Applications for Review

#161023CR
Gloucester Twp. School Board
Glen Landing, Mullen & Lewis School
LED Display Signs

Courtesy Review
Digital Displays
Location: 85 Little Gloucester Road
1400 Sicklerville Road

Chairman Owens introduces the application under review. He requested Mr. Dintino to abstain from voting due to a conflict of interest with this application. Mr. Wells advised that he can just recuse himself from the discussion. Mr. Dintino agreed.

Discussion of the application was started by John Wade of Wade, Wood and Long who approached the podium. Mr. Wade stated he represented the Gloucester Township BOE to discuss the new digital signs that they envisioned installing at the Glen Landing, Mullen and Lewis Middle Schools. Mr. Wade then introduced the Superintendent of Schools Mr. Bilodeau to describe what the school district was seeking to do with the installation of the new signs.

Mr. Bilodeau approached the podium and was sworn in. Mr. Bilodeau stated that the basis to change the aging marquee’s in order to improve communication exponentially for the township community through the new messaging technology available. Mr. Bilodeau also stated that they were not changing the footprint of the base design and that the Lewis sign would be brought closer to ground level. He stated all the signs were 4’ x 8’ electrified signs allowing messaging to be controlled from inside each school for the purpose of announcing school events and possible major community happening or emergency management issues.

Chairman Owens asked if there were any questions or comments from the Board Professionals.
None replied.
Chairman Owens asked if there were any questions or comments from the Board. None replied.

Mr. Bilodeau approached the podium and gave a closing statement. He stated the purpose of the GloTwp. B.O.E. to come to the Board was to solicit comments or suggestions but the main purpose was to present this to the Board and allowing approval on what was proposed.

Mr. Lechner stated that he sends a letter stating the fact.

Chairman Owens asked if there were any questions or comments from the Public. None replied.

Chairman Owens requested a motion to recommend the New Signage for the GloTwp. Middle Schools.

Councilman Hutchison made a motion to approve the new signage seconded by Mr. Reagan.

Location: 85 Little Gloucester Road
1400 Sicklerville Road
875 Erial Road

Chairman Owens introduces the application under review.
Discussion of the application was started by John Wade of Wade, Wood and Long.
Mr. Wade stated he now represented the Black Horse Pike Regional School District to discuss the replacement of the bleachers and certain upgrades at Highland HS football fields. He introduced Mr. Jeffers from Jeffers Engineering to explain what was going to be done and introduced Mr. Gering from Gering Architects for informational support.
Mr. Jeffers explained what his responsibilities are within the company and how long he has been practicing.
Chairman Owens stated with Mr. Jeffers experience he can be qualified as a professional.
Mr. Wells declared that he should be sworn in.
Mr. Jeffers was sworn in.
Mr. Jeffers then described the Plan Exhibits being displayed – Sight improvement and 2 grading plans.
The intent of the plan is to remove replace the existing dated bleachers at Highland HS football and track field and address some ponding and puddle problems. The modification would include better pedestrian access, handicap accessible walkways and correct the drainage issues. Mr. Jeffers asked Mr. Gering to give additional information. Mr. Gering was sworn in. Mr. Gering gave information on the existing bleachers and what the newer bleachers will accomplish.

Chairman Owens asked if there were any questions or comments from the Board Professionals. None replied.

Chairman Owens asked if there were any questions or comments from the Board. None replied.

Chairman Owens asked if there were any questions or comments from the Public. None replied.

Chairman Owens requested a motion to recommend the application to the Board for the replacement of bleachers and improvements to the Highland HS Football/Track Field.

Councilman Hutchison made a motion to approve the bleacher replacement & field improvements seconded by Mr. Reagan.

Roll Call:

| Councilman Hutchison | Yes |
| Mrs. Costa | Yes |
| Chairman Owens | Yes |

0-16-07 Amending Ordinance
New Vision Business Park District
Establish the New Vision Residential Commercial

Establish the NVBP Residential Commercial Overlay District

Chairman Owens introduces the Amendment.
Mr. Lechner provides a brief description of the purpose of the amendments. Mr. Lechner provided a handout out to all members that included a commercial overlay map and the ordinance associated with those areas. Mr. Lechner described the properties and the ordinance amendment. He described the areas in question mainly in the area of the Cross Keys Rd.
Mr. Lechner stated that the new vision redevelopment plan to be amended eliminating the amendment requirements so it is more economical to develop without all the specific requirements. The amendment would help make a single plan more efficient allowing development of an area specific to the needs of the area eliminating multiple specifications to be met in the zoning ordinances because they are outdated established decades prior. The developer will only have to submit a plan for review allowing the Board to modify such plan if need be.

