Resolutions Approved.

APPLICATIONS FOR REVIEW
#162064C
Michael Ianneli
Zoned: R3
6' Vinyl Fence w/11' EOP setback

Mr. Costa swears in Mr. Ianneli.
Mr. Dennis Riley (Esq.) explains the application. Mr. Riley states Mr. Ianneli just bought a house in the Glen Oaks development and there was a very old fence on the property. Mr. Ianneli was given a credit at the closing of the home to replace the fence. After replacing the fence he was given a citation. The vinyl fence is in the same exact location as the old fence. There is a lot of similar fencing in the development.

Mr. Mellett states there are no site implications.
Vice Chairman Simiriglia asks for the specific setback.
Mr. Riley states to a 0' setback.
Mr. Lechner states it is an 11' setback from the cart way on the property line.

Bulk C Variance
Block: 8703 Lot: 1
Location: 850 Somerdale Rd., Blackwood
Replacing 6' wooden fence with clay vinyl fence w/21' F2 setback.

Mr. Costa swears in Mr. Lim.
Mr. Lim states the previous fence was there for 35 years and needs to be replaced. The new fence will be in the same exact spot as the old fence.
Mr. Mellett states there are no site implications.

#162049D
Dollhouse Tattoo Parlor, LLC
Zoned: CR
Use "D" Variance
Block: 1004 Lot: 2
Location: 703B Black Horse Pike, Glendora

Tattoo Parlor & Art Gallery from a store front.

Mr. Costa swears in: Mr. Addison Bradley (planner), Mr. David Thatcher (Esq.) Mr. Joseph Auletto (Father/owner), and Ms. Nicole Auletto (owner).

Ms. Auletto is a lifelong resident of Runnemede with a BS (cum laude). She has 5 years experience as a tattoo artist. Ms. Auletto has a license after 2000 hours of apprenticeship.

A1 - Tattoo license
- she currently is working under someone else's license,
- looking for a permanent location for her tattoo parlor business and she couldn't find a better property in the area considering size of store and location,
- she didn't want to be too close to another shop,
- likes the size and location of this store plus it's close to home;
- there will be 4 employees in total and they will all be licensed under her license,
- hours of operation 9am to 9pm/tattoo artists will work part of the day with different shifts,
- one artist may work 9:30 am to 2 pm and the next 2pm to 8 or 9 pm,
- wants to close the store before the bars let out; doesn't want "drunks" in the store,
- people vary in age from 18 to 80,
- all other employees will be by appointment too,
- 1 customer at a time,
- the employees have permission to park at the Glendora Fire Company, spaces are open to employees so the front of business is open for customers.

A2 - Photo of front of the building in-between the Hair salon and Sports Outlet.
- an art gallery will be part of the business; wall space will be available to local artists to display or sell their art.

Tattoo parlors follow County health regulations,

Mr. Costa asks how many days a week the tattoo parlor will be open from 9am to 9pm.
Ms. Auletto states 7 days a week.
Mr. Lechner asks about trash disposal.
Ms. Auletto states they will have hazardous material pick up and Waste Management for regular trash.
Mr. Mellett asks if the hazardous material pick up would be inside or outside the store.
Ms. Auletto states there will be an outside box, she will call the service and they come pick up the hazardous waste.
Mr. Lechner asks if the unit is already an established space.
Mr. Thatcher states "yes".
Mr. Lechner states construction permits will be required.
Mr. Mellett: parking is on an angle lot which isn't ideal but there was only a certain amount of space. A tattoo parlor probably won't be a high intensity use. Restriping of the parking lot is necessary. There are two bollards that are floating.
Mr. Auletto states there were stop signs that have been moved. The re-striping will be done.
Mr. Mellett states remove the bollards.
Mr. Bucceroni states the parking isn’t really an issue.
Mr. Mellett asks about proposed signage.
Mr. Thatcher states there will be a placard within the existing sign.

Mr. Bradley discusses CR district which is intended for older commercial areas before massive car ownership.
- low customer activity,
- employees park across the street,
- not a lot of retail use,
- art gallery a permitted use,
- tattoo parlors are allowed in Highway Commercial Zones,
- the tattoo service is much different now, they do eyebrows and lips (cosmetic),
- it’s a personal service/care of person/ & body care; which all show CR intent,
- not a detriment to the Master Plan and the zone ordinance fits in the definition.

#162031DSPW
Pat’s Industry, LLC
Zoned: CR
Use "D" Variance, Site Plan Waiver
Block: 6502 Lot: 2
Location: 110 Black Horse Pike, Blackwood
Impound Lot

Mr. Costa swears in Mr. Robert Holton (owner), Ms. Candace Kanaplu (Planner), and Mr. Anthony DiRosa (surveyor/engineer).

