## Once Superfund Site - Now Producer of Clean Renewable Energy

In partnership with Syncarpha Capital and the Township's Energy Consultant, Blue Sky Power, Gloucester Township broke ground on the 4.5 MW DC GEMS (the Gloucester Environmental Management Services) Solar Park located at the northwest corner of the intersection of Hickstown Road and New Brooklyn Erial Road. The Solar Park is estimated to produce 6,086,000 kWh of clean zero emissions power per year and yield approximately \$1,000,000 in lease revenue to the Township over 25 years. Construction started last fall and is expected to be finished in Spring 2022.

"We are extremely excited to break ground on the GEMS Solar Park this October. This joint project with Syncarpha Capital will bring about 4.5 MW of clean sustainable energy produced in Gloucester Township. I'm thrilled to see what had been one-of-the-worst-polluted superfund sites in the country in the 1980s becoming the shining beacon of renewable energy source in our town!" said Mayor David R. Mayer.

"Transforming one of the nations most polluted landfills into a clean energy producing solar park has been Mayor Mayer's mission for the last nine years. With his leadership and that of the Gloucester Township council, this project and the many solar projects on municipal and school district property have cemented Gloucester Township's place as one the most sustainable communities in the United States," said Ben Parvey, CEO of Blue Sky Power.

"We are very excited to see this GEMS project finally ready to begin construction. Our partnership with Gloucester Township dates back to 2016 when we were selected as the redeveloper of this former Superfund site. We have worked together tirelessly since then to complete all necessary state, local and environmental permitting as well as the process of interconnecting through Atlantic City Electric to the wholesale electric grid. When construction wraps up in Spring 2022, this 4.5MW solar facility built on a capped Superfund site will turn this environmentally sensitive unproductive real estate into a solar facility producing clean energy for the residents of NJ and income for the Township," said Cliff Chapman, Managing Partner of Syncarpha Capital. The GEMS solar project involves the placement of an approximately 25-acre, non-penetrating solar photovoltaic generation system on top of the existing landfill cap. The equipment to construct the system is composed of photovoltaic solar modules, solar inverters, a steel and aluminum racking system, non-penetrating ballast blocks, transformers and associated wiring/conduits. In order to have a productive renewable use for the nation's first Superfund site, Gloucester Township created the Superfund Redevelopment Area at GEMS landfill 2014. Under a 1985 Consent Decree, the Landfill is undergoing long term remediation, including the operation of a groundwater extraction and pretreatment system, maintenance of the Landfill capping system and the gas extraction and treatment system, and various monitoring programs. Once completed in the Spring of 2022, the clean energy produced at the GEMS Solar Park will annually offset 4,313 metric tons of Carbon Dioxide, which is the equivalent of emissions from 10,839,527 miles driven by a typical passenger vehicle. "It is truly special to be here today to see over 60 acres of the nation's first Superfund site converted into a solar energy park that will produce over 6 million kilowatt hours of clean energy a year," said Senator Steve Sweeney. "When the GEMS Landfill was declared a Superfund site in 1985, it was a problem for Gloucester Township. Now, under this lease agreement, taxpayers will save \$1 million over the next 25 years. This is truly a win-win solution."

## Gloucester Township Small Business Assistance Grant Program Update

The Township of Gloucester has appropriated \$425,000 of its federal Community Development Block Grant CARES Funds (CDBG-CV) for the COVID-19 Small Business Assistance Program. The program was established to provide working capital funds to the community's small businesses that have been severely impacted by the COVID-19 pandemic. To date, 44 small businesses of Gloucester Township have been awarded a total of \$360,000; and there are still funds available in the program budget. Application is available at [www.GloTwp.com](http://www.GloTwp.com)

## Gloucester Township Partners with Inspira for EMS

On February 24, 2022, Gloucester Township and Inspira Health held a press conference to announce partnership and long-term contract for emergency services between the provider, the Township, and Borough of Pine Hill. The press event was held at Gloucester Township owned EMS building at 1 Woodshire Drive, in Sicklerville section of the Township. A five-year contract went in affect on April 1, 2022. Two ambulances are now providing around-the-clock 911 service to the residents and visitors of Gloucester Township and are stationed in Erial station (1 Woodshire Dr) and Glendora station ( 236 Taylor Ave).

