APPLICATIONS FOR REVIEW

#192039C
George Reese
Zoned: R3
Bulk C Variance
Block: 11802 Lot: 5
Location: 514 E. Lake Ave., Blackwood
24’ round pool w/a 7’8” setback

Mr. Costa swears in Mr. George Reese.
Mr. Costa states the impervious coverage is 46% vs. 40% and 10’ setback where 8’ is permitted, 7.8’ vs. 8’ on the drawing.
Mr. Reese states the yard is too small even if he bought a smaller pool it didn’t make that much difference. He decided to try the variance instead.

Phillip Pimpinello
Zoned: R3
Bulk C Variance
Block: 12802 Lot: 10
Location: 42 Edinburgh Rd., Blackwood
Attached Garage 15’ x 25’ x 14’ w/6’5” S Setback

Mr. Costa swears in Mr. Pimpinello.
Mr. Pimpinello states he bought a 1970 Barracuda and wants to put the car in the garage. The setback is 6’ on the side vs. 30’. He purchased the antique car and it must be in a garage for insurance purposes. The property is a pie shape (irregular). It will be an attached garage.
Mr. Mellett states place gutters away from your neighbors.
Mr. Bucceroni states be careful with the run off because if it ends up on your neighbor’s property it will be your responsibility.
Mr. Treger asks if there are pictures of the garage.
Mr. Pimpinello states “yes, I submitted plans.”

#192040C
Kathleen Dyess & Heather Holland
Zoned: R3
Bulk C Variance
Block: 10603 Lot: 16/17
Location: 10 Prospect Ave., Blackwood
10’5” x 15’ attached R yard deck w/17’5” setback; 5’ x 7’ Side Deck w/1’8” setback; 5’ x 7’ front deck 9’ F setback; & 6’ vinyl fence.

Mr. Costa swears in Ms. Kathleen Dyess and Ms. Heather Holland.
Ms. Holland states the failing concrete slabs have been demolished in all locations. All the decks will be trek decks to replace the concrete. They don’t have a 30’ setback anywhere on the property because of its size and shape. The fence to is to block part of their property from the neighbors. They need the extra parking because tow trucks go up and down the street form the business down the street and ding their vehicles often. School buses have a hard time getting around the cars parked on the street too because the street is narrow.
Mr. Lechner asks if the gravel was approved by the zoning officer.
Ms. Holland states she was pretty sure it was approved alongside the driveway.
Mr. Lechner states there is a concrete curb how will you get out.
Ms. Holland states the gravel is off the driveway with no new drive opening.
Mr. Lechner states the ordinance requires a driveway to be paved. The gravel has to be approved if there isn’t a zoning permit.
Ms. Holland asks if the empty lot and driveway are an issue.
Mr. Lechner states the lots were combined by the tax accessor using “Doctrine of Merger”, because you own both lots.
Ms. Holland didn’t know the lots had been merged.
Mr. Lechner asks if they get 1 tax bill for the properties.
Ms. Holland states “yes”.
Mr. Mellett asks if the steps on the deck will be towards the house.
Ms. Dyess states they will be towards the side of the house.
Mr. Mellett asks if there will be any steps farther than the house.
Ms. Dyess states No, they will all be parallel to the house.
Mr. Mellett states it would go on the adjacent property.
Ms. Holland states she doesn’t want them to go that way.
Mr. Mellett asks about the gravel that will go in front of the new fence.
Ms. Holland states the fence will form and backyard with a few panels towards the street to block neighbors from driving their ATV’s through their yard.
Mr. Mellett states the gravel will be in front of the whole fence; that will be 60’ x 30’ of gravel.
Ms. Holland states the home is a duplex with 4 cars and 6 adults.  
Mr. Mellett states that is a fairly large area of gravel to stick out in front of a home.  
Mr. Bucceroni states its not unheard of in the neighborhood. It is a tough neighborhood and it is tight along with apartments across the street. The streets are narrow too.  
Chairman Simiriglio asks how they will access the lot? Through the existing lot?  
Ms. Dyess states there is already a second opening.

#192044C  
Martha Simpson  
Zoned: R3  
Bulk C Variance  
Block: 5201 Lot: 23  
Location: 100 W. Landing Rd., Blackwood  
Attached wood deck 22’ x 15’ w/12’ setback 2nd property line

Mr. Costa swears in Ms. Martha Simpson and Mr. Kevin Simpson.  
Ms. Simpson states the work is on the side of the home.  
Mr. Lechner explains; because Ms. Simpson has a corner lot, she actually has 2 fronts.
Ms. Simpson states previous owners put an addition on the side of the home which makes he homes 12’ from the side street. She would like to add a simple 8” high deck for her disabled son.

#192045C
Arthur J. Spencer
Zoned: R1
Bulk C Variance
Block: 16504 Lot: 18
Location: 1203 Jarvis Rd., Erial
Detached Garage 28’ x 13’.6” w/S 5’ setback

Mr. Costa swears in Mr. Spencer.
Mr. Costa: detached garage with a 5’ side yard where 10’ is required.
Mr. Spencer states he has a pie shaped lot and wouldn’t have a yard if he followed the ordinance. The building is from the Amish and will be 14’ x 28’. He wants to garage his 1969 Dodge Coronet. He also owns 2 corvettes.
Mr. Lechner asks if the side wall will be more than 9’.
Mr. Spencer states the dimensions are in the packet he submitted.
Mr. Lechner checked he wall height, they are 8’.
Mr. Mellett asks Mr. Spencer if his neighbor has a large structure too and how close is it to this garage.
Mr. Spencer states “yes, his neighbor has a large structure but they are at least 30’ to 40’ away from each other.

#192037D
Garden State Storage, LLC
Zoned: HC
Use D Variance
Block: 14701 Lot: 1 & 2
Location: 2530 & 2580 Sicklerville Rd., Sicklerville
Proposing the Use of Day Care/Preschool and Self-Storage Facility.

Mr. Costa swears in: Mrs. Tiffany Morrissey (Planner), Mr. Bruce McKenna (PE), Applicant representatives: Mr. Joe Evangelista and Mr. Brian Brogan.
Mr. Wade states the applicant would like to drop the daycare from the application. They will subdivide that parcel at final site plan if the application is approved. This
may increase some of the variance requests. Requesting to put a storage facility in a highway commercial zone.

Mr. McKenna (PE):
A1- location; 5.7 wooded acres in total; build self-storage units and subdivide the property, 3.94 acres for self-storage and 1.58 acres for future use.
- Changes: building coverage will go from 30.15% to 36.9%, lot coverage will go from 63.8% to 69.1% and floor coverage will go from 0.577 to 0.746
- The previous application 10 years ago had the adult day care facility in the same location,
- Proposing 5 single story buildings and one 3 story building for inside storage,
- The 3-story building will be about 31,600 sq. ft and the other 5 buildings will vary from 7,000 sq. ft to 7,700 sq. ft...
A2- amended use variance exhibit:
- 3 story building w/climate control, less then 34’ high,
- Office in front accessible to parking,
- Elevators in 3 story building,
- Height w/10’ grade for 3 story building,
- 25’ buffer around site perimeter,
- No outside storage,
- Due to the topography the basin will be in the front of the property,
- Parking – 12 spaces for sq. footage of the office where they will be utilized.
- Self-storage use is a less intense use than can be built in a highway commercial zone, especially when it comes to a traffic component,
- Security fence around the whole site,
- Access has to be approved by the county
- 2 lane driveway 40 ft. wide to accommodate someone making a left turn onto Sicklerville road. Other vehicles would be able to make a right turn w/o waiting for that vehicle.
- Total day employees: 2
- Key cards or key pads for accessibility,
- Raises the floor ratio 128,000 / 3 story building 90,000,
- Lot coverage will be 69.1% / building coverage 36.9%,