Mr. Dennis Riley (ESQ.) explains the application:
- The CR Zone on the Black Horse Pike by the tattoo parlor,
- GTMUA plant in the middle of the property,
- Mr. Holton will be using the property for storage of vehicles and repossessed/impounded vehicles.
- Mr. Holton’s principle place of business is in Philadelphia but he lives two blocks up the street from the property being discussed.
- The use will be the storage of vehicles for about 30 days/around 6 cars at a time,
- no employees,
- the vehicles will be loaded and unloaded by tow truck,
A1: aerial shot of the lot:
- storage of accident and impounded cars,
- PSE&G is putting a pole in the lot with lighting,
- no signs.
- any fluids are drained and a tray is put under the vehicle so the fluids don't impact the environment.
- on the right of the lot is a buffer and in the front there is a vinyl fence.
- hours of operation: there could be days or weeks where this property isn't even used, but there could be drop offs in the middle of the night.
- there are no difficulties getting in or out of the lot.

Mr. Lechner asks if the brick block that was left on the property has been clean up yet.
Mr. Holton states he was on the property already and he is cleaning it up, the skids are gone. The tractor trailer is gone, it was his but he doesn't park it there any longer.
Mr. Lechner asks if there will be any more storage, besides the vehicles, on the property.
Mr. Holton states "no".
Mr. Mellett asks for the maximum amount of vehicles that will be stored on the property.
Mr. Holton states 20 total if he's allowed. More than likely it will be 6 to 8 vehicles at a time, but right now 10 to 12 cars would be acceptable.
Mr. Costa requests a clear answer on the number of vehicles.
Mr. Holton states he will request 20 but the average is 6 to 8.
Mr. Mellett asks if the delivery town truck is owned by Mr. Holton.
Mr. Holton states "yes, and it is 30' long along with an "everyday" truck that is 20' long.
Mr. Bucceroni asks about any wetlands on the property.
Mr. Holton states there are some wetlands on the other side
Mr. Bucceroni asks if the 20 car maximum includes the tow trucks.
Mr. Holton states "no, the tow trucks aren't parked at this location, he keeps them in Philadelphia or his home because they are in use 24 hours a day."
Mr. Holton states the vinyl slats are a buffer/6' fence in the back. The cars that are towed come from Washington Twp. and Rt. 42.

A3- Photos of the site
Vice Chairman Simiriglia asks if there is enough room for turns and pulling in and out of the property.
Mr. Holton states "yes".
Vice Chairman Simiriglia asks if the front of the fence is always clear, it's a concern for him.
A4- existing conditions;
Mr. DiRosa states the property is by the Pine Run Branch.
- no new construction
- 120' to 130' of stone behind the fence,
- 60' between the fence and the Black Horse Pike/no obstructions to the traffic on the Black Horse Pike,
- pump station and pad for pump station in the middle of the lot,
- wooded area beyond gravel lot,
- no existing buildings and non are being proposed.
Mr. Mellett discusses the chain link fence and asks if there are any slats.
Mr. DiRosa states there is existing shrubbery.
Mr. Mellett's concerns:
- where will 20 vehicles be stored and using only the stone area,
- how will the vehicles fit and turning issues/getting in and out for the tow trucks,
- constrained area with waterway and wetlands,
- tax map discussion,
- address wetlands,
- leakage from wrecked vehicles - seems there should be a more controlled answer instead of just putting a tray under the vehicle. Maybe a more controlled area or containment area, site plan issues.

Mr. Holton seems to think the containment pan is the best manner to keep the fluids out of the ground/it is what is used before they are dismantled.
Mr. Mellett believes it needs to be better thought out.
Mr. DiRosa believes there is no other way to control the run off from the vehicle and keeping it at the vehicle is the better way.
Mr. Lechner states there is no grading plan, so if there is spillage it could run into the Pine Run Branch.
Mr. Bucceroni discusses the drainage pipe on Brown Ave. and the storm boxes. Neighbors in the area complain about flooding.
Mr. Treger asks if all 20 cars will be behind the fence and if the lighting is just to see.
Mr. Holton states "yes" and "yes".
Mr. Mellett states in his professional opinion a site plan are really needed.
Vice Chairman Simiriglia states the fenced in area isn't very wide to turn around with all those cars in the way. He would like to see how the cars will be configured on the property.
Chairman McMullin states the board would like to see how the cars will be parked and a grading plan to protect the wetlands.
Mr. Mellett states he wants to see a way to contain the contaminants; define where regulated areas are (wetlands); flood hazard; streams.
Mr. Lechner explains the wetlands aren't on the tax map.
Mr. Holton states the 2 car lots next to him drain onto to his property which goes into the stream and leaches into the ground.
Vice Chairman Simiriglia states a damaged vehicle is more likely to leak.
Mr. Lechner states the board has to do their due diligence to reconcile any questions they may have.
Mr. McMullin summarizes: the board needs site plan and grading plan.
Mr. Mellett states the board needs a plan to address concerns: storage, maneuverability, environmental constraints, containment. If improvements are needed by using a sketch plot/site plan.
Mr. Lechner informs the applicant that a minor site plan may have escrows associated with it that may cost 1600.00 dollars. He would request the escrows be satisfied before the applicant gets finals. The applicant will have to re-advertise.

