A RESOLUTION OF THE GLOUCESTER TOWNSHIP PLANNING BOARD
MEMORIALIZING MINOR SUBDIVISION APPROVAL WITH WAIVERS
FOR CROSS KEYS MZL, LLC
APPLICATION NO.: 181048 RD

WHEREAS, on January 22, 2019, consideration was given to the application of
Cross Keyz MZL, LLC (hereinafter “Applicant”) for the property located at 509-543 Berlin
Cross Keys Rd, identified on the Tax Map for the Township of Gloucester as Block 18301, Lot
10 (hereinafter “Property”), for minor subdivision approval with waivers in accordance with the
requirements of the Land Development Ordinance of the Township of Gloucester (hereinafter
“LDO”); and

WHEREAS, the Applicant intends to subdivide the existing 36,659 sf Property
into two new residential lots, with no new construction proposed at this time in the New Vision
Business Park Redevelopment Zone (“NVBP”); and

WHEREAS, Mr. Frank V. Tedesco, Esq., appeared on behalf of the Applicant,
and Mr. Clifton W. Quay, PE, PP appeared, was accepted by the Board as an expert witness, and
testified in support of the Application; and

WHEREAS, Mr. Tedesco introduced the Application, identified the location of
the Property, the requested relief, and summarized the proposed minor subdivision; and

WHEREAS, Mr. Quay testified that the Applicant intends to subdivide off a pad
site; that the Property previously contained a Checkers restaurant; that the Property is located in
the NVBP Zone, where there are no bulk standards, but that the Application forwards several
purposes and the intent of the NVBP Redevelopment Zone; that no development or construction
is planned at this time; and that in his professional opinion, there are no wetlands on the
Property; and

WHEREAS, the Board and Board Professionals questioned the Applicant’s
witnesses and discussed several issues relating to the Property, including whether any
environmental issues exist on the Property, as well as aspects of the proposed minor subdivision
map, including the depiction of contour lines and topographical conditions and the proposed
placement of concrete monuments marking the new lot lines; and

WHEREAS, the Applicant requested waivers from providing an NJDEP
Environmental Letter of Interpretation; depicting existing topographical contour lines on the
subdivision map; and using a concrete monument along the Property frontage to define the new
lot line; and

WHEREAS, the Applicant otherwise agreed to all comments and conditions
expressed within Board Engineer Stephen Bach’s January 16, 2019 Review Letter, to the extent
not addressed by the testimony of the Applicant; and
WHEREAS, the Applicant otherwise agreed to all comments and conditions expressed within Board Planner Kenneth Lechner’s January 7, 2019 Review Letter, to the extent not addressed by the testimony of the Applicant; and

WHEREAS, the meeting was opened to the public, and no members of the public appeared to testify; and

WHEREAS, the Planning Board having received reports from professionals and other advisors to the Board including, without limitation, the Zoning Officer, Board Engineer, Board Planner, County Planning Board, Traffic Commander, Fire Marshall, Tax Assessor, Water Department and Municipal Utilities Authorities and having heard testimony from the Board Planner and Board Engineer, makes the following factual findings and conclusions of law in approving the subject application for minor subdivision approval:

1. The Applicant is Cross Keyz MZL, LLC. The Property is located at 509-543 Cross Keys Rd, identified on the Township of Gloucester Tax Map as Block 18301, Lot 10. The Property is located in the NVBP Redevelopment Zone.

2. To the extent required, public notice of the hearing was provided in accordance with the requirements of the Municipal Land Use Law, N.J.S.A. 40A:55D-12.

3. The Applicant proposes a permitted commercial use in the NVBP Zone.

4. Requested Relief: minor subdivision approval with waivers to create two new lots from one existing lot in accordance with the minor subdivision plan submitted with the Application.

5. The Applicant has not requested any variances and no variances are required to grant the Applicant’s requested minor subdivision relief.

6. The Applicant has requested waivers from: providing an NJDEP Environmental Letter of Interpretation; depicting existing topographical contour lines on the subdivision map; and using a concrete monument along the Property frontage to define the new lot line.

