Motion to adjourn was made by Mr. Costa seconded by Mrs. Washington.

Meeting Adjourned.

Recording Secretary,

Christopher Nowak
A RESOLUTION OF THE GLOUCESTER TOWNSHIP PLANNING BOARD MEMORIALIZING GRANT OF EXTENSION OF APPROVALS FOR MINOR SUBDIVISION AND BULK VARIANCES FOR JOHN KELLER
APPLICATION NO.: 161065CM

WHEREAS, at a Regular Meeting of the Gloucester Township Planning Board (the “Board”) held on July 25, 2017, the Board heard the Application of John Keller (the “Applicant”) requesting an extension of minor subdivision and bulk variance approval for the property located at 1475 Kearsley Road, Sicklerville, New Jersey 08081, designated as Block: 17801, Lot: 3 on the Gloucester Township Tax Map (“Subject Property”); and

WHEREAS, the Applicant appeared on his own behalf and summarized the Application, its history, and his request for an extension of approvals; and

WHEREAS, the Applicant was previously granted minor subdivision approval with bulk variance relief as to the Subject Property by the Board on November 22, 2016, with said approval memorialized by Board Resolution dated December 27, 2016; and

WHEREAS, N.J.S.A. 40:55D-47(d) establishes that minor subdivision approval shall expire 190 days from the date on which the resolution of municipal approval is adopted unless a proper plat or a deed clearly describing the approved minor subdivision has been filed by the developer with the county recording officer, the municipal engineer, and the municipal tax assessor; and

WHEREAS, N.J.S.A. 40:55D-47(f)1 permits the Board to extend the 190-day period for filing a minor subdivision plat or deed if the developer proves to the reasonable satisfaction of the Board that: (1) the developer was barred or prevented, directly or indirectly, from filing because of delays in obtaining legally required approvals from other governmental or quasi-governmental entities; and (2) the developer applied promptly for and diligently pursued the required approvals; and

WHEREAS, N.J.S.A. 40:55D-47(f) further provides that the length of the subdivision approval extension shall be equal to the period of delay caused by the wait for the required approvals, as determined by the Board; and

WHEREAS, the Board Secretary and Board Planner, Mr. Kenneth Lechner, testified that the approval of the Applicant’s subdivision deed is underway, and the deed must be professionally reviewed and administratively processed by the Board prior to being approved; and that the Applicant has diligently and promptly sought the Board’s approval of the subdivision deed in compliance with the terms and conditions of his minor subdivision approval; and

1 On the record during the July 25, 2017 hearing, the Applicant’s request for an extension was inadvertently considered under N.J.S.A. 40:55D-52, which relates to major rather than minor subdivision extensions. Based on the testimony and evidence provided, the Applicant satisfied the criteria for an extension under both N.J.S.A. 40:55D-52(a) and N.J.S.A. 40:55D-47(f), as set forth herein.
WHEREAS, the Board having received reports from its professionals and heard credible testimony from the Applicant and the Board Secretary/Planner, makes the following factual findings and conclusions of law in addition to those contained in the preceding “WHEREAS” paragraphs, which are incorporated by reference herein as further findings of fact and conclusions of law, as appropriate, in approving the requested extension of minor subdivision and bulk variance approval:

1. The Applicant is John Keller and the Subject Property is defined as: 1475 Kearsley Road, Sicklerville, New Jersey 08081, designated as Block 17801, Lot 3.

2. The Applicant was previously granted minor subdivision approval with bulk variance relief as to the Subject Property by the Board on November 22, 2016, with said approval memorialized by Board Resolution dated December 27, 2016.

3. The Applicant’s minor subdivision approval was set to expire on July 5, 2017, 190-days from December 27, 2016, because the Applicant has not yet filed and recorded a minor subdivision deed. N.J.S.A. 40:55D-47(d).

4. The Applicant has promptly and diligently sought the required approvals necessary to file and record the subdivision deed for the Subject Property since his minor subdivision and bulk variance approval.

5. The Applicant has not yet filed the deed because it is under review by the Board professionals and has not yet been approved.

6. Professional review and administrative processing of the subdivision deed is ongoing, and it is anticipated the deed will be processed, approved, and recorded by December 27, 2017.

7. The Applicant is therefore entitled to an extension of the protections and approvals afforded to the Subject Property by way of his minor subdivision and bulk variance relief approval for one (1) year from the date of his original approval, or through December 27, 2017, pursuant to N.J.S.A. 40:55D-47(f).

WHEREAS, a motion was duly made by Councilman Hutchinson and duly seconded by Mr. Reagan to APPROVE the Application as set forth above, and a roll call vote on the motion was recorded as follows:

CERTIFICATION

I HEREBY CERTIFY that this resolution of memorialization being adopted by action of the Board on this 27th day of February 2018 represents a true and correct copy of a resolution adopted by the Gloucester Township Planning Board consistent with its decision at a meeting held on the 25th day of July 2017.

KENNETH LECHNER, SECRETARY
ORDINANCE OF THE TOWNSHIP OF GLOUCESTER, COUNTY OF CAMDEN AND STATE OF NEW JERSEY AMENDING ORDINANCE O-03-03, LAND DEVELOPMENT ADOPTING AN INCLUSIONARY AFFORDABLE APARTMENT OVERLAY (IA – APT) ZONING DISTRICT FOR 1495 CHEWS LANDING ROAD BLOCK 8401 LOT 12.02.

WHEREAS, the Township of Gloucester (the "Township"), in the County of Camden, State of New Jersey, has designated an area within the Township, known as 1495 Chews Landing Road, Block 8401, Lot 12.02, as being part of the Township’s Affordable Housing Element and Fair Share Plan and part of the Settlement Agreement with the Fair Share Housing Center; and

WHEREAS, the Township of Gloucester entered into a Settlement Agreement with the Fair Share Housing Center, for development of Affordable Housing; and

WHEREAS, the Settlement Agreement of Litigation identifies eleven (11) residential units of the seventy-two (72) residential units shall be reserved for family (nonage-restricted) rental low income and moderate income households as defined by the Council On Affordable Housing (COAH) regulations in furtherance of the Township’s affordable housing constitutional obligation; and

WHEREAS, the Township Council has reviewed and accepted the recommendation of the Planning Board and has determined that it is in the best interest of the Township to adopt this Overlay District in accordance with requirements of the Settlement Agreement of Litigation.

