Application to subdivide out 1.06 acres from Lot: 10

NOTES:
Mr. Frank Tedesco Esq. representing Cross Keys MZL, LLC applicant & owner of the Gloucester Town Center project, approached the podium. He stated they are here for Minor Sub-Division Preliminary & Final Site Plan on Block 18301 Lot 10 which is about 20.3 acres at the intersection of Williamstown-Erial Rd and Berlin Cross Keys Rd. This lot is to be sub-divided into a smaller lot 1.06 acres to be know as Block: 18301 Lot: 10.04 for the purpose of building a 5,625 sq ft food establishment structure, a Taco Bell with a drive thru.

Mr. Clay Quay PE - Engineer for the applicant approached the podium and was sworn in. Mr. Clay continued his testimony on the letters he received from the board professionals. The application came before the Board over a one year ago, for review. The pad site to be used is in the Southwest Corner of the Shopping Center. He commented that there is nothing on the list that is not consistent with the proper use of the land and can be complied with to obtain the towns objective of the areas development. Further discussion continued to address points of concern in the letter. These points were:

- Trash & Loading area designation was not needed due to the way the trucks unload in relation to the building.
- Lighting plan to add 2 more poles.
- Type of architectural structure with the use of ceramic tile was explained by detailed diagramed color drawings submitted as Exhibit 1 & A1.
- Stamped asphalt to be used for walk ways.
- Signage to be handled later today.
- Truck alley to be made with textured sealer.
Traffic impact was approved through previous approved development studies causing no concerning problems.

Utility Connections are available.

Waiver needed for Environmental Impact Statement (EIS) due to no concerns sited.

Mr. Lechner requested specifics on the property signage. Mr. Quay described how the signage would look and where it would be placed. He stated the main sign would be a menu board sign, with a canopy on a tower and a stone face base elevated by three feet to accommodate foliage to hide the base.

Mr. Lechner asked about a timeline for completion.

Construction would start immediately upon approvals with an opening date slatted for late Spring '17.

Block: 17801 Lot: 3
Location: 1475 Kearsley Rd.
Sicklerville, NJ
Divide 2.81 acre property into 2 lots:
1.0 acre & 1.18 acre
The proposed 1.0 acre lot contains a dwelling under construction.

NOTES:
Mr. Addison Bradley approached the podium for the applicant John Keller Jr. stating they were there for a Minor Subdivision. Mr. Bradley was sworn in and then provided visual renderings of the current and approved lot division zoned R1 with 165’ frontage easement. There are no roads but
access for emergency vehicles would be through the easement. There are no existing underground utilities and a grading plan will be submitted with the building permit. Further discussion ensued with reference to concerns from Mr. Bach’s letter on assurances for all lots. A site waiver was requested for the site features within 200 ft. of the property. It was stated Mr. Keller was working on the house on the current Lot 3 and the new lot would be 3.01. Discussion continued about the proper address of the 2 lots and the placement of mail receptacles. Since the arrival of Walgreens, the addresses have been reworked and mail boxes moved for safety reasons but consistent street address was needed and suggestions were entertained. It was mentioned that a new State requirement recommends that the use of Kiosks are needed instead of mailboxes, to be used in new developments. Discussion continued on the access to the property and if the access was to be paved or gravel left in place for access. However, the township requires a new house to have a paved access road which will be discussed later if the new lot is developed. The property was approved for well-water and septic system.

Chairman Owens asked if there were any questions/comments from the Board Professionals. None

Dear Mr. Lechner:

We have reviewed a Minor Subdivision plan submission, received November 10, 2016, consisting of the following:

<table>
<thead>
<tr>
<th>Sheet</th>
<th>Title</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>SB-1</td>
<td>Minor Subdivision Plan</td>
<td>08-09-16</td>

The plan was prepared, signed, and sealed by Anthony F. DiRosa, P.E., P.L.S., Bach Associates, PC, 304 White Horse Pike, Haddon Heights, New Jersey 08035, (856) 546-8611.

I. GENERAL INFORMATION

Applicant/Owner: County of Camden
520 Market Street, 14th Floor Courthouse
Camden, NJ 08102
(856) 225-5543
Proposal: Camden County proposes to subdivide an existing 59.995 acre parcel in Lakeland into a 52.220 acre and a 7.775 acre parcel. The smaller parcel (Lot 1.02) is currently wooded and has 1,295.62 feet of frontage on Blackwood-Mt. Pleasant Road. The large parcel (Lot 1.01) contains Township Athletic facilities and the potters field. This larger parcel has 893.94 feet of frontage on Woodbury-Turnersville Road.

II. PERFORMANCE STANDARDS

1. We defer to the Office of Community Development in regards to the review for completeness for zoning requirements.

2. The submitted plan appears to be set up to be filed by map; however, note 7 indicates it will be filed by deed. This should be clarified. Our office recommends it be filed by map.

3. The following items of the Title Recordation Law need to be addressed:
   a. 46:23-9.11(3)i - "A minimum of three corners distributed around the tract shall indicate coordinate values".
   b. 46:23-9.11(3)r(13) - "On minor subdivisions, a monument shall be set at each intersection of an outside boundary of the newly created lot(s) with the right-of-way line of an existing street". A bond will be required for this monument unless installed before the plan or deeds are filed.

4. Note 9 indicates a new street address has been assigned. If this is the case, please note the address on the plans.

5. Since no construction is proposed as part of this application, the Township requirement for grading, utilities, stormwater, and compensatory plantings do not apply.

6. The August 9, 2016 legal description submitted to our office is titled for new Lot 1.02 and the first paragraph is referenced to Lot 1.02; however, the description is for Lot 1.01. This needs to be corrected and a legal description for Lot 1.02 submitted.
III. OUTSIDE AGENCY APPROVALS

This plan may be subject to the review and approval of the following outside agencies, if not already received. Evidence of all appropriate approvals must be submitted to the Township Planning Department and this office prior to the final signature of plans:

1. Camden County Planning Board.
2. Any others as may be necessary.

V. APPROVAL PROCESS

If the Planning Board should grant approval to this project, the following is applicable:

1. The applicant's engineer must make appropriate revisions to the plan pursuant to the Planning Board action. Once all engineering and the Department of Community Development comments are satisfied, copies of the plan should be submitted to the Township offices for review, approval, and/or signature. The number of copies and submission procedures shall be in accordance with Township requirements.

2. If required, performance bonds are to be submitted prior to the signature of any plats or deeds.

3. The applicant must contact the Planning Board office to settle any outstanding review escrow accounts prior to the issuance of building permits (or) signing of any deeds or plats.

If you have any questions regarding this matter, please do not hesitate to call.

Sincerely yours,

REMINGTON & VERNICK ENGINEERS, INC.