7. The Board Planner, Kenneth D. Lechner, PP, AICP, issued a report dated January 7, 2019, incorporated by reference as if set forth fully herein, recommending certain revisions, clarification and/or modifications to the plans with which the Applicant agreed to comply unless otherwise outlined or modified further herein, or to the extent that they had not been addressed through testimony.

8. The Board Engineer, Steven M. Bach, PE, RA, PP, CME of Bach Associates, PC, issued a report dated January 16, 2019, incorporated by reference as if set forth fully herein, recommending certain revisions, clarification and/or modifications to the plans with which the Applicant agreed to comply unless otherwise outlined or
modified further herein, or to the extent that they had not been addressed through testimony.

9. Through the testimony of the Applicant’s expert witness and engineer, Mr. Quay, and other evidence and testimony submitted by the Applicant, the Applicant has demonstrated that the Application furthers the goals and objectives of the New Vision Redevelopment Plan to the satisfaction of the Board because the proposed minor subdivision will result in a lot configuration that is more suitable for a future commercial use thereby: (b) promoting the overall development of the community; (c) fostering physical development that will be most conducive to the social and economic improvement of the Township and region; (d) encouraging the highest and best use of land and property; (e) facilitating the full utilization of land; (f) improving the physical and functional layout of the Property and removing impediments to land use consistent with the Township’s zone plan; (h) strengthening social, economic, and development patterns; and (i) increasing economic opportunities in the Township.

10. With regards to the requested waivers in paragraph 6 above, the Board finds that the Applicant has provided sufficient testimony to justify the waivers, which are reasonable under the circumstances and to which the Board professionals had no objection. Garofalo v. Burlington Tp., 212 N.J. Super. 458 (Law Div. 1985).

11. With regard to the requested minor subdivision approval, through the evidence submitted and testimony presented by the Applicant’s witnesses, professionals, the Board’s professionals, and members of the public, the Board finds and concludes that the proposed minor subdivision complies with all minor subdivision and other standards, specifications, and requirements established by the LDO not addressed by variances and waivers as detailed herein, and that the Property is suitable for the proposed subdivision given the sufficient size of the Property, the permitted uses of the NVBP Zone, and the goals and objectives of the NVBP Redevelopment Plan. See, e.g., Levin v. Livingston Twp., 35 N.J. 500, 510–11 (1961); Pizzo Mantin Group v. Randolph Twp., 261 N.J. Super. 659 (App. Div. 1993), aff’d, as modified, 137 N.J. 216 (1994).

NOW, THEREFORE BE IT RESOLVED, after considering the foregoing facts, the Board further concludes that the Applicant has demonstrated that the Application will not have a deleterious effect upon the neighborhood, and has satisfied the standards necessary for approval and should therefore be approved subject to the specific and standard conditions stated herein and on the record; and

WHEREAS, a motion was duly made by Councilman Hutchinson and duly seconded by Ms. Bradley to APPROVE the Application as set forth above, and a roll call vote on the motion was recorded as follows:

**IT IS FURTHER RESOLVED,** the above relief is subject to the following specific conditions:

1. The Applicant shall comply with all terms, conditions, and recommendations contained within the Board Professionals’ Review Letters as indicated herein.

2. The Applicant shall use a bar with an offset in lieu of a concrete monument to mark the new lot frontage as required by Township Code.

**IT IS FURTHER RESOLVED,** the above relief is subject to the following standard conditions:

1. That the Application, all exhibits, testimony, map, and other documents submitted and relied on by the Applicant, are true and accurate representations of the facts relating to the Applicant’s request for approval. In the event that it is determined by the Board, on non-arbitrary, non-capricious and reasonable grounds, that the Application, exhibits, testimony, maps, and other documents submitted are not accurate, are materially misleading, or are the result of mistake, and the same had been relied upon by the Board as they bear on facts which were essential in the granting of the relief sought by the Applicant, the Board may review its approval and rehear the Application, if circumstances so require, or where a rehearing is necessary and appropriate in the interests of justice.

