APPLICATIONS FOR REVIEW

Advised by HO application will be withdrawn (see enclosed)

#172047C
Reynaldo O. Rapada
Zoned: R2
Bulk C Variance
Block: 8105 Lot: 40
Location: 494 Little Gloucester Rd.
Blackwood

(2 sheds) 12' x 10' metal w/R s/b & 16' x 12' wood w/R s/b

Above application has been withdrawn and letter submitted by HO.

#172051C
Robert Speese
Zoned: R4
Bulk C Variance
Block: 801 Lot: 23
Location 405 Station Ave., Glendora
26' x 6' front porch w/setbacks

Mr. Costa swears in Mr. Robert Speese and Mr. Thomas Speese.
Mr. Robert Speese states they are just jacking up the roof of the existing porch to replace the column; the column is structural and is necessary for the 91 yr. old home.

Open to the public:
No Comments:

Open to Professionals:
No Comments:

A motion to approve the above mentioned application was made by Mr. Scarduzio and seconded by Mr. Treger.

Roll Call:

Mr. Scarduzio  Yes
Mr. Rosati  Yes
Mr. Acevedo  Yes
Mr. Treger  Yes
Chairman Simiriglia  Yes

Application Approved.

#172052C
Jason Hajnowski
Zoned: R3
Bulk C Variance
Block: 8102 Lot: 31
Location: 117 Florence Ave., Laurel Springs
40' x 30' garage with setbacks.

Mr. Costa swears in Mr. Hajnowski.
Mr. Hajnowski states; he has multiple classic cars and they would look better inside than outside his home. He may put a lift in later which is why he is asking for the height. There won't be any commercial work going on in the garage; he owns a Farmers Insurance and this is his hobby. Gutters will be on the garage and it will look like the house, which is also being improved.
Vice Chairman Simiriglia asks about no survey being submitted.
Mr. Hajnowski states his lot is 100' x 200',
Mr. Treger asks where the garage will sit on the property.
Mr. Hajnowski states it will be in the back left corner.
Mr. Treger asks if there will be a permanent driveway.
Mr. Hajnowski states: Yes.

Chairman Simiriglia states 20' are awful high.
Mr. Hajnowski says he was told he had to have at least 12' or more for a lift.
Mr. Lechner states the board engineer (Mr. Mellett) said to make sure the garage has gutters and down spouts to direct any water away from the neighbors.
Mr. Lechner states the township reduced the garage heights 6 months ago.
Chairman Simiriglia states 12' sidewalls with a 4' pitch to the roof is 16' vs. 20' which is being requested; and it would be less intrusive to the neighbors.
Mr. Hajnowski states he would have to check his specs to see if that would work with his lift.
Chairman Simiriglia states he would have to change his zoning application too, if he decided to change the height of the garage.
Mr. Costa tells Mr. Hajnowski that he won't be able to come back to the board if he is turned down, unless there is a significant change to the application.
Mr. Lechner asks Mr. Hajnowski how high is his sidewalls?
Mr. Hajnowski states 14'.
Mr. Lechner explained the height is determined by taking half the height from the sidewall to the gable and adding it to the sidewall height. Thus the height of the garage is the 14' sidewalls plus 3' (half of the 6' height to the gable) which equals 17'.

RESOLUTION OF FINDINGS AND CONCLUSION

BOARD OF ADJUSTMENT

TOWNSHIP OF GLOUCESTER

APPLICATION # 172051C
Robert Speese
Block 801, Lot 23

WHEREAS, Robert Speese is the owner of the land and premises located at 405 Station Avenue in the Glendora section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a variance to permit a 6’ x 26’ porch 14.78’ from the front property line along Station Avenue instead of the required 20’ for the property located upon Block 801, Lot 23, as shown on the Official Map of the Township of Gloucester, located in a R-4 Zone, said application being pro-se; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on October 25, 2017 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon:

1. The applicant, Robert Speese is the owner of the land and premises located at 405 Station Avenue in the Glendora section of Gloucester Township, New Jersey, as shown on Block 801, Lot 23, on the Official Tax Map of the Township of Gloucester, located in an R-3 Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.
4. After being sworn, the applicant testified he is replacing an existing rotting porch in the same location as the old one and it will be an improvement for the neighborhood.