NOW THEREFORE BE IT ORDAINED by the Township Council of the Township of Gloucester, County of Camden, State of New Jersey, that the Overlay District be adopted, as follows:

SECTION 1. Add the following overlay zoning requirements apply to the development for inclusionary apartments located on the Property known as Plate 84, Block 8401, Lot 12.02:
Section 408.1, Inclusionary Affordable Apartment Overlay (IA-APT) District

A. Specific Intent: The IA-APT, Inclusionary Affordable Apartment Overlay District is to provide low and moderate income apartments at 1495 Chews Landing Road, Block 8401, Lot 12.02, as part of the Township’s Affordable Housing Element and Fair Share Plan and part of the Settlement Agreement with the Fair Share Housing Center.

B. Permitted Use: Family Apartments

C. Accessory Uses and Structures Permitted. Any of the following uses and structures may be permitted when used in conjunction with a principal use and conforming to the applicable subsection in §422:

1. Minor home occupation, subject to the standards of §422.G.
2. Community center for the common use of residents.
3. Community swimming pool for the common use of residents.
4. Outdoor recreational facilities, including tennis or other court sports.
5. Off-street parking and private garages, including parking sheds and detached private garages provided that the structures meet the setbacks for principal buildings and are approved by the approving authority.
6. Laundry rooms for the common use of residents.
7. Fences, walls, gazebos, mail kiosks and other street furniture.
8. Guardhouses.
9. Signs in accordance with §426, Signs.
11. Maintenance building.
12. Accessory uses customarily incidental to a principal use.

D. Maximum density: 14.45 DU/Acre, no more than 72 units shall be permitted.
E. 15% Affordable housing (11 units) set aside shall be required with 13% of these affordable units being very low income (1 unit). These units shall not be concentrated in one building, they shall be spread out throughout the apartment complex, and buildings.

F. General Tract Requirement. All development shall be served by public water and public sanitary sewer.

G. Area, Yard, Height and Building Coverage. Except as otherwise modified, the following bulk standards shall apply to all buildings in the overlay district:

<table>
<thead>
<tr>
<th>Use</th>
<th>Apartments</th>
</tr>
</thead>
<tbody>
<tr>
<td>Minimum lot size</td>

</tr>
</tbody>
</table>

Principal Building Minimum Yard Depths and Height Limitations

| Minimum Front yard                                | 75 ft.         |
| Minimum Side yard                                 | 60 ft.         |
| Minimum Rear yard                                 | 50 ft.         |
| Maximum building height                           | 3 stories or 45 feet, whichever is less |
| Maximum number of dwellings per building          | 24 units       |
| Minimum common open space                         | 35%            |
| Minimum common courtyard                          | 12,000 sf and a minimum 60 ft. width |
| Maximum building length through its long axis     | 200 ft.        |
| Minimum distance from the front of any building to any other building | 70 ft.         |
| Minimum distance from the side of any building to any other building | 70 ft. |
| Minimum distance from the rear of any building to any other building | 60 ft |
| Accessory building setback, front yard | Guardhouse 20 ft., no other accessory building permitted in front yard |
| Accessory building setback, side or rear yard | 15 ft. |

H. Parking: Parking requirements are in accordance with current RSIS Standards.

I. Design requirements for Apartments. The following standards shall be used in the design of apartment buildings:

1. Family Apartment buildings should include at least three different bedroom types in at least two sizes.

2. Apartment buildings shall not exceed 200 linear feet through the long axis of the building. Longer buildings shall introduce at least a 135° angle at the intersection of the axes between different segments of the building.

3. The minimum size for each apartment shall be 500 square feet.

4. Each unit above the ground floor shall have a balcony or terrace of at least 60 square feet in area.

5. A minimum of 35 square feet of interior storage shall be provided for each unit, excluding bedroom closet space.

6. Access to units shall be designed as to provide a sense of safety and security for the residents, particularly in internal stairwells.
7. Double loaded, rectangular, slab-configured structures are expressly prohibited.

8. Elevators are required in every multi-story apartment building.

9. All stairs shall be enclosed in the building.

10. The exterior of the building shall be designed to visually break up any facade in excess of 50 lineal feet. A minimum of a 4 foot deep offset shall be provided in each 100 lineal feet of facade length. The design should distinguish between the base, middle, and top of the building.

11. All utility meters or boxes, air compressors, heat pumps, or other exterior equipment shall be located on the roof or at the side or rear of buildings and shall be screened by architectural elements or landscape plantings.

12. Landscaping shall be provided in accordance with Section 507, Landscaping of the Gloucester Township Land Development Ordinance. In addition, the following applies to this overlay:

13. Stormwater Management Areas shall be a landscape feature and surrounded in the entirety with split rail fencing or the functional equivalent prohibiting chain link fencing and planted with a landscaping mix of ornamental grasses, evergreen and deciduous shrubs and trees.

   a. In order to promote a desirable visual environment and maintain the development character, and quality of the Township, a natural or planted buffer shall be installed along any property line of proposed business, commercial, or industrial development where said
property line is contiguous to, or across the street from, land that is either zoned for residential use or upon which is located a residential use. A buffer shall also be installed along property lines between any parking lot or driveway servicing multi-family, townhouse, or similar units and single-family, duplex, or twin units.

b. Buffer areas shall be planted and maintained with grass or other suitable ground cover together with evergreen and deciduous trees, shrubbery, berms, natural features, and/or fencing, and be so designed so as to be more effective the closer an activity is located to a property line or the more intense the use.

c. The buffer area shall be a minimum of fifteen (15) feet in width.

d. No structure, storm water management facility, activity, storage of materials or parking of vehicles shall be permitted within a buffer area.