The final amendment would allow development of vacant land with the owners only being given a written notice with a second reading that development could affect such lands and those areas already developed but shouldn’t significantly affect those land areas already developed.

Mr. Lechner suggests a resolution be made which was briefly discussed amongst board professionals.

Chairman Owens asked if there were any questions or comments from the Board. None replied.

Chairman Owens asked if there were any questions or comments from the Public. None replied.

Chairman Owens requested a motion to recommend the Counsel adopt the Amending Ordinances as presented by Mr. Lechner.

Councilman Hutchison made a motion seconded by Mr. Dintino.

Mr. Kenneth D. Lechner, PPAICP
Director of Community Development
Township of Gloucester
P. O. Box 8
Blackwood, New Jersey 08012

RE: Application Number 051024RACPPSP
Preliminary Subdivision and Site Plan Approval
with waivers and the minimus exceptions for
Southwind Development Resolution adopted
Gloucester Township Planning Board on February 8, 2011
Block 108.01, Lot 10; Block 108.99, Lots 2, 3
Resolution/Application #051024RMCPPSP

Dear Mr. Lechner:

Crossroads Village LLC is successor to “Southwind” as developer.

Concerning the above-referenced, as you are aware, the Permit Extension Act was implemented as a result of the economic downturn, allowing tolling of approvals through June of this year. Pursuant to N.J.S.A. 40:55D-136, et. seq.; the Permit Extension Act, as amended through 2014, extended municipal approval in Smart Growth areas through June 30, 2016.

The MLUL stipulates that preliminary approvals are valid for a period of three (3) years from the date of approval. Pursuant to N.J.S.A. 40:55D-49, an applicant may apply for extension of the preliminary approval for additional periods not to exceed, in the aggregate of, two (2) years.

Additionally, N.J.S.A. 40:55D-130 specifically provides that nothing shall prohibit the granting of such additional extensions, as are provided by the law, when extensions granted by the Permit Extension Act expire.
Accordingly, we respectfully request that the approvals granted on February 8, 2011 for the above-referenced (which have been tolled in accordance with the Permit Extension Act through June 30, 2016) be extended for a one-year period. The referenced property is situated in the Mingus Run, Redevelopment Zone. During the time since February 8, 2011, the Zoning and Master Plan have not been modified. Accordingly, the extension of approvals would be consistent with the current Zone Plan of the Town.

Please accept this letter as extension application request and advise any fee.

Please place on your next appropriate agenda and advise the date, upon which we will appear.

Should you have any questions, or desire additional information, please do not hesitate to contact me at your convenience.

Very truly yours,

[Signature]

TOWNSHIP OF GLOUCESTER

1261 Chews Landing -Clementon Rd., at Hider Lane
P. O. Box 8, Blackwood, New Jersey 08012

Community Development & Planning
Kenneth D. Lechnr, Planning Board Secretary

DECISION OF THE GLOUCESTER TOWNSHIP
PLANNING BOARD

Take notice, on the 14th day of September, 2010, and the 14th
day of December, 2010 the Township Planning Board
approved a Preliminary Subdivision & Site Plan with
Waivers & De Minimus Exceptions for Southwinds
Development, LLC. The property is located at ,577 N.
Blackhorse Pike , Block: 10801 Lots: 6 & 10, & Block:
10899, Lots: 2 & 3 in The Mingus Run Redevelopment Zone.
This request has been memorialized by resolution of the
Gloucester Township Planning Board on May 24, 2011.
The resolution, application, and plans are on file with the Planning Board
Secretary of the Township of Gloucester and may be reviewed during normal
hours at the Gloucester Township Municipal Building, located 1261 Chews
Landing Clementon Road, Laurel Springs, NJ.

