Township of Gloucester  
Zoning Board of Adjustment  
Wednesday, October 9, 2019  
7:00 P.M.

Agenda

Salute to the Flag
Commencement Statement

General Rules
  Meeting will start at 7:00 P.M.
  No applications will be heard after 09:30 P.M.
  All persons testifying before the board must be sworn in.
  The Board Chairperson reserves the right to hear applications in any order.

MINUTES FOR ADOPTION

Zoning Board Minutes - Wednesday, September 11, 2019

General Correspondence

Correction of Resolution for McDonalds

#192032CDM
McDonald’s USA, LLC

Bulk C & Use D Variance Minor Site Plan
Block: 20101 Lot: 9

1. The Resolution does not make mention of the digital nature aspect of the ODMB’s (but the meeting minutes acknowledge that a Variance will be needed)
2. The Resolution references incidental sign up to 4.54 SF but the request was for 4.6 (and the meeting minutes state that).

Meeting Adjourned
Chairman McMullin called the meeting to order. Mr. Lechner read the commencement statement.

Roll Call:

Vice Chairman Simiriglia Present
Mr. Bucceroni Present
Mr. Scarduzio Present
Mrs. Chiumento Present
Mr. Rosati Absent
Mr. Acevedo Absent
Mr. Rosetti Present
Mr. Treger Absent
Mrs. Kelly Absent
Chairman McMullin Present

Chairman McMullin had the professionals sworn in:
Also, Present: Mr. Anthony Costa, Zoning Board Solicitor
Mr. James Mellett, P.E., Churchill Engineering
Mr. Ken Lechner, Township Planner

MINUTES FOR ADOPTION

Zoning Board Minutes – Wednesday, August 14, 2019

A motion to approve the above-mentioned minutes was made by Mr. Scarduzio and seconded by Mr. Rosetti.
Roll Call:

Vice Chairman Simiriglia  Yes
Mr. Scarduzio  Yes
Mr. Rosetti  Yes
Chairman McMullin  Yes

Minutes Approved.

APPLICATIONS FOR REVIEW

Vice Chairman recused himself for the following application.
#192036C
Hellenic Holding International, LLC
Zoned: R3
Bulk C Variance
Block: 10401 Lot: 2
Location: 260 Cedar Ave., Blackwood
Covered Porch & Roof 5’ x 6’4” w/ 18” F Setback

Mr. Costa swears in Mr. John Kearny ESQ.
Mr. Kearny states the porch will be 6’ to 8’ from the building line. The front door will be brought out to the front building line. It is within the front setback for the front yard. The masonry steps will be up to the front building line. Lot coverage will go up to 43% where 40% is allowed. The new steps will be code compliant.
Chairman McMullin asks where the new planter will be located as it looks large on the plan.
Mr. Kearny states it will be hanging off the front of the building to “spice up” the front.

Mr. Rosetti Yes
Chairman McMullin Yes

Application Approved.
#192033C  Bulk C Variance
Rosemary Watkins  Block: 11901 Lot: 15
Zoned: R3  Location: 199 Indiana Ave.  Blackwood
8' x 16' covered deck with 9'x 16' roof w/21' F setback

Mr. Costa swears in Ms. Rosemary Watkins, Mr. Thomas Watkins & Anthony Dellapia.
Ms. Watkins states: the structure is exactly 30
- A front wooden deck with an overhang 8’ x 16’,
- Cantilever with a 21’ setback,
- Gutters will be on the roof

Mrs. Chiumento  Yes
Mr. Rosetti  Yes
Chairman McMullin  Yes

Application Approved.

#192034D  Use D Variance
Donald Taggert  Block: 14702 Lot: 29
Zoned: R3  Location: 13 Marcia Ct., Erial
Home Landscaping Business
Mr. Costa swears in Mr. Addison Bradley, Mr. Donald Taggart and Ms. Tiffany Morrison.

Mr. Taggart states He has been at this location for 24 years and keeps his equipment there.
- He cuts the back (town property) so the prisoners didn’t have to be used in the 1990’s.
- He plows snow for the block and keeps the neighborhood looking good.
- He has cleaned up his firewood on the township property,
- The business has 9 employees who park in front of his home in 4 cars
- 6 trucks are in the back of his home: dump trucks that are neatly parked,
- Hours of operation: 7am to 5pm depending on the weather.

Ms. Morrison (planner):
- Landscaping business in a residential district.
- D3 vs. R3 Major home occupation is permitted.

Major home occupation is not entirely indoors, more than 3 people are not residents, parking not within the ordinance.
- The site can function w/in the neighborhood and on the property,
- Cannot see the equipment in the rear,
- 4 cars are not substantial for a typical home being used as a residential dwelling,
- It is a good opportunity for the community.
- Mr. Taggart had been encroaching on the township property but has removed it,
- The business doesn’t change the character of the neighborhood,
- Well maintained property,
- Appropriate lot size,

Is not a substantial detriment to the public good and Mr. Taggart does a lot for the community.
A D1 variance is not as strict as a D3 conditional use.

Mr. Lechner disagrees with Ms. Morrison and states this is a D3 variance. It’s a D1 variance which is not permitted in the zone. A use variance goes with the land not just the owner. So, every owner will be able to use the variance.

Mr. Lechner’s report requested: description of buildings, vehicles, equipment, storage of stone that was moved. The noise associated with the use, parking for the employees and trips by the employees, site layout; any buffer or screening.
Ms. Morrison states the use has existed 24 years with no screening, motion lights on the side of the house, loading or unloading, no material delivered to the site. Mr. Lechner states there is only vehicles and equipment on the property. Mr. Taggert states “yes”.
Mr. Lechner asks if he stores mulch.
Mr. Taggert states “no, he buys as he needs it.”
Mr. Costa states if the use is approved, the use will end with him.
Ms. Morrison states the applicant is agreeable to that.
Mr. Lechner states the applicant has no lawn, it’s all business use. The property complies for a residential use not a commercial use. 3 acres is normally needed with this use. They have to decide what kind of variance this is.

Mr. Bucceroni asks if there is law that states I can’t stone my whole property.
Mr. Lechner states “no”.

Mr. Mellett states in the use variance 16 parking spaces are required. The concern is that this size property won’t be able to handle this many vehicles and equipment. There is a concern with the encroachment being addressed. Storm water issue: stone on the whole property causes runoff vs. if there was still grass on the property. Where does the runoff go? Other properties? Or the woods? A use variance does go with the land but if it stays just you (the applicant) it is less of a concern. Mr. Mellett disagrees the front gives the impression of a residence. The gravel all the way to the adjacent neighbor should be addressed.

Vice Chairman Simiriglia asks what type of vehicles Mr. Taggert has on the property.
Mr. Taggert states small dumps: F350, F550’s w/trailers.
Vice Chairman Simiriglia asks if uses the garage for storage?
Mr. Taggert states: some not all.
Vice Chairman Simiriglia asks if most of his equipment is parked outside?
Mr. Taggert states “yes”
Chairman McMullin asks how long Mr. Taggert has been working out of this location.
Mr. Taggert states since 1995.
Mr. Bucceroni asks if the employee’s cars could be put in the back.
Mr. Taggert states: “yes, I can pull the trucks out and pull the cars in the back.”
Mr. Mellett asks if there is a basement in the home, he is worried about water getting in homes because of the trucks being moved back and forth next to the homes.
Mr. Taggert states he has never had water in his home.
Mr. Lechner asks if Mr. Taggert received a violations letter.
Mr. Taggert states “yes”.

PUBLIC PORTION:

Mr. Mark Narone: Marcia Ct (40 yrs.)
- Mr. Taggert employs men that may not have a chance elsewhere,
- His trucks go by once in the morning and once in the afternoon,
- Moving him may be detrimental.

