Union Valley Student Leaders Get a Behind-the-Scenes Look at Local Government

Fourth and fifth grade Student Government students from Union Valley Elementary School visited the Gloucester Township Municipal Building and Police Department for an educational and inspiring experience. As part of their tour, the students met with Mayor David R. Mayer, who welcomed them into the Council Room to share insights on how local government works and the important role it plays in their everyday lives.

The Mayor gave an engaging and informative talk about the responsibilities of local leaders, emphasizing how mayors are responsible for solving problems, making improvements, and ensuring that communities run efficiently. He explained how decisions are made in local government and encouraged the students to stay involved and informed as future leaders.

Students also had the opportunity to see the Mayor's office and the municipal conference room, helping them better understand the day-to-day operations of local government. They also got to see the Police Department, where students learned about public safety and community service. It was a meaningful day full of learning, curiosity, and civic pride!