Kenneth D. Lechnr, PP, AICP
Planning Board Secretary

KDL/lrp
#051024RACPPSP
A RESOLUTION OF THE GLOUCESTER TOWNSHIP PLANNING
BOARD MEMORIALIZING PRELIMINARY SUBDIVISION AND SITE PLAN WITH
WAIVERS AND DE MINIMUS EXCEPTIONS FOR SOUTHWINDS DEVELOPMENT,
LLC,
APPLICATION NO: 051024RACPSP

WHEREAS, on September 14th and December 14th, 2010
consideration was given to the application of Southwinds
Development, LLC for property located at Block 10801, Lots 6 and
10; Block 10899, Lots 2 and 3; and

WHEREAS, Rick Hoff, Esquire appeared on behalf of
the applicant and Lawrence Divietro, applicants planner. Andrew
Hogg, applicant's engineer testified as did Jennifer Marandino,
applicant's traffic engineer on behalf of the application and no
one appeared and testified from the public at the September 14,
2010 hearing; and

WHEREAS, the Planning Board having received reports
from professionals and other advisors to the Board including,
without limitation, the Zoning Officer, Board Engineer, Board
Planner, County Planning Board, Traffic Commander, Fire Marshall,
Tax Assessor, Water Department and Municipal Utilities Authority
having heard testimony from the Board Planner and Board Engineer
makes the following factual findings in conditionally approving
the subject application for preliminary subdivision and site plan
with waivers and de minimus exceptions:

1. Existing Zoning: Mingus Run Redevelopment
Zone.

2. Intended Use: At the initial hearing on
September 14th, 2010, Rick Hoff summarized the background of the
subject application which included an initial application with
hearings thereon for 497 units, a denial of that application,
resultant litigation and the settlement of the aforesaid
litigation.

3. As reflected in the settlement agreement the
bases for denial concerned the inadequacy of information
submitted sufficient to permit the Board to make a reasoned
determination on the various issues implicated by the subject
application. The settlement agreement accomplished, among other
things, a delineation of additional information that would be
submitted with a revised application.
4. As part of his summary of the presentation Mr. Hoff emphasized that there are no variances and briefly touched upon the waivers hereinafter set forth in full below.

5. Mr. DiVetro’s testimony discussed the generalities of the subject application referencing Exhibit A-1 - Consent Order; Exhibit A-2 - the old site plan; Exhibit A-3 - the new concept plan; Exhibit A-4 - the new site plan. The latter plan was described as depicting 96 units of senior housing of the 475 total unit count. There would be a multi family section of 221 homes (222 in the prior application). There would be 158 town homes (which were 175 in the prior application). The overall density was described at 8.45 per acre where 10 dwellings per acre was permitted. 76 COAH units will be provided as a part to the subject application. Mr. DiVetro also testified relative to the submission of additional information required by the settlement agreement between the parties.

6. Various other renderings were marked and described to the Board including landscape details for the reverse frontage on the Black Horse Pike (A-5) and on County Road 706 (A-6). An open space plan was described in detail to include clubhouse, two pocket parks, walkway, environmental areas/stream corridor and passive open space (A-7). An attractive design for the entrance off the Black Horse Pike showed two tiers with landscaping and walkways along the entirety of the Black Horse Pike (A-8). The architectural renderings were demonstrated for the town homes on Southwind Drive (A-9) as was the senior housing (A-10) and the town homes (A-11). To give the board a sense of perspective renderings of the flats from the three story perspective and from the view point of County Road 706 were provided (A-12).

7. By way of additional background Mr. DiVetro recapped the redevelopment aspects of the parcel and the proposal including a designation of the areas of the site as an area in need of development in 2003 and the generation of a 2004 redevelopment plan.

8. The following waivers were requested, considered and granted based on testimony satisfying NJSA 40:55D-51:

a. EXCEPTION from Residential Site Improvement Standards ("RSIS"). Parking ratio for Seniors Housing.
b. EXCEPTION from RSIS - Street Intersection offsets.
c. EXCEPTION from RSIS - Maximum grade of 5% for secondary
streets within 50 feet of intersection at 6 locations throughout the project;

d. WAIVER – from Section 506.46 embankments greater than 3 feet shall not exceed 5.1 grade. The applicant agreed to work with the Engineer to meet this provision of the Ordinance and obviate the need for any waiver.

e. WAIVER – access from right-of-way at maximum of 10% grade to bottom of basin;

f. WAIVER – Section 517H basins adjacent to/readily visible to public shall provide side slope of 4:1 or flatter. The applicant agreed to maintain a 4:1 ratio above the water, but the slope will exceed that ratio below the water, we are requesting the waiver.

g. WAIVER – Section 506A provide a minimum usable perimeter area with maximum grade of 5% for minimum of 25 feet for residential laws;

h. WAIVER – Section 507D street tree spacing to be 40 feet on center (proposed at 60 feet);

i. WAIVER – Section 508 Lighting – allow mixture of lighting as proposed;

j. WAIVER – Section 511 Recreation and Open space/Payment in lieu of Improvements. As set forth below.