"An excellent provision of EMS services is absolutely vital to the health and safety of every community. I am very pleased to welcome Inspira Health to Gloucester Township. Inspira Health has an extensive history of providing quality health care in the South Jersey region; and I look forward to working with them to ensure high quality health care for our residents and visitors," said Mayor Mayer.

**A Message from Mayor David Mayer**

This summer is going to feel not only warm but also welcoming as we look to gather once again as a community and in keeping with this spirit, Gloucester Township is excited to provide our residents with a full schedule of events to enjoy!

First, we begin with exciting news. Gloucester Township has been awarded a five-year designation from New Jersey Department of Community Affairs to receive up to \$125,000 per year to assist with the economic and community development of the downtown Blackwood section of Gloucester Township. This Neighborhood Preservation Program will promote the social and economic strength of our community and its positive impact will certainly be far reaching.

The Arts Market and Green Fair in Downtown Blackwood kicks off May with 50+ vendors, food trucks and entertainment. Come join the fun on May 1, from 10AM to 3PM.

We are bringing back Gloucester Township's Farmers Market that will be held in the downtown Blackwood section of our township. The market will be held every Thursday, June 23 - September 29, 4-7pm at Harwin Park.

The community pool will begin taking registrations on May 2nd at the recreation center with the season set to kick off Memorial Day Weekend. We hope you take advantage of this beautiful facility our town has to offer as a place to cool off, relax and meet up with friends.

We are also pleased to announce that after two years, our beloved tradition of Gloucester Township Day is set to take place on June 4 with its timeless treasures of rides, vendors and fire-works. We can't think of a better way to celebrate our town and its people after the past two unprecedented years we have endured. Come join us as we recognize 45 scholarship recipients and enjoy the day with your family and friends.

Also in the queue is National Night Out, a community-police awareness event strengthening the relationship with neighbors and law enforcement. It takes place on August 2 at 6:00. Join our community along with 15,000 others across the country to support our police department, learn about safety and protect our neighborhoods in a positive, fun-filled environment.

As enjoyed in the past, we will be hosting summer concerts and movie nights at Veteran's Park. Be sure to check out all that's happening in our township this summer and enjoy the fun.

**GT Awarded Neighborhood Preservation Program Grant**

Last fall Gloucester Township was awarded a 5-year designation, including an initial \$125,000 grant from the New Jersey Department of Community Affairs' Neighborhood Preservation Program (NPP). Pending annual State budget capacity, the Arts District in Downtown Blackwood is anticipated to receive up to \$125,000 a year for a total of five

years to assist with economic and community development. In addition to funding, the State's NPP Team of place-based revitalization experts will provide a robust array of technical assistance and training to guide and empower this local effort. The focus will be on revitalizing the Downtown Blackwood section of Gloucester Township.

"I am thrilled to announce that Gloucester Township will be receiving the NPP Grant this year to further enhance and revitalize the Arts District in Blackwood section of Gloucester Township. Though efforts at revitalization have been made in the neighborhood, the support of the NJDCA and the funding available through the Neighborhood Preservation Program will have an enormous positive impact on the community!" said Mayor Mayer.

The program is designed to increase place, economic, civic and social value. It seeks to achieve this by enhancing buildings, streets and a district's entire physical realm, by supporting and coordinating small business recovery, growth and sustainability, and by marketing district events and activities while also engaging local stakeholders in planning and relationship building. The state's NPP Team will work closely with the municipality and the stakeholders to support an array of bottom-up efforts that create visible and tangible change, leverage other public and private resources, and address real needs and aspirations of the Gloucester Township's Arts District stakeholders, including residents and business owners.

