Friday, November 15th is National Recycling Day, a perfect reminder of the impact we can all make by recycling right here in Gloucester Township! Our community is proud to offer single-stream recycling, which means you can place all your recyclables—like paper, cardboard, glass, and plastics—together in one bin. This makes recycling easier and encourages everyone to participate in keeping our environment clean.

Let's make a difference by recycling correctly and reducing waste. Remember, recycling helps conserve natural resources, saves energy, and reduces landfill waste. Tomorrow, take an extra moment to sort your recyclables and encourage family and friends to do the same. Together, we can build a greener, more sustainable Gloucester Township!

Let's Keep In Touch!

As your Mayor, I'm eager to hear from you should you have questions or concerns; so please do not hesitate to call my office at (856) 374-3514 or email me at dmayer@glotwp.com

I'd like to thank you for choosing our beautiful Gloucester Township your residence and for making our community a great place to live, work and play!
