Lance's Tavern, LLC
Use D Variance, Prelim & Final Major Site Plan
Block: 8301 Lot: 7

A motion to approve the above-mentioned resolutions was made by Mr. Scarduzio and seconded by Vice Chairman Simiriglia.

Roll Call:  
Vice Chairman Simiriglia  Yes
Mr. Bucceroni  Yes
Mr. Scarduzio  Yes
Mr. Rosetti  Yes
Chairman McMullin  Yes

Resolutions Approved.

APPLICATIONS FOR REVIEW

#182021C
John Hesington
Zoned: R3
Bulk C Variance
Block: 4704 Lot: 5 & 4
Location: 1654 Charter Oak Ave., Blackwood
6' Vinyl Fence w/Setbacks.

Mr. Costa swears in Mr. Hesington.
Mr. Hesington states he would like a 0' setback for the fence because of the layout of the patio. The large patio goes to the edge of the property. The street is still 15' from the property line on his corner lot.

Open to Professionals:  
No Comments.

Open to The Public:  
No Comments.
A motion to approve the above-mentioned application was made by Mr. Scarduzio and seconded by Mrs. Chiumento.

Roll Call: Vice Chairman Simiraglia  Yes
Mr. Bucceroni  Yes
Mr. Scarduzio  Yes
Mrs. Chiumento  Yes
Mr. Acevedo  Yes
Mr. Rosetti  Yes
Chairman McMullin  Yes

Application Approved.

#182025C
Dominic Pomilio
Zoned: RA
Bulk C Variance
Block: 13605 Lot: 4
Location: 7 Blue Jay Dr., Clementon
Deck w/setbacks

Mr. Costa swears in Mr. Pomilio.
Mr. Pomilio states the home was built in 1987 and the deck was with the home.
He is replacing the existing deck with composite decking. The deck is 13’4” x 10’.

Open to Professionals:
No Comments.

Open to The Public:
No Comments.

A motion to approve the above-mentioned application was made by Mr. Scarduzio and seconded by Mrs. Chiumento.

Roll Call: Vice Chairman Simiraglia  Yes
Mr. Bucceroni  Yes
Mr. Scarduzio  Yes
Mrs. Chiumento  Yes
Mr. Acevedo  Yes
Mr. Rosetti  Yes
Chairman McMullin  Yes

Application Approved.
Mr. Costa swears in Mr. Krammer.
Mr. Krammer states in order to put a deck on the morning room the variance is needed. The bottom deck will be 12' x 16' and the top deck will be 16'x 16'.

Open to Professionals:
No Comments.

Open to The Public:

#182030DCSPW
Dr Mem, LLC
Zoned: NC
Bulk C/Use D Variance, Site Plan Waiver
Block: 13102; Lots: 18, 19.01, 19.02, 20
Location: 1271 Little Gloucester Rd., Clementon
Move their plastic extrusion operation to the facility.

Applicant: Dr. Mem, owner: Mr. Charles Chang.  
Mr. Costa swears in: Mr. Mark Mezar (operations mgr.), Mr. Jay Sims (PE). Planner:  
Mr. Lance Landgraf (PP, ACIP).  
Mr. Dennis Riley (ESQ.) reviews the application.  
Mr. Mark Mezar states:  
He is a TLC employee; product development manager. He describes the current building as "piece meal", the previous owner made additions as needed. The building is made out of concrete block. The current owner has made recent upgrades so the building is much better now. The current owner wants to update and fix; the sidewalk, handicap parking and any other maintenance issues.

A1- Fire boxes with inspection stickers:  
They will use 3 rooms for the manufacturing operations. There are sprinkler systems in each room for fire prevention and it has all been inspected by the fire department. The fire system has been connected to the fire department via cellular equipment too. The three rooms they will be using are as far away from the "pump it up" business as possible.  
The roofing is made of decking and membrane on top.
The building used to be a bakery and then used as a food distribution company.

A2- emergency escape routes and map of interior businesses.
Mr. Mezar states they want to test the process and make sure it works.
Eventually 20 to 30 workers and techs will be needed.
Hours of Operation will be 8am to 6pm; Monday to Friday.
Waste disposal will be through a dumpster service.
The retention basin will be cleaned up.
It is a Light Industrial zone and this fits in as light industrial.
116 parking spaces will be needed, they will have to add spaces.
The parking lot will be redone so the arrows and traffic pattern make sense.
Curbs and entrance and exits will be updated in the parking lot; 1 exit, 1 exit.
Old lamps that don't work will be replaced.

