PREPARING FOR PENDING STORM

In anticipation of the pending weather, the Public Works Department has been preparing for possible flooding.

It is important that storm drains are kept clear so that they can move rain water off of the streets. Residents who wish to take a proactive approach in helping keep the storm drains clear should keep trash away from the surface so that Public Works can remove brush and other debris in order to keep the drains working properly.

If you notice that a storm drain is clogged at the surface, please contact the Public Works Department at (856) 228-3144.

NEVER FORGET

America was forever changed on September 11, 2001. It has been 17 years since two planes struck the World Trade Center in New York City, but that tragic day will never be forgotten.

On the 17th anniversary of the tragic events of 9/11, Gloucester Township remembers those who lost their lives and honors those who sacrificed theirs.
