Congrats to Blackwood Fire Company for Receiving SJ Gas Grant

On Wednesday, April 4th, Mayor David Mayer attended a check presentation at Blackwood Fire Company. The Blackwood Fire Company (BFC) was awarded a grant from South Jersey Gas to upgrade equipment in their fire engines.

South Jersey Gas is a proud partner to the communities that they serve and through their programs, sponsorships, partnerships and volunteerism, they work to make neighborhoods stronger. Every November, first responders become eligible to apply for South Jersey Gas's First Responder Grant Program. The program awards grants to selected applicants that meet certain criteria: 1) each first responder department must be comprised of paid staff or volunteers that serve within the South Jersey Gas service area, 2) The grant must be used to fund training or purchase/upgrade gear and equipment utilized to protect volunteer fire and/or EMS personnel, police, or the community. The BFC used the check to purchase new holding brackets.

Gloucester Township would like to congratulate the Blackwood Fire Company on their grant and new equipment, and thank them for all that they do for our community!

LAKE MATHILDE GETS A FACE-LIFT

Located off of Jarvis Road in the Erial section of Gloucester Township, sits public park, Lake Mathilde, which few people know about. Built in 1940s, it has a rich history dating back to WWII when Germans used Lake Mathilde as a Summer retreat during the war. Gloucester Township acquired the property through Green Acres in the 90s.

This year Gloucester Township is excited to be giving this old park a much needed restoration and upgrade. Listed below are improvements being done to the Grand Lodge, cabins and grounds: paint, new flooring, all new electric, heat and air conditioning, plumbing, roofing, new gutters, bathrooms and an updated kitchen in the Grand Lodge. Along with a Grand Lodge and cabins, the grounds feature a fire pit, picnic tables, and a grill. Lake Mathilde is used by local boy scouts, girl scouts, and the *Hooked on Fishing, Not on Drugs* program.

The upgrades are expected to be completed by mid-Summer for troops to enjoy the great outdoors!