This is a novel operation: It is novel because the composite it is lighter and stronger. It can be made into anything; car parts, plane parts etc.
Chairman McMullin asks if there is an agency that inspects this process.
Mr. Mezar states probably the D.E.P
Mr. Lechner recommends a site plan and no waiver. All of these improvements will need a plan. Mr. Lechner asks if the process for this new composite has been finalized.
Mr. Mezar states the process is patented out of Rutgers University. But when you scale up something sometimes things don't work out well. The drawn up "screw" may have to be tweaked. Extrusion is very important in how the raw material is made. They are using an Injection molding process.

Mr. Bucceroni states then pellets are going to be made and put into bags then shipped.
Mr. Mellett asks if there will be any fabrication on site.
Mr. Mezar states there will not be any fabrication on site.
Mr. Mellett asks if there are any qualifications from the D.E.P.
Mr. Mezar states there are no noxious fumes.
Mr. Mellett states this should be as far away from "Pump it Up" as possible,
Mr. Mezar states the worry was about fire and kids being near the production.
The fire walls go past the roof.
Mr. Costa asks if the DEP is alright with manufacturing being so close to children.
Mr. Costa also asks if they have contacted the DEP about this yet?
Mr. Mezar states they Rutgers professor had spoken with the internal DEP of Rutgers University.
Mr. Costa asks if smoke will be present during manufacturing.
Mr. Mezar states "no".
Mrs. Kelly asks if it is being manufactured anywhere else?
Mr. Mezar states "no".
Mrs. Kelly asks if it’s been tested, has it been tested at the same volume. Mr. Mezar states “no, not the same volume.”

Mr. Landgraf states they will have to go through the DEP and OSHA. Vice Chairman Simiriglia asks if the process is cooled in water and what happens with the water.

Mr. Mezar states they don’t need to discharge the water, but it would only contain heat, not much of the product.

Mr. Landgraf states the MUA and DEP will be contacted.

Mr. Lechner states there may be site suitability questions and the permit you need may not be suitable for the site.

Mr. Mellett asks if there are any other by-products.

Mr. Mezar states the plastic composite w/graphite and the water.

Mr. Bucceroni asks if it’s all solid, no dust?

Mr. Mezar states; it’s a solid, no dust; just little pellets.

Vice Chairman Simiriglia states he is concerned about being asked to place an operation where it may not be permitted. They really don’t know what will happen with the DEP and if they will even get the permit needed.

Mr. Costa states they will need the DEP or someone to inspect the premises.

Mr. Landgraf states they don’t know the permits yet; waste water or air quality.

Mr. Mezar states it’s the same product being used now, it’s just a different process that makes it stronger and lighter.

Mr. Landgraf states it could be a condition when they return with a site plan to ask for permits if they are necessary. Plastic extrusion has been done for decades.

Vice Chairman Simiriglia states it’s not a stand-alone operation, it’s in an industrial park. If it was stand alone it would be a different story. He would like to know how the DEP would regulate this operation.

Mr. Bucceroni states maybe it would be better to table this and get answers to the questions the board has.

Mr. Costa states all parties need to be in the same room, along with the tenants. Then when they get the necessary permits that are necessary from the EPA or DEP everyone has the whole story.

Mr. Lechner states the application says space for future too.

Mr. Riley states Mr. Chang will occupy the rest of the building.

Mr. Lechner states the site has 11 applications on it since 1979. There are several additions which is not typical. The commercial center was piece mealed together. Mr. Lechner also states the basin and landscaping need to be on the site plan.

Mr. Mellett agrees with Mr. Lechner.

Mr. Riley states they can table it but they machinery is on its way and they would like to test it and make sure it works. They won’t be mixing any product, just making sure the machinery works.
Mr. Landgraf states they will contact the DEP and check what permits are needed, if any.

A motion to table the above mentioned application was made by Mr. Bucceroni and seconded by Mr. Scarduzio. The applicant must re-advertise.

Roll Call:  
Vice Chairman Simiriglia    Yes  
Mr. Bucceroni            Yes  
Mr. Scarduzio           Yes  
Mrs. Chiumento         Yes  
Mr. Acevedo            Yes  
Mr. Rosetti           Yes  
Chairman McMullin     Yes

Application Tabled.

A motion to Adjourn was made by Mr. Bucceroni and seconded by Mrs. Chiumento.

