Meeting Adjourned
A RESOLUTION OF THE GLOUCESTER TOWNSHIP PLANNING
BOARD MEMORIALIZING MINOR SITE PLAN APPROVAL WITH
BULK VARIANCE RELIEF
FOR LARRY & MARC, LLC
APPLICATION NO.: 162063CM

WHEREAS, on March 28, 2017 consideration was given to the application of Larry & Marc, LLC (hereinafter “Applicant”) for the property located at 16 Dearborne Avenue, identified on the Tax Map for the Township of Gloucester as Block 12616, Lot 2 (hereinafter “the Property”), for Minor Site Plan and Bulk Variance approval; and

WHEREAS, the Applicant is seeking approvals for an as-built 24’ x 40’ commercial garage, 10’ x 20’ commercial storage shed, and 8’ x 13’ commercial storage shed within the Neighborhood Commercial District; and

WHEREAS, Mr. Robert J. Incollingo, Esq. appeared to represent the Applicant, and summarized the application for the Board. Mr. Wade Marlin, the Applicant’s Project Manager, and Mr. Larry Meglano and Mr. Marc Kupiec, owners of the Applicant business, were sworn to present testimony; and

WHEREAS, the Applicant submitted the following Exhibits for the Board’s consideration: A-1, a group of color pictures of the existing conditions on the property, and digital photographs presented to the Board, portraying a picture of existing building-mounted flood lights; and

WHEREAS, the Applicant rents the property to a commercial flooring operation, and has owned the property for roughly 13 years; and

WHEREAS, the flooring company conducts office work at the property, and does not perform any construction or other non-clerical/management work on the premises; and

WHEREAS, the two sheds on the property were existing when the Applicant purchased the property, and the commercial garage was constructed in response to previous vandalism in order to safely and securely store their trucks and materials overnight; and

WHEREAS, the Applicant represented that at the time the garage was constructed, they hired a contractor who represented all necessary permits and inspections were or would be obtained; and

WHEREAS, there is a fence around the property, which also blocks off and secures the entrance to the commercial garage; and

WHEREAS, the Applicant confirmed that the sheds and garage are used to store tools and extra materials, and that the majority of the construction materials are delivered to the construction site. Only leftover materials or excess supplies may be temporarily stored in the
garage, which would not be used for loading and unloading of materials prior to or after jobs; and

WHEREAS, the Applicant described the surrounding neighborhood, neighboring businesses, the nature and hours of operation of the flooring business, existing parking and ADA accommodations, and the minimal traffic impact of the office use both from employees and deliveries; and

WHEREAS, the Applicant further described the existing lighting at the property, the minimal office-related trash generation, existing landscaping, and represented that no changes in drainage or issues with stormwater runoff have been experienced since the construction of the garage; and

WHEREAS, the Applicant represented that no complaints have been received from neighbors concerning their operation since the flooring business began as a tenant in approximately 2008; and

WHEREAS, the Applicant’s Project Manager addressed the comments outlined within the Board Engineer’s March 3, 2017 review letter, and Board Planner’s February 22, 2017 review letter, requesting certain waivers and modifications to the satisfaction of the Board and its Professionals, and with conditions imposed, as outlined further below; and

WHEREAS, the meeting was open to the public, and no members of the public appeared to testify; and

WHEREAS, the Planning Board having received reports from professionals and other advisors to the Board including, without limitation, the Zoning Officer, Board Engineer, Board Planner, County Planning Board, Traffic Commander, Fire Marshall, Tax Assessor, Water Department and Municipal Utilities Authorities and having heard testimony from the Board Planner and Board Engineer, makes the following factual findings in approving the subject application for minor site plan approval:

1. Existing Zoning: NC (Neighborhood Commercial)

2. Intended Use: Continued use of commercial office space, with two (2) sheds and a commercial garage.

3. The application implicates the following provisions of the ordinance: NC zoning requirements under §415.B.

4. The Board Planner, Kenneth D. Lechner, PP, AICP, issued a report dated February 22, 2017, incorporated by reference as if set forth fully herein, recommending certain revisions, clarification and/or modifications to the plans with which the applicant agreed to comply unless otherwise outlined or modified further below, or to the extent that they had not been addressed through testimony.
5. The Board Engineer, Steven M. Bach, PE, RA, PP, CME of Bach Associates, PC, issued a report dated March 3, 2017, incorporated by reference as if set forth fully herein, indicating the need for several revisions, clarifications and/or modifications to the plan to which the applicant agreed, to the extent they had not been addressed through testimony.

