NJEDA: $20 Million Fund to Help Microbusinesses

The New Jersey Economic Development Authority (NJEDA) will start accepting applications for its Main Street Micro Business Loan program starting October 6, 2022. Eligible microbusinesses in New Jersey with 10 or fewer full-time employees and no greater than $1.5 million in annual revenues can apply for financing up to $50,000. The loan will have a standard 10-year term and the interest rate will be two percent, with no interest and no payments due for the first year. Also note that if the loan is successfully used and documented with all repayments made on time, after 5 years the balance converts to a grant and must not be repaid.

Funds will cover future operating expenses such as inventory, certain types of equipment (below $2,000) and working capital. The NJEDA has removed the requirement for personal guarantees from owners of microbusinesses. Applications will be reviewed on a first-come, first-served basis and past recipients of the former Micro Business Loan Program.

An online information session was hosted by NJEDA on 9/26 and has been posted on their YouTube channel. For more information, CLICK HERE.

James J. Florio

August 29, 1937 – September 25, 2022

"Gloucester Township mourns the loss of former Governor Jim Florio who was a true public servant and environmental leader. A former resident of Gloucester Township, Governor Florio pioneered the Superfund Legislation during his time in Congress that remediated the GEMS landfill and many other Superfund sites. His leadership has been and will continue to be an inspiration to many," stated Mayor David Mayer.
