Land development

Fences, Garages, Home Occupations, Fees, Etc.
Ordinance 0-03-03

NOTES:
Mr. Lechner was the primary testifier describing this as a Land Development to be brought to the Town Counsel for its first reading then to go to the Planning Board. There are 10 Sections in this Bulk Variance concerning Fencing & Garages. The reason Mr. Lechner stated, to decrease the number of resident applications that have to go to the Planning Board for Variances, most concerning corner lots.
Mr. Lechner continued to briefly explain most sections in this Application.
Section 1: Reconstruction or expansion of a building on an undersized lot. Most lots within the township are undersized for their existing structure. This ordinance would amend this ordinance by allowing the rebuilding of existing residence to meet the new setbacks of undersized lots.
Section 2: Amends a setback of three feet from the property line to be established of any impervious ground cover.
Section 3: Amends that motorized vehicle used for Business purposes would NOT be allowed to occupy any residential area to include the proprietor’s property or parking on a residential street.
Section 4: Amends section 5 associated with detached garages, whereas the same square footage applies but the height of the side walls shall be no higher than 9 foot and meets established setbacks.
Section 7: Amends the setbacks for driveways.
Section 8: Amends the setbacks for corner lots in relation to fencing whereas a variance is not needed unless corner lot fencing would be placed closer to roadway than the normal setback.
Section 9: Right of Appeal whereas the applicant can take unresolved/disputed agreements to Superior Court for final decision.
Section 10: Site Plans – when are they needed?
Section 11: Amends fee collection whereas it is needed to pay legal fees for the processing of the resolution and applied to the Affordable Housing fees.
Mr. Lechner concluded his brief description of the proposed amendments.