5. There were no objections to the application.

**UPON MOTION** duly made and seconded to grant the applicant a variance to construct a porch with a 14.78’ front yard setback, the Board voted five (5) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

**WHEREAS**, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

**WHEREAS**, the statutory purposes will be advanced by the granting of the relief requested;

**NOW THEREFORE BE IT RESOLVED**, by the Zoning Board of Adjustment of the Township of Gloucester on this 25th day of October 2017, the applicant Robert Speese is hereby granted the aforesaid variance for the property located upon Block 801, Lot 23 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein.
RESOLUTION OF FINDINGS AND CONCLUSION
BOARD OF ADJUSTMENT
TOWNSHIP OF GLOUCESTER
APPLICATION # 172052C
Jason Hojnowski
Block 8102, Lots 31 & 32

WHEREAS, Jason Hojnowski is the owner of the land and premises located at 117 Florence Avenue in the Laurel Springs section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a variance to permit a 1200 sq. ft. detached garage instead of the required 800 sq. foot side wall height of 14' instead of 9' and garage height of 20' instead of the required 14' for the property located upon Block 8102, Lots 31 & 32, as shown on the Official Map of the Township of Gloucester, located in a R-3 Zone, said application being pro-se; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on October 25, 2017 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicant, Jason Hojnowski is the owner of the land and premises located at 117 Florence Avenue in the Laurel Springs section of Gloucester Township, New Jersey, as shown on Block 8102, Lots 31 & 32, on the Official Tax Map of the Township of Gloucester, located in an R-4 Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.
4. After being sworn, the applicant testified he has 2 classic cars and a boat and the 30x40' garage is needed to properly store this vehicles. The height is necessary because in the future he will be putting in a lift to work on his vehicles only and not for any commercial activity.

5. There were no objections to the application.

UPON MOTION duly made and seconded to grant the applicant a variance to construct the garage, the Board voted four (4) in favor, one (1) against and zero (0) abstentions, thus granting the relief requested; and

WHEREAS, the majority of the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

WHEREAS, the statutory purposes will be advanced by the granting of the relief requested;

NOW THEREFORE BE IT RESOLVED, by the Zoning Board of Adjustment of the Township of Gloucester on this 25th day of October 2017, the applicant Jason Hojnowski is hereby granted the aforesaid variances for the property located upon Block 8102, Los 31 & 32 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein.

1 = Scaled data.
enc = Existing nonconformance.
n/a = not applicable.
II. VARIANCE COMMENTS
The application requires the following variances from the Land Development Ordinance based on scaled data from the sketch (survey) provided by the Applicant.

§425.C(3), Fences
1. To install a six (6) foot high vinyl approximately one (1) foot from the front property line along Presidential Drive (15 ft. minimum required).

POSITIVE CRITERIA ("C1" and "C2" variances)
3. The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested setback variance:
   a. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).
   b. Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

NEGATIVE CRITERIA
The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

III. NOTICE REQUIREMENTS
The applicant must notice for the following variance:
From Section 425.C(3) to construct six (6) foot high vinyl fence approximately one (1) foot from the front property line along Presidential Drive (15 ft. minimum required).

IV. RECOMMENDATIONS
I have no further comments regarding this application at this time; however, reserve the right to provide additional comments during the public hearing to advance the planning process.

Executive Director

RJC: mh
TO: Zoning Board of Adjustment  
FROM: Kenneth D. Lechner, PP, AICP, Director/Planner  
Department of Community Development & Planning  
RE: APPLICATION #172055C  
Millero, LLC  
233 Clementon Avenue  
BLOCK 10303, LOT 23.01  
DATE: October 11, 2017

The above application is to permit a 40' x 60' detached private garage and conversion of existing structure to a single-family detached dwelling within the R-3 Residential district as per the attached sketch.