9. Ms. Marandino then offered substantial credible testimony in support of waivers a, b, c, hereinafter described.

10. Mr. Hogg then testified with respect to waiver numbers b and c. The Board Engineer specifically accepted the testimony supportive of waivers b and c. Mr. Hogg provided substantial credible testimony in support of waivers d, e and f. Mr. DiVierro testified with respect to waiver g and h.

11. The matter next came on before the Board on October 12th, 2010. At that time the Board heard from the public. First, Theo Palumbo testified regarding the necessity of confirming the lack of a connection between East Court and the subject application. This was done. There will be no connection.

12. Paul Sandrock, the Camden County Fire Marshall testified, Amelia Murray Palmer testified regarding traffic concerns. Gary Smith, Chief of Fire District #3 offered comments with respect to fire safety.

13. The matter was then opened up for commentary by Board Members and the applicant responded to various questions.
or comments by Mr. Gurace, Mr. Kricun, Ms. Musser, Mr. Palmer, Mr. Dunn, Mr. DelDuke and Mr. Moffa at which time the matter was carried until the December meeting.

14. The last meeting on the subject application was on December 14th, 2010 at which time the remaining issues concerning traffic and fire safety were discussed. Messrs. DiVetro and Hogg testified again as did Ms. Marandino. New exhibits were offered and described including Exhibit December 1. This exhibit depicted changes made to the plan to reflect comments by various members including Board Chairman Kricun, regarding the likelihood that the stream crossing would not be permitted. Ms. Marandino and Mr. Hogg both testified with respect to the engineering and traffic issues in-so-far as this plan revision would be accomplished and A-4 (the old plan) was compared in detail to the new exhibit December-1. It was noted for the board’s information that Southwind Road is a dedicated public street. Ultimately Ms. Marandino’s testimony concluded that there were no traffic concerns generated by the revisions and that all RSI standards were met. Ms. Commins responded by indicating that the original TIS (Traffic Impact Statement) did not contemplate this revision and that the TIS should be reevaluated to reflect the elimination of the cross over. By way of clarification, Ms. Commins indicated that she would accept the analysis on the base data from 2005 and that she was not requiring all new traffic counts. This is a condition of approval to be addressed at the time of final.

15. The Board had additional questions including the necessity for a snow easement at a point to be determined before final. This is a condition of approval.

16. There were additional questions with respect to sidewalks and in particular the varying obligations under the developer’s agreement to installing sidewalks and designing the roadway extension.

17. Ms. Commins revised report of December 7th was dealt with and they agreed to comply in all respects except as follows:

Paragraph 4a: Easements will be provided on the plan at final.

Paragraph 4b: Lot numbers will be provided at final.

Paragraph 4c: After due deliberation the Board concluded that Southwind drive will remain public as proposed.
Paragraph 4d: At final.
Paragraph 4e: To be satisfied at final.
Paragraph 5a: To be satisfied at final.
Paragraph 5e: De minimis exception is granted under this RSIS standard.
Paragraph 6b: To be satisfied at final.
Paragraph 6c: To be satisfied at final.
Paragraph 6d: Waiver or De minimis exception is appropriate and was granted by the Board.
Paragraph 6f: To be satisfied at final.
Paragraph 6g: To be satisfied at final.

Paragraph 7c: Applicant agreed to work with Planning Board engineer relative to slope of embankments throughout the project.
Paragraph 7d (i through vii): Waivers or exception are appropriate and are granted from the noted RSIS standards.

Paragraph 7m: The issue is deferred until final and to include placing fence as necessary.
Paragraph 7o: The requirements of this paragraph i. through v. shall be met at the time of final.
Paragraph 7p: The board accepted the testimony provided by the applicant as satisfactorily addressing the issues of paragraph p.

