PATTY PRICE**

Children's Garden Opening Day

After a long pause from 2019 due to the pandemic we are pleased to announce the Children's Garden is back in full swing! Members meet weekly with local children to learn about gardening with the hands-on approach. We are always looking for volunteers and budding agriculture minded families to help make this outdoor experience more fun! A big thank you to Mrs. Selfridge and Mrs. McEnroe for facilitating this rock painting activity. The children had a wonderful time painting the rocks and then using them to decorate their gardens. More fun activities are planned throughout summer and fall! Feel free to email dwolf@bhprsd.org for more information.

ALL ABOUT LEARNING
Garden students listen attentively and then answer questions—interacting with our Kiwanis leader. Seeds are planted so children learn about gardening and other related topics such as bugs and using crops to make treats. They also have a chance to share ideas. Our families look forward to new, interesting ways to learn each week. Summer is so much fun!