Mr. Costa states the board will only be considering the Use Variance tonight. Mr. Wade state the applicant would like some guidance on the overall square footage from the board, just a number not to exceed. The 3-story building is 31,600 and the 5 out buildings are 32,450.
Mr. Lechner and Mr. McKenna discuss sq. ft. differences and how they don’t match up.  
Mr. McKenna states the numbers may change when he lays out the driveways. The 3 story will look like 35’ above the grade of the road.  
Mr. Mellett asks if there is an elevator in the 3 story.  
Mr. McKenna states Yes, there has to be to bring equipment to the 3rd story.  
Mr. Mellett asks if the elevator make the building extend higher.  
Mr. McKenna states No, the parapet will hide any equipment (AC / Heat).  
Mr. Mellett asks if there are any regulated features such as wetlands or water ways on the property.  
Mr. McKenna states the only issue is the waste differential. There are no wetlands. There has been sewer tie in and water tie in discussions with Aqua.  
Mr. Mellett asks what the proposed property line setbacks.  
Mr. McKenna states: 10’ side s/b, 25’ buffer surrounding the property.  
Mr. McKenna discusses there are no setback requirements for a commercial subdivision w/Mr. Lechner.  
Mr. Mellett states the basin is shown crossing the property line into the subdivision.
Mr. McKenna states that was done intentionally to provide an easement and to cover any future impervious coverage.  
Mr. Lechner asks if professionally they think a 25’ buffer will be wide enough to accommodate screening the project from the surrounding property owners.  
Mr. McKenna states they can use the compilation of mounds, fences (solid or chain link) and different kinds of evergreens to create separation. There is no exterior access, no lights, no doors on the exterior of the project. It is all on the interior of the site. The exterior is for more for aesthetics than it is for operations. Taking the elevations into consideration 34’ will be no higher than 20’ to 25’.  
Mr. Mellett states the average existing grade with dwellings is 89’ to 90’.  
Mr. McKenna states they will grade the property.  
Mr. Mellett states there will be a lot of “cut”. The statement that the 3-story building will be 2 stories above the adjacent property can’t be supported until there is a site plan.  
A3 – “What if rendering”: This represents what could be built on the property in a HC zone. There could be 250 parking spaces with a different use. That would be twice as much traffic. A lot more activity on the property and more traffic on Sicklerville road. Some HC uses are: fast food restaurant, office buildings.  
Mr. Lechner states they are using a positive like it’s a negative.  
Mr. McKenna states the HC use may not be as marketable as their use.
Mr. Costa asks Mr. Wade to summarize what has been covered in the application up to this point.
Mr. Wade summarizes the application up to this point for Mr. McMullin.

Mr. Lechner asks for vehicle turning movements.
Mr. McKenna states a box truck turn template is used.
Mr. Lechner asks for information on the 1 story buildings.
Mr. McKenna states the typical storage building is 18’ high with an apex in the middle. The doors on the buildings are usually 6’ to 8’ wide.
Mr. Lechner states: as an observation, this is 2 dimensional with mature trees. There will be a lot of cutting. This plan doesn’t show what the residential homes surrounding the property are really going to see. Are they going to be looking down in to a hole?
Mr. McKenna states the residents looking down into the property will have a nice buffer with trees. Once you terrace the property you can use mounds and evergreens for screening.
Mr. Lechner asks if there is a good chance the 1 story buildings will be entirely screened?
Mr. McKenna states you will have to look over or down to see the buildings, maybe the roof might show.
Mr. Lechner states then on the 3-story building only 2 stories might be showing.

Ms. Morrissey (Planner):
I have looked into the surrounding area, land use ordinances and the master plan. In an HC zone many uses are permitted. Grading and access are going to happen no matter what gets built on the property. This is a less intensive use especially for residential zones close by. This pulls away the more intensive uses. The project creates a nice transition with a low intense use. Building into the grade will create a better screen. This all goes to positive criteria. These two, use and lot, are particularly suited to each other.

- D4 use: floor area ratio is different and can this site support the extra floor area. This is to control the intensity and make sure you don’t overdevelop. There is no intensification of use because of the floor area ratio increase. Even though the project isn’t meeting coverage requirements it is exceeding all setback requirements. It is providing adequate light and open space.
Setbacks:
Required  
20’ front  
10’ side  
25’ rear  

Project  
90’ front  
25’ side  
30’ to 55’ rear  

- There is sufficient space and a permitted use in the Industrial Zone.
- Storage Units are more common on an accessible route.
- Limited storage for personal use,
- Can be used for retail overflow, such as the Outlets,
- Encourage free flow with an easy in and out,
- Promote visual environment with consideration to civic design for the residential next door,
- You would worry more about lights, noise and traffic with a different use allowed in the HC zone.
- This property was changed in 2014 from residential to HC in the master plan.
- HC D3 zone allows more auto intense uses,
- Leaving room for future development,
- Discourage incompatible land use,
- Concerns with HC uses next to residential zone: ex: gas station, hotel, nightclub, fast food w/drive thru.
- Transitional use better than an intense use.

Detriments:
- Any development will impact the area,
- This is more impactful vs. a HC use,
- Much less impact on area; lights, traffic and No exterior storage.

Summary supports positive criteria.
Mr. Lechner discusses storage for businesses at this property. He thought it would be more for personal use.
Mr. Wade states no hazardous materials will be stored and it is primarily for personal use.
Mr. Lechner: It will be different if someone is storing furniture and visits once month vs a retail establishment using it for storage w/more frequent visits.
5 Minute Break:

Roll Call:

Vice Chairman Simiriglia  Present
Mr. Bucceroni          Present
Mr. Scarduzio          Present
Mr. Rosati             Present
Mr. Rosetti            Present
Mr. Treger             Present
Chairman McMullin       Present
Mr. Costa              Present
Mr. Mellett            Present
Mr. Lechner            Present

Mr. Evangelista (owner representative):
Mr. Lechner asks Mr. Evangelista If there will be 24-hour access.
Mr. Evangelista states Yes, security is very important so they have numerous cameras.
Mr. Lechner asks if these sites are accessed on a 24-hour basis.
Mr. Evangelista states very rarely past 9pm.
Mr. Lechner asks what you put in a 10’ wide building.
Mr. Evangelista states it is a single bay and if you don’t have a garage it is used for that kind of storage. For people who live in an apartment or are downsizing. People don’t generally sell their stuff they pay to store it.
Mr. Lechner asks how many units are generally in the 1 story buildings.
Mr. Evangelista states they are usually 10’ to 15’ wide.
Mr. Brogan states they are still playing with the design but the wider buildings are 2 sided and the 10’ buildings are 1 sided.
Mr. Lechner states he thinks it makes a big difference knowing how many potential units will be there.
Mr. Evangelista states they will have a feasibility study done by a 3rd party if the application is approved. The feasibility study will tell them how to divide the buildings depending on the need in the area.
Mr. Lechner estimates maybe 250 units for the single storage buildings.
Mr. Evangelista states about 550 units but some are literally just a closet. There are not always gigantic units.
Mr. Lechner asks what is stored in a climate control unit.
Mr. Evangelista states personal items for people because they think the item is safer that way vs. sitting in zero degree or 100-degree space.
Mr. Lechner asks what construction material is used to build the single-story buildings? Steel?
Mr. Evangelista states: Steel w/corrugated sides and roof.
Mr. Lechner asks if there are “man doors”?
Mr. Evangelista states: No, just roll up doors.
Mr. Lechner asks if they plan on renting for business storage.
Mr. Evangelista states some retail businesses may have excess inventory during the holidays. There is no day to day business allowed, it is prohibited by our lease. Attorneys use the space to store file overflow; so, there are businesses using the facility but not daily use. There are no offices and you’re not allowed to run your business from the facility.
Mr. Lechner asks if there will be a manager apartment.
Mr. Evangelista states No, manager apartment. He states they will run a water line for a fire hydrant which will be placed in front of the business.
Mr. Treger asks if there will be outlets inside the units.
Mr. Evangelista states No, just lights.
Vice Chairman Simiriglio states with 24 hr. access the building code officials may require you to light the units.

PUBLIC PORTION:

*most of the following residents’ comments were intelligible on the recording. *
Mr. Rich (unintelligible on the recording): Poplar St.
- Concerned with the 3-story building placement,
- Concerned with 24-hour access,
- Houses are all septic and he is worried about the buffer, and noise concerns.
Chairman McMullen asks the applicant if they can restrict the access to 11 pm.
Mr. Wade states when they come in for site plan, they will bring a copy of the lease. They can limit the access to 11pm, no problem along w/restrictions.
Mr. Buccheroni states to the resident: if they move the building you will hear more noise because you are moving the doors closer to you.
Vice Chairman Simiriglio states you have to remember that something like a Wawa is a permitted use on that property. The intensity would be 100X’s what this is going to be.