An NPP Coordinator with support of a local NPP Stakeholder Team created an NPP Implementation Plan that combines significant community engagement, local knowledge, and hard data. The resulting Implementation Plan is an achievable and comprehensive set of projects and programs that address local needs and build on local assets in its NPP District. The plan can be accessed online at [www.GloTwp.com](http://www.GloTwp.com)

**Gloucester Township Children's Garden**

Did you know that Gloucester Township has a Children's Garden? Much like the Community Garden, the Children's Garden is located at the Family Resource Center (next to Lamp Post Diner). Families have their own raised garden bed, plants, seeds, gardening tools and tips and even some fun activities, all free of charge. If you would like to help your child grow some veggies for dinner, please contact by text Michele (609) 617-7204 or Lindsey (856) 981-1456.

The Children's Garden is sponsored by the Kiwanis Club of Gloucester Township and the Gloucester Township Police Department.

## GTPD is RapidSOS Ready!

The Gloucester Township Police Department has recently enabled RapidSOS, a solution that provides life-saving data including caller location, health and medical information, connected building and alarm data,

vehicle telematics data, and more - to 911 telecommunicators and first responders in the event of an emergency. With this upgrade, the Gloucester Township Police Department can access accurate caller location and additional life-saving information when responding to 911 calls. This may include emergency contact information, security system alarm information, medical and health information, COVID-19 symptoms and test results, and more.

Gloucester Township residents can also become RapidSOS Ready by creating a free Emergency Health Profile at [www.emergencyprofile.org](http://www.emergencyprofile.org). By doing so, they provide first responders with critical medical information in an emergency to get you the right care at the right time.

Become RapidSOS Ready Today!

1. Create a free Emergency Health Profile by visiting [www.emergencyprofile.org](http://www.emergencyprofile.org).
2. In an emergency, dial 911.
3. Your Emergency Health Profile is automatically sent to 911 through RapidSOS.

## GTPD's Licensed Social Worker

Jordan Crawley is a Licensed Social Worker with the Gloucester Township Police Department. She has lived in Gloucester Township since 2006 and graduated from Timber Creek High School in 2012. Jordan received her bachelor's degree from Rutgers University and her master degree from Monmouth University. She obtained a certificate in Diversity, Equity, & Inclusion from the University of South Florida in 2021. Currently for Gloucester Township Police Department

Jordan facilitates short-term therapy sessions and provides resources to families in need. She has been trained to provide trauma-focused therapy, cognitive behavioral therapy, and grief therapy. Jordan is working towards becoming a License Clinical Social worker which requires 3,000 hours of client contact and documentation followed by a test.

In addition to her full time job she works part-time at Wawa, is a Girl Scout Troop Leader, a mentor for I Dare to Care, a member of Alpha Kappa Alpha Sorority, Inc., and a board member for The Rare Jewel Non-Profit Organization. Jordan holds her own LLC called Jordan's Visions and Creations where she designs flyers, signs, programs, etc. She has worked on two campaigns as the Advertising Director and Visual Media Consultant. In her free time, she loves to travel, be outdoors, or doing something fun she finds on Groupon.

## Community Notification System

GTPD encourages you to receive important community information. You can receive safety tips, media releases, and police community relations events via email. The GTPD Community Notification System provides greater capabilities to notify our community. Importantly, in this age of instant communication, the GTPD along with the township's Office of Emergency Management must be able to effectively reach residents with road closures, safety warnings or community safety bulletins. Our Community Notification System will give the GTPD the ability to notify thousands of residents, staff members, and volunteers within minutes by sending out text messages and emails instantly. To register visit <https://local.nixle.com/register/>. If you have any questions, please contact at 228-4011 or email [communityrelations@gtpolice.com](mailto:communityrelations@gtpolice.com)

## Autism Development Disability Registration

Gloucester Township Police Department has taken steps to better assist our community members with Autism or special needs- we created a sticker that can be placed on your vehicle or near the main entrance to your home that will alert an approaching Police Officer that someone inside could have a special need. We also have seatbelt sleeves that will warn a First Responder during an incident, such as a motor vehicle crash, that the occupant has Autism and may not respond.