Respectfully Submitted, Jean Gomez, Recording Secretary.
RESOLUTION OF FINDINGS AND CONCLUSION

BOARD OF ADJUSTMENT

TOWNSHIP OF GLOUCESTER

APPLICATION # 182021C
John Hesington
Block 4704, Lots 4 & 5

WHEREAS, John Hesington is the owner of the land and premises located at 1654 Charter Oak Avenue in the Blackwood section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a variance to permit a 6' high vinyl fence 0' from the property line along Athens and Cedar Avenues instead of the required 15' for the property located upon Block 4704, Lots 4 & 5, as shown on the Official Map of the Township of Gloucester, located in a R-3 Zone, said application being Pro Se.; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on July 25, 2018 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicant, John Hesington is the owner of the land and premises located at 1657 Charter Oak Avenue in the Blackwood section of Gloucester Township, New Jersey, as shown on Block 4704, Lots 4 & 5, on the Official Tax Map of the Township of Gloucester, located in an R-3 Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.
4. After being sworn, the applicant testified he has a corner lot and the patio goes to the edge of his property and the fence will surround it.

5. There were no objections to the application.

UPON MOTION duly made and seconded to grant the applicant a variance to construct a fence 0’ from the property line, the Board voted seven (7) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

WHEREAS, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

WHEREAS, the statutory purposes will be advanced by the granting of the relief requested;

NOW THEREFORE BE IT RESOLVED, by the Zoning Board of Adjustment of the Township of Gloucester on this 25th day of July, 2018, the applicant John Hesington is hereby granted the aforesaid variance for the property located upon Block 4704, Lots 4 & 5 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein.

5. There were no objections to the application.

**UPON MOTION** duly made and seconded to grant the applicant a variance to construct a deck 18’ from the property line, the Board voted seven (7) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

**WHEREAS**, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

**WHEREAS**, the statutory purposes will be advanced by the granting of the relief requested;

**NOW THEREFORE BE IT RESOLVED**, by the Zoning Board of Adjustment of the Township of Gloucester on this 25th day of July, 2018, the applicant Amber Galda is hereby granted the aforesaid variances for the property located upon Block 21001, Lot 36 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein.

¹ = Scaled data.
² = Variance required.

**Variance Expiration:** The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.

### II. VARIANCE COMMENTS

The application requires the following variances from the Land Development Ordinance based on scaled data from the sketch (survey) provided by the Applicant.

**§422.H, Private Garages**

1. Front yard: (16.7 ft. provided v. Not permitted).
   - The Applicant must provide the side wall height to determine if a variance is required.

2. Side wall height: (not provided v. 9 ft. maximum allowed).
   - **POSITIVE CRITERIA ("C1" and "C2" variances)**
   - The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested setback variance:

3. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

4. Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

**NEGATIVE CRITERIA**

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

---

APPLICATION #182027C  
Brian Long  
220 Wilson Avenue  
BLOCK 2202, LOT 4
III. NOTICE REQUIREMENTS
The applicant must notice for the following variance:

From Section 422.H, Private Garages to permit a detached private garage sixteen and seven tenths (16.7) feet from the front property line along Fourth Avenue (Not Permitted in front yard).

IV. RECOMMENDATIONS

1. The Applicant shall address the underlined comments.

I have no further comments regarding this application at this time; however, I reserve the right to provide additional comments during the public hearing to advance the planning process.

Complete each of the following sections:
A. Is this application to subdivide a parcel of land into six or more lots?
B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?
C. Is this application for approval on a site or sites for commercial purposes?
D. Is the applicant a corporation?
E. Is the applicant a limited liability corporation?
F. Is the applicant a partnership?

IF YES TO ANY OF THE ABOVE:
1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of it's stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).
2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?

IF YES:
List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

RESOLUTION OF FINDINGS AND CONCLUSIONS

BOARD OF ADJUSTMENT

TOWNSHIP OF GLOUCESTER

APPLICATION #052107C
JASON CAPEHART & CATHERINE MARTIN
Block 2202, Lot(s) 4

WHEREAS, Jason Capehart & Catherine Martin, are the record owners of the property located at 220 Wilson Ave. in the Glendora section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a variance to permit a 6' high fence zero (0) feet from the property line along Wilson Avenue where 40 feet is required and 16.9 feet from the property line along 4th Avenue where 40 feet is required, for the property located upon Block 2202, Lot 4, as shown on the Official Map of the Township of Gloucester, located in an R4 Zone, said application being represented Albert Olizi, Jr., Esq.; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on Sept. 8, 2005 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon:

1. The applicants, Jason Capehart & Catherine Martin, are the record owners of property located at 220 Wilson Ave., in the Glendora section of Gloucester Township, New Jersey, as shown on Block 2202, Lot 4, on the Official Tax Map of the Township of
Gloucester, located in an R4 Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.

4. After being sworn, the applicants testified that they were seeking a "C" variance to permit a 6’ high fence zero (0) feet from the property line along Wilson Avenue where 40 feet is required and 16.9 feet from the property line along 4th Avenue where 40 feet is required.