Mr. Frank Cipriano (33 Poplar St.):
- When he sits on his back deck now, he looks at trash and old stoves on properties. This property was zoned residential and we were hoping we would get houses. Because if we got houses then maybe we would get water and sewer. Mr. Cipriano is worried how this project will affect his well
water and septic system. The point he thinks people are missing is that curve on Sicklerville Rd. Art Calabrese, a previous Mayor of this town, lost his son on that curve. That curve is deadly. Weekends are the worst on Sicklerville road. He thinks it's a bad idea.

Mr. Costa states if they wanted to build a Wawa they wouldn't even have to come here.

Mr. Cipriano states he heard some good things.

Mr. Costa states the applicant will come back at site plan and Mr. Cipriano will have another chance to come back for buffers, traffic study and grades.

Mr. Cipriano states if it goes through, they are going to have to play nice with others.

Vice Chairman Simiriglio states they will have to abide by state regulations for storm water management.

Mr. Costa states there are littering laws and Mr. Cipriano should call the town. You shouldn't have to look at that mess while you're sitting on your deck.

Mr. Bucceroni tells Mr. Cipriano to call Mr. Keenan at Code Enforcement

Mr. Lechner states when the applicant comes back for site plan, they may have to add acceleration and a deceleration lane.

Mr. Cipriano reiterates the curve is bad.

Vice Chairman Simiriglio states Sicklerville road is bad and residents need to call the county about it.

Mr. Mellett discusses water service through Aqua and sanitary sewer along the front. Mr. Mellett asks if the applicant to is willing to provide a utility easement for Poplar St.

Mr. McKenna states the water main stops at Jarvis.

Mr. Wade states the applicant can advise the water company there are residents back there who need service. The applicant will provide the easement for that purpose.

Ms. Joann Dombrowski: Poplar St.
- She recently used a storage unit and when people leave their doors open you can see inside. There are definitely storing chemicals in these units (cleaning and pool chemicals). I would just like some reassurances since I will be adjacent to it. I would like that safety.

Mr. Bucceroni asks Ms. Dombrowski if I move can I store a bottle of bleach in my unit.

Ms. Dombrowski states she's worried about commercial chemicals. I do appreciate the relocation of the 3-story building and all the consideration
towards the residents. But I was never notified that the property was re-zoned to HC. I just want that on the record.

A motion to approve the above-mentioned application with the following conditions;
- conditioned by site plan and subdivision,
- use and floor ratio not to exceed 0.746
- not to exceed 64,050 sq. ft.
- no manufacturing,
- no contractor work,
- no hazardous chemicals stored,
- close at 11 pm,
- move 3 story building,
- utility easement provided for Poplar St.
was made by Mr. Bucceroni and Mr. Treger.

Brian & Lisa Fleck Sullivan
Zoned: R3
Bulk C Variance
Block: 10609 Lot: 3
Location: 109 Garfield Ave., Blackwood
Attached Deck w/setbacks

Mr. Costa swears in Mr. Brian Sullivan
Mr. Sullivan states he is replacing an old deck that has fallen into
disrepair. The deck will be the exact same dimensions as the old one.
40’ x 22’.
The setback requested is 25.75 vs. the 30’ required.

Public Portion:
Mr. Costa swears in Ms. Stephany Roberts 117 Garfield:
- It is a historic building that is in good shape,
- The deck has been that way since 1947,
- Some of the homes were built in 1800’s,
- She would really like to see it approved.

RESOLUTION OF FINDINGS AND CONCLUSION

BOARD OF ADJUSTMENT

TOWNSHIP OF GLOUCESTER

APPLICATION # 192043C
Brian & Lisa Sullivan
Block 10609, Lot 3

WHEREAS, Brian and Lisa Sullivan are the owners of the land and premises located at 109 Garfield Avenue in the Blackwood section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a variance to replace a deck in the front yard 25.57' from the front property line instead of the required 30' for the property located upon Block 10609, Lot 3, as shown on the Official Map of the Township of Gloucester, located in a R-3 Zone, said application being pro-se.; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on October 23, 2019 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicants Brian and Lisa Sullivan are the owners of the land and premises located at 109 Garfield Avenue in the Blackwood section of Gloucester Township, New Jersey, as shown on Block 10609, Lot 3, on the Official Tax Map of the Township of Gloucester, located in an R-3 Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.
4. After being sworn, the applicant testified that he is replacing an old 40' x 22' deck with a new one in the exact location. The home was built in 1905 and he his making no other changes.

5. There were no objections to the application and a neighbor spoke in favor of it.

UPON MOTION duly made and seconded to grant the applicant a the aforesaid variance, the Board voted four (4) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

WHEREAS, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

WHEREAS, the statutory purposes will be advanced by the granting of the relief requested;

NOW THEREFORE BE IT RESOLVED, by the Zoning Board of Adjustment of the Township of Gloucester on this 23rd day of October, 2019, the applicants Brian and Lisa Sullivan are hereby granted the aforesaid variance for the property located upon Block 10609, Lot 3 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein.

¹ = Scaled data.
N.P. = Not Permitted.
* = Variance required.

Variance Expiration: The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.

II. VARIANCE COMMENTS

The application requires the following variances from the Land Development Ordinance based on scaled data from the sketch (survey) provided by the Applicant.

§422.L, Residential Tool Shed
1. Area: (288 sf provided v. 168 maximum allowed).

POSITIVE CRITERIA ("C1" and "C2" variances)
2. The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested variance:
   a. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).
   b. Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

NEGATIVE CRITERIA
The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

III. NOTICE REQUIREMENTS

The applicant must notice for the following variances:

From Section 422.L, Residential Tool Shed to permit a two hundred eighty eight (288) square foot shed (168 sf maximum allowed).
IV. RECOMMENDATIONS

1. The Applicant must address the underlined comments.

I have no further comments regarding this application at this time; however, reserve the right to provide additional comments during the public hearing to advance the planning process.

Complete each of the following sections:

A. Is this application to subdivide a parcel of land into six or more lots?
B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?
C. Is this application for approval on a site or sites for commercial purposes?
D. Is the applicant a corporation?
E. Is the applicant a limited liability corporation?
F. Is the applicant a partnership?

IF YES TO ANY OF THE ABOVE:

1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of its stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).

2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?

IF YES:

List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

§422.L, Residential Tool Shed
1. Area: (468 sf provided v. 168 maximum allowed).
2. Height: (14 ft. provided v. 12 ft. maximum allowed).
3. Number: (2 provided v. 1 maximum allowed).

The Applicant shall provide the following information to determine if additional variances are required:
4. Wall height: 9 ft. minimum required.

POSITIVE CRITERIA ("C1" and "C2" variances)
5. The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested variance:
   a. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).
   b. Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

NEGATIVE CRITERIA
The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

APPLICATION #192051C
Frank Anzelmi
155 Clement Drive
BLOCK 9102 LOT 10
III. NOTICE REQUIREMENTS

The applicant must notice for the following variances:

From Section 422.L, Residential Tool Shed to permit a four hundred sixty eight (468) square foot shed (168 sf maximum allowed), a shed height of fourteen (14) feet (12 ft. maximum allowed), and two (2) sheds (1 maximum allowed).

IV. RECOMMENDATIONS

1. The Applicant must address the underlined comments.

I have no further comments regarding this application at this time; however, reserve the right to provide additional comments during the public hearing to advance the planning process.

Complete each of the following sections:
A. Is this application to subdivide a parcel of land into six or more lots?
B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?
C. Is this application for approval on a site or sites for commercial purposes?
D. Is the applicant a corporation?
E. Is the applicant a limited liability corporation?
F. Is the applicant a partnership?

IF YES TO ANY OF THE ABOVE:
1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of its stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).
2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?

IF YES:
List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

Real Estate Owner
ANZELMI FRANK
155 CLEMENT DRIVE
SOMERDALE NJ 08083

This is to certify that the above-named applied for a permit to/authorization for.
a proposed rear yard 18'X26' detached 2nd garage located 3' from the side and rear property
lines. This application for approval is hereby denied

Comments on Decision:
Only 1 garage is permitted per residential lot. Detached garage setbacks are 10' from rear and side property
lines. A Variance approval from the Zoning Board of Adjustment is required prior to issuance of permit.

