).