WHEREAS, based upon the testimony provided, and the requests of the Board and its Professionals, the Applicant agreed to the following conditions of approval, in addition to those outlined within the Board Planner’s and Board Engineer’s letters as modified during the hearing:

1. The Applicant agrees to obtain permits for the continued use of the structures.

2. The Applicant agrees to a six-month timeline wherein the certificate of continued occupancy for the garage and two sheds shall be obtained.

3. The applicant agrees to coordinate with the Board Engineer’s office in order to arrange for a lighting test to be performed at the perimeter of the property which faces neighboring residences, in lieu of submitting a formal lighting plan.

NOW, THEREFORE BE IT RESOLVED, after considering the foregoing facts the Board concludes that the Application for Minor Site Plan Approval with Bulk Variance Relief has demonstrated that the proposed site design will not have a deleterious effect upon the neighborhood, and has satisfied the standards necessary for approval and should therefore be approved subject to the conditions above; and

WHEREAS, a motion was duly made by Mrs. Washington and duly seconded by Councilman Hutchinson to APPROVE the Application as set forth above, and a roll call vote on the motion was recorded as follows:

ATTEST:

GLOUCESTER TOWNSHIP PLANNING BOARD:

KENNETH LECHNER, SECRETARY

SCOTT OWENS, CHAIRMAN

CERTIFICATION

I HEREBY CERTIFY that this resolution of memorialization being adopted by action of the Board on this 25th day of April 2017 represents a true and correct copy of a resolution adopted by the Gloucester Township Planning Board consistent with its decision at a meeting held on the 28th day of March 2017.

KENNETH LECHNER, SECRETARY
LAND DEVELOPMENT APPLICATION CHECKLIST

Applicant must complete the following requirements to submit an application to the Planning Board or Zoning Board of Adjustment. No application shall be accepted without the items in the below checklist.

- Taxes Paid Certification.
- Land Development Application Form – completed, signed, and notarized.
- Filing Fees.
  - FILING FEE = Filing + Publication + Property Owners + Variance (if applicable)
- Escrow Fees.
  - ESCROW FEE = Engineer + Planner + Legal
- Signed Escrow Agreement.
- Signed W-9 Form.
- Disclosure Statement (Corporations, LLC, and Partnerships).
  - Corporations, LLC, and Partnerships must be represented by an attorney.
  - Twelve (12) copies of the development plan (signed and sealed).
- Seven (7) copies of the Ordinance Checklist (§817).
- Other reports (4 copies) – if applicable.
  - Drainage Calculations
  - Environmental Impact Statement
  - Traffic Impact Statement

CAMDEN COUNTY PLANNING BOARD

Land development applications for site plans and subdivisions require review and/or approval of the Camden County Planning Board.

NOTE: All municipal site plan and subdivision approvals are conditioned upon Camden County Planning Board Approval.

Complete each of the following sections:

A. Is this application to subdivide a parcel of land into six or more lots?  
B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?  
C. Is this application for approval on a site or sites for commercial purposes?  
D. Is the applicant a corporation?  
E. Is the applicant a limited liability corporation?  
F. Is the applicant a partnership?

IF YES TO ANY OF THE ABOVE:

1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of its stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).

2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?

IF YES:

List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

1 INTRODUCTION
Consulting Engineer Services (CES) has prepared this Trash/Recycling Report for the Marketplace at Chews Landing, an existing 16.32 acre shopping/retail center (hereinafter the "Site") designated as Plate 206, Block 20601, Lot 3 on the official Tax Map of the Township of Gloucester. The solid waste includes general consumer trash and general consumer recyclables. The proposed improvements include the development of existing four (4) parking spaces on the Site into a 645 square foot trash enclosure and upgrades to the existing trash enclosure. Upgrades include demolition to the northwest trash enclosure wall and the addition of 265 square feet of impervious surface and four (4) six-foot high gates. The proposed construction will be constructed in a single phase.