The seatbelt sleeves and stickers are free to our Gloucester Township, New Jersey residents. For a sticker or seatbelt sleeve, please stop in and see our Watch Desk officer at Police Headquarters, 1261 Chews Landing Rd., Laurel Springs, NJ 08021 or contact our Community Relations Bureau at [communityrelations@gtpolice.com](mailto:communityrelations@gtpolice.com) or call 856-228-4011.

## GT Emergency Needs Preparedness Registry

The GTPD has created a voluntary Emergency Needs Preparedness Registry that lets first responders prepare for, and respond to your needs during major emergencies. This has been established to collect information to help assist those with special needs or high risks during an emergency, especially when family, caregivers or others are unable to help them.

Many people may need extra help during a time of emergency including people who:

- Use life support systems such as oxygen, respirator, ventilator, dialysis, pacemaker, or are insulin dependent;
- Have mobility disabilities and use a wheelchair, scooter, walker, cane, or other mobility device;
- Are visually impaired, blind, hard of hearing, or deaf;
- Have speech, cognitive, developmental or mental health disabilities; or
- Use assistive animals or a prosthesis.

Your information is held confidentially. This notification allows first responders additional time to consider how to best respond to that incident. Please note that strict confidentiality is maintained at all times and only those that have a reason to access the information are authorized to do so. For additional information on this program contact 228-4011 or email [communityrelations@gtpolice.com](mailto:communityrelations@gtpolice.com)

## Gloucester Township Police Chief David Harkins Message

"I am very proud to report that the Gloucester Township Police Department has been accepted into the Active Bystandership for Law Enforcement (ABLE) Project™, Georgetown University Law Center's national training and support initiative for U.S. law enforcement agencies committed to building a culture of peer intervention that prevents harm. The goal of the ABLE Project is for officers to look out for each other while performing the high stress duties of law enforcement.

By demonstrating a firm commitment to transformational reform with support from local community groups and elected leaders, Gloucester Township Police Department joins a select group of more than 215 other law enforcement agencies, along with statewide and regional training academies, from across North America.

Backed by prominent civil rights and law enforcement leaders, the evidence-based, field-tested ABLE Project was developed by Georgetown Law's Center for Innovations in Community Safety in collaboration with global law firm Sheppard Mullin LLP to provide practical active bystandership strategies and tactics to law enforcement officers to prevent misconduct, reduce mistakes, and promote health and wellness.

By committing to the principles of the ABLE Project, we provide our officers with additional tools to overcome the innate and powerful inhibitors all individuals face when called upon to intervene in actions taken by their peers. Attaining the ABLE certification was an important priority for us, as we continually work to improve our "Excellence in Policing" and officer wellness initiatives.

I am proud that we received strong support from Mayor David Mayer, Gloucester Township, New Jersey Council, the Dreams of Tomorrow Organization ([www.thedotorganization.com](http://www.thedotorganization.com)), clergy members of Gloucester Township (Our Lady of Hope Parish, Gloucester Township Ministerium), and community leaders to achieve this certification from the ABLE Project.

Professor Christy Lopez, co-director of Georgetown Law's Center for Innovations in Community Safety, which runs ABLE, explained: "The ABLE Project seeks to ensure every police officer in the United States has the opportunity to receive meaningful, effective active bystandership training, and to help agencies transform their approach to policing by building a culture that supports and sustains successful peer intervention to prevent harm."

The ABLE Project is guided by a Board of Advisors comprised of civil rights, social justice, and law enforcement leaders, including Commissioner Michael Harrison of the Baltimore Police Department; Commissioner Danielle Outlaw of the Philadelphia Police Department; Dr. Ervin Staub, professor emeritus at the University of Massachusetts Amherst and the founder of the Psychology of Peace and Justice Program; and an impressive collection of other police leaders, rank and file officers, and social justice leaders.