Mary Ann Grandrimo: 13 Marcia Ct.
- She lives next door and has no problem with Mr. Taggert,
- She agreed to the gravel strip in-between the homes.
- She states he can use her driveway for his employee parking if necessary.

Mr. Bucceroni asks if her bedroom is in the back.
Mary Ann Grandrimo states she can’t see in the backyard.

Trevor Garden: 6 Marcia Ct.
- New resident to the neighborhood,
- He didn’t even know the business was even there until someone told him,
- He’s been looking for a landscaper and will probably give Mr. Taggert a call.

Joe DeRosa: 1 Marcia Ct.
- Mr. Taggert is the greatest guy,
- Plows out our street and digs me out in the winter,
- He is devastated this happened to Mr. Taggert,
- Across the street from him a home has been for sale for a year and Mr. Taggert cuts the lawn.

Lisa Ponit: 7 Marcia Ct. (34yrs)
- Mr. Taggert helped her with her Mom and Dad,
- His business is very quiet, you wouldn’t even know he was there.

Judy Luitt: (34yrs)
- Great neighbor,
- Wouldn’t know he was there,
- She supports him.

Ann Letterer: 21 Marcia Ct. (46yrs)
- She passes by his home every morning and never knew there was a business there,
- Mr. Taggart takes care of all of us.

Frank DeMarco: 16 Marcia Ct.
- No problem with the business,
- Has no problems with the drivers (employees),
- Cars in the court with the company turn around with no problems. They all seem to be very professional.

Vice Chairman Simiriglia states: it seems the whole application is a testimony to the applicant. As long as Mr. Taggart stays there, we have no problems.

Conditions: use goes away w/Mr. Taggart if he sells his property, the applicant will submit a vehicle list, waiver of the site plan.

A motion to approve the above-mentioned application with above conditions, was made by Mrs. Chiumento and seconded by Mr. Rosetti.

Roll Call:

Vice Chairman Simiriglia Yes
Mr. Bucceroni Yes
Mr. Scarduzio Yes
Mrs. Chiumento Yes
Mr. Rosetti Yes
Chairman McMullin Yes

Application Approved.

#192031CD
Ville, Ill
Zoned: R1
Bulk C & Use Variance
Block: 186601 Lot: 7,8, (8Q Farm) & 9
Location: 1401 Sicklerville Rd., Sicklerville
230 Townhomes

Mr. Costa swears in: Mr. Steve Bach (PE, Planner, Architect),
Mr. Dave Shropshire (traffic engineer), Mr. Harvey Sternberg (owner).

Mr. Mintz (ESQ): overview of application:
- Ville 3 notices and advertisements have been given to the board. The matter
  is a use variance for a relatively small area with density.
Mr. Sternberg states: he has never had a neighborhood come out in support of
him. He has been working in Gloucester Township for many years with large scale
projects. The Village of Cross Keys was his project. People were worried about
crime, traffic signals etc. He tries to be respectful of the neighbors. The finishing
improvements are now done on Cross Keys.

In this application the number of 230 townhouses is a maximum, he’s not sure
that will fit. The farm house on the property was removed because it had become
dangerous. The concerns of the neighbors are understood and he will minimize
the impact.
Mr. Mintz: The density on 34 acres of 6.7 units to an acre. This is the nature of bulk standards. The applicant will come back for subdivision with standards. Mr. Costa states it is not this boards job to pick the standard it is your job. Mr. Mintz states he just means the design. Mr. Bach states the size of the lot, setbacks, building coverage and impervious coverage. Mr. Costa states this board can only grant a C variance with a certain number of townhomes. Mr. Mintz discusses bulk standards. Mr. Bach asks if they are allowed to ask for bulk standards. Mr. Costa states: “no.”

Mr. Steve Bach (PE, Planner, Architect):
- The property is across from Ann Mullen middle school,
- Mulberry Station is to the east – R3 zone,
A1- zoning exhibit of the property
  - Cobblestone development is across the street – R3
  - A USE variance is being sought to allow townhomes in a R1 zone.
  - Village of Cross Keys is on the other side of Mulberry Station.
A2- Aerial of the developed area.
  - Currently farm area, pretty much a blank slate,
  - Backs to the expressway,
  - Wetlands in SW corner and along the eastern property line along Mulberry Station,
  - A 50’ buffer is assumed
A3 – conceptual subdivision:
  - Townhomes 4 – 7 units in a link,
  - Perimeter landscaping into the wetlands,
  - Granite curbs, ornamental street lights, sidewalks, 24% open space and a village green,
  - Existing traffic light will be upgraded with center turn lanes. The upgrade will be on both sides including the school side.
A4 – townhome lots (SCR zone):
  - 2000 sq. ft. depending on the building lot,
  - Depth 100’, 20’ x 100’ building lot,
  - 25’ wide evergreen buffers that will be deed restricted & maintained in perpetuity,
- Expressway & storm water buffering,
- Secondary exit
- Cart way width 50' right of way, paved curb to curb will be wider, willing to go up to 60' right of way & circulation for comfort.
- Aesthetics, cognoscente of athletic fields,
- 35’ buffer along frontage road in front of the then developed townhomes.
A5 – Straus model townhome
A6 – Odessa model townhome
A7 – Mozart model townhome
A8 – Beethoven model townhome
- Different frontage coverings and elevations, brick, siding, stucco
A9 – Parking exhibit on street parking,
- Prohibit at intersections and between signs,
- 700 parking spaces,
- 460 on lot (driveway + garage),
- Garbage cans must be kept in the garage

Mr. Bucceroni states: parking for 2 ½ cars you will end up with people’s cars sticking out onto the sidewalks. Code enforcement gets calls on this all the time.

Mr. Sternberg states there are covenants in HOA’s who are disrespectful to neighbors. They don’t’ control the HOA and it is incumbent to the tot enforce the HOA rules. NJ state has the strictest standards to regards of HOA’s. It is a management and good neighbor issue.

Mr. Mellett states: You can’t enforce parking problems in the future. But the design we do now will help with parking.

Mr. Bach states there will be 20’ wide driveways.

Chairman McMullin: Storing things in the garage is good and the double wide drive helps.

Mr. Bach states: discusses a double wide cart way. Design choice along frontage road and along the basin with all off street parking will give you 148 extra spaces. Over and above the 2.4 required for townhomes.
Vice Chairman Simiriglia states: Except in the center road where you don’t have that opportunity. Removing some homes to put in more parking. Residents aren’t going to park a street over. There has to be a way to make more parking for each unit.

Mr. Bach states: This can be worked out with the professionals. We can provide what is needed and another 148. It can be redone and modified.

Vice Chairman Simiriglia states: counting garage as a parking space isn’t always feasible. Residents don’t always use the garage as parking, they use it as storage.

Mr. Sternberg states he will call the state and see if they can fine residents that park across the sidewalk.

Vice Chairman Simiriglia states the decision on use and density may not be agreeable to what the applicant is asking. The density may not be the same as this plan.

Mr. Mintz states it is the concept of maximum density and the applicant hears the board on parking issues.

Mr. Bach states: Guest parking .5 units can be on the street. On street parking is convenient; 115 extra parking spaces even if no one uses their garage.

Mr. Mellett states the convenience and practicality are the issue because the garage is not being utilized. People will park where they feel they want to park. So, in the driveway is the most convenient.

Chairman McMullin states we should be able to do better than this.

Mr. Bach discusses parking convenience and RSIS.

Vice Chairman Simiriglia states the distribution of parking is important.

Mr. Costa states the board should be deciding whether townhomes are permitted where single homes are zoned.
Mr. Mintz states: we need a starting point and this is a concept up to 230 townhomes.
Mr. Costa states the board is deciding on USE only tonight in a R1 zone.

Vice Chairman Simiriglia states we know you need a number.

Mr. Lechner states he agrees with Mr. Costa. RSIS is explained and they apply.

Mr. Bach states parking can be made condition.