A motion to table the above mentioned application until 12/14/2016, & waiving the extension was made by Mr. Bucceroni and seconded by Mr. Treger.

Roll Call:  
Vice Chairman Simiriglia  Yes  
Mr. Bucceroni  Yes  
Mr. Rosati  Yes  
Mr. Treger  Yes  
Ms. Scully  Yes  
Chairman McMullin  Yes  

Application Tabled.

Mr. Treger  Present  
Ms. Scully  Present  
Chairman McMullin  Present  
Mr. Anthony Costa, Zoning Board Solicitor  Present  
Mr. James Mellett, P.E.  Present  
Mr. Ken Lechner, Township Planner  Present
Mohinders Gas, LLC  
Zoned: HC  
Use "D" Variance/Site Plan Waiver  
Block: 18404 Lot: 1 & 2.01  
Location: 585 Cross Keys Rd., Sicklerville  
Proposed use continues as a gas station converting garage bays to a convenience store and the addition of a Propane Refilling Station.

Mr. Costa swears in: Mr. Douglas Frohock (Rep. from Allen's Propane), Mr. Singh Sukhjinder (owner). 
Mr. Mark Iaconelli (ESQ.) explains the application.  
- the applicant would like to convert the gas from a swap tank to a fill tank operation.  
- concerns: asphalt seal. restriping, signage, vending machine removal, sheds removal, bollards.  
Mr. Lechner reviews his report with the applicant:  
- deed consolidation  
- Parking, vacuum, soda machines, seal coat.  
- the parking lot needs seal coat, the vacuum is remaining in the same spot, the soda machines will be removed. The applicant also needs to repaint the fire lines and add sidewalks along the entire frontage.  
- the property is slightly smaller then required for a retail space; less than 7000 sq. ft...  
- 16 parking spots,  
- plenty of maneuverability room,  
- the gas will be delivered at night or very early in the morning; not a 24 hour station, hours of operation will be 5am to 11pm with refueling during off hours.  
Mr. Lechner states that a convenience store is permitted as a conditional use.

Mr. Mellett reviews his report with the applicant:  
- auto maintenance will stop and the store will be open in that part of the building,  
- 11 parking spaces are required and 17 are presently available,  
- under water storm water maintenance; the storm water basin behind the building is very overgrown and needs maintenance,  
Mr. Iaconelli states the landscapers will keep it pruned up and the signage will be put up and meet DOT standards, which can be added to the plan.  
Mr. Mellett states it will be cleaner that way. Also, the bollards should be placed behind the curb line.  
Mr. Lechner reads the Fire Marshals letter: UFC 312 requires bollards around the whole propane section.  
Mr. Iaconelli states that will be no problem.  
Mr. Singh states he has 11 filling stations and he will do whatever is needed.  
Mr. Mellett states the sheds should be removed and the bushes & vegetation along Sicklerville road need to be trimmed to improve the site distance for vehicles.  
Mr. Mellett requests the applicant add landscaping and plantings to the plan.  
Mr. Iaconelli states they will look into landscaping.  
Mr. Mellett discusses Camden County planning board approval for the sidewalks on Sicklerville Rd. /ADA standards necessary.

PUBLIC PORTION:  
Mr. Costa swears in Ms. Arlene Litton: She lives behind the gas station and has well sewer issues/worried about contamination. In July there was a motor cycle accident and believes the added traffic will make it more dangerous. She only has one way in and one way out of her development. Ms. Litton states there are times they can't get out of her development. She says there are already 7 houses empty because of the problems with the development on Cross Keys Rd. Remediation issues and gas going into the ground and is an ongoing issue. Seven people have died from cancer and very rare cancers occurring. There was supposed to be testing of the water but it never happened.  
Chairman McMullin states the zoning board has no jurisdiction in this matter.
Vice Chairman Simiriglia states they should contact the DEP, the water company or township council.

Ms. Litton states they've have robbers run through their development from Cross Keys; also there are empty houses that have been in foreclosure for 5 years.

Mr. Bucceroni states he works with public works and can help with the abandon houses issues. He points out that the gas station is just changing, not expanding.

Mr. Costa states the zoning board can only deal with zoning ordinances such as the permitted use of the station. Ms. Litton should contact the DEP or the county board of health.

Ms. Litton states they have no sewer.

Vice Chairman Simiriglia states you would be forbidden to sell a house without water service or sewer. This is a health situation and the MUA would have given assistance if sewer water was running down the street.

Ms. Litton is worried about the propane, it's a concern.

Mr. Costa asks if the houses were there first.

Ms. Litton states "yes", there were 8 houses around the station property. She states the property is over run and the leach fields are draining back to the houses. She is worried about new leach fields.

Mr. Costa swears in Ms. Elizabeth Klemowitz: She states where they work on the cars oil runs onto our property. Her husband has a very rare type of encephalitis.

Chairman McMullin states the site will be remediated and the state DEP will inspect it 3 times a year.

