WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on June 27, 2018 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicant, Lance's Tavern is the owner of the land and premises located at 7 Coles Road in the Blackwood section of Gloucester Township, New Jersey, as shown on Block 8301, Lot 7, on the Official Tax Map of the Township of Gloucester, located in an NC Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.
3. All property taxes were paid to date.

4. After being sworn, the applicant produced Steve Bach, a Professional Engineer, who explained the site plan and the reasons to expand the parking lot to 177 spaces and the incorporation of the former gas station. He stated they will be restriping the existing lot, adding landscaping, removing the stone driveway, reconfigure handicap parking, removal of asphalt in certain areas and will do some storm water mitigation and add rive rock trenching. He said the lot is less than 1 acre therefore exempt from storm water management and lighting will not exceed 2’ candles. He explained the reasons for the parking setback, lot coverage and number of parking variances.

Admitted into Evidence were A-1, 2007 Site Plan waiver, A-2, Site Plan, A-3, Drainage improvement, A-4, New drainage plan and A-5, Landscape plan.

The applicant agreed with Mr. Lechner’s letter except for the irrigation waiver. The applicant also agreed with the conditions of Mr. Mellett’s letter and agreed to provide all review requests, contours and letter stripping directing traffic. The applicant also agreed that if the conditions cannot be worked out with Mr. Mellett they must come back to the Board. The applicant also agreed to provide to Mr. Mellett’s a dewatering analysis within footprint of the storm management system. Mr. Bach stated they will irrigate landscape alongside the building. Finally as a condition of approval the applicant agreed to fully bond the project by the end of the year, improve the site in Spring of 2019 and have all improvements completed by June 27, 2019 and will do immediate stripping as per Mr. Mellett’s approval and all of the conditions imposed will go with the property.

5. There were no objections to the application.
UPON MOTION duly made and seconded to grant the applicant a Use variance Preliminary and Final Site Plan, the aforesaid variances and waiver of the irrigation system, the Board voted six (6) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

WHEREAS, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

WHEREAS, the statutory purposes will be advanced by the granting of the relief requested;

NOW THEREFORE BE IT RESOLVED, by the Zoning Board of Adjustment of the Township of Gloucester on this 27th day of June, 2018, the applicant Lance’s Tavern, LLC is hereby granted the aforesaid variances, site plan and waivers for the property located upon Block 8301, Lot 7 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein subject to the applicant complying with all of the aforesaid conditions.

Mr. Costa swears in Mr. Steve Bach (PE), Mr. Anthony DeRosa (surveyor) and Mr. Lance Oberparleitner (owner).
Mr. Bach discusses the existing non-conforming use.
A1- 2007 site plan waiver granted for site improvements
2007 aerial is the same as 2004 for Coles Rd. and Black Horse Pike Lots 5, 6, 7, 8; Lot 5 being the gas station, it is one consolidated lot in the tax map.

- Prelim and final site plan approval

A2 - improvement – site plan
- Restripe lot
- Landscape island
- Remove stone cut through drive
- Add set back along Black Horse Pike
- Re-configure handicap parking
- Removal of asphalt in certain areas

A3 – some drainage improvement

A4 – overall land disturbance is less than 1 acre
- Will do some storm water mitigation and will add river rock trenching along lots 4, 3 & and tie into system along lot 9. They will try to intercept as much water as possible.

A5 – add color rendition of landscaping

- Will match existing lighting as close as possible
- Tractor trailer delivery along Coles Rd. Delivery will be during off peak hours

Requested Variances:
- Use
- Lot coverage 72% (50% allowed)
- Decrease overall lot coverage by 4%
- 2 parking setbacks
- Rear property 10.2

Mr. Lechner’s report:
- Site plan pg. 6
- Waiver of street lights
- #1 comply
- #2 will provide shade trees
- #4 add landscape
- #7 not exceed 2’ candles; illumination – lights will work in an appropriate manner.
- #9 loading area the same
- #11 curbing around island; sidewalks along Coles Rd A1
- 5-point intersection – the 5th leg is where you don’t want to cross; therefore, no sidewalks along Coles Rd.