Mr. Lechner states the site conditions have to be more concrete and the board has to be more complete.

Mr. Mintz states they will exceed the RSIS for the board.

Vice Chairman Simiriglia states: RSIS is there as a whole but there can still be pockets with bad parking.

Mr. Costa states if the board was to agree to 6.7 townhomes how would we agree on a final number and variances.

Mr. Bach states: “up to 6.7” density with everything being considered.

Mr. Costa states there is a lot of discussion about parking but not density.

Mr. Bucceroni states that in his dealings with Villages of Cross Keys, complaints are handled by the HOA. The developer does stand by his projects.

Mr. Bach states the sound testing was performed from the expressway to the HUD guidelines. There are no soil concerns, testing for historic pesticides was done, there are no rare or endangered species. *Variances D1 Use in R1 density variance.
Prior to 1993 this property was a R3 zone (3 units per acre). It was rezoned in 1999 to R1 zone (1 unit per acre).
A1- zoning exhibit: this property is an in fill with development all around it.

Mr. Shropshire (traffic engineer):
Why Use variance is appropriate:
- Density and applicability of SCR zone,
- More flexible land use as the township fills out its single-family housing demand, which has declined,
- This property has failed to develop since 1991 zoning plan. Adaptive use will continue to be important,
- 2015 re-examination of the master plan
Mr. Mintz states the commercial use is close to the development which is constrained by the expressway and 50% wetlands. Mr. Steinberg installed another water pipe and upgraded the sewage.

Mr. Shropshire (traffic engineer):
- Trip generator 106 in AM and 129 in the PM,
- Day schools or churches could exceed the townhome trips,
- No detriment to the public good from the traffic density,
- Traffic flow and congestion especially in the morning is difficult due to lack of turning lanes.
- The applicant will install left run lanes with this project,
- All traffic will be vetted out with professionals,
- Confident traffic signals will help traffic congestion in the area,
- On site parking has been discussed,
- Parking shown with maximum and can be narrowed down, there is some flexibility there.

Mr. Mellett:
1. Discussed width of cart way and applicant will widen to park on the street. They don’t want the streets to become raceways. Our concern is with density.
2. Intersections have a narrow throat. The concern is intersections will have conflicts. Layout and density needed.

Mr. Shropshire states there will be 2 outbound lanes, 3 way stops, so there may not be a queuing issue.

PUBLIC PORTION:

Lorraine DeMartinez: 53 Huckleberry
- Give us a chance for rebuttal, my husband was the force behind the public but he had to leave for work.
Cathy Gourke: 3 Huckleberry
- Rather have single family homes,
- Getting out at rush hour is impossible,
- Going right to turn into Cobblestone development so they can make a left onto Sicklerville road from the other side of the street,
- The light in front of Mullen school is the problem,
- She has lived here for 29 ½ years,
- There is a double wide street at the beginning of Mulberry Station entrance,
- In the rush hour it takes 20 minutes to get to the Black Horse Pike,
- Rather have single family homes not townhouses.

Denise Coyne: 1060 Chews Landing Rd.
- Heard Mr. Bach speak about the master plan,
- Traffic in the community is insane,
- 9000 cars on Chews Landing Rd a day,
- Traffic affects neighboring communities,
- Developer doesn’t show how it affects the whole town,
- 1500 units proposed without this one,
- High density will sandwich Mulberry Station with two high density developments,
- Quality of life declines with over development.

Sam Garro: Bluestone Circle in Cobblestone development
- It takes a half hour to get to Rt. 42,
- This development will add to the stress,
- Coming home is just as bad as leaving in the morning,
- Sicklerville road is already too busy,
- Is there going to be traffic lights every 200 feet,
- 15 years He has been here and he can’t wait to leave Sicklerville.

Barbara Fleigel: Huckleberry
- Gloucester township is supposed to be a great place to live, work and play,
- 1999 master plan was reviewed in 2015 but with a variety of properties,
- This is the last parcel in the area, what’s wrong with that?
- She feels they will lose the equity they have put into their homes,
- It takes 10 minutes to get out of Huckleberry,
- I see a lot of "ifs" here, maybe a more complete development plan is needed,
- In the Villages they can't park on the street because they are too close together.
- What happens in 5 years if these townhomes don't sell?

Mr. Bucceroni states discusses Brittany Woods and Farmer loans. These homes will be totally different. They are getting 280,000 for the homes in the Villages. McMansions are not selling and are no longer popular.
Ms. Fliegel states a future for people who already invested in the community needs to be heard.
Vice Chairman Simiriglia states the county has missed the boat and hasn't touched that road (Sicklerville) in 50 years. The road is deplorable and has to be updated to meet the new needs of the community.

Robin Mann: 51 Huckleberry
- Alternative housing with a ¼ acre lot could be considered,
- Starter homes are a suggestion,
- She is a daughter of a builder and believes the lots should be made into ¼ acre lots,
- Her father built a sewer plant for his development too,
- Children at Mullen dashing across the street to this development is a concern,
- Mass shootings because of density,
- The denser we get the more dangerous the situation,
- Water and flood worries,
- Flood zone at the base of her property,
- 50' easement flooding issue still

Leslie Ditullio: 13 Graypebble
- 1st issue is that the applicant bought the property knowing it was a R1 zone,
- Agree with others that the development is not feasible,
- She feels very sorry for the residents in Mulberry Station and believes the lights are not helping the traffic situation,
- Orientation of the Villages is different,
- Multiple accidents on Cross Keys Rd. now without this additional traffic,
- High density w/500 additional people driving,
- Doesn't feel it's fair to them to add this much density,
- Cobblestone was a huge development,
- Schools don’t have room now and are short on lockers,
- Don’t think townhomes are appropriate,
- Prefers senior housing because that wouldn’t add a burden to the schools,
- More police, fire and school costs,
- There is no logical reason to build the townhomes,
- She would move right over to senior homes,
- House and tree will block the whole expressway?
- Don’t need 230 townhomes,
- I can’t sell my house now; I have 9 foreclosures on my block and one of them it’s the second time.

Mr. Costa states the applicant isn’t a villain. NJ allows anyone to come before the zoning board and then the board decides whether or not to grant the requested relief. Property values can not be taken into consideration unless it is expert testimony.

Mark DeVine: Gray Pebble Ct.
- Believes the traffic numbers are skewed,
- 230 units will have more then one person living in them,
- 3 bedrooms will have a husband, wife and children with 3 cars eventually, as children grow. 3 cars with 230 townhomes is 690 vehicles.
- Doesn’t believe a berm will be sufficient for noise,
- Traffic on the expressway can still be heard by Mullen school across the street,
- No one is disputing the developer is a nice person,
- All those units will bring a ridiculous amount of traffic,
- He hopes the zoning board denies the application.

Mr. Bucceroni states whenever a developer comes into town to build the neighbors are worried about traffic and a mass exodus form the area. Valleybrook development is much larger and he sees only 2 or 3 cars exiting at a time.
Mr. Devine asks about the turn lane on Sicklerville road.
Mr. Bucceroni states yes there will be a turn lane with an arrow.
Mr. Devine states he thinks arrows on a 2-lane road (as if it were a 4-lane road) is a bad idea.

Cindy Bednazik: 10 Goodall Drive
- She feels Sicklerville road is full enough,
- More of the same being built all over
- The county road should be widened but they can't,
Vice Chairman Simiriglio states the county could purchase the land they need to widen the road and they have not done so.