Additional permits must be obtained through the Construction Office

### III. APPLICATION SUBMISSION CHECKLIST

The Application has been reviewed in accordance with §817, Submission Checklist for a variance.

The Applicant has provided the required checklist items or requested a waiver.

### IV. WAIVER COMMENTS

The Applicant requests a waiver from the following checklist items.

1. A key map with north arrow showing the entire development and its relation to surrounding areas at a scale of not less than 1" = 2000' [Checklist #32].

2. Floor plans where multiple or more than one use is proposed that have different parking standards [Checklist #42].

3. Existing signs including the location, size, and height [Checklist #43].

4. Proposed signs including the location, size, height and scaled elevations of the front, side, and rear of any side directed or modified including sign lighting details [Checklist #44].

5. All side, rear, and front setback lines with dimensions. [Checklist #53].

---

APPLICATION #192049DSPW
James E. Rusin Jr.
BLOCK 2102, LOT 2
V. VARIANCE COMMENTS

The Application as submitted requires the following variances from the CR- Commercial Residential District:

§414.B, Permitted Uses
1. Cemetery is not a listed permitted use in the CR - Commercial residential District.

§414.F, Area, Yard, Height and Building Coverage
2. Lot size: (0.159 ac. provided v. 1 ac. minimum required).
3. Lot frontage: (50 ft. provided v. 100 ft. minimum required).
4. Lot depth: (139.67 ft. provided v. 300 ft. minimum required).

POSITIVE CRITERIA ("C1" and "C2" variances)
5. The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested variance:
   a. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).
   6. Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).

POSITIVE CRITERIA ("D1" use variance)
7. The Applicant must address and the Board consider the following in satisfying the positive criteria for the requested "D1" variance:
   a. Uses determined as not "inherently beneficial."
      i. A use variance must meet the statutory "special reasons" standards; the zoning purpose most amplifying the meaning of special reasons is, the promotion of the general welfare (basis Medici v. BPR Co., 107 N.J. 1 (1987)).
         1. The Applicant must identify and provide an analysis of the special reasons of zoning that is applicable to the application.
         2. The Applicant must provide testimony addressing the "enhanced quality of proof and clear specific findings" that the variance sought is not inconsistent with the Master Plan and Zoning ordinance.
         3. Furthermore, "such proofs and findings must satisfactorily reconcile the grant of the use variance with the ordinance's continued omission of the proposed use from those permitted in the zone."
   b. Uses determined as "inherently beneficial."
      i. The positive criteria for Inherently beneficial uses are deemed to have been met for inherently beneficial uses (basis Smart SMR of New York, Inc. v Fair Lawn, Bd. of Adj., 152, NJ 309, 323 (1998)).
NEGATIVE CRITERIA

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

Balancing Test (basis Sica v. Board of Adjustment Tp. of Wall, 127 NJ 152, 162 – 166 (1992)).

1. Identify the public interest at stake.
2. Identify the detrimental effects that would result by the grant of a variance.
3. Determine if the detrimental effects may be mitigated by imposing reasonable conditions.
4. Weigh the benefits against the mitigated negative effects to determine if on balance the grant of a variance would cause substantial detriment to the public good.

VI. GENERAL REVIEW COMMENTS AND SPECIAL CONCERNS

The Applicant should address the positive criteria including special reasons, standards of zoning and the negative criteria applicable to the required variances for the following master plan and zoning issues.

1. Master Plan
   a. Consistency of the proposed use with the following criteria of the B-1 Mixed Business/Residential land use classification of the master plan.

   “The Mixed Business/Residential/Professional Office land use category is intended for intermixed areas of residences and businesses at residential scales. This is proposed for a number of the older, mainly commercial, sections of the Township along the Black Horse Pike (Rt. 168). Because of the general lack of parking, this land use category is not proposed for auto-oriented commercial uses with high parking demand, nor uses that required frequent delivery or delivery by tractor trailer. The prototypical uses would be for furniture or carpet stores or other retail stores with a low customer turnover, business establishments that offer products or services off-premises to customers, and similar low traffic volume uses. A floor area ratio for business uses of between .15 and .25 is proposed primarily because many buildings in this category occupy large proportions of their lot.”

2. Zoning
   a. Consistency of the proposed use with the CR—Commercial/Residential District and character of the built environment.

3. Use Variance
   a. Suitability of the subject property to accommodate the proposed use.
4. Site Plan Waiver:
The Applicant requests a waiver from Site Plan Review as per §801.A(3). The applicable Land Development Ordinance states the following:

   a. "The approving authority may waive the requirement of site plan approval whenever it determines that the proposed development, alteration, repair, or change of use or occupancy does not affect the existing condition of the lot or premises, including: topography; vegetation; drainage; flood plains; marshes and waterways; open space; walkways, means of ingress and egress; utility services; landscaping; structures; signs; lighting and screening devices; and other considerations of site plan review ..."

VII. LAND DEVELOPMENT ORDINANCE COMMENTS
The Applicant is advised of the following additional requirements of the Land Development Ordinance:

1. A soil removal plan if soil is to be removed from the site for use or sale other than the premises subject to this application as per §801.C, Soil Removal.

2. A grading plan prepared and sealed by licensed professional engineer as per §814, Grading Approval.

3. Affordable housing requirement as per §902, Affordable Housing Fees and Procedures.

4. Before recording final subdivision plats or as condition of final site plan approval or as a condition to the issuance of a zoning permit pursuant to N.J.S.A. 40:50D-65d the furnishing of a performance guarantee, maintenance guarantee, and inspection fees as per §903, Guarantees and Inspections and §904, Certification or Guarantee Required; Estimate of Guarantee.

5. Requirements precedent to construction as per §905, Pre-conditions to Commencement of Construction.

6. Construction of off-tract improvements as per §906, Off-Tract Improvements Recapture.

7. A zoning permit is required prior to the issuance of any construction permits and prior to the issuance of a Certificate of Occupancy by the Construction Official the Applicant must acquire a Certificate of Zoning Conformity from the Zoning Officer as per §1102, Permits, General, §1103, Zoning Permit and §1104, Certificate of Zoning Conformity.

VIII. RECOMMENDATIONS
1. The Applicant should address the above underlined comments.

I have no further comments regarding this application at this time; however, I reserve the right to provide additional comments during the public hearing to advance the planning process.

Complete each of the following sections:

A. Is this application to subdivide a parcel of land into six or more lots?
B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?
C. Is this application for approval on a site or sites for commercial purposes?
D. Is the applicant a corporation?
E. Is the applicant a limited liability corporation?
F. Is the applicant a partnership?

IF YES TO ANY OF THE ABOVE:

1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of its stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).
2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?

IF YES:
List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

STATE OF NEW JERSEY
Commission Expires April 13, 2024
RESOLUTION
Chews United Methodist Church
PO Box 152, 319 Black Horse Pike, Glendora, NJ 08029

R #2019-10-1

Whereas, the Board of Trustees of the Chews United Methodist Church are Incorporated in the State of New Jersey and its Incorporation papers are attached and made a part of this Resolution; and

Whereas, the Board of Trustees of the Chews United Methodist Church has purchased an adjacent piece land (approx. 50ft +/- by 140ft +/-) to the Church’s existing cemetery and is known as Block 2102 Lot 2 located at 244 Chestnut Street, Glendora, Gloucester Township, NJ; and

Whereas, the Board of Trustees wish to request from the Zoning Board of Adjustment a “Use Variance” and a “Site Plan Waiver” for this property for cemetery use in order for the Church to be able to continue to serve our Church Family and the General Public in its mission of providing additional burial space and to also allow for continued maintenance and care of the existing cemetery; and

Whereas, the Board of Trustees wish to appoint and authorize the following Trustees to make application and to represent us before the Zoning Board of Adjustment of the Township of Gloucester:

James E, Rusin, Jr., Trustee President
592 Washington Terr.
Audubon, NJ 08106-2221

Herman B. Engelbert, Trustee
33 Madison Drive – Glen Oaks
Clementon, NJ 08021

Now Therefore Be It Resolved, that this Resolution authorizes the President of the Board of Trustees, Mr. James E. Rusin, Jr. and Trustee Herman B. Engelbert and our Corporation’s Attorney all necessary action before the Zoning Board of Adjustment to secure the necessary approvals for a “Use Variance” and a “Site Plan Waiver” for Block 2102 Lot 2 for cemetery use.