See the complete list of the ABLE Project Board of Advisors, more information about the ABLE Project, and a list of the ABLE Standards to which every participating agency must adhere please visit their website here: <https://www.law.georgetown.edu/cics/able/> Read these articles that share more information about active bystandership generally, and the ABLE Project in particular here: <https://www.law.georgetown.edu/cics/in-the-news/>

Gloucester Township Police Department currently has two instructors that are certified as ABLE trainers. Over the last six months, all of the Department's officers received 8 hours of evidence-based active bystandership education designed not only to prevent harm, but to change the culture of policing. The training received by all of our officers was well received. The ABLE Project training bolstered our already robust practice of de-escalation use of force tactics, and our strong community policing philosophy.

For more information on the ABLE Project, review the program's website at: [www.law.georgetown.edu/ABLE](http://www.law.georgetown.edu/ABLE) For more information about the ABLE Project or the Gloucester Township Police Department, go to [www.gtppolice.com](http://www.gtppolice.com) or contact our Community Relations Bureau at [communityrelations@gtppolice.com](mailto:communityrelations@gtppolice.com).

I want to thank the Georgetown University Law Center's ABLE Project for providing us this meaningful training, and for assisting us to attain the ABLE Project certification. I also want to acknowledge the men and women of the Gloucester Township Police Department who continue to serve the community of Gloucester Township with great honor and distinction every day.

### **SAVE Support Group Meeting**

The SAVE Support Group Meeting is held at the GTPD Family Resource Center located at 1324 Little Gloucester Rd., Blackwood, NJ 08012. These meetings are held every other Wednesday beginning at 6pm.

For more information on these meetings, please visit our Gloucester Twp. Police Family Resource Center Facebook page or call (856) 842-5553

The SAVE Support Group is an opportunity for adults who struggle with family members who are addicted to alcohol or other drugs. The purpose of this support group is to give voice to those affected by this problem. Participants will explore ways of handling common problems and make changes in their own attitude and behavior toward the addict.

The Gloucester Township Public Works facility is located at 1729 Erial Rd in Blackwood. Please contact Public Works with any questions at 856-228-3144.

## SOLUTIONS TO STORMWATER POLLUTION

In accordance with our NJDEP Tier A Municipal Stormwater General Permit, the Twp. adopted various Ordinances to regulate the impact of stormwater runoff and pollutants on the environment.

**1. Pet Waste:** This requires pet owners to pick up and properly dispose of pet waste dropped on public or other people's property. It prevents fecal contamination from impacting the local waterways.

**2. Litter:** This states it is unlawful to throw, drop, discard or otherwise place litter of any nature upon any public or private property, other than in a litter receptacle. This prevents unsightly & unsanitary conditions & prevent litter from impacting waterways.

**3. Improper Disposal of Waste:** This states that it is illegal to dispose of waste in any place not specifically designated for the purpose of solid waste storage or disposal. The purpose is to prevent unsanitary conditions and groundwater pollution.

**4. Wildlife Feeding:** Feeding of water fowl on municipal park property is prohibited by Ordinance. The Township enacted the Ordinance as a method to reduce water fowl population in response to health concerns regarding bacteria which is harmful to humans and fish populations.

**5. Yard Waste:** Yard waste is regulated by Ordinance which establishes the current zone collection system and the methods of collecting leaves, brush, and other yard waste. The purpose is to keep leaves and grass out of the storm sewer system.

**6. Illicit Connections:** This makes it unlawful to connect any pipe or device to the municipal storm sewer system that is intended to discard, spill or dump any material other than stormwater runoff or ground water (sump pumps) into the system. The purpose of this Ordinance is to prevent pollution and contamination of waterways which receive discharge from our storm sewers.

The transport of pollutants into local water bodies destroys fish, wildlife and habitats; threatens public health and causes the loss of recreational and aesthetic value. We have enacted these Ordinances to protect our environment, and to keep pollutants that are commonly conveyed by stormwater from adversely impacting our waterways and groundwater supplies.

Please keep grass clippings out of the street and our waterways. It is against DEP state and local regulations. The grass clippings clog our storm waterways and put toxic chemicals into our waterways.