Mr. Chauhan: Sicklerville Rd.
- Feels the deer are being squeezed out of the area,
- Increased traffic flow,

Doug Fleigel: 55 Huckleberry
- Has lived here 25 years,
- Sicklerville road has always been a problem even when he was young,
- Now there are 6 lights between Cross Keys Rd. and the Black Horse Pike; that is only a 3.6-mile stretch,
- Sicklerville road is a bus route
- People use Sicklerville road as a cut through to the Expressway,
- He has no problem with the builder but we don't need more cars,
- Why not build senior housing,
- Worried about opening the road up to 4 lanes,
- There is stopped traffic all the time up and down Sicklerville Road,

5 Minute Break:

Terry Fretz: Blackwood

- The builder knew full well what he was getting into and what the land was zoned,
- Chews Landing road zoning change with apartments,
- When do you (the board) get to say no to these requests?
- We are supposed to take in consideration property values,
- Do we really need another high-density development and continues to name multiple other high-density developments in Gloucester Township.
- No one wants to look at the back of townhomes,
- The comparison to Valley brook isn’t valid because they have 3 exits and one is on Coles Rd.
- Both of the exits on the development come out on to Sicklerville road and there are only 2.
- Schools are a priority and there are 100 preschoolers but that could go to 1000.

Mr. Bucceroni states you live in high density is there a place you can’t get out? Terry Fretz states “yes” onto Coles Rd.
Mr. Bucceroni states those cars come out staggered.
Terry Fretz states we can’t consider this on that but you can consider property value.

Mark DeVine:

- Everyone doesn’t come in or out at the same time but it still backs up.

Denise Coyne:

- Neighborhoods.com price trending Village of Cross Keys:
- $227,000 selling in 78 days in 2018
- $210,000 selling in 92 days in 2019

Mary DeLaurentis: 48 Huckleberry

- People have said it's a "done deal"

Mr. Bucceroni states that it will only be highest density if they put in 6.7 houses, maybe 4 or 5 per acre will work.
Mary DeLaurentis states they will still be totally boxed in.

Mr. Mintz states Mr. Sternberg realizes the concern with density.

Mr. Sternberg states in consideration to the neighbors he will withdraw the density but keep the townhouse use part of the application. It is a process and will expand on the townhomes specifics and come back with a preliminary (only).
No density is included now.

A motion to approve the "use only" townhomes with no density in the above-mentioned application was made by Mr. Bucceroni and seconded by Mr. Scarduzio.

Roll Call:

Vice Chairman Simiriglia  Yes
Mr. Bucceroni  Yes
Mr. Scarduzio  Yes
Mrs. Chiumento  Yes
Mr. Rosetti  Yes
Chairman McMullin  Yes

Application for Use, no density Approved.

A motion to Adjourn was made by Mr. Bucceroni and seconded by Mr. Scarduzio.

Respectfully Submitted, Jean Gomez, Recording Secretary.
RESOLUTION OF FINDINGS AND CONCLUSION

BOARD OF ADJUSTMENT
TOWNSHIP OF GLOUCESTER

APPLICATION # 192033C
Rosemary Watkins
Block 11901, Lot 15

WHEREAS, Rosemary Watkins is the owner of the land and premises located at 199 Indiana Avenue in the Blackwood section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a variance to permit a front porch 8’ x 16’ with a covered roof 9’ x 16’ with a front yard setback of 21’ instead of the required 30’ for the property located upon Block 11901, Lot 15, as shown on the Official Map of the Township of Gloucester, located in a R-3 Zone, said application being pro se; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on September 11, 2019 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicant Rosemary Watkins is the owner of the land and premises located at 199 Indiana Avenue in the Blackwood section of Gloucester Township, New Jersey, as shown on Block 11901, Lot 15, on the Official Tax Map of the Township of Gloucester, located in an R-3 Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.
4. After being sworn, the applicant testified she is following the existing contour and the porch is 8' x 16' with a 1' overhang.

5. There were no objections to the application.

UPON MOTION duly made and seconded to grant the applicant the aforesaid variance to construct a roof covered porch with a setback of 21' the Board voted five (5) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

WHEREAS, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

WHEREAS, the statutory purposes will be advanced by the granting of the relief requested;

NOW THEREFORE BE IT RESOLVED, by the Zoning Board of Adjustment of the Township of Gloucester on this 11th day of September, 2019, the applicant Rosemary Watkins is hereby granted the aforesaid variance for the property located upon Block 11901, Lot 15 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein.

RESOLUTION OF FINDINGS AND CONCLUSION

BOARD OF ADJUSTMENT

TOWNSHIP OF GLOUCESTER

APPLICATION # 192034D
Donald Taggert
Block 14702, Lot 29

WHEREAS, Donald Taggert is the owner of the land and premises located at 11 Marcia Court in the Erial section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a variance to permit a landscaping business in a R-3 Zone said business is not permitted for the property located upon Block 14702, Lot 29, as shown on the Official Map of the Township of Gloucester, located in a R-3 Zone, said application being Pro Se.; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on September 11, 2019 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicant Donald Taggert is the owner of the land and premises located at 11 Marcia Court in the Erial section of Gloucester Township, New Jersey, as shown on Block 14702, Lot 29, on the Official Tax Map of the Township of Gloucester, located in an R-3 Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.

4. After being sworn, the applicant testified he has been operating his business there for 24 years without any complaints. He has 9 employees who park on the street and 6 trucks
parked in his yard out of view. His hours of operation are 7A.M to 5 P.M. except for plowing snow.

Tiffany Morrissey, a Professional Planner, testified on behalf of the applicant. She stated the business has been there for 24 years and is not visible from the street and there is only one resident living in the home. A one family home would have 2 to 4 vehicles parked there and she did not see any detriment to the parking of business vehicles. She testified the site is particularly suited for this use, the applicant serves the neighborhood by plowing the area for the neighbors and there is no substantial negative impact since this operation does not change the character of the area.

The applicant agreed as a condition of approval that this Use variance would not run with the land and would cease upon the applicant selling the property or closing his business. He also agreed as a condition of approval to submit a list of vehicles to Mr. Lechner.

5. There were no objections to the application and about 8 resident spoke in favor of the application.

**UPON MOTION** duly made and seconded to grant the applicant the aforesaid Use variance and Site Plan waiver to operate a landscaping business in a R-3 Zone, the Board voted six (6) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

**WHEREAS,** the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and
WHEREAS, the statutory purposes will be advanced by the granting of the relief requested;

NOW THEREFORE BE IT RESOLVED, by the Zoning Board of Adjustment of the Township of Gloucester on this 11th day of September, 2019, the applicant Donald Taggart is hereby granted the aforesaid Use Variance and Site Plan Waiver for the property located upon Block 14702, Lot 29 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein and the applicant complying with the 2 conditions he has agreed to.

BOARD OF ADJUSTMENT

TOWNSHIP OF GLOUCESTER

APPLICATION # 192036C
Helenic Holdings, International, LLC
Block 10401, Lot 2

WHEREAS, Helenic Holdings International is the owner of the land and premises located at 260 Cedar Avenue in the Blackwood section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a variance to permit a covered porch and roof with concrete landing and sidewalk with a front yard setback of 18’ instead of the required 30’ and lot coverage of 43% instead of the required 40% for the property located upon Block 10401, Lot 2, as shown on the Official Map of the Township of Gloucester, located in a R-3 Zone, said application being represented by John Kearney, Esq.; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on September 11, 2019 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicant Helenic Holdings International is the owner of the land and premises located at 260 Cedar Avenue in the Blackwood section of Gloucester Township, New Jersey, as shown on Block 10401, Lot 2, on the Official Tax Map of the Township of Gloucester, located in an R-3 Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.
3. All property taxes were paid to date.

4. After being sworn, the applicant testified they are renovating the property and replacing the concrete steps with a wooden porch and roof which will be even with the existing front building line which is 18' existing.