Approved: October 10, 2019:

James E. Rusin, Jr.
Trustee President
CERTIFICATE OF INCORPORATION
OF
CHEWS UNITED METHODIST CHURCH

WHEREAS, at a meeting held on November 25, 1980, at the Chews
United Methodist Church, 319 Black Horse Pike, Glendora, New
Jersey, the membership of the Chews United Methodist Church
authorized and directed that said Church be incorporated in
accordance with the provisions of Chapter 239, New Jersey Laws of
1980, as amended;

NOW, THEREFORE, we the undersigned duly elected trustees of
the Chews United Methodist Church hereby certify as follows:

1. The name of the incorporated church is the "Chews
   United Methodist Church;"

2. The purpose of the incorporated church is to conduct all
   activities which a religious corporation may lawfully conduct in
   the State of New Jersey;

3. The incorporated church is to be located in the
   municipality of Gloucester Township, Camden County, New Jersey;

4. The number of the trustees of the incorporated church
   shall be nine (9), and the names and respective periods of office
   of the initial trustees are:

   David Grasso         Class of 1991         Jeffrey Wilson
   Rozanna Langel
   Bruce Clark          Class of 1992         Tracy Phillips
   Jacob Knab
   Allen Cooker         Class of 1993         Diana Venables
   Thomas Green

5. The members of the incorporated church shall be the
   members of the Charge Conference of the Chews United Methodist
   Church, as constituted in accordance with The Discipline of the
   United Methodist Church;

6. The incorporated church shall support, and it and all its
   property, both real and personal, shall be subject to the laws,
   usages, and ministerial appointments of The United Methodist Church
   as are now or shall be from time to time established, made, and
   declared by the lawful authority of The United Methodist Church;

7. The incorporated church shall maintain its registered
   office in the State of New Jersey at 319 Black Horse Pike,
   Glendora, New Jersey 08029, and the Rev. Robert W. Ralph, Jr., or
   his successor as pastor of the incorporated church shall be the
Registered Agent in charge thereof, upon whom process against the corporation may be served.

IN WITNESS WHEREOF, we have hereunto set our hands and seals this 25th day of November, 1990.

Bruce Clark  Allen Cooper
David Grasso  Thomas Green
Jacob Knab  Roxanna Langal
Tracy Phillips

**IV. APPLICATION SUBMISSION CHECKLIST**

The Application has been reviewed in accordance with §817, Submission Checklist for a variance, minor subdivision, and final major site plan.

The Applicant must provide the following required checklist items or request a waiver as applies to following types of applications:

**Minor Subdivision Plan**

1. The names, addresses, block and lot numbers of all property owners within 200 feet of the development [Checklist #33].
2. Zones in which the property falls, zones of adjoining properties and all property within a 200 foot radius of the property in question [Checklist #35].

**Final Site Plan**

3. Existing signs including the location, size, and height [Checklist #43].
4. Proposed signs including the location, size, height and scaled elevations of the front, side, and rear of any side directed or modified including sign lighting details [Checklist #44].
5. Locations of all existing and proposed watercourse, i.e., lakes, streams, ponds, swamps or marsh areas, or under drain [Checklist #60].
6. Flood plain limits as determined by the Master Plan and onsite evaluations by a licensed professional engineer [Checklist #61].
7. Acceleration/deceleration lanes. [Checklist #75].
8. Driveway aisles with dimensions [Checklist #78].
9. Parking spaces with size, number, location and handicapped spaces [Checklist #79].
10. Curbs [Checklist #81].
11. Ramps for the handicapped [Checklist #82].
12. Sidewalks and bike routes [Checklist #83].
13. Sight triangle easements at intersections. [Checklist #86].
14. Radii at curblines [Checklist #87].
15. Location of street names and signs. [Checklist #88].
16. Traffic control devices [Checklist #89].
17. Streetlights. [Checklist #90].
18. Fencing, railroad ties, bollards and parking bumpers [Checklist #92].

APPLICATION #192041CDMFSPa
Amy Tarves
BLOCK 7201 LOTS 3 and 8
19. Cross Sections. [Checklist #94].
20. Proposed grades [Checklist #95].
21. Center line profiles at horizontal scale not less than 1" = 50' for all existing adjoining streets and proposed streets [Checklist #96].
22. Standard details for curbing, sidewalks, bike paths, paving, stoned or graveled surfaces, bollards, railroad ties and fences [Checklist #97].
23. Size and types of pipes and mains [Checklist #98].
24. Slope [Checklist #99].
25. Pumping Stations [Checklist #100].
26. Fire hydrants. [Checklist #101].
27. Standard details [Checklist #102].
28. Trench repair details for street crossings [Checklist #103].
29. For any storm drainage system, show the computations and any connection by the development to the existing storm drainage system [Checklist #104].
30. If private utilities are proposed, they shall fully comply with all township, county and state regulations. [Checklist #105].
31. If service is to be provided by an existing water or sewer utility company, a letter from that company shall be submitted, indicating that service shall be available before occupancy of any proposed structures. [Checklist #106].

The Applicant requests a waiver from providing the following required Article, V, Performance and Design Standards:

32. To provide the location of trees that are 5" caliper or greater as per §507.A(3)(c), Landscape Plan.
33. To provide underground irrigation for commercial development as per §507.A(4)(b), General Landscape Provisions.
34. To provide evergreen tree landscape buffer along north side of building as per §507.B, Buffering.
35. To provide the location of street lighting within 100 feet of the subject property as per §508.G(4), Lighting.
36. To provide the lighting plan that depicts photometric data for the parking lot along West Blenheim Avenue as per §508.G(4), Lighting.
37. To provide concrete curbing along perimeter of parking areas as per §510.J, Curbing.
38. To provide concrete sidewalks along the frontages of West Blenheim Avenue and Cedar Avenue as per §516, sidewalks, Curbs, Gutters & Pedestrian ways.

V. WAIVER COMMENTS

The Applicant requests a waiver from the following checklist items.

1. Four (4) copies of the Environmental Impact Statement (See §816) [Checklist #5].
2. Four (4) copies of the Traffic Impact Report (see §815) [Checklist #7].
3. No application for development shall be considered complete until the applicant has calculated and delineated the area of wetlands based upon the methodology established by the New Jersey Department of Environmental Protection regulations (See §519) [Checklist #9].
   a. The plans depict the location of freshwater wetlands and a 50-foot buffer.
4. Locations of all existing structures and their uses within 200 feet of the tract [Checklist #34].
5. Existing and proposed lot coverage in acres of square feet and as a percentage of the lot area [Checklist #37].
6. A written description of the proposed use(s) and operation(s) of the building(s), i.e., the number of employee or users of non-residential buildings, the proposed number of shifts to be worked, the maximum number of employees on each shift, expected truck and trailer traffic emission of noise, glare, radiation, heat, odor, safety hazards, air and water pollution. [Checklist #40].

APPLICATION #192041CDMFSPA
Amy Tarves
BLOCK 7301 LOTS 3 and 8
7. Floor plans where multiple or more than one use is proposed that have different parking standards [Checklist #42].

8. Existing elevations and contour lines over the entire area of the proposed development and two (2) permanent benchmarks based upon U.S.G.S datum [Checklist #56].

9. Contours shall be shown at not more than two (2) foot intervals for areas with less than twenty (20%) percent slope, five (5) foot intervals for areas in excess of twenty (20%) slope [Checklist #57].

10. Within a distance of 200 feet of development show the names, locations and dimensions of all existing streets and existing driveways, and any connections by the development to existing streets, sidewalks, bike routes, water, sewer, or gas mains [Checklist #74].

11. Fire lanes [Checklist #77].

12. Loading areas and number thereof [Checklist #80].

13. Cross Sections. [Checklist #94].

14. Center line profiles at horizontal scale not less the 1" = 50' for all existing adjoining streets and proposed streets [Checklist #96].