## Saturday Drop-Off Hours at Public Works

# YOUTH SPORTS LEAGUES

## GLOUCESTER TOWNSHIP LACROSSE

The sport of Lacrosse is going strong in Gloucester Township! We play in the South Jersey Youth Lacrosse League, which currently has 14 town programs with over 2000 boys and girls participating in the game. The South Jersey Youth Lacrosse League looks forward to fostering the continued growth and success of lacrosse in South Jersey.

Gloucester Township Lacrosse is a growing organization, and we are currently seeking boys and girls grades K-8 who want to learn and compete in lacrosse. Lacrosse is primarily a spring sport (March-May) with generally 2-3 practices/week and games on Saturdays. At the youth level, EVERYONE IS A BEGINNER, so don't worry if you are not familiar with the sport! Our coaches are knowledgeable and experienced in the game, and our goal is to provide a safe, fun, learning environment where we emphasize the fundamentals of the game, sportsmanship, and teamwork.

Coaches, team parents, volunteers, etc. are needed to help grow the sport of lacrosse in Gloucester Township, all are welcome!

For questions, open house dates, registration information please go to our website [www.glotwplax.com](http://www.glotwplax.com) or email us at [gloucestertownshipplax@gmail.com](mailto:gloucestertownshipplax@gmail.com) - Like us on Facebook: Gloucester Township Lacrosse.

## TBAA SOCCER

Timber - Broadmoor Athletic Association (TBAA) is holding its Fall Soccer Registration for both its Boys and Girls Travel Program and in-town Intramural Program. TBAA is a volunteer, non-profit association founded in 1964 and today has over 800 players participating in our Intramural and Travel programs.

The Travel Program is for players age 7 (U-8) through age 17 (U-18). As one of the largest clubs in the South Jersey Girls (SJGSL) and South Jersey Boys (SJSB) Soccer Leagues with over 30 travel teams, TBAA offers a very competitive program that can accommodate players with a wide range of skill levels. TBAA offers both free and subsidized licensed and professional training to all of its travel players. TBAA has also supported teams that play in the MAPS, JAGS and EDP leagues. Tryouts for the Fall travel teams are scheduled late April/early May and more specific information can be found on our website – [www.tbaa.net](http://www.tbaa.net)

TBAA's Intramural Program is open to boys and girls aged 4 to 8. At TBAA, we strive to provide a fun, pressure free learning environment for our recreational players. Our goal is to teach good fundamental soccer, ball skills, sportsmanship and teamwork, all in an enjoyable, non-competitive atmosphere. To maximize player development, we offer small sided games (3 v 3) and (4 v 4) as endorsed by the United States Soccer Federation. There is also free, professional instruction provided by our travel team trainers for all participants.

For more info or to register on-line, please visit our website at [www.TBAA.net](http://www.TBAA.net) or email us at: [tbaanet@hotmail.com](mailto:tbaanet@hotmail.com)

## GT Stallions Football and Cheer

Gloucester Township Stallions heading into their 50th season! The Gloucester Township Stallions will be fielding youth football players and cheerleaders for a special 50th season in 2022.

Established in 1972, the Gloucester Township Stallions organization has been a premiere destination for youth football and cheerleading. The completely volunteer-run organization, started with a focus on establishing a local youth football program in Gloucester Township. The Stallions originally traveled throughout the state and over to Philadelphia to play. The Stallions quickly established themselves as a great place to play and a fearsome opponent.

The Stallions theme, Second to None, is reflected with their accomplishments on the field. They have won dozens of championships in their years of competition. Current Head Coaches Tom Smith and Mike Williams have won multiple championships throughout their careers. The Cheer teams have been equally successful, with multiple Cheer Competition wins every season.

2022 is going to be a special season. The Stallions will be hosting special events leading up to the season, special camps over the summer, and an alumni day featuring previous players and coaches during a home Saturday during the season.

For more information and to register for the season please visit: [gtstallions.com](http://gtstallions.com).

**Gloucester Township Special Parents & Kids Network**

is a township supported, parent-directed parent-to-parent support, education and information group that firmly believes that providing events and re-sources for families who care for special needs individuals is important to enhancing the lives of those individuals and their families.

Summer Events include indoor movie night at the GT Rec Center and a pool party at the GT Pool.
