#191046M Minor Sub-Division
Diem Thi Thuy Vo Block: 901 Lot: 4
Zoned: R4 Location: 212 High Street

Glendora
Split One (1) Lot into Three Lots

NOTES:
Chairman Dintino introduced the Application. Mr. Adam Grant approached the podium who is a professional land surveyor in NJ and was sworn in. He represents the applicant looking for a minor sub-division making three lots from one. Mr. Grant continued to explain the specifics of the sub-division. He described the lot setbacks and the existing buildings and their conformity. He stated there is no planned development of the lots at this time. If such were planned utilities would be under ground, site plans would show all development and sidewalks would be proposed. The entire property would be Zoned R4.

Mr. Bach questioned the non-conformance of the property and the requirements of the Board letters. Mr. Grant replied when development occurs the lots would become compliant indicated on each plot plan as such there were no objections to following the requirements in the Board letters.

Mr. Bach stated that the only non-conforming part of the existing property is the front yard set-back and the setback of the accessory structure on the side yard. Mr. Grant indicated that he received and read the Bach Associates letter on technical requirements. There were no objections to them.

Mr. Lechner reviewed his report that was sent to Mr. Grant. They discussed that a concrete monument will be placed between the lots and paved driveways would be included in building plans. The Ordinance requires sidewalks before deeds are signed but after further discussion it was noted that sidewalks are out of place and not consistent with the neighborhood not having sidewalks.

Mr. Bach suggested a waiver be given for the sidewalks as part of the sub-division, since no sidewalks are on either side of the street. The Board agreed to waive the sidewalks. Mr. Bach & Mr. Lechner were finished with questions.

Chairman Dintino asked if any questions from the Board.

Mrs. Botsford suggested that the on-site metal shed be removed off the lot.

Mr. Grant agreed.

There were No other questions from Board members.

Chairman Dintino asked if there were any questions from the Public but Mr. Lechner stated that it was not really a public hearing.

Seeing None Ms. Knight summarized the application motion for the Board vote.

Chairman Dintino ask for a motion to approve the Application.

Mr. Hutchison made the motion seconded by Mrs. MacPherson.

WHEREAS, the Board Professionals testified and confirmed that while no variance relief is required in connection with the minor subdivision, the Applicant does require a design waiver from LDO § 516 that requires the Applicant to provide concrete sidewalks along proposed new Lots 4.01 and 4.02; and

WHEREAS, Mr. Grant testified that the requested waiver from the sidewalk requirement is justified and reasonable under the circumstances because there is no sidewalk provided for other homes in the immediate area and vicinity of the Property; and

WHEREAS, the Board Professionals did not object to the granting of the submission waivers requested on the record by the Applicant or the design waiver from the sidewalk requirement based on the testimony of the Applicant and/or the Applicant’s witnesses and professionals; and

WHEREAS, the meeting was opened to the public, and no members of the public appeared to testify; and

WHEREAS, the Planning Board having received reports from professionals and other advisors to the Board including, without limitation, the Zoning Officer, Board Engineer, Board Planner, County Planning Board, Traffic Commander, Fire Marshall, Tax Assessor, Water Department and Municipal Utilities Authorities and having heard testimony from the Board Planner and Board Engineer, makes the following factual findings and conclusions of law in approving the subject application for minor subdivision approval:

1. **Incorporation by Reference of “WHEREAS” Clauses.** In addition to the paragraphs below, the above “WHEREAS” clauses are expressly adopted and incorporated by reference herein as the Board’s Findings of Fact and Conclusions of Law, as appropriate.

2. **Applicant and Property.** The Applicant is Diem Thi Thuy Vo. The Property is located at 212 High Street, identified on the Tax Map for the Township of Gloucester as Block 901, Lot 4. The Applicant is the owner of the Property, which is located in the R-4 Zone.

3. **Notice.** To the extent required, public notice of the hearing was provided in accordance with the requirements of the Municipal Land Use Law, N.J.S.A. 40A:55D-12.
4. Requested Relief. The Applicant seeks minor subdivision approval with waivers to subdivide the Property into three new lots, each being of equal size (6,250 sf). LDO § 406.

5. Proposed Use. The proposed use of the Property and resulting new lots for single-family detached dwellings is a permitted use in the R-4 Zone.

6. Variances. The Application does not require any variances from the requirements of the LDO.

7. Waivers. The Application requires the following completeness and/or design waivers from the requirements of the LDO:

a. LDO § 516 – to provide concrete sidewalks along proposed new Lots 4.01 and 4.02.

b. Any further waivers requested in the Application or by the Applicant’s witnesses during the Applicant’s public hearing to which the Board Professionals had no objection;

c. Any further waivers identified in the Engineering Review Letter to which the Board Professionals had no objection;

d. All further waivers identified in the Planning Review Letter to which the Board Professionals had no objection;

e. Any and all waivers as determined to be required by the Board and Board Professionals during the Applicant’s public hearing.