15. Environmental Constraints Map (See §519). [Checklist #108].

VI. VARIANCE COMMENTS

The application as submitted requires the following variances:

§416.B, Permitted Uses

1. Self-Storage Facility is not a listed permitted use in the R3 - Residential District §405.B, Permitted Uses.

§401.B(6), Buffer

2. Buffer: (15 ft. provided v. 25 ft. minimum required).

§416.F, Area, Yard, Height and Building Coverage

3. Building height: (not provided v. 35 ft. maximum allowed).
   a. The Applicant must provide testimony on the proposed building height to determine if a variance is required.

POSITIVE CRITERIA ("C1" and "C2" variances)

The Applicant must address and the Board consider the following in satisfying the positive criteria for the requested bulk variances:

4. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

   Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).
POSITIVE CRITERIA ("D1" use variance)

The Applicant must address and the Zoning Board of Adjustment consider the following in satisfying the positive criteria for the requested "D1" variance:

5. The Board has the power to grant a variance for a use or principal structure in a district restricted against such use or principal structure (basis N.J.S.A. 40:55-70d(1)).

   a. Uses determined as not "inherently beneficial."

      i. A use variance must meet the statutory "special reasons" standards. The zoning purpose most amplifying the meaning of special reasons is promotion of the general welfare (basis Medici v. BPR Co., 107 N.J. 1 (1987) and it is the most relied upon purpose to prove special reasons (Burbridge v. Mine Hill Tp. 117 N.J. 376, 386-387 (1990)).

         1. The Applicant should identify and provide an analysis of the special reasons of zoning that are applicable to the application.

         2. The Applicant should also show the site is particularly suited for the proposed use (Kohl v. Mayor and Council of Fair Lawn, 50 N.J. 268, 279-280 (1967).

         3. The Applicant should also provide specific testimony addressing the enhanced quality of proof that the variance sought is not inconsistent with the intent and purpose of the Master Plan and Zoning Ordinance (Medici v. BPR Co.).

         4. Furthermore, "such proofs and findings must satisfactorily reconcile the grant of the use variance with the ordinance's continued omission of the proposed use from those permitted in the zone" (Medici v. BPR Co.).

NEGATIVE CRITERIA

The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

Balancing Test (basis Sica v. Board of Adjustment Tp. of Wall, 127 NJ 152, 162 – 166 (1992)).

   1. Identify the public interest at stake.

   2. Identify the detrimental effects that would result by the grant of a variance.

   3. Determine if the detrimental effects may be mitigated by imposing reasonable conditions.

   4. Weigh the benefits against the mitigated negative effects to determine if on balance the grant of a variance would cause substantial detriment to the public good.
VII. GENERAL REVIEW COMMENTS AND SPECIAL CONCERNS

1. Master Plan
   a. The Applicant should provide testimony addressing consistency of the proposed self-storage use with the following Residential 3 (R3) Land Use Classification of the Master Plan.

      "Most of the single family residential neighborhoods in Gloucester Township are in the Residential 3 classification. It constitutes the largest land use classification of the sixteen categories of the Land Use Plan. The category is intended for single family detached residential uses at three units per acre. Generally, the Residential 3 areas have already been developed, however, small infill areas still exist where a minor number of units could be developed. Open space and small scale institutional uses not individually mapped have been placed in this land use classification."

2. Zoning
   a. The Applicant should provide testimony addressing consistency of the proposed self-storage use with the R-3 – Residential District and character of the built environment.

3. Use Variance
   a. The Applicant should provide testimony addressing the proposed use and accessory uses, if any, including but not necessarily limited to the following:
      i. A description of the proposed self-storage building including materials, colors, textures, facade modulation, roof lines, etc.
      ii. The proposed amount of noise associated with the proposed self-storage use.
      iii. The proposed hours and days of operation.

4. Buffer
   a. The instant application proposes a buffer of 15 feet, where 25 feet is the minimum required.
      i. The applicant should provide testimony addressing the inability to provide a project that would comply with the minimum buffer requirement.
VIII. LAND DEVELOPMENT ORDINANCE COMMENTS

The Applicant is advised of the following additional requirements of the Land Development Ordinance:

1. A soil removal plan if soil is to be removed from the site for use or sale other than the premises subject to this application as per §801.C, Soil Removal.
2. A grading plan prepared and sealed by licensed professional engineer as per §814, Grading Approval.
3. Affordable housing requirement as per §902, Affordable Housing Fees and Procedures.
4. Before recording final subdivision plats or as condition of final site plan approval or as a condition to the issuance of a zoning permit pursuant to N.J.S.A. 40:50D-65d the furnishing of a performance guarantee, maintenance guarantee, and inspection fees as per §903, Guarantees and Inspections and §904, Certification or Guarantee Required; Estimate of Guarantee.
5. Requirements precedent to construction as per §905, Pre-conditions to Commencement of Construction.
6. Construction of off-tract improvements as per §906, Off-Tract Improvements Recapture.
7. A zoning permit is required prior to the issuance of any construction permits and prior to the issuance of a Certificate of Occupancy by the Construction Official the Applicant must acquire a Certificate of Zoning Conformity from the Zoning Officer as per §1102, Permits, General, §1103, Zoning Permit and §1104, Certificate of Zoning Conformity.

IX. FINAL PROCEDURES

Following approval from the Board professionals the Applicant is required to complete the following requirements prior to signature of the plans.

1. Provide twelve (12) Final Major Site Plans for signatures.
3. Provide legal descriptions and deeds for signatures.
4. Payment of any outstanding escrow fees and sufficient fees to cover anticipated and/or pending invoices for professional services, if applicable.
   a. The escrow has an existing surplus of $6,614.50.

The Applicant is advised the following requirements are prior approvals to submitting an application for construction permits.

5. Provide an application and zoning permit approval.
6. Provide a cost estimate for site improvements to be reviewed and approved by the Township Engineer.
7. Provide a performance guarantee in the amount determined by the Township Engineer, if applicable.
8. Provide an inspection escrow in the amount determined by the Township Engineer.
9. Payment of any outstanding escrow fees and sufficient fees to cover anticipated and/or pending invoices for professional services, if applicable.
X. RECOMMENDATIONS

1. The Applicant should address the above underlined comments.

I have no further comments regarding this application at this time; however, reserve the right to provide additional comments during the public hearing to advance the planning process.

### 15. Relief Requested:

- [ ] Check here if zoning variances are required.

- [ ] Check here if exceptions to the application or municipal requirements are requested (N.J.S.A. 40:55D-51).

- [ ] Check here if exceptions to the Residential Site Improvement Standards (RSIS, N.J.A.C. 5:21-3.1) are requested.

- [ ] Check here if waivers from the Residential Site Improvement Standards (RSIS, N.J.A.C. 5:21-3.2) are requested. [Such waivers require application to, and approval of the N.J. Site Improvement Advisory Board].

**NOTE:** If any of above are required, attach hereto separate exhibit(s) for each category of relief sought, stating the factual basis, legal theory, and whether they have been previously granted.

### 16. Signature of Applicant

![Signature of Applicant]

Date: 8/28/19

**Signature of Co-applicant**

Date:

3 of 4
17. Consent of Owner(s):
I, the undersigned, being the owner(s) of the lot or tract described in this application, hereby consent to the making of this application and the approval of the plans submitted herewith. I further consent to the inspection of this property in connection with this application as deemed necessary by the municipal agency. (If owned by a corporation, attach a resolution authorizing application and officer signature).

Date:

Signature:

Print Name:

Complete each of the following sections:
A. Is this application to subdivide a parcel of land into six or more lots?
B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?
C. Is this application for approval on a site or sites for commercial purposes?
D. Is the applicant a corporation?
E. Is the applicant a limited liability corporation?
F. Is the applicant a partnership?

IF YES TO ANY OF THE ABOVE:
1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of its stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).
2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?

IF YES:
List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

Signature of Applicant:

Print Name:

19. Survey waiver certification:

As of the date of this application, I hereby certify that the survey submitted with this application, under the date of , shows and discloses the premises in its entirety, described as Block , Lot , and I further certify that no buildings, fences or other facilities have been constructed, installed or otherwise located on the premises after the date of the survey with the exception of the structures shown.

State of New Jersey,
County of Camden:

RE: APPLICATION #182056CDPMSFMS Escrow #12807
Empire Investment Enterprise, LLC
BLOCK 10902, LOT 12

DATE: October 9, 2019

The Applicant requests preliminary and final major site plan approval in conjunction with a use variance within the R-2 Residential District. The project is located on the south side of Coles Road west of NJ Rte. 42.