I. ZONING INFORMATION
1. Zone: R-3 ~ Residential District [§405].

R-3 Zone Requirements (§405.F):

<table>
<thead>
<tr>
<th>Standard</th>
<th>Required</th>
<th>Proposed</th>
<th>Complies</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lot size (min.)</td>
<td>9,375 sf</td>
<td>±18,377.84 sf</td>
<td>yes</td>
</tr>
<tr>
<td>Lot frontage (min.)– cul-de-sac</td>
<td>75 ft.</td>
<td>82 ft.</td>
<td>yes</td>
</tr>
<tr>
<td>Lot depth (min.)</td>
<td>125 ft.</td>
<td>224.12 ft.</td>
<td>yes</td>
</tr>
<tr>
<td>Building coverage (max.)</td>
<td>20%</td>
<td>±17.4%</td>
<td>yes</td>
</tr>
<tr>
<td>Lot coverage (max.)</td>
<td>40%</td>
<td>±27.3%</td>

</tbody>
</table>

| Stories (max.) | 1 | 1 | yes |
| Number of garages (max.) | 1 | 1 | Yes |
| Front yard (min.) | N.P. | 173.12 ft. | yes |
| Side yard (min.) | 10 ft. | 11 ft. / 11 ft. | yes / yes |
| Rear yard (min.) | 10 ft. | 11 ft. | yes |
| Side wall height (max.) | 9 ft. | 12 ft. | no* |
| Garage height (max.) | 14 ft. | 25 ft. | no* |

* = Scaled data.  
* = Variance required

Variance Expiration: The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.
II. VARIANCE COMMENTS

The application as submitted requires the following variances from the Area, Yard, Height and Building Coverage in the R-3, Residential District standards:

§422.H, Private Garages
1. Area: (2,400 sf provided v. 800 sf maximum allowed).
2. Less than area of principal building: (Greater provided v. Less required).
3. Side wall height: (12 ft. provided v. 9 ft. maximum allowed).

POSITIVE CRITERIA ("C1" and "C2" variances)

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the required variances:

5. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

6. Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

NEGATIVE CRITERIA

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

III. NOTICE REQUIREMENTS

The applicant must notice for the following variances:

From Section 422.H, Private Garages to permit a detached private garage two thousand four hundred (2,400) square feet (800 sf maximum allowed), Greater than area of principal building (less required), Side wall height twelve (12) feet (9 ft. maximum allowed), and garage height twenty five (25) feet (14 ft. maximum allowed).

15. Relief Requested:

☐ Check here if zoning variances are required.

☐ Check here if exceptions to the application or municipal requirements are requested (N.J.S.A. 40:55D-51).

☐ Check here if exceptions to the Residential Site Improvement Standards (RSIS, N.J.A.C. 5:21-3.1) are requested.

☐ Check here if waivers from the Residential Site Improvement Standards (RSIS, N.J.A.C. 5:21-3.2) are requested. [Such waivers require application to, and approval of the N.J. Site Improvement Advisory Board].

NOTE: If any of above are required, attach hereto separate exhibit(s) for each category of relief sought, stating the factual basis, legal theory, and whether they have been previously granted.

16. Signature of Applicant

[Signature]

Date: Sept 7, 2017

Signature of Co-applicant

Date
(17) Consent of Owner(s):
I, the undersigned, being the owner(s) of the lot or tract described in this application, hereby consent to the making of this application and the approval of the plans submitted herewith. I further consent to the inspection of this property in connection with this application as deemed necessary by the municipal agency. (If owned by a corporation, attach a resolution authorizing application and officer signature).

Signed:

[Print Name]

Complete each of the following sections:
A. Is this application to subdivide a parcel of land into six or more lots?
B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?
C. Is this application for approval on a site or sites for commercial purposes?
D. Is the applicant a corporation?
E. Is the applicant a limited liability corporation?
F. Is the applicant a partnership?

IF YES TO ANY OF THE ABOVE:
1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of its stock or of any class at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).
2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?

IF YES:
List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

RE: APPLICATION #172057DSPW Escrow #11834
Donald Train
BLOCK 2102, lots 5 and 6

DATE: November 6, 2017

The Applicant requests use variance approval for "commercial use known as Train Towers
which involves the installation and repair of radio towers and antenna systems" and
site plan waiver within the CR – Commercial Residential District. The project is located on
the east side of the Chestnut Avenue north of Front Street.

