IT IS FURTHER RESOLVED, the above relief is subject to the following specific conditions:

1. The Applicant shall work with the Board Professionals to bring the Property's minimum embankment grading to 3:1 as required by ordinance. To the extent the Applicant cannot comply with this condition to the satisfaction of the Board Professionals, the Applicant shall return to the Board for further review.

IT IS FURTHER RESOLVED, the above relief is subject to the following specific conditions:

1. That the Application, all exhibits, testimony, map, and other documents submitted and relied on by the Applicant, are true and accurate representations of the facts relating to the Applicant's request for approval. In the event that it is determined by the Board, on non-arbitrary, non-capricious and reasonable grounds, that the Application, exhibits, testimony, maps, and other documents submitted are not accurate, are materially misleading, or are the result of mistake, and the same had been relied upon by the Board as they bear on facts which were essential in the granting of the relief sought by the Applicant, the Board may review its approval and rehear the Application, if circumstances so require, or where a rehearing is necessary and appropriate in the interests of justice.

2. Upon discovery by the Board of clear and convincing evidence of a materially misleading submission, material misstatement, materially inaccurate information, or a material mistake made by the Applicant, the Board reserves the right to conduct a hearing with the Applicant present, for the purpose of fact-finding regarding the same. Should the facts at said hearing confirm that there had been a material fault in the Application, the Board shall take whatever action it deems appropriate at that time, consistent with the MLUL and case law, including but not limited to a reconsideration of its prior approval, a rehearing, a modification of its prior approval, or such other action as appropriate. In addition, at any time within 45 days after the adoption of this resolution, a party of interest may appeal to the Superior Court for an order vacating or modifying any term or condition as set forth herein.

3. The Applicant shall indemnify and hold the Township harmless from any Claims whatsoever which may be made as a result of any deficiency in the Application, or as to any representations made by the Applicant, including but not limited to proper service and notice upon interested parties made in reliance upon the certified list of property owners and other parties entitled to notice, said list having been provided to the Applicant by the Township pursuant to N.J.S.A. 40:55D-12(c), and publication of the notice of public hearing in this matter in accordance with the law.

4. The relief as granted herein is subject to the discovery of any and all deed restrictions upon the Property which had not been known or had not been disclosed to the Board, but which would have had a materially negative impact upon the Board's decision in this matter had they been so known, or so disclosed.
5. The Applicant must obtain approvals from any and all other governmental and/or public agencies as required, whether federal, state, county or local, over which the Board has no control but which are necessary in order to finalize and/or implement the relief being granted herein, as well as any construction that may be a part of said relief. The Applicant is solely responsible for determining which governmental and/or public agencies, if any, such approvals are required.

6. The Applicant is further required to submit a copy to the Board’s Secretary of all approvals and/or denials received from such outside agencies, with a copy thereof to the Board’s Solicitor, Engineer, and Planner.

7. The Applicant must pay the costs of all professional review and other fees required to act on the Application, pursuant to the applicable sections of the Township’s land development ordinances, zone codes and any other applicable municipal codes, and the MLUL.

8. The Applicant assumes all risks should the Applicant fail to obtain any other construction or other municipal permits required with respect to the relief as granted herein during the statutory appeal period associated with the language of this resolution.

9. The Applicant must obtain any other construction or other municipal permits required with respect to the relief as granted herein.

10. The Applicant shall comply with all of the representations and stipulations as contained in the application and as represented through testimony in support of the application.