2. Upon discovery by the Board of clear and convincing evidence of a materially misleading submission, material misstatement, materially inaccurate information, or a material mistake made by the Applicant, the Board reserves the right to conduct a hearing with the Applicant present, for the purpose of fact-finding regarding the same. Should the facts at said hearing confirm that there had been a material fault in the Application, the Board shall take whatever action it deems appropriate at that time, consistent with the MLUL and case law, including but not limited to a reconsideration of its prior approval, a rehearing, a modification of its prior approval, or such other action as appropriate. In addition, at any time within 45 days after the adoption of this resolution, a party of interest may appeal to the Superior Court for an order vacating or modifying any term or condition as set forth herein.

3. The Applicant shall indemnify and hold the Township harmless from any Claims whatsoever which may be made as a result of any deficiency in the Application, or as to
any representations made by the Applicant, including but not limited to proper service and notice upon interested parties made in reliance upon the certified list of property owners and other parties entitled to notice, said list having been provided to the Applicant by the Township pursuant to N.J.S.A. 40:55D-12(c), and publication of the notice of public hearing in this matter in accordance with the law.

4. The relief as granted herein is subject to the discovery of any and all deed restrictions upon the Subject Property which had not been known or had not been disclosed to the Board, but which would have had a materially negative impact upon the Board’s decision in this matter had they been so known, or so disclosed.

5. The Applicant must obtain approvals from any and all other governmental and/or public agencies as required, whether federal, state, county or local, over which the Board has no control but which are necessary in order to finalize and/or implement the relief being granted herein, as well as any construction that may be a part of said relief. The Applicant is solely responsible for determining which governmental and/or public agencies, if any, such approvals are required.

6. The Applicant is further required to submit a copy to the Board’s Secretary of all approvals and/or denials received from such outside agencies, with a copy thereof to the Board’s Solicitor, Engineer, and Planner.

7. The Applicant must pay the costs of all professional review and other fees required to act on the Application, pursuant to the applicable sections of the Township’s land development ordinances, zone codes and any other applicable municipal codes, and the MLUL.

8. The Applicant assumes all risks should the Applicant fail to obtain any other construction or other municipal permits required with respect to the relief as granted herein during the statutory appeal period associated with the language of this resolution.

9. The Applicant must obtain any other construction or other municipal permits required with respect to the relief as granted herein.

10. The Applicant shall comply with all of the representations and stipulations as contained in the application and as represented through testimony in support of the application.

Address: 420 Turnersville Road
Our File No. 19-0117

We were hoping to be placed on the February 26, 2019 agenda. In anticipation of placement on that agenda, we provided notice to the neighbors on February 14, 2019. We also published notice in the newspaper on February 15, 2019. Mr. Lechner has indicated that more time is needed to process and review the application. Therefore, this application will be placed on the March 12th agenda. Mr. Lechner has agreed to announce at the February 26 meeting that this application will be carried to the March 12, 2019 meeting. This will avoid the need to re-notice. Thank you for your cooperation.

Re: NJDEP Freshwater Wetland and Flood Hazard Area Individual Permit Application
    Berlin-Cross Keys Road Improvements Project
    Winslow and Gloucester Townships and Pine Hill and Berlin Boroughs, Camden County, NJ
    Camden County, New Jersey

Dear Interested Party:

This letter is to provide you with legal notice that the Camden County Department of Public Works has submitted a combined permit application to the New Jersey Department of Environmental Protection (NJDEP) – Division of Land Use Regulation for the project referenced above. The proposed improvements will be made along a 3.238 mile-long section of Berlin-Cross Keys Road from a point approximately 500 feet north of North Park Drive to New Brooklyn-Erial Road (CR 706). The goal of the project is to alleviate traffic congestion by providing two new traffic lanes in each direction as well as a center turning lane though the majority of the roadway. Completing the project will provide a new roadway that meets current carrying capacities and design standards maintained by the NJDOT and AASHTO. Additional improvements including new culverts and stormwater management/water quality features will be incorporated into the overall project design. The enclosed documents provide additional details and limits of the project.

The complete permit application package can be reviewed at the Township/Borough Clerk's offices referenced above or by appointment at the NJDEP's Land Use Regulation office at the address listed below. The NJDEP welcomes any comments or information that you may provide concerning the proposed development and project site. Written comments should be submitted within 15 days of receiving this letter. Comments will be accepted until the NJDEP makes a decision on the application. Please submit your written comments along with a copy of this letter to:
