APPLICATIONS FOR REVIEW

#172016C
Gerald Quigley
Zoned: R4
Bulk C Variance
Block: 2001 Lot: 21 & 22
Location: 133 Sixth Ave., Glendora
12' x 24' 8.5' wood shed w/2.5 Rear setback and 3.2 side setback.

Mr. Costa swears in Mr. Gerald Quigley.
Mr. Quigley states he put the shed up in 2005 to store bikes and lawn equipment, it's been up ever since.
Mr. Costa states there is a note from the construction inspector about a fire rating and a concrete permanent base for the shed.
Mr. Lechner states Mr. Quigley will need a zoning permit, a construction permit and he has to fire rate the walls.
Mr. Mellett asks Mr. Quigley if there are any drainage problems.
Mr. Quigley states "no".
Mr. Rosati asks how long it's been up and why they didn't get the proper permits.
Mr. Quigley states it has been up since 2005 and his wife took care of everything, he assumed it was done correctly as no one had directed them to get permits. His wife has passed away.
Mr. Treger and Mr. Quigley discuss the setbacks.
Mr. Lechner passes out a picture of the shed to the board.

#172018C
John Iannello
Zoned: R3
Bulk C Variance
Block: 8903 Lot: 11
Location: 664 Chatham Rd., Somerdale
14' x 10' x 8' shed on 15' x 11' concrete slab w/2 1/2' S & R setbacks.

Mr. Costa swore in Mr. Iannello.
Mr. Iannello states he has a small yard and wants to keep the shed in the corner to have more space. He is replacing his 10' x 16' shed and replacing it with the 10' x 14' shed at a different end of the yard.
Mr. Lechner states he will need the 1 hour fire rating for the exterior walls; inside, outside and the over hang because he is less than 5' from the property line.
Mr. Costa suggests Mr. Iannello fire rate the shed for him before it is delivered.
Mr. Lechner states Mr. Iannello can call Mr. Gallagher and he can help him with the specifics.
Mr. Mellett tells Mr. Iannello to make sure the run off from the shed is directed onto his property and not his neighbors*.

#172019C
G. David Wible, Jr.
Zoned: RA
Bulk C Variance
Block: 20202 Lot: 6
Location: 6 Woodmill Dr., Clementon
19' x 9' x 7' 2nd garage/carport w/5 setback.

Mr. Costa swears in Mr. David Wible, Jr.
Mr. Wible states the carport is 6" from the property line. He doesn't believe he has enough space to move it in on his property; he is using it to store his 2002 Thunderbird; the carport has been there for 2 years (9' x 19').
The carport is constructed of all steel.
Mr. Mellett asks if there is concrete underneath the carport.
Mr. Wible states "yes".
Mr. Mellett asks Mr. Wible where the run off is going.
Mr. Wible states the concrete slab leans towards the front of the house.
Mr. Bucceroni asks if there is room in the backyard.
Mr. Wible states "probably" but he can't get the car and carport into the backyard without a driveway.
Mr. Bucceroni states he believes the water has to go onto his neighbors' property because it is so close to the property line. Mr. Bucceroni believes the best remedy is to move it into the backyard.

Mr. Rosati discusses the wooden fence w/a gate and the proximity to the property line (6”).

Mr. Treger asks if there is a plastic door on the carport.

Mr. Wible states he had a tarp with bungee cords.

Chairman Simiriglia asks Mr. Wible what is in front of the carport.

Mr. Wible states there is a driveway 6’ off the property line.

Chairman Simiriglia states he probably needs a waiver for that too. The fire code may still be viable because sheet metal doesn't have a good fire rating. Chairman Simiriglia believes he needs to re-configure it anyway to keep the water off his neighbors' property.

Mr. Lechner states the carport is 33’ from the curb line.

Chairman Simiriglia states the concrete is 6” off the side property line.

PUBLIC PORTION:

Mr. Wolfe (3 Woodmill dr.) across the street.

Mr. Wolfe is concerned that everyone will want to do this now. Maybe his next door neighbor will decide to put up a second garage.

Mr. Lechner states Mr. Wible will need a 3rd variance for the distance between the garage and the dwelling (17”), along with a 10’ setback and 2nd garage variance if you move it to the backyard.

A motion to Table the above mentioned application was made by Mr. Rosati and seconded by Chairman Simiriglia.

#172020C
Eber Morse
Zoned: R1
Bulk C Variance
Block: 18204 Lot: 4
Location: 1046 New Brooklyn Rd., Sicklerville
Pole building 24’ x 40” x 12.4’ w/24’ setback (personal use).

Mr. Costa swears in Mr. Eber Morse.

Mr. Morse states he has thought out the square footage he needs for the last 8 years. He owns campers at times and needs a 9’ to 10’ overhead door for them to fit. Mr. Morse states his neighbor has a 14’ sidewall on his pole barn so his won't be the highest on the street.

Mr. Costa asks what are in the neighboring lots.

Mr. Morse states the house to the left is abandoned (foreclosed); his driveway has a far setback; his lot is 400’ deep and 100’ wide; the pole barn will be 24’ from one side property line and 30’ from the other.

Mr. Lechner states the council did just change the heights for pole barns about 3 or 4 months ago. The reason was to keep the smaller/older lots in town from building massive, non-residential type pole barns. But, Mr. Morse has an acre lot.

Mr. Mellett states drainage shouldn't be a concern.

Mr. Bucceroni states it's not that unusual for the are.

Mr. Treger asks Mr. Morse if he has an existing garage.

Mr. Morse states "no".

Mr. Treger asks Mr. Morse how plans on getting to the pole barn with vehicles.

Mr. Morse states he will have a stone driveway and eventually a gravel driveway.
A motion to approve the above mentioned application was made by Mr. Bucceroni and seconded by Mr. Rosati.

Shawn Davidson
Zoned: R3
Bulk C Variance
Block: 20904 Lot: 1
Location: 29 Mayflower Dr., Sicklerville
6' vinyl fence w/setbacks F1 - 2.5' & F2 - 3.6'

Mr. Costa swears in Mr. Shawn Davidson.
Mr. Davidson states he is a corner lot and he will lose 1000 sq. ft. if he can't put the fence where they would like. It seems other properties have the same setback in the neighborhood.
Mr. Costa asks if the fence blocks any neighbors' driveways.
Mr. Davidson states "no".
Mr. Mellett states there are no site implications.
Mrs. Chiumento asks if the fence is different on both sides of the house.
Mr. Davidson states the fence will be 8' form the back of the home on the left side.

A motion to approve the above mentioned application was made by Mr. Rosati and seconded by Mrs. Chiumento.
