New Jersey Launches COVID Alert App to Help Track the Spread of Coronavirus

New Jersey launched a COVID Alert NJ App which is available for download on the App Store & Google Play. COVID Alert NJ is a free and secure mobile app that anonymously alerts users if they have been in close contact with someone who has tested positive for COVID-19. The app also provides users with up-to-date information on New Jersey reopening news, key COVID-19 metrics, and a user-friendly symptom tracking tool. COVID Alert NJ uses Bluetooth proximity technology. The app will never record any identifying data. All users will remain anonymous.

How it Works:

1. Download COVID Alert NJ on the App Store or Google Play Store. Opt-in to receive "Exposure Notifications"
2. As you go about your day, the app will use Bluetooth to sense any "close contacts"—other app users who are within 6 feet of you for more than 10 minutes
3. When your app senses a close contact, your phone will exchange a secure random code with the close contact's phone. It's important to note that your location and name are never disclosed
4. If you test positive for COVID-19, a public health representative will call you and ask if you're willing to anonymously notify your "close contacts" by uploading your app's close contact codes
5. Each day, the app will compare your list of close contact codes to the list of codes associated with positive COVID-19 app users. If there's a match you will get an Exposure Alert, along with appropriate next steps

Don't forget to submit your entries to the Halloween House Decorating Contest by November 1st! Pictures can be emailed to mayor@glotwp.com. The winner will be announced on Friday, November 6th, and presented with a gift card to a local business. If you have any questions, please contact Mayor's Office at 856-374-3514 or mayor@glotwp.com.

CALLING ALL SMALL BUSINESSES!

Any business or nonprofit located in New Jersey, including home-based businesses, with 50 or fewer full-time equivalent employees (FTEs) is eligible to receive grant funding during Phase 3. Businesses that received funding in previous phases of the program are eligible to receive Phase 3 funding.