15. Off-Street Parking Areas shall be landscaped and buffered in accordance to Gloucester Township Land Development Ordinance Section 510, Off-Street Parking.

16. Architectural exterior shall be generally consistent with attached exhibit prepared by Holiday Architects Incorporated, project #: PDC-16007, last revised February 14, 2017.

17. Site Plan shall be generally consistent with attached exhibit entitled Concept Plan 2 1495 Chews Landing Road Tract Plate 84, Block 8401, Lot 12.02 Gloucester Township, Camden County, NJ; prepared by Consulting Engineer Services, last revised January 31, 2017.
SECTION 2. All ordinances and provisions thereof inconsistent with the provisions of this Ordinance shall be and are hereby repealed to the extent of such inconsistency.

SECTION 3. If any section, subsection or part, clause or phrase of this Ordinance shall be declared invalid by judgment of any court of competent jurisdiction, such section, subsection, part, clause or phrase shall be deemed to be severable from the remainder of the ordinance.

SECTION 4. This Ordinance shall take effect immediately after final passage and publication as required by law.

## TABLE OF CONTENTS

1 SITE DESCRIPTION .......................... 1  
2 EXISTING CONDITIONS ..................... 1  
3 PROPOSED DEVELOPMENT ................... 1  
4 SITE OPERATION ........................... 2
1 SITE DESCRIPTION
Consulting Engineer Services (CES) has prepared this Project Narrative for a minor subdivision and major site plan application for the Blackwood Well No. 20 Treatment System site. A 2.02-acre portion of the 18.68-acre tract of land designated as Block 18403, Lot 20 on the official tax map in Gloucester Township, Camden County, New Jersey is being subdivided and the subdivided portion is being combined with the 1.0-acre tract of land designated as Block 18403, Lot 19 on the official tax map in Gloucester Township, Camden County, New Jersey. The proposed development will occupy a portion of the western side of the proposed Lot 19 (hereinafter the “Site”). The Site is located within the Township’s “New Vision Business Plan” (NVBP) district and within the New Vision Redevelopment Area Overlay as per the Zoning Map of the Township of Gloucester. There are no bulk requirements for the New Vision Redevelopment Area Overlay.

The proposed improvements are located west of the existing Well #20 Treatment Building and public potable well. Surrounding land use consists of a mix of residential and planned commercial development. The intended use of this report is to be a part of the Gloucester Township Planning Board application review process, in conjunction with the Project drawings.

2 EXISTING CONDITIONS
The Site is currently composed of grass, vegetated/wooded and vacant land together with the existing Well #20 features. The existing Well #20 features include a 500 SF treatment building, public well, emergency generator, landscaping, 6-foot-high chain-link fence with barbed wire, and an access drive.

3 PROPOSED DEVELOPMENT
Major Site plan approval is being sought by AQUA NJ to develop the western portion of the proposed Lot 19. The proposed building will be ±1,800 SF and used for treatment of potable water. The proposed improvements will include a new treatment building, potable well, emergency generator, a dense graded aggregate (stone) access drive, two (2) parking spaces, loading area, stormwater features, 6-foot high chain-link fence with barbed wire, water service, electric service, roof drains, lighting and landscape buffer. The access for the developed Site is proposed on the stone drive at Donna Marie Court.
Less than 0.25 acres of impervious surfaces will be created by the development of the Site and the total disturbance associated with the proposed construction activities will be less than one (1) acre. Therefore, the NJDEP Stormwater Regulations do not apply to this project. Stormwater runoff generated from roof of the 1,800 SF building will be conveyed via roof leaders into a dry well and ultimately recharge groundwater. Stormwater runoff generated from the additional proposed improvements will be conveyed via overland flow into infiltration swales and stone recharge area. The flow released from the Site will be equal to or less than the pre-developed runoff (see Stormwater Analysis for discussion of modification of existing stormwater conveyance system).

4 SITE OPERATION
The new Well #20 treatment building will operate year-round. The system is normally operated by an automated SCADA system 24 hours a day, 7 days a week. The proposed facility is anticipated to have one (1) site visit per day during normal business hours for routine maintenance and operational purposes. The site is not expected to receive frequent deliveries. The deliveries will occur as required, dependent upon inventories of stored supplies, and all deliveries will occur only during normal business hours. No tractor-trailer traffic is anticipated.

No trash enclosure is proposed. Trash will be collected indoors and will be disposed by a private waste hauler paid by AQUA.
RESOLUTION OF THE TOWNSHIP COUNCIL OF THE TOWNSHIP OF GLOUCESTER, CAMDEN COUNTY, NEW JERSEY, AUTHORIZING THE SIGNING OF A MEMORANDUM OF AGREEMENT WITH AQUA NJ

WHEREAS, Redeveloper proposes the development of certain lands now designated within the New Vision Redevelopment Area, and

WHEREAS, Gloucester Township Ordinance #04-37, Section 6, amends Article VIII, Section 817 of the submission Checklist providing that in Redevelopment Zones a Memorandum of Agreement from the Redevelopment Entity describing the preliminary terms of the relationship with the property owner to include a project description related to any use or activity to be conducted on lands, improved or unimproved, within a area designated as a redevelopment zone; and

NOW, THEREFORE, The Mayor of the Township of Gloucester, or other Official of the Township of Gloucester as may be designated, is hereby authorized to enter into a Memorandum of agreement with AQUA NJ for minor subdivision and major site plan within the designated redevelopment area. The proposed form of Memorandum of Agreement is attached to this Resolution.