2 MATERIALS TO BE COLLECTED, FREQUENCY AND AVAILABLE STORAGE
A. General Consumer Trash
The Site currently has 7 contracts with waste haulers to collect trash. The separate trash contracts and their frequency of collection are as follows:

<table>
<thead>
<tr>

a. Medical Waste
i. Medical Waste is handled by an outside medical waste hauler and emptied once a week. Tenants that generate medical waste include Eastern Dental and Inspira-Urgent Care. All tenants that require this service are responsible for pick up and disposal of waste. All medical waste will be disposed of by appropriately licensed waste haulers.
B. General Consumer Recyclables

The anticipated recyclables include the following:

<table>

Total General Consumer Recycling Storage 106.32

In addition to the recycling containers above, the Site contains a 4.5' by 6' grease container (Container “D”) that is collected once a month by RW Byproducts.

a. Special Recyclables
   i. Mavis Tire Auto Center stores motor oil in a 300 gallon aboveground storage tank, anti-freeze in a 55 gallon drum and used tires and scrap metal in a storage room that are collected on an as-needed basis.

3 LOCATION OF MATERIALS TO BE STORED

All general consumer recyclable materials collected by the Marketplace at Chews Landing tenants will first be separated from the other trash. The recyclable material will then be stored within the designated trash/recycling enclosures. The general consumer recyclables will remain in the trash/recycling enclosure area until they are due for pick up.
General consumer trash and recyclable materials will be stored within trash enclosures that adhere to the regulations stated in Gloucester Township code.

4 **RESPONSIBLE WASTE HAULER**

The owner of the Marketplace at Chews Landing has ultimate responsibility for pick up and disposal of all trash and recyclable materials for tenants that do not have individual contracts with waste haulers. The Marketplace manages trash and recyclable materials for the following: Retro Fitness, GNC, HR Block, Cardsmart, Dry Cleaners, Cappola’s Pizza, Still Point Yoga, Eastern Dental, Nail Studio, GCV Productions, Tori’s Bistro, Pet Value, Hair Cuttery, Urban Movement, Precision Apparel, Personal Trainer, and Dance Class NJ. The following tenants of the Site manage trash and recyclable materials individually: ShopRite, Children of America, Dunkin Donuts, Mavis Tire Center and Dollar General. This report includes all trash and recyclable generation by all tenants. All trash and recyclable materials will be disposed of by appropriately licensed waste haulers.

5 **QUANTITY OF MATERIALS TO BE GENERATED AND REQUIRED STORAGE**

CES conducted field visits to collect data from tenants of the Marketplace at Chews Landing. Tenant testimony along with research on estimated trash and recyclable material generation rates has been analyzed by CES. CES anticipates the general trash generated and required storage for tenants at the Marketplace at Chews Landing to be 92.6 cubic yards per week, where the Site currently provides trash storage for 103.15 cubic yards per week. See attachment A for a breakdown of the overall trash generation.

CES anticipates the general recyclable materials generated and required storage for tenants at the Marketplace at Chews Landing to be 38.2 cubic yards, where the Site currently provides recycling storage for 106.32 cubic yards a week. See attachment B for a breakdown of the overall recyclable material generation.

RE: Marketplace @ Chews Landing Dumpster

Dear Applicant/Agent:

Due to the nature of this specific application, a staff review concluded that the proposed activity will have no effect on any County facility and therefore will not need a Camden County Planning Board vote.

All fees regarding this matter have been paid in full. This letter may be considered a waiver of further review.

Thank you for the opportunity to be of service regarding this matter.

Sincerely,

Andrew Levecchia, PP/AICP
Planning Director

A/Es

The Camden County Planning Board and/or Camden County Engineering Department retains the right to re-evaluate this determination if the approved plan submitted to such Department was modified or revised in any such way that would impact the project referenced above. If any revisions are made to said project after approval granted, said applicant must resubmit to Board for approval.

