Gloucester Township Ecological Center: Saving Environment and Taxpayers Money!

Did you know that Gloucester Township has an Ecological Center located at the GTMUA? The Ecological Center composts leaves and grass and produces organic compost for sale. When residents rake leaves to the curb, they are delivered to the Gloucester Township GTMUA and formed into windrows. The leaves sit dormant until spring grass collection when grass clippings are mixed with the leaves. The backhoe turner aerates the windrows every two weeks; and when they stop generating heat, the mixture starts curing process where it further breaks down. The compost is then sold to nurseries and landscapers. The process takes about a year and a half from the incoming of leaves to selling of the compost. This saves the taxpayers a lot of money because the leaves and grass clippings would have otherwise gone to the landfill, which is more expensive. The Gloucester Township Ecological Center serves the entire Camden County.

STUFF A TRUCK!

Gloucester Township Police STUFF A TRUCK for the Mayor's Toy Drive!

Now to December 14th bring new, unwrapped toys to the GTPD Watch Desk at 1261 Chews Landing Road, and if the Watch Desk Officer is available they'll unlock the decorated GTPD Truck parked in front of the GTPD headquarters where you can stuff the truck!

Also, if you capture a photo of you or your kiddies with the Officer and send them to communityrelations@gtpo-police.com, GTPD will post them on the GTPD and GLOTWP social media!

A drop box for toy donations is also located at the watch desk. Thank you!

Santa, Mrs. Claus, and Mayor David Mayer wish everyone a happy holiday season!
