## RELAY FOR LIFE OF CAMDEN COUNTY

Grab your walking shoes because this Saturday from 10:00 AM - 10:00 PM, the American Cancer Society's Relay for Life is returning to Gloucester Township. In 1985, Relay for Life was started by Dr. Gordon Klatt in Tacoma, Washington. Little did he know, his concept for Relay for Life would soon evolve from a local affair to a global event. To date, the American Cancer Society's Relay for Life has raised almost \$5 billion for cancer research. Almost 4 million people take part in Relay events in over 5,000 communities in the United States.

Relay for Life has been a part of Gloucester Township since 2010. If you would like to learn more or would like to participate in Relay yourself, please click below. We look forward to seeing plenty of new faces this year at the Relay for Life of Camden County!
