BUDGET MESSAGE

APPROPRIATION "CAPS"

On August 20, 1990 the Governor signed into law P. L. 1990, C89, which revised and made permanent the "Cap Law". The revisions which became effective January 1, 1991, delete many of the exceptions to the Cap Law, which had been added since its adoption in 1976. The effect of the revisions is to include many previous excepted budget items in the final appropriations and include many previously excepted revenues. These items will now become subject to the "Cap" beginning with the 1991 budget year.

The CAP base for the 2009/10 budget year was calculated based upon the total appropriations for 2008/09. If any services or functions of a municipality are assumed by another branch of government, the amount expended by the municipality for this purpose shall be deducted from its CAP base prior to the calculation of its permitted CAP increase. Amendments to the CAP rate are permitted by allowing either 3.5% or the index rate, whichever is less. The index deflation for State and Local Government Purchases of Goods and Services for the year preceding the current year rounded to the nearest half percent. The index rate for 2008/09 is 2.5%.

Items formerly not subject to the "CAP" which now become subject to it, include expenditures mandated pursuant to the state or federal law unless approved by the Finance Board; amount expended for conducting any special election; additional expenditures for testing water supplies; amounts appropriated for providing insurance coverage to the municipality, its departments, boards, agencies, commissions, officers, and employees, amounts appropriated for the cost of purchasing, leasing, and maintaining enhanced 9-1-1 termination equipment, and amounts appropriated for the project in a transportation development district, as may be provided in a project agreement pursuant to N.J.S.A. 27:1C-1, revenues generated by new rateables or by payments in lieu of taxes by a tax exempt public entity; expenditures to fund the purchase of vehicles used solely for police purposes and amounts expended by or due to a municipality for rates, fees, taxes, contract costs or other charges associated with the collection, transportation, and disposal of solid waste and recycling materials.

EXPLANATORY STATEMENT (continued)
BUDGET MESSAGE

Important exceptions to the "CAP" have been retained in the new law, including the exception for increases in all debt service amounts. Further all Capital expenditures, including appropriations for current capital expenditure, whether in the capital improvement fund or as a component or a line item elsewhere in the budget, provided that any such current capital expenditure would be otherwise bondable under the requirements of N.J.S.A. 40A:2-21 and N.J. S.A. 40A:2-22. Additionally, expenditures for the public improvement of water, sewerage or parking facilities, senior citizen housing or any similar purpose, or payments on account of debt service, therefore, between a municipality and any other municipality, county, school or other district or political subdivision of this State; any lease of a facility owned by a County Improvement Authority when the lease payment represents the proportionate amount necessary to amortize the debt incurred by the authority in providing utility; amounts expended to fund a free public library pursuant to N.J.S.A. 40:54-1 through 29, or privately owned library or reading room pursuant to N.J.S.A. 40:54-35; amounts expended in preparing and elementing a housing element and fair share plan pursuant to N.J.S.A. 2-27D-301 et al; amounts appropriated to meet PEOSHA standards; amounts appropriated for expenditures resulting from the impact of a hazardous waste facility and additional revenues derived from new or increased construction fees.

New exceptions to the "CAP" have been created for extraordinary expenses (approved by the Local Finance Board) required for implementation of an interlocal services agreement; expenditures mandated as a result of a natural disaster, civil disturbance, or other emergency that is specifically authorized by the President or the Governor; expenditure for the cost of services mandated by any order of court, by any federal or state statute, or by administrative rule, directive or other legally binding device issued by a state agency which has identified such a cost as mandated expenditures on certification to the Local Finance Board by the state agency; expenditure of amounts actually realized in the local budget year from the sale of municipal assets of appropriated for a non-recurring purpose; and in the case of a distressed Municipality as defined in N. J. S. A. 52:27D-118.26 upon approval of the Local Finance Board. The actual "CAPS" for the Township of Gloucester will be reviewed and approved by the Division of Local Government Services in the State Department of Community Affairs.

The "CAP" calculation for the Township of Gloucester by the Division of Local Government Services was prepared as follows:

CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement fund, or other lawful means.

CAPITAL BUDGET

- A plan for all capital expenditures for the current fiscal year.

If no Capital Budget is included, check the reason why:

☐ Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on Improvements.

☐ No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM

- A multi-year list of planned capital projects, including the current year.

Check appropriate box for number of years covered, including current year:

☐ 3 years. (Population under 10,000)

☒ 6 years. (Over 10,000 and all county governments)

☐ _____ years. (Exceeding minimum time period)

Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

The six year Capital Budget covers the period of time from July 1, 2009 through June 30, 2015. The proposed six year Capital Budget Program reflects an overall long-range reduction, which is the result of the Mayor and Council's funding the investment in the Municipal infrastructure over the past ten years.

There are a few specific programs over and above the usual sidewalks, drainage, road programs that are noteworthy. Included in the fiscal year 2009/2010 is the continued development of a recreation site for the Erial section of the Township, which has been acquired with Green Acres monie Additionally, a new public works facility is being constructed and the FY2010 budget contains funds toward the development of same.

The proposed Capital Plan contains an upgrade of electric street lighting which will greatly contribute to the improvement of safer areas for the residents of Gloucester Township. The ongoing upgrade of recreation facilities for all ages will continue over the next six years.