Adopted: January 18, 2018

President of Council

ATTEST:

Township Clerk
AQUA NJ
Minor Subdivision – Preliminary Final Major Site Plan
Block 18403 Lots 19 & 20

MEMORANDUM OF AGREEMENT
BETWEEN
THE GLOUCESTER TOWNSHIP REDEVELOPMENT ENTITY
AND
AQUA NJ – REDEVELOPER/OWNER

This Memorandum of Agreement, made this 2nd day of February, 2018, by
and between, AQUA NJ, 10 Black Forest Road, Hamilton New Jersey 08691 (Redeveloper) and
THE GLOUCESTER TOWNSHIP REDEVELOPMENT ENTITY, P. O. Box 8, Chews
Landing Road, Blackwood, New Jersey 08012 (“Redevelopment Authority”).

WHEREAS, Redeveloper desires a minor subdivision and major site plan for the existing
Blackwood Well No. 20 Treatment System Site. The site is a 2.02 acre portion of the 18.68 acre
tract of land designated as Block 18403 Lot 20 on the tax map of the Township of Gloucester.
The subdivided portion to be combined with the 1.0 acre tract designated as Block 18403 Lot 19
and is located in the New Vision Redevelopment Area, and

WHEREAS, there are no bulk requirements for the New Vision redevelopment Area
Overlay, and

WHEREAS, The applicant was represented by Clint B. Allen Esq., and engineering
plans having been submitted by Norman K. Rodgers III PE, PLS, CME of Consulting Engineer
Services, and

WHEREAS, the Redevelopment Entity has determined the use, as presented by the
Redeveloper, will contain a new potable well, 1,800 sf water treatment building, emergency
generator, storm drainage features, access drive at Donna Marie Court, chain link fence and
landscape buffers.

NOW, THEREFORE, the Redeveloper seeks an appropriate minor subdivision and
major site plan for the existing Blackwood Well No. 20 Treatment System Site. The site is a 2.02
acre portion of the 18.68 acre tract of land designated as Block 18403 Lot 20 on the tax map of
the Township of Gloucester. The subdivided portion to be combined with the 1.0 acre tract
designated as Block 18403 Lot 19 and the Redevelopment Entity is in agreement with the
proposed subdivision major site plan.

BE IT FURTHER RESOLVED, Appended hereto and made a part hereof as Exhibit A”
are
FIRST, a copy of the review letter from Kenneth D. Lechner, PP.AICP, Director of Planning, Department of Community Development and Planning for the Township of Gloucester dated January 8th 2018
SECOND, Site Plan exhibit submitted by Consulting Engineer Services on behalf of the applicant.
THIRD., Plan of Minor Subdivision submitted by Consulting Engineer Services on behalf of the applicant.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals as of the 2nd day of February, 2018.

AQUA NEW JERSEY, INC.
Minor Subdivision - Preliminary Final Major Site Plan
Block 18403 Lots 19 & 20

MEMORANDUM OF AGREEMENT
BETWEEN
THE GLOUCESTER TOWNSHIP REDEVELOPMENT ENTITY
AND
AQUA NEW JERSEY, INC. – REDEVELOPER/OWNER

This Memorandum of Agreement, made this 6th day of February, 2018,
by and between, AQUA NEW JERSEY, INC., 10 Black Forest Road, Hamilton New Jersey
08691 (Redeveloper) and THE GLOUCESTER TOWNSHIP REDEVELOPMENT
ENTITY, P.O. Box 8, Chews Landing Road, Blackwood, New Jersey 08012 (“Redevelopment
Authority”).

WHEREAS, Redeveloper desires a minor subdivision and major site plan for the
existing Blackwood Well No. 20 Treatment System Site. The site is a 2.02 ± acre portion of the
18.68 ± acre tract of land designated as Block 18403 lot 20 on the tax map of the Township of
Gloucester. The subdivided portion to be combined with the 1.0 ± acre tract designated as Block
18403 Lot 19 and is located in the New Vision Redevelopment Area. The Redeveloper also
proposes the development of a sanitary sewer line across an adjacent lot designated as Block
18316, Lot 15 on the tax map of the Township of Gloucester, and

WHEREAS, there are no bulk requirements for the New Vision Redevelopment Area
Overlay, and

WHEREAS, The Redeveloper was represented by Clint B. Allen Esq., and engineering
plans having been submitted by Norman K. Rodgers, III PE, PLS, CME of Consulting Engineer
Services, and

WHEREAS, the Redevelopment Entity has determined the use, as presented by the
Redeveloper, will contain a new potable well, 1,800 sf water treatment building, emergency
generator, storm drainage features, access drive at Donna Marie Court, chain link fence and
landscape buffers.

NOW, THEREFORE, the Redeveloper seeks an appropriate minor subdivision and
major site plan for the existing Blackwood Well No. 20 Treatment System Site. The site is a 2.02
acre portion of the 18.68 acre tract of land designated as Block 18403 Lot 20 on the tax map of the
Township of Gloucester. The subdivided portion to be combined with the 1.0 acre tract
designated as Block 18403 Lot 19 and the Redevelopment Entity is in agreement with the
proposed subdivision major site plan. The Redeveloper also intends to extend a sanitary sewer
line across an adjacent lot designated as Block 18316, Lot 15 on the tax map of the Township of
Gloucester.

BE IT FURTHER RESOLVED, Appended hereto and made a part hereof as Exhibit
“A”
are

FIRST, a copy of the review letter from Kenneth D. Lechner, PP, AICP, Director of Planning, Department of Community Development and Planning for the Township of Gloucester dated January 8th 2018.

SECOND, Site Plan exhibit submitted by Consulting Engineer Services on behalf of the applicant.

THIRD, Plan of Minor Subdivision submitted by Consulting Engineer Services on behalf of the applicant.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals as of the 6th day of February 2018.

Department of Community Development & Planning
RE: APPLICATION #171062RDMPFS Escrow #11913
Aqua New Jersey, Inc.
BLOCK 18403, LOT 19 and 20
DATE: February 22, 2018

The Applicant requests minor subdivision (re-subdivision) and preliminary and final major site plan approval of Block 18403, Lots 19 and 20 to construct a “new potable well, 1,800 S.F. water treatment building, emergency generator, storm drainage features, access drive, chain link fence, and landscape buffer” within the NVBP – New Vision Business Park Redevelopment District. The property is the rear portion of the former Nike Missile Base at the end of Donna Marie Court.