The subject property was approved by Zoning Board of Adjustment Resolution #182056CD adopted May 08, 2019 to permit "2 commercial buildings for administrative offices and flex space and office use where said use is not permitted and bulk variances."

Applicant/Owner: Empire Investment Enterprise, LLC, 55 Kelly Driver Lane, Laurel Springs, NJ 08021 (telephone #856-228-4848).

Architect: Jack S. Smith, RA, Bishop & Smith Registered Architects, 1344 Chews Landing Road, Laurel Springs, NJ 08021 (telephone #856-227-1626).

Engineer: Norman K. Rodgers, PLS, PE, Consulting Engineer Services, 645 Berlin - Cross Keys Road, Suite 1, Sicklerville, NJ 08081 (telephone #856-228-2200).

I. INFORMATION SUBMITTED

New Information

1. Land Development Application Form and checklist dated 9/16/19.
2. Project Narrative, as prepared by Consulting Engineer Services dated September 2019.
5. Plan of Survey, as prepared by Consulting Engineer Services comprising One (1) sheet dated 01/07/19, last revised 7/22/19.
6. Conceptual Plot Plan, as prepared by Bishop & Smith Registered Architects comprising one (1) sheet dated 9/16/19.
7. Engineering plans, as prepared by Consulting Engineer Services consisting of the following:

1 = Scaled data.
* = Variance required.

Variance Expiration: The applicant is advised that variances will expire unless construction commences within two (2) years of the date of the granting of the variance.

III. APPLICATION SUBMISSION CHECKLIST

The Application has been reviewed in accordance with §817, Submission Checklist for a variance.

The Applicant shall provide the following checklist items or request a waiver:

1. Existing signs including the location, size, and height [Checklist #43].
2. Proposed signs including the location, size, height and scaled elevations of the front, side, and rear of any side directed or modified including sign lighting details [Checklist #44].
3. Acceleration/deceleration lanes. [Checklist #75].
4. Traffic channelization [Checklist #76].
5. Fire lanes [Checklist #77].
6. Directional signs with scaled drawings [Checklist #85].
7. Center line profiles at horizontal scale not less the 1” = 50’ for all existing adjoining streets and proposed streets [Checklist #96].

IV. WAIVER REVIEW COMMENTS

The Applicant requests a waiver from providing the following required checklist items.

1. Four (4) copies of the Environmental Impact Statement (See §816) [Checklist #5].
   a. The Applicant should provide professional testimony to support this waiver request.
2. Four (4) copies of the Traffic Impact Report (see §815) [Checklist #7].
   a. The Applicant should provide professional testimony to support this waiver request.

APPLICATION #182056CD
Empire Investments Enterprise, LLC
BLOCK 10902, LOT 12
3. No application for development shall be considered complete until the applicant has calculated and delineated the area of wetlands based upon the methodology established by the New Jersey Department of Environmental Protection regulations (See §519) [Checklist #9].
   a. Site Data #10 references NJDEP Mapping and “visual observations” Consulting Engineer Services certifies wetlands are not present on site.

4. Four (4) copies of any additional reports. [Checklist #10].
5. Sidewalks and bike routes [Checklist #83].
   a. It’s recommended the plans be revised to provide concrete curb and sidewalks along the frontage of Coles Road as per §516, sidewalks, curbs, Gutters & Pedestrian Ways.

The instant Application requests a waiver from having to provide the following Performance and Design Standards.

6. To provide 1.5” – 1.75” caliper for the proposed Bradford Pear and Sugar maple shade trees where 2.5” caliper is the minimum required as per §507.A(2)(b)(2), Materials.
   a. The site plan proposes only five (5) shade trees and it’s recommend the caliper should not be reduced less than 2”.

7. To provide a 12’ x 28’ loading area where 12’ x 60’ is the minimum size required as per §509.A. Dimensions.

8. To provide parking spaces 10’ from a residential zone and residential use where 25’ is the minimum required as per §510.F(5), Location of parking spaces.
   a. The Board should note a variance was approved to allow a 10-foot buffer as per Zoning Board of Adjustment Resolution #182056CD adopted May 08, 2019.

V. VARIANCE COMMENTS

The application as submitted requires the following variance.

1. Buffer: (4.4 ft. provided v. 10 ft. minimum required).
   a. The proposed drainage basin retaining wall and headwall encroach within the previously approved 10-foot buffer.
      i. “No structure, stormwater management facility, activity, storage of materials or parking of vehicles shall be permitted within a buffer area” [§507.B(4), Buffering].

POSITIVE CRITERIA (“C1” and “C2” variances)

The Applicant must address and the Board consider the following in satisfying the positive criteria for the requested bulk variances:

2. The Board has the power to grant a variance where by reason of exceptional narrowness, shallowness, shape, or topographic conditions or physical features, or an extraordinary and exceptional situation affecting a specific property, the strict application of the zoning regulations would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the development of such property (basis 40:55D-70c(1)).

Also, the Board has the power to grant a variance when the purpose of the Municipal Land Use Law would be advanced by the deviation of the zoning ordinance and the benefits would substantially outweigh the detriments (basis N.J.S.A. 40:55-70c(2)).
NEGATIVE CRITERIA
The Board should not grant a variance unless it is clearly demonstrated that said variance can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance (basis 40:55D-70).

The following variances are approved by Zoning Board of Adjustment Resolution #182056CD adopted May 08, 2019.

§404.B, Permitted Uses
3. "2 commercial buildings for administrative offices and flex space and office use," which are not listed permitted uses in R-2 – Residential District [§404.B, Permitted Uses].

§404.F, Area, Yard, Height and Building Coverage
4. Lot size: (0.90 ac. provided v. 3 ac. minimum required).
5. Lot frontage: (99.59 ft. provided v. 200 ft. minimum required).
6. Building coverage: (16% provided v. 5% maximum allowed).
7. Lot coverage: (53% provided v. 15% maximum allowed).
8. Front yard: (23 ft. provided v. 100 ft. minimum required).
9. Side yard: (20 ft. provided v. 30 ft. minimum required).
10. Side yard: (10 ft. provided v. 30 ft. minimum required).
11. Buffer: (10 ft. provided v. 25 ft. minimum required).

VI. SITE PLAN REVIEW COMMENTS
1. The plans should be revised to provide a permanent benchmark as per §503.C(3), Monuments.

2. The plans should be revised to provide additional intermittent evergreen landscaping along the easterly and southerly sides of the Stormwater Management Facility Basin to enhance the aesthetics of the project and the Township as per §507.A, Landscaping.
   a. The purpose of this recommendation is to provide partial buffering of the drainage area from residential properties.

3. The plans should be revised to provide a permanent 10-foot wide buffer easement along the easterly property as per §503.D, Easements/Restricted Covenants.
   a. The purpose of this recommendation is to ensure perpetual compliance with §507.B, Buffering.

4. The plans should be revised to provide a Landscape Note that all landscaping and lawn areas would have underground irrigation as per §507.A(4)(b), General Landscaping Provisions.

5. Consideration should be given to revise the gate location for the proposed trash enclosure as per §510.L, Refuse/Recyclable Storage Areas.
   a. It's suggested the gate opening towards rear may be awkward for trash removal vehicles to access the dumpsters.

6. The plans should be revised to provide vertical screening slats with top and bottom locking channels for the proposed chain link gate for the trash enclosure as per §510.L(3), Refuse/Recyclable Storage Areas.

7. The plans should be revised to provide curb and sidewalk along the entire frontage of Coles Road as per §516, sidewalks, Curbs, Gutters & Pedestrian Ways.
VII. LAND DEVELOPMENT ORDINANCE COMMENTS

The Applicant is advised of the following additional requirements of the Land Development Ordinance:

1. A soil removal plan if soil is to be removed from the site for use or sale other than the premises subject to this application as per §801.C, Soil Removal.

2. A grading plan prepared and sealed by licensed professional engineer as per §814, Grading Approval.

3. Affordable housing requirement as per §902, Affordable Housing Fees and Procedures.

4. Before recording final subdivision plats or as condition of final site plan approval or as a condition to the issuance of a zoning permit pursuant to N.J.S.A. 40:50D-65d the furnishing of a performance guarantee, maintenance guarantee, and inspection fees as per §903, Guarantees and Inspections and §904, Certification or Guarantee Required; Estimate of Guarantee.