5. The applicant submitted a survey prepared by Steven R. Kelly dated 06/09/04 showing the location of the existing structures on the property as well as the proposed fence and was admitted into evidence as Exhibit “A”.

6. The applicant testified that the 6’ high fence was needed for the safety of their children. They indicated that the corner is too busy and they did not feel there would be a sight problem.

7. After some discussion with the Board, the Board expressed concern that the zero foot setback may affect the sight triangle. Again, after discussing this matter with the Board, the applicant amended their application to allow for a 10 foot setback from the property line along Wilson Avenue.

8. There were no objections to the request for the variance presented at the hearing.

UPON MOTION duly made and seconded to grant the applicant a variance to construct a 6 foot high fence with a 10 foot setback from the property line along Wilson
Avenue and 16.9 feet from 4th Avenue, the Board voted seven (7) in favor, zero (0) against, and zero (0) abstentions, thus granting the relief requested; and

WHEREAS, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester; and

WHEREAS, the statutory purposes will be advanced by the granting of the relief requested:

NOW, THEREFORE BE IT RESOLVED, by the Zoning Board of Adjustment of the Township of Gloucester on this 8th day of September 2005 that the applicants, Jason Capehart & Catherine Martin, are hereby granted the aforesaid variances for the property located upon Block 2202, Lot 4, as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein and made a part hereof.

TO: Zoning Board of Adjustment
FROM: Kenneth D. Lechner, PP, AICP, Director/Planner
Dept. of Community Development & Planning
RE: APPLICATION #172026C
P & R Properties and design, LLC
11 East Batten Avenue
BLOCK 6602, LOT 14

DATE: July 23, 2018

The above application is for an 8’ x 19’ 6” covered front porch and a 23’ 7” x 30’ 6” second floor addition within the R-3 – Residential District as per the submitted sketch.

I. ZONING INFORMATION

1. Zone: R-3 ~ Residential District [§405].

1 = Scaled data.
2 = Variance required.

Variance Expiration: The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.

II. VARIANCE COMMENTS

The application as submitted requires the following variance:

§405.F – R-3 – Residential District, Area, Yard, Height and Building Coverage

1. Front yard: (9.67 ft. provided v. 30 ft. minimum required).

POSITIVE CRITERIA ("C1" and "C2" variances)

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested variances:
2. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

NEGATIVE CRITERIA

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis N.J.S.A. 40:55D-70).

III. NOTICE REQUIREMENTS

The applicant must notice for the following variance:

From Section 405.F, Area, Yard, Height and Building Coverage, to permit a front porch nine and sixty seven hundredths (9.67) feet from the front property line (30 feet minimum required).

I have no further comments regarding this application at this time; however, I reserve the right to provide additional comments during the public hearing to advance the planning process.

12. List Previous or Pending Applications for this Parcel:

List all applications on a separate sheet. None
8. Land Use:

Proposed Land Use (Describe application):

The Applicant, P&R Properties and Design, LLC is the owner of property located at 11 East Batten Avenue, Blackwood, New Jersey. The Applicant intends to renovate and improve the dwelling and grounds of the property for resale. The Applicant seeks approval for “C” variances in connection with front yard setback for a pre-existing front porch which is 9.67 feet from the front property line where 30 feet is required. Applicant intends to rebuild the front porch within the pre-existing footprint and will not further expand beyond the existing dimension of the front yard setback.

Applicant also seeks a “C” Variance for the expansion of the second floor. Currently, the dwelling is a two story building in the front section of the dwelling and a one story building in the rear. The Applicant intends to expand the second floor to the rear of the building line to the existing footprint. The Applicant seeks variance approval for the second floor area since the front of the building is 17.64’ feet from the property line when 30 feet is required.

Applicant also seeks any and all other variances and/or approvals that may be necessary or required in connection with this application.
Thanks Donna.

The porch is going to be open porch with a railing around the perimeter and a roof over top.

The porch dimensions are 19.5 feet wide by 8 feet deep.

The dimension on the expansion of the second floor is 23 feet 7 inches wide by 30 feet 6 inches deep.

Please let me know if you need anything further from me in order to complete this application.

Thanks.

Complete each of the following sections:

A. Is this application to subdivide a parcel of land into six or more lots?

B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?

C. Is this application for approval on a site or sites for commercial purposes?

D. Is the applicant a corporation?

E. Is the applicant a limited liability corporation?

F. Is the applicant a partnership?

IF YES TO ANY OF THE ABOVE:

1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of its stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).

2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?