The Applicant appeared before Township Council as Redevelopment Entity and was named redeveloper as per Township Council Resolution R-18:01-039 adopted January 18, 2018 and submitted a copy of the Memorandum of Agreement dated February 06, 2018.

The plan has been reviewed for conformance to the New Vision Redevelopment Plan of Gloucester Township and the following comments are offered for your consideration.

Should you have any questions regarding this application, do not hesitate to contact me at 374.3511.

- Applicant: Aqua New Jersey, Inc., 10 Black Forest Road, Hamilton, NJ 0869 (telephone #609-587-4080).
- Owner (Lot 20): Township of Gloucester, P.O. Box 8, Blackwood, NJ
- Engineer: Norm K. Rodgers III, PE, PLS, Consulting Engineer Services, 645 Berlin-Cross Keys Road, Suite 1, Sicklerville, NJ 08081 (telephone #856-228-2200).
- Surveyor: Adam R. Grant, PLS, Consulting Engineer Services, 645 Berlin-Cross Keys Road, Suite 1, Sicklerville, NJ 08081 (telephone #856-228-2200).

II. REDEVELOPMENT PLAN & PLANNING ANALYSIS COMMENTS

The following applies to the New Vision Redevelopment Plan and Planning Analysis, as noted.

Section IV. Objectives

1. The Applicant provided the Redevelopment Entity testimony to address the following objectives of the New Vision Redevelopment Plan:

A. Prevent further deterioration of the built environment.
B. Promote the overall development of the community.
C. Foster physical development that will be most conducive to the social and economic improvement of the Township and the region.
D. Encourage the highest and best use of land and property.
E. Facilitate full utilization of the land.
F. Improve the physical and functional layout of the study area and remove impediments to land use consistent with the zone plan.
G. Require adherence to the highest design standards.
H. Strengthen social, economic and development patterns.
I. Increase economic opportunities in the Township of Gloucester.
J. Improve the health and welfare of the residents of the Township
K. Advance public-private partnership efforts for the improvement of the economic environment.

Section IX.1.0, Zone Plan and Zoning Regulations

2. The subject parcels are located within the NVBP – New Vision Business Park District as per §IX.1.0, New Vision Business Park District (NVBP).
   a. The Applicant provided the Redevelopment Entity testimony to address the proposed 25-foot buffer along the perimeter of the subject property as a landscaped screen for the residences on Donna Marie Court and Bryce’s Court as per §IX.1.0(F), Buffers.

   i. “The width of the buffer shall be at the discretion of the Redevelopment Entity, which may follow certain environmental features, if applicable, and may be required to screen different land use intensities, protect natural resources and topographic conditions, and preserve the natural character and viewsheds of the Township.”

   b. “At the discretion of the Redevelopment Entity, certain utilities may be permitted as principal uses within the New Vision Business Park District should the use be deemed necessary to satisfy a regional need and will promote the public health, safety and general welfare, as per §IX.1.0(G), Utilities.

      i. The Applicant provided the Redevelopment Entity testimony to address consistency of the proposed project with the requirements to permit a utility use as a principal use.
c. The Planning Board should note the New Vision Redevelopment Plan as amended by Ordinance O-16-07, adopted May 23, 2016 does not rely on traditional bulk and setback standards and the applicant is required to satisfactorily address their proposed layout as a condition of a Redevelopment Agreement.

   i. The Applicant provided professional testimony to the satisfaction of the Redevelopment Entity that the proposed lot size (area – frontage – depth), building setbacks, building and lot coverages are appropriate for the instant application; the layout is within recognized best management practices for site design for the proposed use; and, the overall development is substantially consistent with the objectives of the New Vision Redevelopment Plan.

Section IX.1.0(K), Off-Street Loading and Parking Standards

3. It's recommended the Applicant also provide professional testimony to the planning Board addressing off-street loading space and parking spaces to meet the expected demand of the proposed use as per §IX.1.0(K), Off-Street Loading and Parking Standards.

   a. The Planning Board is advised the New Vision Redevelopment Plan does not rely on the Land Development Ordinance parking requirements and defers compliance to professional testimony of the applicant based on their expertise, professionals, and recognized design considerations current to the time period and land uses.

Section IX.1.0(L), Additional Requirements

4. The Applicant provided testimony to the Redevelopment Entity to address public water and sanitary sewerage facilities as per §IX.1.0(L)(1).

5. The Applicant provided testimony to the Redevelopment Entity to address the proposed building architecture is “compatibly designed ... and suitably finished for aesthetic purposes” in its relation to elevations facing a street or residential areas as per §IX.1.0(L)(2).

6. The applicant is advised the proposed site plan would require driveways and parking areas be screened and a landscaped plan signed and sealed by a NJ Licensed Landscape Architect as per §IX.1.0(L)(3).

   a. The submitted Landscape and Lighting Plans shall be signed and sealed by a New Jersey Licensed Landscape Architect.

7. The Applicant provided testimony to the Redevelopment Entity that the proposed signs, if any, would be suitably sized and designed for the proposed development and consistent with Section IV, Objectives of the New Vision Redevelopment Plan as per §IX.1.0(L)(7).

8. The Applicant provided professional testimony to the Redevelopment Entity that the proposed lighting plan would be suitably designed for the proposed land use and provides adequate illumination as per §IX.1.0(L)(9).

9. The Applicant provided testimony to the Redevelopment entity that the proposed buildings are “architecturally appealing” and advance the scenic vistas and viewsheds of the development and Township as per §IX.1.0(L)(10).

IV. APPLICATION SUBMISSION CHECKLIST

The Application has been reviewed for compliance with §817, Submission Checklist.