Ms. Klemowitz states traffic is bad and there are accidents every day. In 2001 there was pumped gas that polluted up to Camden County College and she's worried about propane now. She asks if the concrete will be cleaned or will the dirt just become more run off.

Mr. Bucceroni states the NJDEP will inspect and they will certify the criteria.

Mr. Singh states before WAWA was built he would get about 8000 cars, now he gets about 1300 to 1400 cars.

Mr. Laconelli states there was a remediation problem from the previous owner and the tanks had alerts on them. There will be no more car fluids because the garage will be gone.

Mr. Lechner asks if the DEP is still monitoring the wells.

Mr. Singh states not anymore.

A motion to approve the above mentioned application with the condition: performance guarantee prior to the CO of the store was made by Mr. Rosati and seconded by Mr. Bucceroni.

RESOLUTION OF FINDINGS AND CONCLUSION

BOARD OF ADJUSTMENT

TOWNSHIP OF GLOUCESTER

APPLICATION # 162070C
Bruce & Faye Merritt
Block 15814, Lot 6

WHEREAS, Bruce & Faye Merritt are the owners of the land and premises located at 12 Michael Road in the Sicklerville section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a variance to construct a 12’ x 27’ deck 7.5’ setback from the rear lot line instead of the required 10’ for the property located upon Block 15814, Lot 6, as shown on the Official Map of the Township of Gloucester, located in a SCR Zone, said application being pro-se; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on November 23, 2016 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicants, Bruce & Faye Merritt are the owners of the land and premises located at 12 Michael Road in the Sicklerville section of Gloucester Township, New Jersey, as shown on Block 15814, Lot 6, on the Official Tax Map of the Township of Gloucester, located in an SCR Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.
4. After being sworn, the applicant testified he has a small lot and there is no other place to construct the deck.

5. There were no objections to the application.

**UPON MOTION** duly made and seconded to grant the applicant a variance to construct a 12’ x 27’ deck 7.5 feet from the rear property line, the Board voted six (6) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

**WHEREAS**, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

**WHEREAS**, the statutory purposes will be advanced by the granting of the relief requested;

**NOW THEREFORE BE IT RESOLVED**, by the Zoning Board of Adjustment of the Township of Gloucester on this 23rd day of November, 2016, the applicants Bruce & Faye Merritt are is hereby granted the aforesaid variance for the property located upon Block 15814 Lot 6 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein.

RESOLUTION OF FINDINGS AND CONCLUSION

BOARD OF ADJUSTMENT

TOWNSHIP OF GLOUCESTER

APPLICATION # 162067C
Matthew Chester
Block 1704, Lot 24

WHEREAS, Matthew Chester is the owner of the land and premises located at 430 Huntington Avenue in the Glendora section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a variance to construct a 10' x 15' bedroom addition with setbacks of 3.84' & 6.50' from the side(s) lot line(s) instead of the required 10' and 13.50' setback from the rear property line instead of the required 20' for the property located upon Block 1704, Lot 24, as shown on the Official Map of the Township of Gloucester, located in a R-4 Zone, said application being pro-se; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on November 23, 2016 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicant, Matthew Chester is the owner of the land and premises located at 430 Huntington Avenue in the Glendora section of Gloucester Township, New Jersey, as shown on Block 1704, Lot 24, on the Official Tax Map of the Township of Gloucester, located in an R-4 Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.
3. All property taxes were paid to date.

4. After being sworn, the applicant testified he has a 25’ wide lot and the house sits far back from the Road and he is following the existing house setbacks.

5. There were no objections to the application.

**UPON MOTION** duly made and seconded to grant the applicant a variance to construct a 10’ x15’ bedroom, the Board voted six (6) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

**WHEREAS**, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

**WHEREAS**, the statutory purposes will be advanced by the granting of the relief requested;

**NOW THEREFORE BE IT RESOLVED**, by the Zoning Board of Adjustment of the Township of Gloucester on this 23rd day of November, 2016, the applicant Matthew Chester is hereby granted the aforesaid variance for the property located upon Block 1704 Lot 24 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein.

Re: Pat's Industry, LLC
Use “D” Variance & Site Plan Waiver
Block 6502, Lot 2
110 Black Horse Pike
Blackwood, NJ 08012
Gloucester Application #162031DSPW
Our File No.: GX16011-ME

Dear Mr. Lechner:

We have received the following information for the referenced project:

A. A copy of a Township of Gloucester Zoning Board Transmittal dated October 13, 2016;

B. A copy of a Township of Gloucester Land Development Application for Use Variance and Site Plan Waiver;

C. A site sketch signed by Dennis L. Riley;

D. A copy of the Township of Gloucester Tax Map Sheet 65;

E. Letters from the Township of Gloucester Township Tax Collector and Municipal Utilities Authority;

F. A copy of an existing conditions plan, Block 6502, Lot 2, prepared by Bach Associates, P.C., dated October 7, 2016
We have reviewed the application and offer the following comments:

I. Project Description

1. The project site is located at 110 Black Horse Pike. The site is located on the western side of Black Horse Pike (NJSH Route 168) between Brown Avenue and the North-South Freeway (Route 42).