18. Mr. Lechner's revised report of December 8th, 2010 was discussed and the applicant agreed to comply except as noted:

VII:
2: A waiver was deemed appropriate to grant under this paragraph.
3: To be satisfied at final.
6 (a) To be satisfied at final.
13. With respect to recreational obligations and as set
forth in the previous findings of fact the applicant and the planning board agreed that the applicant’s remaining obligation after the proposed improvements to be installed is $300,000.00 to be paid in accordance with the Land Development Ordinance.

14. To be satisfied at final.
15. To be satisfied at final.
16. To be satisfied at final.

VIII:

4 (a) The applicant agrees that this is their responsibility per redevelopment agreement.

8. To be satisfied at final.
10. To be satisfied at final.

11. To be revisited at final consistent with the above factual finding.

IX:

1-b. - I-1: To be addressed at final with the applicant being unable to commit officially and the board desiring to continue to review the matter.

2-i-2-a: Applicant is unable to comply.

Further, the applicant reaffirmed that they will, at the time of final, address the bike path and trail.

19. Finally, the discussion revisited the issue of recreation obligations. "December 2" is an exhibit that was said to reflect the estimated value of improvements proposed to be installed by the applicant as well as the applicant’s obligation under subdivision ordinance requirements. The proposed improvements were described as being appropriate to an age targeted development, while others that were not being provided were said to be less appropriate. The applicant concluded and the Board accepts that after factoring in all the value of all subdivision ordinance requirements being constructed and provided within the project the applicant would have an unmet obligation of $300,000.00 in improvements which obligation the applicant agreed to satisfy by payment of $300,000.00 pursuant to Township
20. The issue of fire safety was again revisited. The applicant described a series of meetings with all Fire Officials and it was established that all requirements of said officials were satisfied except for the un-required request that the applicant construct the town homes with sprinklers even though such is not presently required by law. The applicant indicated that they simply could not comply with this requirement. The Board Solicitor ruled that the board after exhausting its abilities to persuade and cajole had no authority to demand such improvements not otherwise legally required. The Board followed the Solicitor’s advice and did not so require.

21. The Board Planner reviewed the following plans:

21. The Board Engineer reviewed the following plans:

1. Plans entitled, "Preliminary Site Plan for Southwind Development, Block 10801, Lots 6, 10; Block 10899, Lots 1-3, Gloucester Township, Camden County, New Jersey", consisting of fifty-six (56) sheets, last revised November 24, 2010, as prepared by Land Dimensions Engineering.

22 The applicant will comply with the Fire Marshall's report dated December 14, 2010, with the following exceptions: (i) as noted above, the townhouse buildings within the project will not be sprinkled; (ii) the roadway widths shall be as per the plans submitted.

23. The applicant will comply with the Traffic Commander's report dated July 29, 2010.

27. The applicant will comply with the Gloucester Township Municipal Utilities Authority report of June 2, 2010.

NOW, THEREFORE, after considering the foregoing facts the Board concludes that the application for preliminary subdivision and site plan with waivers and de minimus exceptions has substantial merit and should be approved subject, however, to the following conditions:

A) Compliance with all Township, County, State and Federal rules, regulations and ordinances.

B) Approval of all appropriate reviewing agencies including without limitation, the MUA, County Planning Board, Traffic Commander, Fire Marshall, Soil Conservation District, Department of Transportation and Police Department.

C) Compliance with the Board Engineer’s report and comments at the public hearing.

D) Compliance with the terms and conditions of the Board Planner’s report and comments at the public hearing.

E) Compliance with all representations made by the applicant at all public hearings.

F) All existing easements on the property shall be provided to the Board Solicitor for review. All proposed or required easements shall be subject to the Board Solicitor’s review and approval. All proposed or required easements for residential properties shall also be subject to three point notification (first contract of sale, deed into first home owner and plan notation.)

CERTIFICATION

I HEREBY CERTIFY that the foregoing is a true and correct copy of a Resolution adopted by the Gloucester Township Planning Board at a meeting held on the 29th day of May 2011.

KENNETH LECHNER, SECRETARY
LAND DEVELOPMENT APPLICATION CHECKLIST

Applicant must complete the following requirements to submit an application to the Planning Board or Zoning Board of Adjustment. No application shall be accepted without the items in the below checklist.