Applicant: Donald Train, 320 Station Avenue, Haddonfield, NJ 08033 (telephone
#856-547-1143).
Owner: Mark & Eleanor Rosen, 226 Chestnut Avenue, Glendora, NJ 08029
(telephone #856-312-1200).
Surveyor: R. W. Humphries, PLS, Walter H. Macnamara Assoc., Inc., 813
Haddon Avenue, Collingswood, NJ 081087 (telephone #856-854-5299).
Attorney: Matthew P. Madden, Esq., Madden & Madden, P.A., 108 Kings
Highway East - Suite 200, Haddonfield, NJ 08033 (telephone #856-
428-9520).

III. **VARIANCE COMMENTS**

The Application as submitted requires the following variances from the CR- Commercial Residential District:

§414.B, Permitted Uses

1. Installation and repair of radio towers and antenna systems is not a listed permitted use in the CR - Commercial residential District.

The Applicant must address and the Board consider the following in satisfying the positive criteria for the requested "D1" variance:

a. Uses determined as not "inherently beneficial."

i. A use variance must meet the statutory "special reasons" standards; the zoning purpose most amplifying the meaning of special reasons is, the promotion of the general welfare (basis Medici v. BPR Co., 107 N.J. 1 (1987)).

APPLICATION #172057DSPW
Donald Train
BLOCK 2102, Lots 5 and 6
1. The Applicant must identify and provide an analysis of the special reasons of zoning that is applicable to the application.

2. The Applicant must provide testimony addressing the "enhanced quality of proof and clear specific findings" that the variance sought is not inconsistent with the Master Plan and Zoning ordinance.

3. Furthermore, "such proofs and findings must satisfactorily reconcile the grant of the use variance with the ordinance's continued omission of the proposed use from those permitted in the zone."

NEGATIVE CRITERIA
The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

Balancing Test (basis Sica v. Board of Adjustment Tp. of Wall, 127 NJ 152, 162 – 166 (1992)).
1. Identify the public interest at stake.
2. Identify the detrimental effects that would result by the grant of a variance.
3. Determine if the detrimental effects may be mitigated by imposing reasonable conditions.
4. Weigh the benefits against the mitigated negative effects to determine if on balance the grant of a variance would cause substantial detriment to the public good.

IV. GENERAL REVIEW COMMENTS AND SPECIAL CONCERNS
The Applicant must address the positive criteria including special reasons, standards of zoning and the negative criteria applicable to the required variances for the following master plan and zoning issues.

1. Master Plan
   a. Consistency of the proposed use with the criteria of the B-1 Mixed Business/Residential land use classification of the master plan.

2. Zoning
   a. Consistency of the proposed use with the CR – Commercial/Residential District and character of the built environment.

3. Use Variance
   a. Suitability of the subject property to accommodate the following components of the proposed use:
      i. Use:
         1. The Applicant shall provide a description of the proposed use including but not limited to the following:
            a.) Hours of operation.
            b.) The number and type of vehicles to be stored and/or operated from the location.
            c.) Storage of materials.
      ii. Parking.
         1. The applicant shall address proposed parking for customers and vehicle deliveries.
iii. Turning movements.
   1. The applicant shall address site access and turning movements of delivery vehicles.

iv. Lighting.
   1. The Applicant shall address lighting for the premises, if applicable.

4. Site Plan Waiver:
The Applicant requests a waiver from Site Plan Review as per §801.A(3). The applicable Land Development Ordinance states the following:
   a. "The approving authority may waive the requirement of site plan approval whenever it determines that the proposed development, alteration, repair, or change of use or occupancy does not affect the existing condition of the lot or premises, including: topography; vegetation; drainage; flood plains; marshes and waterways; open space; walkways, means of ingress and egress; utility services; landscaping; structures; signs; lighting and screening devices; and other considerations of site plan review ..."

V. LAND DEVELOPMENT ORDINANCE COMMENTS
The Applicant is advised of the following additional requirements of the Land Development Ordinance:

1. A soil removal plan if soil is to be removed from the site for use or sale other than the premises subject to this application as per §801.C, Soil Removal.