5. There were no objections to the application.

**UPON MOTION** duly made and seconded to grant the applicant the aforesaid variance to construct a roof covered porch with a setback of 18' and lot coverage of 43%, the Board voted five (5) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

**WHEREAS**, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

RESOLUTION OF FINDINGS AND CONCLUSION

BOARD OF ADJUSTMENT

TOWNSHIP OF GLOUCESTER

APPLICATION # 192031D
Ville III, LLC
Block 18601, Lots 7, 8 and 9

WHEREAS, Ville III is the owner of the land and premises located on Sicklerville Road in the Sicklerville section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a Use variance to permit 230 townhouses with a density of 6.634 du/ac and bulk variances and Major subdivision in a R-1 Zone said townhouses are not permitted for the property located upon Block 18601, Lots 7, 8 and 9, as shown on the Official Map of the Township of Gloucester, located in a R-1 Zone, said application being represented by Robert Mintz, Esq.; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on September 11, 2019 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicant Ville III is the owner of the land and premises located on Sicklerville Road in the Sicklerville section of Gloucester Township, New Jersey, as shown on Block 18601, Lots 7, 8 and 9, on the Official Tax Map of the Township of Gloucester, located in an R-1 Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.
4. After being sworn, the applicant produced Harvey Sternberg, owner, Steven Bach, Engineer and Planner and David Shropshire, Traffic Engineer.

Introduced into evidence were A-1, Zoning Exhibit, A-2 Aerial of Site, and A-3 Conceptual subdivision, A-4 Layout of Townhomes, A-5 to A-8 Models of the townhomes and A-9 Parking layout.

Mr. Sternberg stated the site is 34.72 acres and wants to build 230 townhomes with a density of 6.624 units per acre. He testified he developed the Village of Cross Keys down the street from this site and had this density and the job is completely sold out.

Steve Bach, a Professional Planner and Engineer, testified on behalf of the applicant. He stated the site is across from the Mullen School and also abuts the expressway. The density is the same as used at the Village of Cross Keys and would be built with 4 to 7 units attached. He described the landscaping along Sicklerville Road and the decorative crosswalks and curbs, street lighting and open space. He stated there are two road accesses and they would upgrade the traffic light at the Mullen School. The lots would be 2000 square feet with 20 fronts and a 30’ buffer along Sicklerville Road. He stated the site has failed to develop as R-1 zoning and this is a good infill parcel. The density is the same as the SCR Zone and the site is particularly suited by buffering, can accommodate storm water, will mitigate traffic and is complimentary with other uses in the area and is a good transition between R-3, Mulberry Station and the Village of Cross Keys. He testified the purpose of zoning are advanced by N.J.S.A 40A; 55 D-1 section (a) and (g).

David Shropshire, a Traffic Engineer, testified the project would produce 106 A.M. trips and 129 P.M. trips and these would be lower than other permitted uses. He said the addition of turning lanes and updating the traffic light will be a benefit to the area.
Mr. Mellet, the Board Engineer expressed concern about the density and traffic at the intersection.

5. Approximately 11 residents spoke in opposition to the project. Among their concerns were Sicklerville Road is already overly congested with traffic and this project will only make matters worse. They also were concerned about the density and suggested the site remain for single family homes or for senior citizen housing.

After hearing the concerns from the Board and the residents the applicant withdrew the density variance, subdivision and bulk variances and requested the Board to vote on the Use only and they would come back to the Board with a revised plan.

UPON MOTION duly made and seconded to grant the applicant a Use variance to permit townhouses in a R-1 Zone, the Board voted six (6) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

WHEREAS, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

WHEREAS, the statutory purposes will be advanced by the granting of the relief requested;

NOW THEREFORE BE IT RESOLVED, by the Zoning Board of Adjustment of the Township of Gloucester on this 11th day of September, 2019, the applicant Ville III is hereby granted the aforesaid Use variance for the property located upon Block 18601, Lots 7, 8 and 9 as
shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, some of which are incorporated herein.

¹ = Tax Map data.
² = Scaled data.
* = Variance required.
Variance Expiration: The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.
II. **VARIANCE COMMENTS**

The application as submitted requires the following variance from the Area, Yard, Height and Building Coverage and Additional Uses and Structures Permitted in Residential District standards:

§405.F, Area, Yard, Height, and Building Coverage
1. Lot coverage: (±46%, provided v. 40%. maximum allowed).

§422.K, Residential Swimming Pools and Cabana
2. Side yard: 8 ft. provided v. 10 ft. minimum required).
3. Rear yard: 8 ft. provided v. 10 ft. minimum required).
4. Distance from dwelling: (7 ft. 8 in. provided v. 10 ft. min. required).

**POSITIVE CRITERIA ("C1" and "C2" variances)**

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested residential district setback variance:

5. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

6. Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

**NEGATIVE CRITERIA**

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

III. **NOTICE REQUIREMENTS**

The applicant must notice for the following variances:

From Section 405.F - R-3, Residential - Area, Yard, Height & Building Coverage to permit a lot coverage of approximately forty six (46) percent (40% maximum allowed) and from Section 422.K, Residential Swimming Pools and Cabana to permit a swimming pool eight (8) feet from the side and rear property lines (10 ft. minimum required) and seven (7) feet eight (8) inches from the dwelling (10 ft. minimum required).

VI. **RECOMMENDATIONS**

1. The Applicant must address the above underlined comments.

Complete each of the following sections:
A. Is this application to subdivide a parcel of land into six or more lots?
B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?
C. Is this application for approval on a site or sites for commercial purposes?
D. Is the applicant a corporation?
E. Is the applicant a limited liability corporation?
F. Is the applicant a partnership?

IF YES TO ANY OF THE ABOVE:

1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of its stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).
2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?

IF YES:

List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

ENCLOSURE SYSTEM

Model S.E.S.-X

Confer-Step Enclosure System

The Enclosure System provides security first, by enclosing the steps with pickets, and secondly, with its self-closing, self-latching gate. It meets current BOCA codes and satisfies most building inspectors.

Using the Step-Enc-X Kit allows two #Step-1X units to be joined together, enclosed, and gated to restrict access by small children. Kit consists of connecting step, connecting rails, enclosure pickets and rails, and a self-closing, self-latching gate.

Includes automatic gate closer

Note: For best results place outside step units on level patio blocks.

- Weight limit: 400 lbs.

To make the complete System you will need:

(2) #Step-1X units (2 cartons)
(1) #Step-ENC-X Kit w/gate (2 cartons)
(total of 4 cartons)

Skim-It

- Increases skimmer efficiency
- Attaches easily to most skimmers without tools
- Low cost, easy to use
- Blade is easily removable when swimming

Important: Consult your local building department for installation of your pool and equipment. For safety, all of our products should be used with competent supervision.
52" Steel Above Ground Pool

The Affirma™ steel structure is protected by a combination of finishes that optimize its resistance to corrosion, while preventing condensation between the liner and the wall. This ensures dependable durability for many summers of enjoyment! Its neutral color palette ensures it will complement any backyard décor.

Available Sizes:
- Round: 15' - 18' - 21' - 24' - 27'
- Oval: 12' x 24' - 15' x 30'

Above ground pool, not a permanent fixture. OK - no problem.
TO: Zoning Board of Adjustment
FROM: Kenneth D. Lechner, PP, AICP, Director/Planner
      Department of Community Development & Planning
RE: APPLICATION #192038C
    Phillip Pimpinello
    42 Edinburg road
    BLOCK 12802 LOT 10
DATE: September 24, 2019

The above application is to permit a 15' x 25' attached private garage within the R-3
Residential district as per the submitted sketch.