The Applicant shall provide the following omitted checklist items or request a waiver:

1. No application for development shall be considered complete until the applicant has calculated and delineated the area of wetlands based upon the methodology established by the New Jersey Department of Environmental Protection regulations (See §519) [Checklist #9].
   a. The submitted Environmental Impact Statement certifies the absence of freshwater wetlands or water bodies or streams on the subject parcel.

2. Four (4) copies of the Traffic Impact Report (see §815) [Checklist #7].
   a. The applicant provided a Traffic Assessment in lieu of a complete Traffic impact Report.

3. The names, locations, right-of-way widths and purposes of existing and proposed easements and other right-of-ways in the subdivision. [Checklist #47].
   a. The plans must be revised to indicate the responsible authority for the "Prop. 10' Wide Utility Easement," as follows:
      i. "Prop. 15' Wide Utility Easement to be dedicated to Responsible Authority".

4. Acceleration/deceleration lanes. [Checklist #75].

5. Traffic channelization [Checklist #76].

6. Fire lanes [Checklist #77].
   a. Refer to the Fire Marshal.

7. Curbs [Checklist #81].

8. Ramps for the handicapped [Checklist #82].

9. Sidewalks and bike routes [Checklist #83].

10. Directional signs with scaled drawings [Checklist #85].

11. Sight triangle easements at intersections. [Checklist #86].
   a. The plans shall be revised to show sight triangles at intersection with roadways and drive-openings.
12. Radii at curblines [Checklist #87].
13. Location of street names and signs. [Checklist #88].
14. Traffic control devices [Checklist #89].
15. Streetlights. [Checklist #90].
   a. The plans shall be revised to show location of existing and proposed
      streetlights for the following streets:
      i. Donna Marie Court.
16. Expansion plans for the proposed use shall show feasible parking and
    loading expansion plans to accompany building expansion [Checklist #93].
17. Cross Sections. [Checklist #94].
18. Center line profiles at horizontal scale not less than the 1" = 50' for all existing
    adjoining streets and proposed streets [Checklist #96].

V. WAIVER COMMENTS

The Applicant requests a waiver from providing the following checklist
requirements:
1. Erosion control and soil stabilization method [Checklist #71].
   a. Refer to the Camden County Soil Conservation District.

The instant Application requests a waiver from the following Performance and
Design Standards.
2. To provide underground irrigation [§507.4(b)]
3. To provide an off-street loading area §§509, Off-Street Loading.
4. To provide stone parking in lieu of a paved area [§510.H, Pavement].
   a. I understand the Applicant agreed to pave a section of the entrance drive to reduce dust and stones onto Donna Marie Court.
5. To delineate parking areas [§510.I, Delineation].
6. To provide concrete curbing around the perimeter of driveways and parking areas [§510.J, Curbing].
7. To provide a twelve (12) feet wide entrance/exit drive [§510.K, Entrance/Exit Drives].
8. To provide the location of trees in excess of ten (1) inches) DBH [Checklist #59].
9. To provide the upstream drainage area [Checklist #63].

VI. VARIANCE COMMENTS

The typical bulk and setback variances are not part of applications within the
New Vision Redevelopment Plan.

Generally, applicants must comply with the goals and objectives of the
redevelopment plan regarding land uses and architectural considerations to the
satisfaction of the Redevelopment Entity and site development to the satisfaction
of the Planning Board.

VII. SITE PLAN AND SUBDIVISION REVIEW COMMENTS

1. The plans shall be revised to provide a permanent benchmark a per
   §§503.C(3), Monuments.
2. The plans shall be revised to show the responsible authority for all
easements as per §§503.D, Easements/Restrictions Covenants.
3. The plans shall be revised to clearly indicate the existing right-of-way width of
   Donna Marie Court at the property line with proposed Block 18401, lot 19 as
   per §515, Street Design.

APPLICATION #171062RDMPFS
Aqua New Jersey, Inc.
BLOCK 18403, LOTS 19 and 20
4. The plans shall be revised to show existing street lights within 100 feet of the site as per §508.G(1), Lighting.
5. The plans shall be revised to provide curb and sidewalk along the cul-de-sac of Donna Marie Court as per §516, sidewalks, Curbs, Gutters & Pedestrian Ways.

VIII. GENERAL REVIEW COMMENTS

1. It's recommended the plans be revised to provide 6 – 8 feet wide Leyland Cypress trees as per §507, Landscaping.
2. The Applicant must provide testimony to address the proposed 6-foot chain link fencing topped with three strands of barbed wire.
   a. The Planning Board should note that barbed wire is prohibited in traditional zoning districts of the Township except for high voltage and telecommunications facilities as per §425.L, Prohibited Types.

X. ENVIRONMENTAL IMPACT STATEMENT COMMENTS

The submitted Environmental Impact Statement is substantially consistent with the requirements of §816, Environmental Impact Statement.

VI. RECOMMENDATIONS

1. The Applicant is advised revised plans and support documents would not be accepted by this Department without sufficient escrows for professional services in accordance with the signed escrow agreement.

I have no further comments regarding this application at this time; however, I reserve the right to provide additional comments during the public hearing to advance the planning process.

PROJECT SUMMARY:

This application is for the construction of a Proposed Well, a 1,800 SF Building and associated site improvements on a proposed 3.02 acre parcel of land. The project site is located on the northwesterly side of Berlin – Cross Keys Road (County Route 689) between Sicklerville Road and Chews Landing Road in the Township's Neighborhood Vision Business Park (NVBP) Zoning District. The applicant is proposing to subdivide a 2.02 acre portion of land from existing Lot 20 (18.68 Acres) and the subdivided portion is to be combined with the existing Lot 19 (1.0 Acres). Existing Lot 19 currently contains an existing well and treatment building. The applicant is seeking Preliminary and Final Site Plan and Minor Subdivision approval with no variances.

WAIVERS:

The applicant is requesting the following checklist waivers:

1. Checklist Item No. 59 - The applicant is seeking a waiver from showing all trees in excess of ten inches (10').
2. Checklist Item No. 63 - The applicant is seeking a waiver from showing the upstream drainage area.

