RESOLUTION OF THE TOWNSHIP COUNCIL OF THE TOWNSHIP OF GLOUCESTER, CAMDEN COUNTY, NEW JERSEY, TO ENCOURAGE THE COMMISSION ON PRESIDENTIAL DEBATES TO ALLOW FOR DEBATES THAT ARE MORE INCLUSIVE OF 3RD PARTY CANDIDATES

WHEREAS. The Township Council of the Township of Gloucester believes that most voters in a presidential election get their information about a presidential candidate by watching open debates, and

WHEREAS. The health of our democracy depends, in part, on the ability of an individual, group or political philosophical view point be given equal opportunity to be heard and received by the electorate, and

WHEREAS. The Commission on Presidential Debates is a 501(c)3 non-profit formed by the Democratic and Republican parties to establish rules that govern the way presidential election debates are run, and

WHEREAS. Current rules and regulations limit debate participation to party candidates that achieved a 15% polling support level across five national polls, and

WHEREAS. In following this year's presidential election debates, it is easy to come to the belief that there is only a two party choice in this or any given election, and

WHEREAS. If third party candidates were given a more inclusive opportunity to voice their issues it would make for a more informative election process.

NOW THEREFORE, BE IT RESOLVED by the Township Council of the Township of Gloucester that the Commission on Presidential Debates is encouraged to amend the rules that govern presidential debates to allow for debates that are more inclusive to potential candidates of 3rd Parties.

PUBLIC PORTION:

Mr. Mercado opened the public portion.

Ray Polidoro of Erial commended Mr. Giordano for bringing the third party debate issue to the townships attention. He questioned the environmental engineer position. Mr. Mercado stated that the reason for the RFP/RFQ for an environmental engineer is because there are properties that the township may foreclose on and there are environmental problems on these properties and the township needs an environmental engineer to access the situation on those properties. This would be specific to tax lien foreclosures at this time. Mr. Polidoro also asked if there is a reporting mechanism for finding foreclosed properties in town. Mr. Polidoro asked about the 2010 budget and asked who introduced the budget and who passed it. He stated that the Council should be truthful about a proposed budget and asked that Council use accurate numbers when reporting the budget.

Mr. Mike Attanasio of Glen Oaks spoke about back yard hens and stated that he was in favor of this.

Joanne Carr of Timberline spoke about the backyard hens and stated that she has neighbors in favor of this. She stated that the hens keep down the ticks in the neighborhood. She thanked Michelle for joining in on the cleanup on Saturday.

There being no further comment, the public portion was closed.