IF YES:

List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

        1271 Little Gloucester Road, Clementon
        Gloucester Township, Camden County
        Gloucester Application #182030CDSWP
        Our File No.: GX18004-ME

Dear Mr. Lechner:

We have received the following information for the referenced project:

A. A copy of a Township of Gloucester Zoning Board Transmittal dated July 2, 2018;

B. A copy of a Township of Gloucester Land Development Application for Bulk “C” Variance, Use “D” Variance and Site Plan Waiver;

C. A copy of “Plan of Survey” Block 13102, Lots 18, 19.01, 19.02 & 20 prepared by Consulting Engineer services dated December 18, 2017;

D. A copy of “Use Variance Plan” Block 13102, Lots 18, 19.01, 19.02 & 20 prepared by Consulting Engineer services dated June 6, 2018;

We have reviewed the application and offer the following comments:

I. Project Description

1. The project site fronts on the westerly side of Chews Landing-Gloucester Road (C.R. 759), north of Mechanicsville-Erial Road-Brooklyn Road (C.R. 706).
2. The property contains a one-story masonry industrial type building, parking lot and other associated site improvements.

3. The site is identified as Block 13102, Lots 18, 19.01, 19.02 & 20, and is approximately 8.585 acres as indicated on the Plan of Survey.

4. The tract has approximately 775.75 feet of frontage along Chews landing – Gloucester Road.

5. It appears that the site is currently being occupied by “Pump It Up” youth recreation, “Auto Parts International” retail auto parts & “Aqua Treat” water treatment.

6. The applicant is proposing a plastic extrusion operation, TLC Products, which would occupy the balance of the building.

7. The applicant is proposing parking lot striping to create additional parking.

II. Bulk and Use Variance

1. The property is located within the Neighborhood Commercial (NC) Zoning District.

2. The purpose of the NC - Neighborhood Commercial district is to provide for the development of neighborhood shopping centers, individual retail uses and office facilities which provide for personal services primarily to nearby neighborhoods.

3. An Industrial business with a use specific to TLC Products plastic extrusion is not listed as a permitted principal or conditional use in the zone. The applicant is therefore seeking a use variance.

4. The applicant should indicate what other business will continue to operate at the site.

5. The applicant should describe typical operations for the proposed business and any potential effects, e.g., noise, smell, traffic, etc.

6. The applicant should discuss any material storage, loading or large deliveries typically associated with this type of operation.

7. The applicant should demonstrate special reasons in accordance with Municipal Land Use Law Section 40:55D-70 in order for the Board to consider the Use Variance.

8. The applicant must demonstrate that the variance relief can be granted without substantial detriment to the public good and would not substantially impair the
intent and purpose of the Zone Plan and the Zoning Ordinance of Gloucester Township.

9. Bulk variances for existing site improvements are indicated on the application. We defer review of conformance with the area, yard and bulk requirements of the Ordinance to your office.

III. Site Plan Waiver

1. The applicant is requesting a Site Plan Waiver along with the associated submission requirements for this project. The Board may wish to consider the waiver; however the following items should be addressed:

   a. The existing sidewalk along the frontage of the site is in poor condition. Additionally, there are no handicap accessible ramps at the driveways.

   b. The existing parking area and striping is in poor condition.

   c. There are currently three access driveways onto Chews Landing-Gloucester Road that don’t appear to meet the requirements of Section 510.K of the Land Use Ordinance.

   d. It appears that the existing trees on site need to be trimmed to accommodate pedestrian and vehicle movements.

   e. The applicant should address noise, dust or any other potential nuisances associated with the proposed use.

   f. The applicant should address existing/proposed signage.

   g. The applicant should address on site storage, loading/truck movements associated with the proposed use.

   h. The applicant should address existing and any proposed lighting.

2. The applicant should address the parking adequacy of the site. The applicant indicates that there will be a total of 119 parking provided where 137 spaces are required. The adequacy of the proposed parking should be addressed.

3. The applicant is proposing some additional parking lot striping and curb relocation to accommodate a proposed monuments sign. Details associated with this development are not included on the plans.

4. We defer review of the handicap accessible parking spaces and the barrier free access to the Construction Official.
5. The subject site occupies four existing lots (Lots 18, 19.01, 19.02 & 20). We would recommend that an all-inclusive deed be filed for the site.

Based on the above comments regarding site conditions, parking, vehicle & truck circulation, loading, etc. the Board may wish to consider the requirement for the submittal of a Site Plan application.

Any Zoning Board approval shall be contingent upon approval from all other governmental agencies having jurisdiction including but not limited to the New Jersey Department of Transportation, Gloucester Township Municipal Utilities Authority, Camden County Conservation District, Aqua New Jersey, Inc./New Jersey American Water, etc.