2. The property is currently vacant. A portion of the site is fenced-in with a stone surface.

3. The property currently shares a driveway off of the Black Horse Pike (NJSH Route 168) with the Gloucester Township M.U.A. pump station on Lot 4.

4. The site is known as Block 6502, Lot 2 and is approximately 2.89 acres as per the Township of Gloucester Tax Map.

5. The site is irregularly shaped and has frontage along the Black Horse Pike (SR 168).

6. The lot is located within the CR Commercial Residential zoning district. Properties to the north and south are also zoned Commercial Residential. Properties to the east and west are zoned R-3 Single Family Detached.

7. The applicant is proposing to utilize the current facility to temporarily store impounded vehicles for a maximum of 30 days.

8. The applicant indicates that there will be a monthly average rotation of 20 to 40 vehicles.

II. Use Variance

1. The property is located in the Commercial Residential (CR) District.

2. The purpose of the Commercial Residential District is intended for older commercialized areas of the Black Horse Pike and Lower Landing Road developed before high levels of car ownership required significant off-street parking. This district retains a mix of residential uses including small apartment buildings. Because of the era in which the uses were established, commercial uses that entail relatively low customer activity are encouraged, while retaining certain personal services uses already established in this area.
3. An auto impound yard is not listed as a permitted use in the zone. Additionally, an auto impound facility is not listed as an accessory or conditional use in the zone. The applicant is therefore seeking a use variance.

4. The applicant should describe typical operations for the business.

5. The specific amount of autos to be stored at any one time should be specified.

6. The applicant should discuss loading operations, i.e. frequency, types of vehicles which deliver the cars to the site, etc.

7. The applicant should indicate the extent of the area to be used for the operations.

8. The applicant should demonstrate special reasons in accordance with Municipal Land Use Law Section 40:55D-70 in order for the Board to consider the Use Variance.

9. The applicant must demonstrate that the variance relief can be granted without substantial detriment to the public good and would not substantially impair the intent and purpose of the Zone Plan and the Zoning Ordinance of Gloucester Township (LDO).

10. We defer review of conformance with the area yard and bulk requirements of the Ordinance to your office.

III. Site Plan Waiver

1. The applicant is requesting a Site Plan waiver for this project.

2. It does not appear that the applicant is proposing any additional site improvements. Should the Board consider the Site Plan Waiver, the Board may wish to consider the following items:
   a. It appears that the existing fenced area is limited in size. The applicant should demonstrate where the anticipated vehicle storage will be located.
   b. Loading/deliveries to and from the site should be addressed.
   c. The applicant indicates that lighting is proposed for the site. Any proposed lighting should be in accordance with section 508 of the LDO.
   d. The applicant should address any site signage.
   e. Parking for employees and visitors/customers should be addressed.
f. The proposed surface for the storage area should be considered.

g. The applicant should indicate whether the vehicles will be drained of fluids prior to storing. If so, it should be indicated where this work will take place.

h. Screening/buffering of the business should be considered.

3. Based on review of the tax map and application, there are wetlands and an associated wetland transition area located on the property. These areas are regulated under the NJDEP Freshwater Wetlands Protection Act. The applicant should submit information on the extent of the regulated areas.

4. Based on review of the submitted plan, there is a waterway, Pine Run Branch, which traverses the site. There is a floodway, flood hazard area and riparian zone associated with the waterway which is regulated under the NJDEP Flood Hazard Area Control Act. The applicant should submit information on the extent of the regulated areas.

Any Zoning Board approval shall be contingent upon approval from all other governmental agencies having jurisdiction including but not limited to the New Jersey Department of Transportation, Gloucester Township Municipal Utilities Authority, Camden County Conservation District, Aqua New Jersey, Inc./New Jersey American Water, etc.

Please contact me if you have any questions or require additional information.

Very truly yours,
Churchill Consulting Engineers

RE: APPLICATION #162031DSPW Escrow #10487
Pat's Industry, LLC
BLOCK 6502, LOT 2

DATE: October 18, 2016

The Applicant requests use variance approval for "Storage of Impound Vehicles" and site plan waiver within the CR - Commercial Residential District. The project is located on the west side of the Black Horse Pike south of Brown Avenue.

Applicant: Pat's industry, LLC, 44 Hyannis Avenue, Blackwood, NJ 08012 (telephone #215-203-0993).
Owner: Robert Holton, 44 Hyannis Avenue, Blackwood, NJ 08012 (telephone #215-203-0993).

I. INFORMATION SUBMITTED
1. Land Development Application Form and narrative dated 10/12/16.
2. Sketch Plat as prepared.
4. Existing Conditions Plan, as prepared by Bach Associates, P.C. comprising one (1) sheet dated 10/07/16.

II. ZONING REVIEW
ZONE: Storage of Impound Vehicles is not a listed permitted use in the CR - Commercial Residential District [§414.B].