2. A grading plan prepared and sealed by licensed professional engineer as per §814, Grading Approval.

3. Affordable housing requirement as per §902, Affordable Housing Fees and Procedures.

4. Before recording final subdivision plats or as condition of final site plan approval or as a condition to the issuance of a zoning permit pursuant to N.J.S.A. 40:50D-65d the furnishing of a performance guarantee, maintenance guarantee, and inspection fees as per §903, Guarantees and Inspections and §904, Certification or Guarantee Required; Estimate of Guarantee.

5. Requirements precedent to construction as per §905, Pre-conditions to Commencement of Construction.

6. Construction of off-tract improvements as per §906, Off-TRACT Improvements Recapture.

7. A zoning permit is required prior to the issuance of any construction permits and prior to the issuance of a Certificate of Occupancy by the Construction Official the Applicant must acquire a Certificate of Zoning Conformity from the Zoning Officer as per §1102, Permits, General, §1103, Zoning Permit and §1104, Certificate of Zoning Conformity.
VI. **RECOMMENDATIONS**

1. The Applicant must address the above underlined comments.
2. The Applicant is advised revised plans and support documents would not be accepted by this Department without sufficient escrows for professional services in accordance with the signed escrow agreement.

I have no further comments regarding this application at this time; however, I reserve the right to provide additional comments during the public hearing to advance the planning process.

PRIOR & CURRENT USES:

Based on information received from the property owner, the property has been occupied as a commercial use since at least 1952 when it was operated as a machine shop by Howard Dawson. The machine shop was purchased by the prior owner, Raymond Jester, in the 1960s and continued to be operated by Mr. Jester as a machine shop. The current property owners, Mark and Eleanor Rosen, purchased the property on June 24, 1999 and have operated their business known as “Garage Equipment Sales & Service, Inc.” from the property since that time in accordance with a certain certification of existence of a pre-existing, non-conforming use granted by the Gloucester Township Zoning Board of Adjustment on July 22, 1999.

Mr. Rosen’s business installs, repairs, services and sells lifts and lift handling equipment. Mr. Rosen utilizes the specialized tools, hoists and necessary specialized equipment to provide those services. Mr. Rosen’s representatives go to where the equipment is installed or currently existing or where it is to be installed or serviced and performs his services. In 1999 Mr. Rosen provided testimony with respect to his then-proposed use noting that he was in the automobile repair business; that he sells equipment to garages and schools to make repairs to their vehicles; that he purchases many of the items which are stored at his facility and then sold to customers; and that he would utilize the then-existing manufacturing machines to make repairs and fabricate parts for obsolete mechanisms that needed repair. Mr. Rosen further testified that the fabrication end of his business was small but that he hoped to expand same; that he had three (3) full-time technicians, three (3) office people; one (1) salesman and himself. Mr. Rosen finally indicated that his hours of operation were proposed at 8:00 AM to 5:00 PM Monday through Friday.

PROPOSED USE:

Train’s Towers, Inc. (http://www.trainstowers.com/) has been in business since 1980. A brief history of the business is attached hereto. Train’s Towers installs and repairs radio towers and antenna systems including tower elevator (lift) systems. Train’s Towers has the specialized tools, hoists and necessary specialized equipment to provide those services. Representatives from Train’s Towers go to where the equipment is installed and/or currently exists or where it is to be installed or serviced and performs their services.

The number of employees in the field is eight (8). The number of full time employees in the office is two (2) (one at 30 hours a week and one at 40 hours week). In addition, there are three (3) part time employees in the office who work on an average 12 to 15 hours a week on different days and times. The only motor vehicle Train’s Towers intends to store at the subject property at this time is a 1998 Stake body/material handling truck which shall be stored inside at night. The office staff has personal automobiles which they drive to work. The men who work in the field take their service vehicles home with them. Train’s Tower’s does not generate any walk in traffic and there is no showroom. Clients of Train’s Towers will not visit the facility.

The hours of operation are proposed as 8:00 AM to between 3:00 PM and 6:00 PM and the sole expected deliveries are via Federal Express and/or UPS.

Home

Train's Towers, Inc. is a privately owned corporation. Don Train, President and sole owner of the company, has worked since 1972 in the communications industry. His business philosophy is simple; employee safety, training and quality workmanship develop positive long-term client and employee relationships.