Please contact me if you have any questions or require additional information.

Very truly yours,
Churchill Consulting Engineers

Dept. of Community Development
RE: APPLICATION #182030CDSPW
Dr. MEM, LLC
BLOCK 13102, LOT 18, 19.01, 19.02 and 20
DATE: July 23, 2018

The Applicant requests use variance approval for a proposed “plastic extrusion operation” and “balance of the building may be uses for operation or other permitted uses, may rent space in the future” within the NC – Neighborhood Commercial District. The project is located on the west side of Little Gloucester Road north of Erial Road.

Applicant: Dr. MEM, LLC, 55 Westview road, Wayne, NJ 07470 (telephone #201-681-8888).
Owner: Charles Chang, 55 Westview road, Wayne, NJ 07470 (telephone #201-681-8888).
Engineer: Jay F. Sims, PE, Consulting Engineer Services, 645 Berlin-Cross Keys Road, Suite 1, Sicklerville, NJ 08081 (telephone #856-228-2200).
Planner: Lance B. Landgraf, PP, AICP, 9 S. Harvard Avenue, Ventnor, NJ 08406 (telephone #609-432-9024).

I. INFORMATION SUBMITTED

1. Land Development Application Form and checklist dated 7/02/18.
2. Use Variance Plan, as prepared Consulting Engineer Services comprising one (1) sheet dated 6/06/18.
3. Plan of Survey, as prepared Consulting Engineer Services comprising one (1) sheet dated 12/18/17.

II. ZONING REVIEW

ZONE: NC – Neighborhood Commercial [§415].

1 = Scaled data.
* = Variance required.

Variance Expiration: The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.

III. APPLICATION SUBMISSION CHECKLIST

The application has been reviewed for completeness in accordance with the Township of Gloucester Land Development Ordinance §817, Submission Checklist for Variance requirements.

The Applicant must provide the following omitted checklist items or request a waiver:

1. Floor plans where multiple or more than one use is proposed that have different parking standards [Checklist #42].
2. Proposed signs including the location, size, height and scaled elevations of the front, side, and rear of any side directed or modified including sign lighting details [Checklist #44].

IV. VARIANCE COMMENTS

The Application as submitted requires the following variance from the NC – Neighborhood-Commercial District:

§415.B, Permitted Uses

1. A “plastic extrusion operation” and “balance of the building may be uses for operation or other permitted uses, may rent space in the future” is not a listed permitted use in the NC – Neighborhood Commercial District.
   a. Uses determined as not “inherently beneficial.”
      i. A use variance must meet the statutory “special reasons” standards; the zoning purpose most amplifying the meaning of special reasons is, the promotion of the general welfare (basis Medici v. BPR Co., 107 N.J. 1 (1987)).
         1. The Applicant must identify and provide an analysis of the special reasons of zoning that is applicable to the application.
         2. The Applicant must provide testimony addressing the “enhanced quality of proof and clear specific findings” that the variance sought is not inconsistent with the Master Plan and Zoning ordinance.
         3. Furthermore, “such proofs and findings must satisfactorily reconcile the grant of the use variance with the ordinance’s continued omission of the proposed use from those permitted in the zone.”
NEGATIVE CRITERIA
The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D:70).

Balancing Test (basis Sica v. Board of Adjustment Tp. of Wall, 127 NJ 152, 162 – 166 (1992)).

1. Identify the public interest at stake.
2. Identify the detrimental effects that would result by the grant of a variance.
3. Determine if the detrimental effects may be mitigated by imposing reasonable conditions.
4. Weigh the benefits against the mitigated negative effects to determine if on balance the grant of a variance would cause substantial detriment to the public good.

V. ZONING HISTORY AND MASTER PLAN CLASSIFICATION
The Township’s records indicate the following Land Development Applications applicable to the subject property:

1. Application #79-10-8: Pestrutto’s Bakery – minor subdivision – Planning Board Approval on or about 12/06/79.
2. Application #83-11-2: Littlewood Executive Campus and Medical Center on Block 13102, Lot 19.01 – Planning Board Denial on or about 12/13/83.
3. Application #85-3-6: Pestrutto’s Foods, Inc. – Use variance, minor subdivision and site plan approval of Block 13102, Lot 20 – Zoning Board of Adjustment Approval on or about 5/09/85.
4. Application #86-9-4: Pestrutto’s American Maid Bakery, Inc. – use variance for addition - Zoning Board of Adjustment Approval on or about 10/23/86.
5. Application #SPM-P-86-9-4: Pestrutto’s American Maid Bakery, Inc. site plan for addition - Zoning Board of Adjustment Approval on or about 10/23/86.
6. #87-3-5: Walter E. Klaus: Retail Garden Center on Block 13102, Lot 18 – Planning Board Denial on or about 3/22/88.
7. Application #88-12-4: Pestrutto Foods, Inc. – use variance for addition - Zoning Board of Adjustment Approval on or about 7/27/89.
8. Application #002110D: Dr/MEM, LLC: use variance for Leak Detection Associates, Inc. Zoning Board of Adjustment Approval on or about 12/14/00.
9. Application #012077MSP: Dr, MEM, LLC: Minor Site Plan on Block 13102, Lots 18, 19.01, 19.02 and 20 - Zoning Board of Adjustment Approval on or about 4/11/02.
10. Application #062012D: Hoard Dardashti – use variance on Block 13102, Lots 18 and 19.01 for 100 – 120 unit Senior Living Assisted or Independent – WITHDRAWN.
11. Application #062031D: Robert Guarino – use variance for a Wholesale warehousing and distribution of Food – 24 hours with refrigerated trailers - Zoning Board of Adjustment Denial on or about 5/11/06.
12. The following table provides a history of the zoning districts that are applicable to the property-in-question.

13. The following is a description of the Small Scale Business (B-2) Land Use Classification with the Master Plan, adopted June 29, 1999.

"In contrast to the B-1 category, this land use would be a purely commercial district including both retail and office uses. It is intended for small neighborhood shopping centers, stand alone uses such as pharmacies and convenience stores, individual office buildings, gasoline service stations in appropriate locations and similar commercial uses. A floor area ratio of 0.15 and 0.20 is proposed."

IV. GENERAL REVIEW COMMENTS AND SPECIAL CONCERNS

The Applicant must address the positive criteria including special reasons, standards of zoning, and the negative criteria applicable to the required variance for the following master plan and zoning issues.

1. Master Plan
   a. Consistency of the proposed use with the criteria of the B-1 Mixed Business/Residential land use classification of the master plan.

2. Zoning
   a. Consistency of the proposed use with the NC – Neighborhood Commercial District and character of the built environment.

3. Use Variance
   a. Suitability of the subject property to accommodate the following components of the proposed use:
      i. Use:
         1. The Applicant shall provide a description of the proposed use including but not limited to the following:
            a.) Hours of operation.
            b.) The number and type of vehicles to be stored and/or operated from the location.
            c.) Storage of materials.
            d.) Noise, odors, storage and waste disposal, ventilation, vibration, and other elements of §502, Performance Standards for All Uses.
         2. The Applicant shall provide testimony to address the existing uses and plans, if any, to rent additional floor space.

APPLICATION #182030CDSPW
Dr. MEM, LLC
BLOCK 13102, LOT 18, 19.02, 19.02 and 20
ii. Parking.
   1. The applicant shall address proposed parking for customers and vehicle deliveries for existing and proposed uses.

iii. Turning movements.
   1. The applicant shall address site access and turning movements of delivery vehicles.

iv. Lighting.
   1. The Applicant shall address lighting for the premises.

v. Stormwater Management.
   1. The rear yard of the subject premises is overgrown but a review of Township records indicate a drainage basin exists in the rear yard of Block 13102, Lot 19.02.
      a.) The Applicant should address the condition of the basin, existing stormwater patterns, and proposed rehabilitation of the basin, if required.

vi. The applicant should be required to record a Deed of Consolidation combining Block 13102, Lots 18, 19.01, 19.02 and 20 into one (1) lot as represented in the instant application.

4. Site Plan Waiver:
The Applicant requests a waiver from Site Plan Review as per §801.A(3). The applicable Land Development Ordinance states the following:
   a. "The approving authority may waive the requirement of site plan approval whenever it determines that the proposed development, alteration, repair, or change of use or occupancy does not affect the existing condition of the lot or premises, including: topography; vegetation; drainage; flood plains; marshes and waterways; open space; walkways, means of ingress and egress; utility services; landscaping; structures; signs; lighting and screening devices; and other considerations of site plan review . . ."
   i. Site plan approval is recommended.
      1. Existing site conditions impact several ordinance required performance and design standards, as follows.
         a.) Application #002110D appears to have required removal of asphalt between the front curb and building between the entrance drives for proposed landscaped island.
             i. There is no landscaping in this area.
         b.) Application #012077MSP appears to have required several landscaped island and landscape berm to screen the parking fronting along Little Gloucester Road as per §507. Landscaping.
             i. There is no landscaping in this area.
         c.) There is no lighting for the entrance and exit driveways as per §508. Lighting.
d.) Lighting of parking areas is not provided as per §508.F. Lighting.