**Variance Expiration:** The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.

### III. VARIANCE COMMENTS

The Application as submitted requires the following variances from the CR- Commercial Residential District:

**§414.B, Permitted Uses**
1. Storage of Impound Vehicles is not a listed permitted use in the CR - Commercial residential District.

**§414.F, Area, Yard, Height and Building Coverage**
2. Lot frontage (split frontage): (89.80 ft. provided v. 100 ft. min. required).
4. Parking area (side): (0 ft. provided v. 15 ft. minimum required).

**POSITIVE CRITERIA ("C1" and "C2" variances)**

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested residential district setback variance:

5. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

6. Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).
POSITIVE CRITERIA ("D1" use variance)
The Applicant must address and the Board consider the following in satisfying the positive criteria for the requested "D1" variance:

a. Uses determined as not "inherently beneficial."
   i. A use variance must meet the statutory "special reasons" standards; the zoning purpose most amplifying the meaning of special reasons is, the promotion of the general welfare (basis Medici v. BPR Co., 107 N.J. 1 (1967)).
      1. The Applicant must identify and provide an analysis of the special reasons of zoning that is applicable to the application.
      2. The Applicant must provide testimony addressing the "enhanced quality of proof and clear specific findings" that the variance sought is not inconsistent with the Master Plan and Zoning ordinance.
      3. Furthermore, "such proofs and findings must satisfactorily reconcile the grant of the use variance with the ordinance's continued omission of the proposed use from those permitted in the zone."

NEGATIVE CRITERIA
The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).
Balancing Test (basis Sica v. Board of Adjustment Tp. of Well, 127 NJ 152, 162 – 166 (1992)).

1. Identify the public interest at stake.
2. Identify the detrimental effects that would result by the grant of a variance.
3. Determine if the detrimental effects may be mitigated by imposing reasonable conditions.
4. Weigh the benefits against the mitigated negative effects to determine if on balance the grant of a variance would cause substantial detriment to the public good.

IV. GENERAL REVIEW COMMENTS AND SPECIAL CONCERNS
The Applicant must address the positive criteria including special reasons, standards of zoning and the negative criteria applicable to the required variances for the following master plan and zoning issues.

1. Master Plan
   a. Consistency of the proposed use with the criteria of the B-1 Mixed Business/Residential land use classification of the master plan.

2. Zoning
   a. Consistency of the proposed use with the CR –Commercial/Residential District and character of the built environment.

3. Use Variance
   a. Suitability of the subject property to accommodate the following components of the proposed use.

APPLICATION #162031DSPW
Pat’s Industry, LLC
BLOCK 6502, LOT 2
i. Use:
   1. The Applicant shall provide a description of the
      proposed use including but not limited to the following:
      a.) Hours of operation.
      b.) Maximum number, type (i.e., passenger, commercial, motorcycles, boats, trailers, etc.),
          and condition of vehicles to be stored.
      c.) Maintenance of vehicles, fluid removal, etc.
      d.) Storage of any other materials.
         i. A field inspection noted the storage of
            construction equipment and materials.

ii. Parking:
    1. The applicant shall address proposed parking for
       customers and vehicle deliveries.

iii. Turning movements:
    1. The applicant shall address site access and turning
       movements of towing vehicles.

iv. Lighting:
    1. The Applicant shall address lighting for the premises, if
       applicable.

4. Site Plan Waiver:
The Applicant requests a waiver from Site Plan Review as per §801.A(3). The applicable Land Development Ordinance states the following:
   a. "The approving authority may waive the requirement of site plan
      approval whenever it determines that the proposed development,
      alteration, repair, or change of use or occupancy does not affect the
      existing condition of the lot or premises, including: topography;
      vegetation; drainage; flood plains; marshes and waterways; open
      space; walkways, means of ingress and egress; utility services;
      landscaping; structures; signs; lighting and screening devices; and
      other considerations of site plan review ..."
   i. Should the Board approve the use variance and a site plan
      waiver, it's recommended a conditional of approval include
      appropriate time limits to complete the following minimum site
      improvements:
      1. A minimum 20-foot deep paved entrance drive
         consistent with the concrete apron for the adjacent
         GTMUA parcel.
      2. Repair of the corner post of the front chain link fence.
      3. Install vertical screening slats with top and bottom
         locking channels for the existing gate in tan color
         consistent with the existing screening slats.
      4. Provide a minimum of eight (8) evergreen trees, six (6)
         feet high and eight (8) feet on center along the
         southerly wood screening fence.
         a.) It's recommended to plant Leyland Cypress
            (Cupressocyparis leylandii) or similar
            evergreen tree variety.
      5. Provide a mixture of evergreen and ornamental trees,
         shrubs, and grasses along the front screening fence.
V. LAND DEVELOPMENT ORDINANCE COMMENTS

The Applicant is advised of the following additional requirements of the Land Development Ordinance:

1. A soil removal plan if soil is to be removed from the site for use or sale other than the premises subject to this application as per §801.C, Soil Removal.
2. A grading plan prepared and sealed by licensed professional engineer as per §814, Grading Approval.
3. Affordable housing requirement as per §902, Affordable Housing Fees and Procedures.
4. Before recording final subdivision plats or as condition of final site plan approval or as a condition to the issuance of a zoning permit pursuant to N.J.S.A. 40:50D-65d the furnishing of a performance guarantee, maintenance guarantee, and inspection fees as per §903, Guarantees and Inspections and §904, Certification or Guarantee Required; Estimate of Guarantee.
5. Requirements precedent to construction as per §905, Pre-conditions to Commencement of Construction.
6. Construction of off-tract improvements as per §906, Off-Tract Improvements Recapture.
7. A zoning permit is required prior to the issuance of any construction permits and prior to the issuance of a Certificate of Occupancy by the Construction Official the Applicant must acquire a Certificate of Zoning Conformity from the Zoning Officer as per §1102, Permits, General, §1103, Zoning Permit and §1104, Certificate of Zoning Conformity.

VI. RECOMMENDATIONS

1. The Applicant must address the above underlined comments.
2. The Applicant is advised revised plans and support documents would not be accepted by this Department without sufficient escrows for professional services in accordance with the signed escrow agreement.

I have no further comments regarding this application at this time; however, I reserve the right to provide additional comments during the public hearing to advance the planning process.

cc: Pat's Industry, LLC
The property in question is located at 110 Black Horse Pike. The current use is vacant lot, with a partial fence, temporary trailer, approximately (5) five vehicles. There is a stone area in the front portion of the lot. The rest of the property is comprised of a stream and wooded areas. It is zoned CR Commercial Residential and is approximately 2.89 acres. The lot is irregularly shaped, with frontage on Black Horse Pike (SR 168). Properties to the north and south are also zoned CR. Properties to the east and west are zoned R-3 Single Family Detached.

Permitted uses in the CR District do not include Impound yards. The proposed business will be part of a family run operation. The lot is proposed to be used for the temporary storage of impounded vehicles, which will be held for a maximum of (30) thirty days. The vehicles located on the property will be dropped off by tow truck operators employed by the owner of the impound yard. The yard area will be fenced in chain link fencing containing slats. Security lighting and cameras will be located around the property for (24) twenty four hour protection and surveillance. The owner anticipates a monthly average rotation of (20) twenty to (40) forty cars, maximum. It will typically be lower than this. There will be no employees located on the site, this use is proposed to be a yard to hold vehicles for (30) thirty days or less.

This lot has a G.T.M.U.A. pumping station in the middle of it. Our proposed use is to let the applicant continue to use the lot as a storage facility (up to (30) thirty days) for cars towed there.
To Whom It May Concern:

Our records indicate that the below referenced property is current with taxes and there are no outstanding liens.

Name: Robert J Holton
Address: 110 Black Horse Pike
Block: 6502 Lot: 2

If you have any questions, please feel free to contact the tax office at 856-228-4000.

Gentlemen:

In response to your transmittal regarding the above application, approval of the impound yard will have no effect on the sanitary sewer system.

We formally request, however, that automobiles for sale are not placed in the front of the property.

Should you have any further questions, please feel free to contact me.

Very truly yours,

¹ = Scaled data.
  = Variance required

Variance Expiration: The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.

**II. VARIANCE COMMENTS**

The application as submitted requires the following variance:

DECK §409.F – SCR – Senior Citizen Residential District, Area, Yard, Height and Building Coverage, specifically, the Reserves at Forest Meadows approval.

1. Rear yard (Lot 45): (17 ft. provided v. 20 ft. minimum required).
2. Rear yard (Lot 46): (17 ft. provided v. 20 ft. minimum required).
3. Rear yard (Lot 47): (13 ft. provided v. 20 ft. minimum required).
4. Rear yard (Lot 48): (14 ft. provided v. 20 ft. minimum required).

POSITIVE CRITERIA ("C1" and "C2" variances)

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested residential district setback variance:

5. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

Application #162076C
NVR, Inc, d/b/a Ryan Homes
Village Green Lane
Block 18504, Lots 45, 46, 47 and 48
NEGATIVE CRITERIA

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis N.J.S.A. 40:55D-70).

III. NOTICE REQUIREMENTS

The applicant must notice for the following variances:

From Section 409.F, Area, Yard, Height and Building Coverage, specifically to permit a deck, as follows:

1. Block 18504, Lot 45 - seventeen (17) feet from the rear lot line (20 feet minimum required).
2. Block 18504, Lot 46 - seventeen (17) feet from the rear lot line (20 feet minimum required).
3. Block 18504, Lot 47 - thirteen (13) feet from the rear lot line (20 feet minimum required).
4. Block 18504, Lot 48 - fourteen (14) feet from the rear lot line (20 feet minimum required).