- X Taxes Paid Certification.
- X Land Development Application Form – completed, signed, and notarized.
- X Filing Fees.
  - o FILING FEE = Filing + Publication + Property Owners + Variance (if applicable)
- X Escrow Fees.
  - o ESCROW FEE = Engineer + Planner + Legal
- X Signed Escrow Agreement.
- X Signed W-9 Form.
- X Disclosure Statement (Corporations, LLC, and Partnerships).
  - o Corporations, LLC, and Partnerships must be represented by an attorney.
- X Twelve (12) copies of the development plan (signed and sealed).
- X Seven (7) copies of the Ordinance Checklist (§817).
- N/A Other reports (4 copies) – if applicable.
  - o Drainage Calculations
  - o Environmental Impact Statement
  - o Traffic Impact Statement

CAMDEN COUNTY PLANNING BOARD

Land development applications for site plans and subdivisions require review and/or approval of the Camden County Planning Board.

NOTE: All municipal site plan and subdivision approvals are conditioned upon Camden County Planning Board Approval.

PROPOSAL

The Applicant is seeking minor site plan approval to modify certain portions of its existing parking lot, as more particularly described below, at property located at 589 Berlin-Cross Keys Road in the Township of Gloucester and designated as Block 18501, Lot 17 on the municipal tax map (the “Property”). The Property is located in the HC Highway Commercial Zoning District and currently contains a CVS Pharmacy retail store. The Applicant is not proposing any changes to the existing building.

The Applicant is seeking to make its parking lot compliant with the Americans with Disabilities Act (“ADA”) and is proposing three (3) ADA compliant spaces and access aisles constructed on a concrete reinforced pad. The Applicant is proposing to install ADA compliant signs for these parking spaces. A sidewalk along the driveway and adjacent to the building entrance will be repaired and replaced and associated ADA compliant ramps will be installed. The area of disturbance is approximately 4,925 square feet. The Applicant is proposing 51 parking spaces, which is in compliance with the 51 parking spaces that are required under the Township of Gloucester ordinance section 510.A. The Applicant is proposing the restripe the existing parking spaces.

PROPOSAL

The Applicant is seeking minor site plan approval to modify certain portions of its existing parking lot, as more particularly described below, at property located at 589 Berlin-Cross Keys Road in the Township of Gloucester and designated as Block 18501, Lot 17 on the municipal tax map (the "Property"). The Property is located in the HC Highway Commercial Zoning District and currently contains a CVS Pharmacy retail store. The Applicant is not proposing any changes to the existing building.

The Applicant is seeking to make its parking lot compliant with the Americans with Disabilities Act ("ADA") and is proposing three (3) ADA compliant spaces and access aisles constructed on a concrete reinforced pad. The Applicant is proposing to install ADA compliant signs for these parking spaces. A sidewalk along the driveway and adjacent to the building entrance will be repaired and replaced and associated ADA compliant ramps will be installed. The area of disturbance is approximately 4,925 square feet. The Applicant is proposing 51 parking spaces, which is in compliance with the 51 parking spaces that are required under the Township of Gloucester ordinance section 510.A. The Applicant is proposing the restripe the existing parking spaces.
LANDOWNER'S CONSENT CERTIFICATION

Property:  Block 18501, Lot 17
           589 Cross Keys Road
           Township of Gloucester
           Camden County, New Jersey

Applicant:  CVS Health
           One CVS Drive
           Woonsocket, RI 02895

Owner:  Triad Equities II, LLC
        c/o Site Development, Inc.
        14000 Horizon Way, Suite 100
        Mount Laurel, NJ 08054

Proposed Development:  Re-grade parking lot and create new ADA compliant parking,
                       access aisles, and sidewalks and related improvements

The undersigned hereby certifies as follows:

Triad Equities II, LLC is the only owner of the above referenced Property. Triad Equities II, LLC hereby consents to the filing by the above Applicant of any and all applications for governmental approvals necessary for the Proposed Development described above including, but, not limited to, applications to the Planning Board and/or the Board of Adjustment of the Township of Gloucester, the Camden County Planning Board, the Camden County Soil Conservation District, the New Jersey Department of Transportation, and the New Jersey Department of Environmental Protection. Triad Equities II, LLC also authorizes members of the Planning Board and its staff to conduct a site visit of the premises that are the subject of the application.