e.) Off-Street Loading areas are not provided as per §509. Off Street Loading.

f.) Several sections of the parking area has holes and is in disrepair and should be rehabilitated as per §510, Pavement.

g.) Employee and customer parking areas and traffic circulation patterns for the existing and proposed use are not clearly delineated as per §510.I. Delineation.

h.) The existing trash enclosure comprising a vinyl fence enclosure is nonconforming and three (3) dumpster were observed outside of any enclosure as per §510.L. Refuse/Recyclable Storage Areas.

i.) A large section of the existing sidewalk along the parking area fronting Little Gloucester Road is elevated and damaged in addition to other sections that are spalling, elevated, and disrepair and need to be replaced as per §516. Sidewalks, Curbs, Gutters & Pedestrian Ways.

j.) Handicapped ramps with truncated domes is required for the entrance drives as per §516. Sidewalks, Curbs, Gutters & Pedestrian Ways.

V. LAND DEVELOPMENT ORDINANCE COMMENTS

The Applicant is advised of the following additional requirements of the Land Development Ordinance:

1. A soil removal plan if soil is to be removed from the site for use or sale other than the premises subject to this application as per §801.C, Soil Removal.

2. A grading plan prepared and sealed by licensed professional engineer as per §814, Grading Approval.

3. Affordable housing requirement as per §902, Affordable Housing Fees and Procedures.

4. Before recording final subdivision plats or as condition of final site plan approval or as a condition to the issuance of a zoning permit pursuant to N.J.S.A. 40:50D-65d the furnishing of a performance guarantee, maintenance guarantee, and inspection fees as per §903, Guarantees and Inspections and §904, Certification or Guarantee Required; Estimate of Guarantee.

5. Requirements precedent to construction as per §905, Pre-conditions to Commencement of Construction.

6. Construction of off-tract improvements as per §906, Off-Tract Improvements Recapture.

7. A zoning permit is required prior to the issuance of any construction permits and prior to the issuance of a Certificate of Occupancy by the Construction Official the Applicant must acquire a Certificate of Zoning Conformity from the Zoning Officer as per §1102, Permits, General, §1103, Zoning Permit and §1104, Certificate of Zoning Conformity.

APPLICATION #182030CDSPW
Dr. MEM, LLC
BLOCK 13102, LOT 18, 19.02, 19.02 and 20
VI. RECOMMENDATIONS

1. The Applicant must address the above underlined comments.
2. The Applicant is advised revised plans and support documents would not be accepted by this Department without sufficient escrows for professional services in accordance with the signed escrow agreement.

I have no further comments regarding this application at this time; however, I reserve the right to provide additional comments during the public hearing to advance the planning process.

### Pool Requirements

- Setback from R.O.W.1

- Setback from R.O.W.2

- Setback from property line 1

- Setback from property line 2

Distance from dwelling:

- Distance = measured from edge of water.

- Setback = Measured from edge of pool apron.

### 14. Parking and Loading Requirements:

- Number of parking spaces required: 137
- Number of parking spaces provided: 119

- Number of loading spaces required: 4
- Number of loading spaces provided: 4

### 15. Relief Requested:

- ☐ Check here if zoning variances are required.

- ☐ Check here if exceptions to the application or municipal requirements are requested (N.J.S.A. 40:55D-51).

- ☐ Check here if exceptions to the Residential Site Improvement Standards (RSIS, N.J.A.C. 5:21-3.1) are requested.

- ☐ Check here if waivers from the Residential Site Improvement Standards (RSIS, N.J.A.C. 5:21-3.2) are requested. [Such waivers require application to, and approval of the N.J. Site Improvement Advisory Board].

**NOTE:** If any of above are required, attach hereto separate exhibit(s) for each category of relief sought, stating the factual basis, legal theory, and whether they have been previously granted.

Re: Dr. Mem, LLC
Application No.: 182030CDSPW

I have received your plans for the above mentioned project, upon review of the plans I have submitted the following request prior to operating:

Sprinkler System:

1. Internal inspection of entire system

2. Approval by a certified Fire Protection Engineer deeming the current system is sufficient for the proposed operation, system must be upgrade if not acceptable prior to tenant occupying the space.

Fire Lanes:

1. Fire Lanes to be properly marked in all areas that aren’t proposed parking spots.

If there are any further questions regarding this issue please feel free to contact me at any time.

Respectfully,

Peter J. Urso
Fire Official
Gloucester Twp. Fire District 4
TOWNSHIP OF GLOUCESTER