RE: APPLICATION #1171013 & Escrow #11152
Paramount at Chews Landing, LLC
BLOCK 20601, LOT 2 and 3
DATE: March 21, 2017

The Applicant request minor site plan approval for an "Addition of a 645 sf trash enclosure and improvements to an existing trash enclosure" within the HC – Highway Commercial District. The project is located within the Market Place Shopping Center on Chews Landing and Kelly Driver Roads.

The plans have been reviewed for conformance to the Land Development Ordinance of Gloucester Township and the following comments are offered for your consideration:

- Engineer: Marie Baaden, PE, Consulting Engineers Services, 645 Berlin-Cross Keys Road, Suite 9, Sicklerville, NJ 08081 (telephone #856-228-2200).
- Attorney: Richard J. Goldstein, Esq., Hangley Aronchick Segal Pudlin & Schiller, 20 Brace Road, Suite 201, Cherry Hill, NJ 08034 (telephone #856-616-2172).

III. APPLICATION SUBMISSION CHECKLIST

The Application has been reviewed in accordance with §817, Submission Checklist for a minor site plan.

The Applicant must provide the following checklist requirements or request and receive a waiver:

1. A written description of the proposed use(s) and operation(s) of the building(s), i.e., the number of employee or users of non-residential buildings, the proposed number of shifts to be worked, the maximum number of employees on each shift, expected truck and trailer traffic emission of noise, glare, radiation, heat, odor, safety hazards, air and water pollution. [Checklist #40].

2. Floor plans where multiple or more than one use is proposed that have different parking standards [Checklist #42].

3. Existing signs including the location, size, and height [Checklist #43].

4. Proposed signs including the location, size, height and scaled elevations of the front, side, and rear of any side directed or modified including sign lighting details [Checklist #44].

5. Location of each inlet, manhole or other appurtenance [Checklist #67].

6. Slope of line [Checklist #68].

7. Pipe material type [Checklist #69].

8. Strength, class or thickness [Checklist #70].

9. Within a distance of 200 feet of the development show the names, locations and dimensions of all existing streets and existing driveways, and any connections by the development to existing streets, sidewalks, bike routes, water, sewer, or gas mains [Checklist #74].

10. Fire lanes [Checklist #77].

11. Loading areas and number thereof [Checklist #80].

12. Curbs [Checklist #81].

13. Ramps for the handicapped [Checklist #82].

14. Sidewalks and bike routes [Checklist #83].

15. Directional signs with scaled drawings [Checklist #85].

16. Traffic control devices [Checklist #89].

17. Site lighting in accordance with Article V of the Land Development Ordinance (i.e., photometric patterns and construction details [Checklist #91].

18. Expansion plans for the proposed use shall show feasible parking and loading expansion plans to accompany building expansion [Checklist #93].

19. Size and types of pipes and mains [Checklist #98].

20. Slope [Checklist #99].

21. For any storm drainage system, show the computations and any connection by the development to the existing storm drainage system [Checklist #104].

IV. VARIANCE COMMENTS

The application as submitted requires the following variance.

§401.E, Location and Setback of Accessory Buildings and Structures
1. Front yard (Trash Enclosure A): (0.5 ft. provided v. 3 ft. minimum required).
   a. The Applicant should note Ordinance O-16-23 adopted December 28, 2016 amended Ordinance O-03-03, Land Development to address minimum setbacks for accessory buildings and structures.

APPLICATION #171013M
Paramount at Chews Landing, LLC
BLOCK 20601, LOTS 2 and 3
POSITIVE CRITERIA ("C1" and "C2" variances)

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested variances:

2. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

NEGATIVE CRITERIA

3. The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis N.J.S.A. 40:55D-70)

V. MINOR SITE PLAN COMMENTS

1. The plans shall be revised to provide a few additional evergreen trees within the existing landscaped islands and streetscape buffer to provide a dense natural screen at the following locations to enhance the aesthetics of the development and the Township as per §507 A(1).
   a. Trash Enclosure A.
      i. Along the north side of the trash enclosure within the existing landscape island.
   b. Trash Enclosure B.
      i. Along the northwest corner of the trash enclosure within the existing landscape island.