8. Engineering Review Letter. The Board Engineer, Steven M. Bach, PE, RA, PP, CME of Bach Associates, PC, issued a report dated November 6, 2019, incorporated by reference as if set forth fully herein, recommending certain revisions, clarification and/or modifications to the plans with which the Applicant agreed to comply unless otherwise outlined or modified further herein, or to the extent that they had not been addressed through testimony.

9. Planning Review Letter. The Board Planner, Kenneth D. Lechner, PP, AICP, issued a report dated October 28, 2019, incorporated by reference as if set forth fully herein, recommending certain revisions, clarification and/or modifications to the plans with which the Applicant agreed to comply unless otherwise outlined or modified further herein, or to the extent that they had not been addressed through testimony.

10. Public Testimony. No members of the public appeared to testify during the Applicant’s November 12, 2019 public hearing.
11. **Decision on Waivers.** With regard to the waivers referenced in Paragraph 7 herein and more fully set forth in in the Board Professionals Review Letters, the Board finds the waivers, particularly the design waiver from LDO § 516 – to provide concrete sidewalks along proposed new Lots 4.01 and 4.02, to be reasonable under the circumstances and justified by the Applicant’s testimony, particularly because there is no sidewalk on other residential properties in the immediate area and surrounding vicinity of the Property such that the development of sidewalks would be out-of-place, and further because the Board Professionals did not object to the granting of the waivers; thus, the Applicant is entitled to the waiver relief and is hereby granted the waivers set forth in Paragraph 7. *Garofalo v. Burlington Tp.*, 212 N.J. Super. 458 (Law Div. 1985).

12. **Decision on Minor Subdivision.** With regard to the requested minor subdivision approval, through the evidence submitted and testimony presented by the Applicant’s witnesses, professionals, the Board’s professionals, and members of the public, if any, the Board finds and concludes that the proposed minor subdivision complies with all minor subdivision and other standards, specifications, and requirements established by the LDO not addressed by waivers as detailed herein, and that the Property is suitable for the proposed subdivision given the sufficient size of the Property, the lack of variances required, and permitted residential uses in the R-4 Zone. See, e.g., *Levin v. Livingston Twp.*, 35 N.J. 500, 510–11 (1961); *Pizzo Mantis Group v. Randolph Twp.*, 261 N.J. Super. 659 (App. Div. 1993), aff’d as mod., 137 N.J. 216 (1994).

**NOW, THEREFORE BE IT RESOLVED,** after considering the foregoing facts, the Board further concludes that the Applicant has demonstrated that the Application will not have a deleterious effect upon the neighborhood, and has satisfied the standards necessary for approval and should therefore be approved subject to the specific and standard conditions stated herein and on the record; and

WHEREAS, a motion was duly made by Councilman Hutchinson and seconded by Ms. MacPherson to APPROVE the Application as set forth above, and a roll call vote on the motion was recorded as follows:

1. That the Application, all exhibits, testimony, map, and other documents submitted and relied on by the Applicant, are true and accurate representations of the facts relating to the Applicant’s request for approval. 2. Upon discovery by the Board of clear and convincing evidence of a materially misleading submission, material misstatement, materially inaccurate information, or a material mistake made by the Applicant, the Board reserves the right to conduct a hearing with the Applicant present, for the purpose of fact-finding regarding the same. Should the facts at said hearing confirm that there had been a material fault in the Application, the Board shall take whatever action it deems appropriate at that time, consistent with the MLUL and case law, including but not limited to a reconsideration of its prior approval, a rehearing, a modification of its prior approval, or such other action as appropriate. In addition, at any time within 45 days after the adoption of this resolution, a party of interest may appeal to the Superior Court for an order vacating or modifying any term or condition as set forth herein.

3. The Applicant shall indemnify and hold the Township harmless from any Claims whatsoever which may be made as a result of any deficiency in the Application, or as to any representations made by the Applicant, including but not limited to proper service and notice upon interested parties made in reliance upon the certified list of property owners and other parties entitled to notice, said list having been provided to the Applicant by the Township pursuant to N.J.S.A. 40:55D-12(c), and publication of the notice of public hearing in this matter in accordance with the law.
4. The relief as granted herein is subject to the discovery of any and all deed restrictions upon the Subject Property which had not been known or had not been disclosed to the Board, but which would have had a materially negative impact upon the Board’s decision in this matter had they been so known, or so disclosed.

5. The Applicant must obtain approvals from any and all other governmental and/or public agencies as required, whether federal, state, county or local, over which the Board has no control but which are necessary in order to finalize and/or implement the relief being granted herein, as well as any construction that may be a part of said relief. The Applicant is solely responsible for determining which governmental and/or public agencies, if any, such approvals are required.

6. The Applicant is further required to submit a copy to the Board’s Secretary of all approvals and/or denials received from such outside agencies, with a copy thereof to the Board’s Solicitor, Engineer, and Planner.

7. The Applicant must pay the costs of all professional review and other fees required to act on the Application, pursuant to the applicable sections of the Township’s land development ordinances, zone codes and any other applicable municipal codes, and the MLUL.

8. The Applicant assumes all risks should the Applicant fail to obtain any other construction or other municipal permits required with respect to the relief as granted herein during the statutory appeal period associated with the language of this resolution.