I. ZONING INFORMATION
   1. Zone: R-3 ~ Residential District [§405].

R-3 Zone Requirements (§405.F):

<table>
<thead>
<tr>
<th>Standard</th>
<th>Required</th>
<th>Proposed</th>
<th>Complies</th>
</tr>
</thead>
<tbody>
<tr>
<td>Minimum lot size</td>
<td>9,375 sf</td>
<td>±10,923 sf</td>
<td>yes</td>
</tr>
<tr>
<td>Minimum lot frontage</td>
<td>75 ft.</td>
<td>91.31 ft.</td>
<td>yes</td>
</tr>
<tr>
<td>Minimum lot depth</td>
<td>125 ft.</td>
<td>153.66 ft.</td>
<td>yes</td>
</tr>
<tr>
<td>Maximum building coverage</td>
<td>20%</td>

</tbody>
</table>

Rear yard (addition)                                        | 30 ft.   | ±92 ft.    | yes      |
Minimum Useable Yard Area                                    | 25%      | ≥ 25%      | yes      |
Maximum Height                                               | 35 ft.   | n/a        | n/a      |

1. = Scaled data.
   • = Variance required.

Variance Expiration: The applicant is advised that variances will expire unless
construction commences within two (2) years of the date of the granting of the variance.

II. VARIANCE COMMENTS

The application as submitted requires the following variance from the Area, Yard, Height and Building Coverage and Additional Uses and Structures Permitted in Residential District standards:

§405.F, Area, Yard, Height, and Building Coverage

1. side yard: (±6 ft. provided v. 10 ft. minimum required).
POSITIVE CRITERIA ("C1" and "C2" variances)

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested residential district setback variance:

2. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

3. Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

NEGATIVE CRITERIA

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

III. NOTICE REQUIREMENTS

The applicant must notice for the following variances:

From Section 405.F, Area, Yard, Height, and Building Coverage to permit an attached private garage approximately six (6) feet from the side property line (30 ft. minimum required).

VI. RECOMMENDATIONS

1. The Applicant must address the above underlined comments.

I have no further comments regarding this application at this time; however, I reserve the right to provide additional comments during the public hearing to advance the planning process.

Sworn and subscribed to before me this 20 day of August, 2019 (Year).

Complete each of the following sections:

A. Is this application to subdivide a parcel of land into six or more lots?
   - No [x]  
   - Yes [ ]

B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?
   - No [x]  
   - Yes [ ]

C. Is this application for approval on a site or sites for commercial purposes?
   - No [x]  
   - Yes [ ]

D. Is the applicant a corporation?
   - No [x]  
   - Yes [ ]

E. Is the applicant a limited liability corporation?
   - No [x]  
   - Yes [ ]

F. Is the applicant a partnership?
   - No [x]  
   - Yes [ ]

IF YES TO ANY OF THE ABOVE:

1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of its stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).

2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?

   - No [x]  
   - Yes [ ]

IF YES:

List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

TO: Zoning Board of Adjustment
FROM: Kenneth D. Lechner, PP, AICP, Director/Planner
Dept. of Community Development & Planning
RE: APPLICATION #19040C
Heather Holland
10 Prospect Avenue
BLOCK 10603, lots 16 and 17
DATE: September 24, 2019

The above application is to permit a six (6) foot high vinyl fence and three (3) separate decks: 10.41' x 15' rear deck, 5' x 7' side deck, and a 5' x 7' front deck in the R-3 - Residential District as per the submitted sketch.

I. ZONING INFORMATION
   1. Zone: R-3 - Residential District [§405].

1 = Scaled data.
enc = existing nonconformance.
* = Variance required.

Variance Expiration: The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.

II. VARIANCE COMMENTS

The application as submitted requires the following variances:

§405.F - R-3 - Residential District, Area, Yard, Height and Building Coverage
1. Front yard: (9 ft. provided v. 30 ft. minimum required)
2. Side yard: (1.8 ft. provided v. 10 ft. minimum required)
3. Rear yard: (17.5 ft. provided v. 30 ft. minimum required).
§425.C(3), Fences

4. To install a six (6) foot high vinyl fence zero (0) feet from the property line along Prospect Avenue (15 ft. minimum required).

POSITIVE CRITERIA ("C1" and "C2" variances)

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested variances:

5. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

NEGATIVE CRITERIA

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis N.J.S.A. 40:55D-70).

III. NOTICE REQUIREMENTS

The applicant must notice for the following variance:

From Section 405.F, Area, Yard, Height and Building Coverage, to permit a deck in the front yard nine (9) feet from the front property line (30 ft. minimum required), a second deck in the side yard one and eight tenths (1.8) feet from the side property line (10 ft. minimum required), and a third deck in the rear yard seventeen and five tenths (17.5) feet from the rear property line (30 feet minimum required), and from Section 425.C(3) to construct six (6) foot high vinyl fence zero (0) feet from the property line along Prospect Avenue (15 ft. minimum required).

I have no further comments regarding this application at this time; however, we reserve the right to provide additional comments during the public hearing to advance the planning process.

My Commission Expires 10-1-2023
No. 2439109
ZONING PERMIT DENIED
10 PROSPECT AVE
Block/Lot 10603/17

Applicant
HOLLAND, HEATHER M & GOETZ KATHLE
10 PROSPECT AVENUE
BLACKWOOD NJ 08012

Real Estate Owner
HOLLAND, HEATHER M & GOETZ KATHLE
10 PROSPECT AVENUE
BLACKWOOD NJ 08012

This is to certify that the above-named applied for a permit to/authorization for:
a proposed 6’ front yard fence and a 10’5” x 15’ attached rear yard deck located 17’5” from rear
property line, A 5’ x 7’ side attached frame deck located 18” from prop line and a front yard 5” x 7”
deck located 9’ from property line. This application for approval is hereby denied

Comments on Decision:
Front yard fence requires a Variance from the zoning board of adjustment, also the deck will require a variance
approval, a 30’ rear yard setback is to be maintained. Please include both the deck and fence on the application.

Additional permits must be obtained through the Construction Office

RE: APPLICATION #19044C
Martha Simpson
100 W. Landing Road
BLOCK 5201, LOT 23
DATE: September 24, 2019

The above applicant requests variance approval to construct a 15' x 22' deck within
the R-3 - Residential District as per the submitted sketch.

I. ZONING INFORMATION
   1. Zone: R-3 - Residential District [§405].

1 = Scaled data.
enc = existing nonconformance.
= Variance required.

Variance Expiration: The applicant is advised that variances will expire unless
construction commences within two (2) years of the date of the granting of the
variance.

II. VARIANCE COMMENTS

The application as submitted requires the following variances:

§405.F – R-3 – Residential District, Area, Yard, Height and Building Coverage

1. Front yard: (12 ft. provided v. 30 ft. minimum required)
POSITIVE CRITERIA ("C1" and "C2" variances)

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested variances:

2. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

NEGATIVE CRITERIA

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis N.J.S.A. 40:55D-70).

III. NOTICE REQUIREMENTS

The applicant must notice for the following variance:

From Section 405.F, Area, Yard, Height and Building Coverage, to permit a deck in the front yard twelve (12) feet from the front property line (30 ft. minimum required).

I have no further comments regarding this application at this time; however, we reserve the right to provide additional comments during the public hearing to advance the planning process.

15. Relief Requested:

☐ Check here if zoning variances are required.

☐ Check here if exceptions to the application or municipal requirements are requested (N.J.S.A. 40:55D-51).

☐ Check here if exceptions to the Residential Site Improvement Standards (RSIS, N.J.A.C. 5:21-3.1) are requested.

☐ Check here if waivers from the Residential Site Improvement Standards (RSIS, N.J.A.C. 5:21-3.2) are requested. [Such waivers require application to, and approval of the N.J. Site Improvement Advisory Board].

NOTE: If any of above are required, attach hereto separate exhibit(s) for each category of relief sought, stating the factual basis, legal theory, and whether they have been previously granted.

16. Signature of Applicant

Sworn and.Subscribed to before me this  
9 day of Sept.  
2019 (Year).

Complete each of the following sections:
A. Is this application to subdivide a parcel of land into six or more lots?
B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?
C. Is this application for approval on a site or sites for commercial purposes?
D. Is the applicant a corporation?
E. Is the applicant a limited liability company?
F. Is the applicant a partnership?