5. Requirements precedent to construction as per §905, Pre-conditions to Commencement of Construction.

6. Construction of off-tract improvements as per §906, Off-Tract Improvements Recapture.

7. A zoning permit is required prior to the issuance of any construction permits and prior to the issuance of a Certificate of Occupancy by the Construction Official the Applicant must acquire a Certificate of Zoning Conformity from the Zoning Officer as per §1102, Permits, General, §1103, Zoning Permit and §1104, Certificate of Zoning Conformity.

VIII. RECOMMENDATIONS

1. The Applicant should address the above underlined comments.

I have no further comments regarding this application at this time; however, reserve the right to provide additional comments during the public hearing to advance the planning process.

7. Location of Property:

- **Street Address:** 46 Coles Road
- **Tract Area:** 43,176 sq. ft.
- **Block(s):** 10902
- **Lot(s):** 12

8. Land Use:

- **Existing Land Use:** Vacant
- **Proposed Land Use (Describe Application):**
  Construct 2 Commercial 1 story buildings for lease to permit Administrative offices and flex space for use by tenants, administrative activities, construction business/warehouse, package and box manufacturing, personal and household storage, scientific research, warehouse/wholesale, emergency services, newspaper publishing/job printing, general services/repair shop excluding autobody repair. Office use: carpenters, contractor, exterminator, electrician, furriers, masons, painters, plumbers, roofers, upholsterers, landscapers, etc. per plan. All uses to be within the approved bid.

9. Property:

- **Number of Existing Lots:** 1
- **Number of Proposed Lots:** 1
- **Proposed Form of Ownership:**
  - ☐ Fee Simple
  - ☐ Condominium
  - ☐ Cooperative
  - ☐ Rental
  (If yes, attach copies)
- **Are there existing deed restrictions?** ☑ No ☐ Yes
- **Are there proposed deed restrictions?** ☑ No ☐ Yes

10. Utilities: (Check those that apply.)

- Public Water
- Public Sewer
- Private Well
- Private Septic System

Complete each of the following sections:
A. Is this application to subdivide a parcel of land into six or more lots?
B. Is this application for a variance to construct a multiple dwelling of 25 or more family units?
C. Is this application for approval on a site or sites for commercial purposes?
D. Is the applicant a corporation?
E. Is the applicant a limited liability corporation?
F. Is the applicant a partnership?

IF YES TO ANY OF THE ABOVE:
1. List the names and addresses of all stockholders or individual partners owning at least 10 percent of it's stock of any class or at least 10 percent of the interest in partnership, as the case may be. (Use additional sheets as necessary).
2. Does a corporation or partnership own 10 percent or more of the stock in this corporation or partnership?

IF YES:
List the names and addresses of the stockholders of that corporation holding 10 percent or more of the stock or 10 percent or greater interest in that partnership, as the case may be. This requirement is to be followed by every corporate stockholder or partnership, until the names and addresses of the non-corporate stockholder and individual partners with 10 percent or more ownership have been listed. (Use additional sheets as necessary).

TABLE OF CONTENTS

1 SITE DESCRIPTION .................................................................1
2 EXISTING CONDITIONS ..........................................................1
3 PROPOSED DEVELOPMENT .......................................................1
4 SITE OPERATION .....................................................................2
1  SITE DESCRIPTION

Consulting Engineer Services (CES) has prepared this Project Narrative for the 44 Coles Road development, a proposed commercial development located on Plate 109, Block 10902, Lot 12 on the official Tax Map of the Township of Gloucester, Camden County, New Jersey (hereinafter the “Site”). The approximate 0.94 acre site consists of one (1) lot and is located within the Township’s R-2 Residential Zone. The proposed Site has frontage along Coles Road.

2  EXISTING CONDITIONS

The site is currently undeveloped land identified by the Township for economic development. No wetlands are present on the site. Surrounding land use consists primarily of residential uses to the west and south; and commercial uses as well as the Atlantic City Expressway to the east.

3  PROPOSED DEVELOPMENT

Major Site plan approval is being sought by Empire Investment Enterprises, LLC to develop the Site into a commercial use with 2 proposed buildings. The proposed improvements will total 6,000 square feet. One building will be approximately 3,500 square feet and permit use by up to 6 different tenants; the second building will be approximately 2,500 square feet and be used by 1 tenant.

The developed Site will have direct access to Coles Road. Parking, sidewalks, and associated lighting and landscaping will be provided within the Site. Proposed layout of the site is in general accord with the use variance plan approved by the Gloucester Township Zoning Board.

Stormwater runoff generated from the proposed improvements will be conveyed via overland flow and underground stormwater piping to proposed stormwater management basin. The proposed stormwater conveyance and management facilities will be in conformance with Township requirements.
4 SITE OPERATION

The operations will be consistent with other similar commercial uses and hours of operations and shall comply with Township working hour requirements.

The facility is proposed to be utilized for general commercial use, with the exact end user to be determined. Flexible office/warehousing operations are anticipating, but no use is proposed that will generate smoke, odors, noises, or other nuisance conditions. All storage shall occur indoors.

Each use shall have building access via a man door and garage door.

Off-street parking for the Site is provided to accommodate a variety of general commercial uses with consideration for vehicles used by customers, employees, and other Site visitors.

The proposed facility is anticipated to receive deliveries by single container box truck (such as a UPS delivery truck). The deliveries are anticipated to occur as required and will generally occur during normal business hours. Off-street loading space is provided to accommodate deliveries.

Trash pickup will be provided by a private company and will occur once weekly. A trash/recyclable enclosure for waste disposal is proposed at the side of the building.

1  INTRODUCTION

Consulting Engineer Services (CES) has prepared this Recycling Report for the 44 Coles Road development, a proposed commercial development located on Plate 109, Block 10902, Lot 12 on the official Tax Map of the Township of Gloucester, Camden County, New Jersey (hereinafter the "Site"). The approximate 0.94 acre site consists of one (1) lot and is located within the Township’s R-2 Residential Zone. The proposed improvements will total 6,000 square feet split between two (2) buildings. One building will be approximately 3,500 square feet and permit use by up to 6 different tenants; the second building will be approximately 2,500 square feet and be used by 1 tenant.

2  MATERIALS TO BE COLLECTED AND FREQUENCY

A. General Consumer Recyclables

The anticipated recyclables include the following:

<table>
<thead>
<tr>
<th>Materials</th>
<th>Pick-Up Frequency</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cardboard/Paper</td>
<td>Once Weekly</td>
</tr>
<tr>
<td>Plastic</td>
<td>Once Weekly</td>
</tr>
<tr>
<td>Aluminum</td>
<td>Once Weekly</td>
</tr>
<tr>
<td>Glass</td>
<td>Once Weekly</td>
</tr>
</tbody>
</table>

Recyclables will be collected and stored in suitable containers located in the trash/recycling enclosure.

B. General Refuse

General refuse will be collected and stored in an eight (8) cubic yard dumpster located in the trash/recycling enclosure. General refuse will collected once weekly.

3  LOCATION OF MATERIALS TO BE STORED

All general consumer recyclable materials collected by the owner will first be separated from the other trash. The recyclable material will then be stored within the trash/recycling enclosure
located between the two proposed buildings. The general consumer recyclables will remain in
the trash/recycling enclosure area until they are due for pick up.

4 RESPONSIBLE WASTE HAULER

The owner of the project will have ultimate responsibility for pick up and disposal of all trash
and recyclable materials. All trash and recyclable materials will be disposed of by appropriately
licensed waste haulers.

5 QUANTITY OF MATERIALS TO BE GENERATED AND REQUIRED STORAGE

It is anticipated that:

- Approximately 8 cubic yards of general trash will be generated once each week. A
  minimum 8 cubic yard trash dumpster will be provided in the trash/recycling enclosure
  located between the two buildings.

- Approximately 4 cubic yards of cardboard/paper, plastic, aluminum and glass will be
  generated each week. A minimum 4 cubic yard recyclables dumpster will be provided in
  the trash/recycling enclosure located between the two buildings.