Train's Towers, Inc. specializes in the installation, troubleshooting, and maintenance of antenna systems for communications systems for communications and their supporting structures. Since 1980, the company has been serving many local and national communications clients, including Major Law Enforcement, Utility Companies and Broadcast Stations.

Our certified climbers have worked in all facets of tower installation. We specialize in the installation of antenna systems, lighting systems, troubleshooting, and specialized equipment. We have extensive experience with various communications applications including but not limited to, Broadcast, Emergency Management, Experimental, Government, Microwave, Military and Trunking communications systems.

Train's Towers, Inc. is proud to be a member of the National Association of Tower Erectors (NATE). NATE represents the passionate majority of safety minded tower professionals nationally, and internationally, and holds semi-annual conferences. We support this organization as a political body in the industry and utilize their many educational resources.

Train's Towers, Inc. provides the following primary services:

- Tower foundation analysis and repair
- Tower troubleshooting and repair
- Installation and maintenance of antenna systems
- Structural analysis
- Broadcast communication systems installation, maintenance, and repair

http://www.trainstowers.com/
- Guyed tower tension/tensioning
- Lightning protection system installation and maintenance
- Obstruction lighting system installation, maintenance, and repair
- Microwave antenna systems installation, maintenance, and repair
- Antenna and Line sweep testing
- Cooling tower obstruction lighting systems installation, maintenance, and repair
- Utility transmission line obstruction lighting systems installation, maintenance, and repair
- All service work is performed by using the Motorola R56 standard as a guideline.

We provide maintenance, repair and site inspection for the following systems:

- Broadcast communication towers
- Guyed towers
- Self-supporting towers
- Monopole towers
- Microwave towers
- Water towers

In 1980 Donald Train established Train's Towers. Train's Towers, Inc. currently exists as a privately owned Corporation in the State of New Jersey. Don has worked for over 40 years within the industry and his business philosophy is simple in emphasizing the following employee traits:

- Employee safety
- Employee training
- Employee quality workmanship

All of these attributes aid in developing positive long-term client and employee relationships. Train's Towers primary concern is our employee's safety and welfare. It is always our objective and intention to provide the best service and work practices while delivering them in an efficient and safe
RESOLUTION OF FINDINGS AND CONCLUSIONS
BOARD OF ADJUSTMENT
TOWNSHIP OF GLOUCESTER

APPLICATION #992632B
MAGNA MACHINE & DESIGN COMPANY
Block 2102 Lot(s) 5 & 6

WHEREAS, Magna Machine & Design Company with offices at 227-229 Chestnut Avenue, in the Glendora section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for an interpretation and certificate of existing non conforming business use for property located upon Block 2102, Lot 5 & 6, as shown on the Official Map of the Township of Gloucester, located in an General Business Zone, said application being presented by Samuel Ragonese, Esquire with RAGONESE, ALBANO & VIOLA with offices located at 735 North Black Horse Pike, Runnemeade, New Jersey 08078; and further the contract purchaser was represented by James L. Muller, Esquire with offices at 61 Kresson Road, Cherry Hill, New Jersey 08034; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on June 17, 1999 as well as after having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon:

1. The applicant, Magna Machine & Design Company is the record owner of property located at 227-229 Chestnut Avenue, in the Glendora section of Gloucester
Township, New Jersey, and shown as Block 2102, Lot(s) 5 & 6, on the Official Tax Map of the Township of Gloucester, located in a GB General Business Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.

4. The applicants submitted a number of witnesses in support of their application. They included Raymond Jester, the owner of the business, residing at 3 Kimberly Drive, Glendora, New Jersey. Shirley (Jester) Miller, the daughter of Raymond Jester, residing at 407 Stratford Avenue, Turnersville, New Jersey; Raymond Jester Jr. residing at 909 East Evesham Road, Runnemede, New Jersey; and Howard Elwood Dawson Jr. residing at 33 Hilltop Avenue, Hilltop, New Jersey.

5. The applicant, Raymond Jester, testified that he began working in the machine manufacturing business when he was 17 years old and has been involved in the manufacturing business ever since that time and he is currently 79 years old.

