GLOUCESTER TOWNSHIP LIGHTS UP RED FOR 2022 "GO RED FOR WOMEN" CAMPAIGN

The four major buildings in Gloucester Township are lit up red for the month of February to help the American Heart Association raise awareness for women's heart health.

The Municipal Building, Point Ariel Park, the Gazebo at Veterans Park, The Public Works Building, as well as Mainstage Center for Performing Arts are illuminated red to bring awareness to cardiovascular diseases in women.

In the words of the American Heart Association, "It's no longer just about wearing red; it's no longer just about sharing heart health facts. It's about all women making a commitment to stand together with Go Red and taking charge of their own heart health as well as the health of those they can't bear to live without. So grab a friend or a family member and Go Red today."

Mayor Dave Mayer and the Township of Gloucester thoroughly support the national campaign by the American Heart Association and will continue to light up Gloucester Township buildings in solidarity with this worthy cause.