2. The plans shall be revised to include the following notations for the trash enclosure detail as per §510 L(1), Refuse/Recyclable Storage Areas:
   a. Vertical screening slats with top and bottom locking channels for the proposed chain link gates.
   b. Identify the proposed color of the wall finish.
      i. It's recommended the color match the darker tan earth tone on the building rear facade.

VI. GENERAL COMMENTS

1. It's recommended the plans be revised to address the following:
   a. Trash Enclosure B exterior finish should match the darker tan earth tone on the building rear facade.
   b. Trash Enclosure B existing wood fencing along top be replaced with vinyl fencing.
   c. Trash Enclosure A and Trash Enclosure B should include signage to advise tenants to "Keep Gates Closed."
VII. **LAND DEVELOPMENT ORDINANCE COMMENTS**

The Applicant is advised of the following additional requirements of the Land Development Ordinance:

1. A soil removal plan if soil is to be removed from the site for use or sale other than the premises subject to this application as per §801.C, Soil Removal.
2. A grading plan prepared and sealed by licensed professional engineer as per §814, Grading Approval.
3. Affordable housing requirement as per §902, Affordable Housing Fees and Procedures.
4. Before recording final subdivision plats or as condition of final site plan approval or as a condition to the issuance of a zoning permit pursuant to N.J.S.A. 40:55D-65d the furnishing of a performance guarantee, maintenance guarantee, and inspection fees as per §903, Guarantees and Inspections and §904, Certification or Guarantee Required; Estimate of Guarantee.
5. Requirements precedent to construction as per §905, Pre-conditions to Commencement of Construction.
6. Construction of off-tract improvements as per §906, Off-Tract Improvements Recapture.
7. A zoning permit is required prior to the issuance of any construction permits and prior to the issuance of a Certificate of Occupancy by the Construction Official the Applicant must acquire a Certificate of Zoning Conformity from the Zoning Officer as per §1102, Permits, General, §1103, Zoning Permit and §1104, Certificate of Zoning Conformity.

VIII. **RECOMMENDATIONS**

1. The Applicant must address the above referenced underlined comments.
2. The Applicant is advised revised plans and support documents would not be accepted by this Department without sufficient escrows for professional services in accordance with the signed escrow agreement.

I have no further comments regarding the application at this time; however, reserve the right to provide additional comments during the Planning Board meeting to advance the planning process. Should the Applicant have any questions or wish to schedule a meeting to review the concerns, please contact my office at (856) 374-3511.

mdl@regisassets.com

PROJECT SUMMARY:

This application is for the addition of a 645 SF trash enclosure and associated improvements to an existing trash enclosure located in the existing Marketplace at Chews Landing shopping center. The site is located on the southwest side of Chews Landing Road at the intersection of Lincoln Drive in the Township’s Highway Commercial (HC) Zoning District. The applicant proposes to demolish the existing trash enclosure replace it with the proposed 645 SF trash enclosure. The applicant is seeking a Preliminary and Final Minor Site Plan approval with no Variances.

COMMENTS:

Our office has reviewed all information submitted for conformance with the Township's Land Development Ordinance. We offer the following comments regarding the application:

1. A Vehicle Circulation Plan shall be provided indicating a trash truck turning template to confirm that proper access is available for both trash enclosures.

2. The plans shall indicate the temporary location of the existing trash dumpsters during construction.

3. The recent improvements to the site appear to have a total site disturbance of less than one (1) acre and less than 0.25 acres of new impervious coverage. Based on these conditions the project will not require a stormwater management report.
4. The proposed concrete pad located on the northwesterly side of Trash Enclosure Area "B" appears to be sloped in an easterly direction on the southern side and a westerly direction on the northern side. Our office recommends that the applicant's professional revise the grading in this area.

5. The Full Depth Paving Detail shall be revised to provide a base course designation of 19 M64 in lieu of 12.5 M64 as shown on the detail.

6. The Pipe Bollard Detail shall be revised to indicate the strength and class of concrete to be utilized.

If there are any questions or if any additional information is required please contact this office.

Very truly yours,