Re: NVR, Inc. d/b/a Ryan Homes
Application for “c” or Bulk Variance Approval
Block 18504, Lots 45, 46, 47, & 48
Gloucester Township, Camden County, New Jersey
Our File No.: RYA-018-089

Dear Ms. Pendino:

Enclosed are the following, which we are submitting on behalf of our client, NVR, Inc.,
d/b/a Ryan Homes (the “Applicant”), in connection with the above-captioned Application for “c”
or Bulk Variance Approval:

1. Land Development Application, with Checklist - original and seven (7) copies;

2. Variance Plan entitled “The Villages at Cross Keys, Block 18504, Lots 45, 46, 47, and 48, Township of Gloucester, Camden County, New Jersey,” prepared by Consulting Engineer Services, dated November 14, 2016 – twelve (12) signed and sealed copies;

3. Escrow Agreement – one (1) copy;

4. Affidavit of Ownership and Consent for Block 18504, Lot 45 – original and seven (7) copies;
5. Affidavit of Ownership and Consent for Block 18504, Lot 46 – original and seven (7) copies;

6. Affidavit of Ownership and Consent for Block 18504, Lot 47 – original and seven (7) copies;

7. Affidavit of Ownership and Consent for Block 18504, Lot 48 – original and seven (7) copies;

8. Our firm’s check, in the amount of $100.00, made payable to Gloucester Township, to satisfy the Variance Application fee; and,

9. Our firm’s check, in the amount of $150.00, made payable to Gloucester Township, to satisfy the initial escrow deposit.

This Application for “c” or Bulk Variance Approvals is to allow for four existing townhouses to encroach upon the 20-foot rear-yard setbacks of various depths. The existing townhouses are located at 149 Village Green Lane, 147 Village Green Lane, 145 Village Green Lane, and 143 Village Green Lane, Gloucester Township, New Jersey, on properties identified as Block 18504, Lots 45, 46, 47, and 48, on the Official Tax Maps of Gloucester Township (collectively, the “Properties”).

The Applicant is requesting “c” or Bulk Variance Approvals for varying Rear-Yard Setbacks to allow for the owners of the Properties to construct raised decks, 10 feet by 14 feet in size, if they so choose. More specifically, the Applicant is requesting “c” or Bulk Variance Approvals that would allow for the construction of raised decks that would encroach upon the 20 foot Rear-Yard Setbacks as follows: seventeen (17) +/- feet for Lot 45, seventeen (17) +/- feet for Lot 46, thirteen (13) +/- feet for Lot 47, and fourteen (14) +/- feet for Lot 48. The legal justifications for the requested Bulk Variances are explained in the attached Application Addendum.

The Properties are fee-simple owned townhouses that are located in the Senior Citizen Residential – Highway Commercial (SCR-HC) Zoning Overlay District. Under §409.F.1 of the Gloucester Township Zoning Ordinance, fee-simple townhouses in the SCR-HC Zone are required to have a twenty (20) foot rear-yard setback. However, after construction of the townhouses, the As-Built Survey of the Properties revealed irregular rear-setback lines along the Properties. Absent obtaining Variance Approval, these irregular rear-setback lines would preclude the owners of the Properties from constructing the standard 10 foot by 14 foot rear-decks that are available for other properties within the Villages at Cross Keys community.

I would appreciate it if you would place this Application on the agenda of the Gloucester Township Zoning Board of Adjustment meeting and public hearing scheduled for December 14, 2016, commencing at 7:30pm. Unless you advise us otherwise, we will plan to attend the December 14, 2016 Zoning Board of Adjustment meeting. We will publish and serve the appropriate Notice for the December 14, 2016 public hearing on the Application, and thereafter,
we will forward to you our Affidavit of Service of Notice and the Affidavit of Publication of the Courier Post, upon our receipt of same.

If you have any questions or need any additional information, please do not hesitate to contact me.

Thank you for your courtesy and assistance.

Very truly yours,

MICHAEL F. FLOYD

RE: 88 Equities, LLC,
Minor Subdivision – Request for Extension
Application # 162015CDM

Dear Mr. Lechner:

As you will recall, the above referenced application received both use variance approval and minor subdivision approval at the Zoning Board’s April 16, 2016 meeting, with said approvals being memorialized in a Zoning Board Resolution dated May 11, 2016. Per N.J.S.A. 40:55D-47(d), the minor subdivision portion of this approval expires after 190 days, so the date for expiration has just passed, or will pass shortly.

I am writing to seek a three (3) month extension of this minor subdivision approval, pursuant to N.J.S.A. 40:55D-47(f). The Applicant was barred from perfecting this minor subdivision until an official vote of community members could be completed to allow the subject property to be separated into two separate communities (age-restricted and non-age-restricted). That vote has now taken place and a majority of the community has agreed to this separation and the community’s attorney has drafted an amendment to their master deed to memorialize this action. With that being said, the Applicant now expects to receive County approval of the subdivision in December, and this will be the last remaining outside agency approval. Once this is complete, the Applicant would then perfect the minor subdivision.

Thank you for your cooperation. If an appearance before the Board to explain this situation is required, please contact me and we can arrange such appearance.
Very truly yours,
LONG, MARMERO, & ASSOCIATES, LLP

Albert K. Marmero
Counsel for 88 Equities, LLC