The applicant is requesting the following design waivers:

1. §507-4 - The applicant is seeking a waiver from providing underground irrigation.
2. §509.5 - The applicant is seeking a waiver to allow off street loading and maneuvering in the front yard.
3. §510.H.1 - The applicant is seeking a waiver to provide stone parking in lieu of paved parking.
4. §510.I - The applicant is seeking a waiver from delineating parking space markings.
5. §510.J - The applicant is seeking a waiver from concrete curb around the perimeter of parking and traffic circulation areas.

6. §510-K - The applicant is seeking a waiver from the required width of 18' wide for a one way entrance / exit drive. The applicant is proposing a 12' wide driveway.

GENERAL:

1. All existing and proposed deed restrictions, covenants and easements shall be shown on the Plans.

2. The Site Plan shall provide additional dimensions to better show the placement of the proposed stone drive including but not limited to dimensions to property lines.

3. The Site Plan shall provide dimensions from the proposed building to the proposed fence northeast of the building and from the proposed fencing to all property lines.

SUBDIVISION:

1. A proper signature block for the County of Camden should be added to the subdivision plat. A reference to Gloucester County is listed in the Camden County signature block.

2. Any and all existing or proposed easements affecting the site must be shown and dimensioned on the subdivision plat.

3. The date of the survey listed in note #8 does not match the date of the survey submitted.

4. Legal descriptions for all easements and proposed lots shall be submitted to our office for review.

5. The applicant's land surveyor is responsible for ensuring that all lots, dedications and easements have proper closure and shall submit lot closure reports to our office for review.

6. A certification that the new lot numbers have been assigned by the tax assessor must be provided.

7. The plan shall indicate building coverage in acres or square feet and as a percentage of lot area in the Zoning Schedule.
8. The plan shall indicate lot coverage in acres or square foot and as a percentage of lot area in the Zoning Schedule.

9. The applicant shall provide on the plan, a certification from a licensed professional that wetlands, transition areas and any associated buffers do not affect any portion of the subdivided lots. If the applicant cannot provide the certification than a wetlands delineation shall be performed by a certified professional and the wetlands line and associated buffer shall be depicted on the subdivision plan.

10. The Applicant shall obtain all required approvals from the Gloucester Township Planning Board as well as all other Local, State and Federal agencies having jurisdiction over this project.

11. The following Gloucester Township Checklist items shall be shown on the Subdivision Plat:
   a. No. 9 – Calculated and delineated area of wetlands established by the NJDEP.
   b. No. 28 – Scale not less than 1" = 50' with graphic and written scales shown.
   c. No. 36 – Existing and proposed building coverage in acres of square feet and as a percentage of the lot.
   d. No. 57 – Contours shall be shown at not more than two (2) foot intervals for areas with less than 20% slope.
   e. No. 58 – Proposed grades in sufficient numbers to illustrate the proposed grading scheme.

PERFORMANCE STANDARDS (ARTICLE V):

A. Grading (Section 506)
   1. Two permanent benchmarks and symbol in the legend shall be shown on the grading plan per §506.A(4).
   2. The following note must be provided on the Grading Plan, "If topsoil is to be removed from the site, permission must be granted by the Township Engineer".
3. The following note must be provided in the set of plans, "Any soil brought onto the site must be certified clean soil and written certification must be provided to the Township Engineer. The certified clean soil must be approved by the Township Engineer".

B. Landscaping and Buffering (Section 507) and Lighting (Section 508)

1. A note should be added to the Landscape plan indicating that excess topsoil shall not be used as fill or removed as spoil. Existing topsoil shall be redistributed and reused onsite to the greatest extent possible.

2. In accordance with §508-F.4, all landscaped areas shall be equipped with an underground irrigation system. Waiver requested.

3. All existing lights within 100 feet of the site shall be shown on the plans per §508.G(1). Waiver recommended.

4. The plans shall show any existing street light on Donna Marie Court in the vicinity of the proposed driveway apron.

5. We defer additional review of the landscaping and lighting to the Township Planner.

C. Stormwater Management (Section 517)

1. The drainage area maps shall be revised to incorporate analysis points located at points of stormwater reception. The pre and post construction runoff rates shall be compared at each analysis point. It appears that the existing drainage area map is divided to coincide with the proposed development area. This does not accurately reflect existing site conditions.

2. Infiltration basins are only to infiltrate the water quality storm in accordance with Chapter 9.5 of the New Jersey Best Management Practices (BMP) Manual, last updated February 2016. The stormwater report indicates both basins are intended to infiltrate stormwater up to the 100 year storm event. Per the BMP Manual, the use of infiltration basins for infiltration of larger volumes of stormwater is only to be considered when another applicable rule or regulation requires infiltration of large storm events. The applicant shall provide a narrative indicating which regulations require and/ or permit infiltration beyond the water quality storm event or provide additional information documenting the hardship and constraints presented by the subject property for the proposed infiltration basin and stone recharge area.
3. The drainage calculations indicate the use of a five foot (5') wide by ten foot (10') long broad crested weir. The location of this weir shall be depicted on the plans.

4. The proposed infiltration basin spillway appears to convey an overflow of stormwater towards the existing woods and the proposed DGA access road. The plans shall be revised to delineate the proposed spillway and confirm downstream discharge. Our office does not recommend stormwater runoff to drain towards the proposed DGA access road. A berm or other means of redirecting flow shall be provided to ensure washout of the DGA road does not occur.

5. Additional information shall be provided for the stone recharge area located within drainage area P1B. The stone recharge detail indicates the use of 42" HDPE pipe within a stone bed wrapped in filter fabric. A length shall be provided. The drainage calculations shall reflect the volume of storage provided by the stone recharge area.

6. Emergency spillways shall have a minimum of one foot (1') of freeboard above the water surface elevation, with the emergency spillway flowing at the design depth, in the basin in accordance with NJAC 5:21-7.8(d)4(6). Routing calculations shall be provided and the plans shall be revised as necessary.