IF YES TO ANY OF THE ABOVE:
1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of it's stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).
2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?

IF YES:
List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

\(^1\) = Scaled data.
* = Variance required

**Variance Expiration:** The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.

### II. VARIANCE COMMENTS

The application as submitted requires the following variances from the Area, Yard, Height and Building Coverage in the R-3, Residential District standards:

**§422.H, Private Garages**

1. Side yard: (5 ft. provided v. 10 ft. minimum required).  
   A variance may be required for side wall height. Additional information is required.
2. Side wall height: (12 ft. provided v. 9 ft. maximum allowed).

**POSITIVE CRITERIA ("C1" and "C2" variances)**

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested residential district setback variances:

3. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

4. Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

**NEGATIVE CRITERIA**

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).
III. NOTICE REQUIREMENTS

The applicant must notice for the following variances:

From Section 422.H, Private Garages to permit a detached private garage five (5) feet from the side property line (10 ft. minimum required).

Notary Public of New Jersey

Complete each of the following sections:

A. Is this application to subdivide a parcel of land into six or more lots? □ No □ Yes
B. Is this application for a variance to construct a multiple dwelling of 25 or more family units? □ No □ Yes
C. Is this application for approval on a site or sites for commercial purposes? □ No □ Yes
D. Is the applicant a corporation? □ No □ Yes
E. Is the applicant a limited liability corporation? □ No □ Yes
F. Is the applicant a partnership? □ No □ Yes

IF YES TO ANY OF THE ABOVE:

1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of its stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheet as necessary).

2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership? □ No □ Yes

IF YES:

List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheet as necessary).

Floor Area Ratio

| Floor Area Ratio | 0.25 | 0.577    | no*                        |

* = Variance required.

Variance Expiration: The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.

IV. APPLICATION SUBMISSION CHECKLIST

The Application has been reviewed in accordance with §817, Submission Checklist for a variance.

The Applicant has provided the required checklist items or requested a waiver:

V. WAIVER COMMENTS

The Applicant requests a waiver from the following checklist items.

1. Space for application number [Checklist #26].
   a. There is sufficient space on the Use Variance Exhibit for an application number.

2. Proposed structures and uses of the tract, i.e., size, height, location, arrangement, and architect's scaled elevation of the front, side and rear of any structure to be modified, with building lighting details and attached signs. [Checklist #39].

3. Existing signs including the location, size, and height [Checklist #43].

4. Proposed signs including the location, size, height and scaled elevations of the front, side, and rear of any side directed or modified including sign lighting details [Checklist #44].
VI. VARIANCE COMMENTS

The application as submitted requires the following variances:

§416.B, Permitted Uses
3. A Child Care Center requiring a license from the department of Human Services pursuant to P.L. 1983 c.492 (C.30:5B-1 et. seq.) is a permitted use in all non-residential districts of a municipality as per N.J.S.A 40:55D-56.6, Child care centers located in nonresidential municipal districts; permitted.

§416.F, Area, Yard, Height and Building Coverage
4. Building coverage: (30.15% provided v. 15% maximum allowed).
5. Lot coverage: (63.8% provided v. 50% maximum allowed).
6. Floor Area Ratio: (0.577 provided v. 0.25 maximum allowed).

POSITIVE CRITERIA ("C1" and "C2" variances)
The Applicant must address and the Board consider the following in satisfying the positive criteria for the requested bulk variances:

7. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriment (basis N.J.S.A. 40:55-70c(2)).

POSITIVE CRITERIA ("D1" use variance)
The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested "D1" variance:

8. The Board has the power to grant a variance for a use or principal structure in a district restricted against such use or principal structure (basis N.J.S.A. 40:55-70d(1)),

a. Uses determined as not “inherently beneficial.”

i. A use variance must meet the statutory “special reasons” standards. The zoning purpose most amplifying the meaning of special reasons is promotion of the general welfare (basis Medici v. BPR Co., 107 N.J. 1 (1987) and it is the most relied upon purpose to prove special reasons (Burbridge v. Mine Hill Tp. 117 N.J. 376, 386-387 (1990))).

1. The Applicant should identify and provide an analysis of the special reasons of zoning that are applicable to the application.

2. The Applicant should also show the site is particularly suited for the proposed use (Kohl v. Mayor and Council of Fair Lawn, 50 N.J. 268, 279-280 (1967).

3. The Applicant should also provide specific testimony addressing the enhanced quality of proof that the variance sought is not inconsistent with the intent and purpose of the Master Plan and Zoning Ordinance (Medici v. BPR Co.).
4. Furthermore, “such proofs and findings must satisfactorily reconcile the grant of the use variance with the ordinance’s continued omission of the proposed use from those permitted in the zone” (Medici v. BPR Co.).

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested “D4” variance:

9. The Board has the power to grant a variance for an increase in the permitted floor area ratio (basis N.J.S.A. 40:55-70d(4)).
   a. The Applicant must prove that the site will accommodate the problems associated with a proposed use with a larger floor area ratio than permitted by the ordinance [Basis Coventry Square v. Westwood Zoning Bd. Of Adjustment, 138 N. J. 284 (1994)].

NEGATIVE CRITERIA
The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

Balancing Test (basis Sica v. Board of Adjustment Tp. of Wall, 127 NJ 152, 162 – 166 (1992)).

1. Identify the public interest at stake.
2. Identify the detrimental effects that would result by the grant of a variance.
3. Determine if the detrimental effects may be mitigated by imposing reasonable conditions.
4. Weigh the benefits against the mitigated negative effects to determine if on balance the grant of a variance would cause substantial detriment to the public good.

VII. GENERAL REVIEW COMMENTS AND SPECIAL CONCERNS
1. Master Plan
   a. The Applicant should provide testimony addressing consistency of the proposed self-storage use with the following Business 3 (B3) Land Use Classification of the Master Plan as amended in the 2015 Reexamination report adopted June 09, 2015.

   “The Highway Commercial land use category is for community-sized retail shopping centers usually anchored by a supermarket or discount store. It is proposed to allow more automobile-oriented uses than the B-2 classification, as well as pad sites for fast food restaurants. It would attract more national chains than the B-2 class because of the concentration of retail uses. In addition to the retail sales and services proposed, office buildings and entertainment uses are intended; however, wholesale businesses would be located in the Industrial or Business Park districts as envisioned. A floor area ratio between .25 and .30 would be appropriate for this land use category.”

APPLICATION #1192037D
Garden State Storage, LLC
BLOCK 14701, LOT 1 and 12
2. Zoning
   a. The Applicant should provide testimony addressing consistency of the proposed self-storage use with the HC – Highway Commercial District and character of the built environment.

3. Use Variance
   a. The Applicant should provide testimony addressing the proposed uses and accessory uses, if any, including but not necessarily limited to the following:
      i. A description of the proposed self-storage buildings including materials, colors, textures, facade modulation, roof lines, etc.
      ii. The proposed amount of noise associated with the proposed self-storage use.
      iii. Outdoor storage associated with the self-storage component, if any.
      iv. The anticipated trip generation associated with the combination of the proposed self-storage use and Daycare/Preschool use.
      v. The number of employees.
      vi. The proposed hours and days of operation.

4. Building Coverage
   a. The instant application proposes a building coverage of 30.15%, where 15% is the maximum allowed.
      i. The applicant should provide testimony addressing the inability to provide a project that would comply with the maximum 15% building coverage requirement of the HC – Highway Commercial District.

5. Lot Coverage
   a. The instant application proposes a lot coverage of 63.8%, where 50% is the maximum allowed.
      i. The applicant should provide testimony addressing the inability to provide a project that would comply with the maximum 50% lot coverage requirement of the HC – Highway Commercial District.