Mr. Mellett’s letter:
- Will provide all review requests, contours, traffic circle, let striping direct traffic
- 280 occupants = 94 spaces required: Requests 175 spaces

Mr. Mellett asks if the general need for parking is so large? The original parking including handicap was 103 spaces.
Mr. Bach states there is no maximum in the town ordinance. 
Mr. Oberparleitmer states when he visits his restaurant and sees the parking lot full, he is always surprised it's not packed. Everyone drives their own car, so the lot gets full quickly. 
Mr. Mellett states grade details will be reviewed together
- Storm water management effect will be mitigated and has been discussed to alleviate storm water.
- Add areas to help with the storm water.
- They are adding a pipe system but there are unknowns at present.
- If they can’t agree with the storm water system the applicant will come back to the zoning board.

** COA – soil analysis:
- A condition of approval for de-watering/within footprint of the storm water management system. 72-hour de-watering satisfactory to Mr., Mellett.

Mr. Bach .91 acres less than 1 acre overall impervious acre increase = .1 acre going back to 2004.
Mr. Mellett discusses irrigation.
Mr. Bach states they will irrigate landscape adjacent to the building. No additional irrigation but will bond.

** waiver for irrigation

Mr. Lechner asks why they can't irrigate along the Black Horse Pike. 
Mr. Bach states they would have to dig up the new pavement.

Mr. Bucceroni states the county and state want to take away that 5-point intersection and redo it. They will do away with that island eventually.

Mr. Oberparleitmer states everyone want to drive separately and he has 25 to 30 employees that have to park too.

Mr. Bach:
- Use and C2 variance
- Positive and negative criteria
- Why appropriate and special reasons
Mr. Oberparleitmer states the changes were necessary in the parking lot was awkward and people were cutting through the parking lot.
Mr. Lechner states if the board approves this application it should approve it with a schedule.
Mr. Bach suggests allowing the site plan with islands that are illustrated; with bonding the bonding done by the end of the year, Islands will be built in the spring of 2019.
*Request completion date in one year: June 27, 2019.
Mr. Lechnor asks why the project couldn’t be done by the Fall of 2018. 
Mr. Bach states he doesn’t believe they’ll get all the approvals and bonds by 
the Fall of 2018 or the Winter. They need County and State approvals. 
Mr. Lechnor asks if the approvals would transfer to a new owner. 
Mr. Costa states any conditions follow a subsequent owner. 
Mr. Bach states the applicant will disclose this approval. 
Vice Chairman Simiriglio discusses irrigation waiver: states he understands the 
difficulty in reaching these areas and has confidence in the applicant. In the 
past Mr. Oberparleitmer has done a nice job and has a plan in place to 
maintain it. 
Mr. Mellett suggests drought tolerant plantings.

Variance:
- Use
- Prelim Final Site
- Add parking spaces

Variance Expiration: The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.
II. VARIANCE COMMENTS

The application requires the following variance from the Land Development Ordinance based on scaled data from the sketch (survey) provided by the Applicant.

§425.C(3), Fences

1. To install a six (6) foot high vinyl fence approximately two (2) feet from the property line along Price Avenue (15 ft. minimum required).

POSITIVE CRITERIA ("C1" and "C2" variances)

3. The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested setback variance:

a. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

b. Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

NEGATIVE CRITERIA

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

III. NOTICE REQUIREMENTS

The applicant must notice for the following variance:

From Section 425.C(3) to construct six (6) foot high vinyl fence approximately two (2) feet from the front property line along Price Avenue (15 ft. minimum required).

IV. RECOMMENDATIONS

I have no further comments regarding this application at this time; however, reserve the right to provide additional comments during the public hearing to advance the planning process.

[Handwritten note: This is a new house/property given variance to build. Sadly there is little room for fencing on side of house - should only be in rear. This would be the negative issue with this new house (caveat).]