7. The impervious area coverage listed in the drainage calculations does not appear to match the amount of impervious coverage within drainage area P1B. The proposed DGA roadway shall be considered impervious as opposed to dirt roadway for the purposes of determining the Cn value for both P1A and P1B drainage areas. The calculations shall be revised accordingly.

8. The applicant shall perform a minimum of two (2) in-situ infiltration tests for each infiltration area in accordance with the NJ Stormwater BMP Manual, Appendix E, last revised September 2009, to confirm infiltration capability for each recharge area. Soil boring logs shall also be provided confirming the soil strata and suitability for infiltration.

9. A groundwater mounding analysis shall be provided in accordance with NJAC 7:8-5.4(a)2.iv for the proposed infiltration basin and stone recharge area.

10. A note shall be added to the Grading, Drainage, and Utility Plan stating the following: A minimum of two (2) post construction in-situ infiltration tests shall be performed at the infiltration basin and stone recharge area in accordance with the NJ Stormwater BMP Manual, Appendix E, last revised September 2009, and results shall be submitted for review and acceptance by the Township Engineer.
11. Dewatering calculations shall be provided to ensure dewatering of the infiltration basin and stone recharge area will not exceed 72 hours for draw down.

12. Notes shall be added to the Grading, Drainage, and Utility Plan indicating the use of heavy equipment shall be prohibited within the basin bottom areas and stone recharge area in order to minimize compaction of the sub-soils where infiltration is proposed.

13. Dimensions, slope information, and spot elevations shall be provided for each basin.

14. The Grading, Drainage & Utilities Plans shall be revised to illustrate all proposed roof leader piping.

15. A Basin Maintenance Plan prepared in accordance with Chapter 8, Maintenance and Retrofit of Stormwater Management Measures, and Chapter 9.5 Standard for Infiltration Basins, of the New Jersey Stormwater Best Management Practices Manual shall be provided. In accordance with Chapter 9.5 the maintenance plan shall indicate the approximate time it would normally take to drain the maximum design storm runoff volume below the bottom of the basin or recharge area. This normal drain or drawdown time should then be used to evaluate the actual performance of each basin / recharge area. If significant increases or decreases in the normal drain time are observed, the basin and/or recharge area bottom surface, subsoil, and both groundwater and tailwater levels must be evaluated and appropriate measures taken to comply with the maximum drain time requirements and maintain the proper functioning of the basin and/or recharge area. A log sheet shall be provided in the Basin Maintenance Plan for tracking dewatering times of each basin and recharge area.

D. Utilities (Section 518)

1. Our office defers to Aqua New Jersey for review of water improvements.

2. Our office defers to Gloucester Township Municipal Utilities Authority (GTMUA) for review of sanitary sewer improvements. Documentation confirming availability of sanitary sewer service for the project site shall be obtained from the GTMUA and submitted to the Township.

3. All electric, telephone, television and other communication service facilities, both main and service lines, shall be installed in accordance with the prevailing standards and practices of the utility or other companies providing such services and having jurisdiction. A note to this effect should be added to the plan.
E. Traffic Assessment (Section 815)

1. The Traffic Assessment indicates the proposed development consists of a proposed 1,800 SF Well #20 Treatment Building with access provided via Donna Marie Court. The Traffic Assessment concludes there will be no traffic impact resulting from the proposed development.

2. The Site Plan illustrates an Access Drive connecting to Donna Marie Court. The Applicant should submit for a driveway/access permit with the Township since an existing access is not provided along Donna Marie Court.

F. Environmental Impact Statement (Section 816)

1. An Environmental Impact Statement (EIS) has been provided by the applicant. Our office has reviewed this report and finds it to be acceptable.

G. Details

1. Our office recommends the Asphalt Paving Section be revised to provide 2" of HMA surface course and 4" of HMA base course.

2. The Stone Access Drive and Parking Area Detail shall include a note regarding compaction of the existing sub-base material.

3. The welded wire fabric designation shall be clarified on the Concrete Driveway and Curb Depression Detail.

4. Dimensions shall be added to all applicable details indicating the location of any welded wire fabric within a concrete pad or apron.

5. Additional information shall be added to the details regarding the footing of the proposed fence and gate.

6. Applicant shall clarify the color of the proposed chain link fence. The Site plan indicates black whereas the detail indicate green. The applicant shall also confirm the color of the proposed posts. Details shall be revised accordingly.

7. The Double Gate Detail shall not the latch to be lockable.

8. The Downspout Detail does not match the building elevations. Plans shall be revised to confirm which installation is preferred.
OUTSIDE AGENCY APPROVALS:

This plan set may be subject to the review and approval of the following outside agencies. Evidence of these approvals must be submitted to the Township Planning Department and this office prior to the final signature of plans:

1. Camden County Planning Board
2. Gloucester Township Fire Marshal
3. Camden County Soil Conservation District
4. Camden County Health Department
5. Gloucester Township Municipal Utilities Authority
6. Any other as may be necessary

When plans are resubmitted, they are to be accompanied with a point-by-point response. We reserve the right to make additional comments pending the receipt of revised plans.

If there are any questions or if any additional information is required please contact this office.

Very truly yours,

RE: Spring Hollow – Blackwood Well # 20
Block(s): 18403/18316
Lot(s): 19 & 20/15

Dear Applicant/Agent:

Due to the nature of this specific application, a staff review concluded that the proposed activity will have no effect on any County facility and therefore will not need a Camden County Planning Board vote.

All fees regarding this matter have been paid in full. This letter may be considered a waiver of further review.

Thank you for the opportunity to be of service regarding this matter.

Sincerely,

Andrew Lovecchia, PP/AICP
Planning Director

Gentlemen:

In response to your transmittal regarding the above application, approval will have no effect on the sanitary sewer system.

A sewer permit will be required for new construction.

Should you have any further questions, please feel free to contact me.

Very truly yours,

THE GLOUCESTER TOWNSHIP
MUNICIPAL UTILITIES AUTHORITY