6. Floor Area Ratio
   a. The instant application proposes a floor area ratio of 0.577, which is 2.3 times greater than permitted by ordinance.
      i. The applicant should provide testimony addressing the proposed floor area ratio and its impact on the proposed development and the zoning ordinance and zone plan and the inability to provide a project that is consistent with the 0.25 floor area ratio of the HC – Highway Commercial District.

7. Site Layout
   a. The Applicant should provide testimony addressing the following aspects of site design to accommodate the proposed uses:
      i. Viewsesh(s) for the building(s) through descriptions and/or color renderings.
      ii. The type and quantity of landscaping, if any.
      iii. The ability to provide a suitable buffer from the proposed 3-story building and 1-story self-storage buildings that are adjacent residential uses within the proposed 25-foot wide buffer area.
      iv. The ability of the site to accommodate turning movements associated with the proposed business, delivery vehicles, and emergency vehicles.
v. Adequacy of the proposed twelve (12) parking spaces associated with the self-storage use.

vi. Proposed type, intensity, and hours of lighting.

vii. Stormwater management and other considerations of site plan development.

VIII. LAND DEVELOPMENT ORDINANCE COMMENTS
The Applicant is advised of the following additional requirements of the Land Development Ordinance:

1. A soil removal plan if soil is to be removed from the site for use or sale other than the premises subject to this application as per §801.C, Soil Removal.

2. A grading plan prepared and sealed by licensed professional engineer as per §814, Grading Approval.

3. Affordable housing requirement as per §902, Affordable Housing Fees and Procedures.

4. Before recording final subdivision plats or as condition of final site plan approval or as a condition to the issuance of a zoning permit pursuant to N.J.S.A. 40:50D-65d the furnishing of a performance guarantee, maintenance guarantee, and inspection fees as per §903, Guarantees and Inspections and §904, Certification or Guarantee Required; Estimate of Guarantee.

5. Requirements precedent to construction as per §905, Pre-conditions to Commencement of Construction.

6. Construction of off-tract improvements as per §906, Off-tract Improvements Recapture.

7. A zoning permit is required prior to the issuance of any construction permits and prior to the issuance of a Certificate of Occupancy by the Construction Official the Applicant must acquire a Certificate of Zoning Conformity from the Zoning Officer as per §1102, Permits, General, §1103, Zoning Permit and §1104, Certificate of Zoning Conformity.

IX. RECOMMENDATIONS

1. The Applicant should address the above underlined comments.

2. Should the Board approve the submitted application, a subsequent preliminary and final major site plan approval is required in accordance with the Township Land Development Ordinance.

I have no further comments regarding this application at this time; however, reserve the right to provide additional comments during the public hearing to advance the planning process.

Complete each of the following sections:
A. Is this application to subdivide a parcel of land into six or more lots?
□ No □ Yes

B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?
□ No □ Yes

C. Is this application for approval on a site or sites for commercial purposes?
□ No □ Yes

D. Is the applicant a corporation?
□ No □ Yes

E. Is the applicant a limited liability corporation?
□ No □ Yes

F. Is the applicant a partnership?
□ No □ Yes

IF YES TO ANY OF THE ABOVE:

1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of it’s stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).

2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?
□ No □ Yes

IF YES:

List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

To Whom It May Concern:

Our records indicate that the below referenced properties are current with taxes and there are no outstanding liens.

Name: JAV of NEW JERSEY LLC

Address: 2530 Sicklerville Rd

Block: 14701 Lot: 1

Address: 2580 Sicklerville Rd

Block: 14701 Lot: 12

As for Block 14701, Lot 1-Qfarm and Block 14701, Lot 12-Qfarm, they both have been deleted from record per the Tax Assessor.

If you have any questions, please feel free to contact the tax office at 856-374-3533.

Sandra L. Ferguson
Gloucester Township Tax Collector
Plans as shown along with available information do not reveal any anticipated traffic problems.

Stop signs/traffic control signs as shown must be installed upon or prior to any occupancy.

Traffic Control signs as shown on plans are not enforceable by police unless properly included by Municipal Ordinance made through application of the site owner under New Jersey 39:5-1.

Emergency contact numbers for site issues with twenty-four hour contact should be provided to Police prior to start of construction.

- Other
  - Sicklerville Road is a heavily traveled County Route that often experiences heavy volume and back ups during the morning and afternoon rush hours in the area of Rt. 42 and Hickstown Road. This traffic queue will often extend to the area where the use variance is proposed. There are no traffic control plans submitted with the use variance, however I would have concern with vehicles making a left hand turn out of the daycare during these high traffic volume times. This would be more of an issue for the proposed daycare rather than the self-storage unit as traffic in and out of this would likely be minimal.

ISSUE

1. Eliminating lot line for lot 1 to comb w/ lot 12
   CANNOT COMB LOTS FOR 2 USES FOR DAYCARE
   DAYCARE NEEDS TO BE OWN LOT! (State Regs)

2. DAYCARE needs to be closed off from storage facility
   WILL NEED TO ELIM. REBUG?

3. DAYCARE STAY LOT 1 - #2530
4. STORAGE SHOULD BE LOT 12 - #2550
RESOLUTION OF FINDINGS AND CONCLUSION

BOARD OF ADJUSTMENT

TOWNSHIP OF GLOUCESTER

APPLICATION # 192032CDM
McDonald's USA, LLC
Block 20101, Lot19

WHEREAS, McDonald’s USA, LLC is are the owner of the land and premises located at 1505 Blackwood Clementon Road in the Clementon section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a use variance from the requirement of a conditional use and minor site plan approval to install an additional drive thru lane for the existing McDonald’s fast food restaurant. The application also includes refacing the exterior building façade, providing accessible parking and pathway to the building, replace drive thru and menu board signage with digital signage boards, and provide ADA compliant improvements and bulk variances and waivers as enumerated in Mr., Lechner’s letter dated August 1, 2019 and Bohler’s Engineering letter dated July 9, 2019 for the property located upon Block 20101, Lot 19, as shown on the Official Map of the Township of Gloucester, located in a HC Zone, said application being represented by Cheryllynn Walters.; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on August 14, 2019 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicant McDonalds USA, LLC is the owner of the land and premises located at 1505 Blackwood Clementon Road in the Clementon section of Gloucester Township,
New Jersey, as shown on Block 20101, Lot 9, on the Official Tax Map of the Township of Gloucester, located in an HC- Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.

4. After being sworn, the applicant presented Michael Jeitner, Professional Engineer and James Miller, Professional Planner. Introduced into evidence were A-1 Aerial image, A-2 Site Plan, A-3 Signage Plan and A-4 Colorized building exterior comparison.ck is following that line.

Mr. Jeitner testified that McDonald’s is doing a reimagining project at this site and that is the reason for the variances. He said the building will now look more modern and upgrades will be ADA compliant. He stated 70% of their business is now drive thru and that is the reason for the second drive thru. They are providing 49 parking spaces and only 39 are required. The variances requested are for the existing building to be within 1000’ of another fast food building, lot coverage of 82.31%, 4 façade signs, 2 menu signs (digital), 2 pre browser menu signs and 4.6 sf incidental signs. He also agreed to work on storm water issues on site and explained the site plan.

Mr. Miller testified the lot coverage is di minimus, the sign package is a better zoning alternative, the directional signs are easier to read, the menu and browser signs are digital and more legible and the façade sign is the McDonald’s logo. As to the D-3 variance the use has been there since 1974 and there has been no intensification or change in use. He stated there is no detriment to the area.

5. There were no objections to the application.
UPON MOTION duly made and seconded to grant the applicant the aforesaid variances and waivers, the Board voted six (6) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

WHEREAS, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

WHEREAS, the statutory purposes will be advanced by the granting of the relief requested;

NOW THEREFORE BE IT RESOLVED, by the Zoning Board of Adjustment of the Township of Gloucester on this 14th day of August, 2019, the applicant McDonald’s is hereby granted the aforesaid variances and waivers for the property located upon Block 20101, Lot 9 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein.