6. The applicant further testified that he began working at the manufacturing business at 234 Chestnut Street (later re-numbered as 227-229 Chestnut Street) in 1960. He testified that since that time he had been involved in the manufacturing and storage of business parts from that location.

7. The applicant submitted a series of pictures of the property which was admitted into evidence as Exhibit "B-1" to "B-4".

8. The applicant submitted a deed from the prior owner of the property, Howard E. Dawson, to Raymond Jester Sr. dated 8/30/66 and filed 9/7/66 which was admitted into evidence as Exhibit "C".
9. The applicant further testified that he wished to sell the business to a Mr. Rosen who would continue to be involved in the manufacturing business but they needed a certificate of pre-existing non-conforming use to complete the sale.

10. The applicant testified that his manufacturing consisted of manufacturing parts for automobile repair and that he would store those parts at the facility until such time as they were shipped to his purchasers.

11. The applicant also testified that he used all kinds of machinery for the manufacturing of automobile repair parts. He testified that this has been an ongoing business since the early 1960s and the business has never ceased or terminated. He did indicate that he had ceased operation of the business in the last six weeks in contemplation of the sale. The solicitor to the board offered the opinion that the temporary cessation of the business in contemplation of the sale did not constitute a termination of the business or an abandonment of the prior non-conforming use.

12. The applicant further testified that the new owner would be buying the business which included the building and all the equipment and machinery currently housed in the building.

13. The applicant also testified that at the peak of the business the corporation had forty employees and had two to three trailer trucks delivering materials to the business a day.

14. Also testifying in support of the application was Shirley Miller. She testified her father purchased the machine shop in the 1960s and she had worked for Magna Machine off and on for the last 25 years. She testified how in high school she “had the
honor" of cleaning the shop initially and after graduation worked as a book keeper for the business until it closed six weeks ago. She also described how the business was a manufacturing enterprise over that period of time.

15. Raymond Jester Jr. also testified in support of the application. He testified that his father bought the equipment when he purchased the machine shop. He also testified that his father still has a couple of the original machines in the shop from when he bought the business in the 1960s. He again testified that the machine shop had always been a machine shop. He described some of the machinery as a small lay, vertical and horizontal boring mills, grinders, and milling machines.

16. Also testifying in support of the application was Howard Elwood Dawson Jr. He testified that he was the son of the former owner of the business who sold the business to Raymond Jester. He testified that his father sold the business to the applicant in 1960 when he was 33 years old. He also testified that his father built the machine shop in 1952 and he has worked in the machine shop from the 1960s until it closed its doors six weeks ago.

17. Also testifying was Mark Rosen, residing at 35 Madison Drive in Laurel Springs, New Jersey. He testified that he is the contract purchaser of the business. He testified that he currently operates a business in Camden, New Jersey at 957 Reeves Avenue and that he has outgrown that facility. He testified that he is also in the automobile repair business as he sells to garages and schools equipment to make repairs to their vehicles. He testifies that he purchases many of the items which he sells to these facilities and stores them at his business until they are sold. He also testified that they use the manufacturing machines to make repairs and to fabricate parts for obsolete parts
which need repairs. He acknowledged that the fabrication end of the operation is currently very small but he is looking to expand that end of the business. He also testified that he has three full time technicians, three office people, one salesman and himself. He further testified that they have one flatbed delivery truck every six to eight weeks. He further indicated that the hours of operation would be 8 a.m. to 5 p.m., Monday to Fridays. In response to a question from the board, Mr. Rosen indicated that he only needed about ten percent of the machinery currently in the shop and the other ninety percent of the machinery would be sold off.

18. Finally testifying was Edward Sayers, of the Gloucester Township Zoning Office. He indicated that the ordinance which precludes this use in the General Business Zone was not adopted until 1983, thus the business had been in operation long before the adoption of the ordinance. Also, in response to questions from the board Mr. Sayers said that he perceived no problems with the vehicles described by Mr. Rosen using the highway. He also testified how he had written the applicant at letter (admitted into evidence as Exhibit "D") indicating that the applicant should apply to the zoning board to obtain a certificate of non-conforming use to verify that the prior business and the proposed new business constituted a prior non-conforming use under the land use act.

19. Testifying in opposition to the application were Walt Palczewski residing at 201 North Black Horse Pike, Glendora, New Jersey and Bob Miotla residing at 239 Chestnut Street, Glendora, New Jersey. A summary of their testimony indicted that they had not seen a flatbed truck on the road in the last two years going to the machine shop. They also testified that the street is always collapsing and they believed that the increased
traffic would further damage the street.

20. Finally, David Benedetti, Gloucester Township Director of Planning and Zoning testified that the township has a plan to repair and/or update township roads but that he did not know where on the list Chestnut Street was listed for repairs.

21. The zoning board solicitor indicated that the issue of the repair of the street was not pertinent to the issue of whether the applicant deserved a certificate of non-conforming use. However, the board should consider whether there was an increase in traffic and whether that increase constituted an expansion of the non conforming use if they so found a prior non-conforming use existed.

UPON MOTION duly made and seconded to grant the applicant a certificate of non conforming use based upon the applicant proving that a non-conforming use as a machine shop existed prior to the adoption of the zoning ordinance and that the business operation to be continued by Mark Rosen constituted a continuation of that prior non-conforming use, the board voted five (5) in favor, zero (0) against, and zero (0) abstentions, thus granting the relief requested; and

NOW, THEREFORE BE IT RESOLVED, by the Zoning Board of Adjustment of the Township of Gloucester on this 17th day of June 1999, that the applicant, Magna Machine & Design Company is hereby granted a certificate of non conforming use in that the applicant proved that a non-conforming use as a machine shop existed prior to the adoption of the zoning ordinance and that the business operation to be continued by Mark Rosen constituted a continuation of that prior non-conforming use, for the property located upon Block 2102, Lot(s) 5 & 6, as shown on the official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of
which are incorporated herein and made a part hereof.

10/23/17

Does not seem to be an issue. Looks like light commercial use. Road way not set for large trucks in and out so that needs to be a restriction not to disturb residential pops.

Re: Use Variance & Site Plan Waiver Application
Donald Train – 226 Chestnut Avenue - Block 2102, Lots 5 and 6

Dear Ms. Barrett:

As you know, this firm represents Donald Train in connection with the above referenced application for use variance approval. As a supplement to our application I enclose herein a copy of the Tax Certification indicating that the subject property is current with taxes and that there are no outstanding liens. Please include the enclosed with our previously submitted application materials.

Please feel free to contact me if you have any questions or problems relative to this matter.

Thank you very much for your consideration and assistance.

Very truly yours,

MADDEN & MADDEN, P.A.

1 = Scaled data.  
* = Variance required.  

Variance Expiration: The applicant is advised that variances will expire unless  
construction commences within two (2) years of the date of the granting of the variance.
II. VARIANCE COMMENTS

The application as submitted requires the following variance:

§405.B, R3 – Residential District, Permitted Uses

1. An in-law addition with kitchen facilities, bedroom, living room, which is not listed as a permitted use in the R-3 Residential District.

POSITIVE CRITERIA ("D1")

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested "D1" variance:

2. The Board has the power to grant a variance for a use in a district restricted against such use (basis N.J.S.A. 40:55-70d(1)).

   a. A use variance must meet the statutory "special reasons" standards; the zoning purpose most amplifying the meaning of special reasons is, the promotion of the general welfare (basis Medici v. BPR Co., 107 N.J. 1 (1987)).

      i) The Applicant must identify and provide an analysis of those special reasons of zoning that are applicable to the application.

      ii) Furthermore, Medici requires an "enhanced quality of proof and clear specific findings" that the variance sought is not inconsistent with the Master Plan and Zoning ordinance.

      iii) In addition to the aforementioned special reasons, the Applicant must also provide specific testimony addressing the enhanced quality of proof that the variance sought is not inconsistent with the intent and purpose of the Master Plan and Zoning ordinance.

NEGATIVE CRITERIA

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

IV. NOTICE REQUIREMENTS

The applicant must notice for the following variances:

From Section 405.B, R-3 Residential District, to permit an in-law suite with kitchen, sitting area, and bathroom in the existing attached garage (Not permitted).

V. RECOMMENDATIONS

I have no further comments regarding this application at this time; however, we reserve the right to provide additional comments during the public hearing to advance the planning process.