III. APPLICATION SUBMISSION CHECKLIST

The Application has been review for the checklist items in accordance with §817, Submission Checklist for a minor site plan.

The applicant must address the following omitted checklist requirements of request a waiver:

It’s not recommend to waive underlined items

1. The names, addresses, block and lot numbers of all property owners within 200 feet of the development [Checklist #33].

2. Existing and proposed lot coverage in acres of square feet and as a percentage of the lot area [Checklist #37].
   a. The plan must be revised to address the proposed lot coverage.
      i. Should the lot coverage exceed 75%, a variance is required.

IV. WAIVER COMMENTS

The Applicant requests a waiver from providing the following checklist items:

It’s not recommend to waive underlined items

1. Four (4) copies of the Recycling Report. [Checklist #8].

2. No application for development shall be considered complete until the applicant has calculated and delineated the area of wetlands based upon the methodology established by the New Jersey Department of Environmental Protection regulations (See §519) [Checklist #9].

3. Four (4) copies of any additional reports. [Checklist #10].

4. Existing signs including the location, size, and height [Checklist #43].

5. Proposed signs including the location, size, height and scaled elevations of the front, side, and rear of any side directed or modified including sign lighting details [Checklist #44].

6. Existing elevations and contour lines over the entire area of the proposed development and two (2) permanent benchmarks based upon U.S.G.S datum [Checklist #56].

7. Slope of line [Checklist #68].

8. Pipe material type [Checklist #69].

9. Strength, class or thickness [Checklist #70].

10. Erosion control and soil stabilization method [Checklist #71].

11. Show evidence that plan meets with Ordinance requirements for septic systems. [Checklist #72].

12. Site lighting in accordance with Article V of the Land Development Ordinance (i.e., photometric patterns and construction details [Checklist #91].

13. Expansion plans for the proposed use shall show feasible parking and loading expansion plans to accompany building expansion [Checklist #93].

14. Size and types of pipes and mains [Checklist #98].

15. For any storm drainage system, show the computations and any connection by the development to the existing storm drainage system [Checklist #104].

16. If private utilities are proposed, they shall fully comply fully with all township, county and state regulations. [Checklist #105].
17. If service is to be provided by an existing water or sewer utility company, a letter from that company shall be submitted, indicating that service shall be available before occupancy of any proposed structures. [Checklist #106].

18. When on-lot water or sewerage disposal, the concept for such system shall be reviewed by the appropriate township, county and state agencies. [Checklist #107].

IV. **VARIANCE COMMENTS**

The instant application does not appear to require any variances.

V. **MINOR SITE PLAN COMMENTS**

1. The plans shall be revised to provide landscaping, species, and planting details for all landscaped islands disturbed to accommodate the proposed project as per §507, Landscaping.

2. The plans must be revised to provide concrete sidewalks and handicapped access ramps at the following locations as per §516, Sidewalks, Curbs, Gutters & Pedestrian Ways:
   a. Along the frontage of Berlin-Cross Keys Road.
   b. The radius of Berlin-Cross Keys Road and Sicklerville Road.

3. Relocate the proposed “Van Accessible Sign” to the front of the parking space and outside of the concrete walkway.

VI. **LAND DEVELOPMENT ORDINANCE COMMENTS**

The Applicant is advised of the following additional requirements of the Land Development Ordinance:

1. A soil removal plan if soil is to be removed from the site for use or sale other than the premises subject to this application as per §901.C, Soil Removal.

2. A grading plan prepared and sealed by licensed professional engineer as per §814, Grading Approval.

3. Affordable housing requirement as per §902, Affordable Housing Fees and Procedures.

4. Before recording final subdivision plats or as condition of final site plan approval or as a condition to the issuance of a zoning permit pursuant to N.J.S.A. 40:50D-65d the furnishing of a performance guarantee, maintenance guarantee, and inspection fees as per §903, Guarantees and Inspections and §904, Certification or Guarantee Required; Estimate of Guarantee.

5. Requirements precedent to construction as per §905, Pre-conditions to Commencement of Construction.

6. Construction of off-tract improvements as per §906, Off-Tract Improvements Recapture.

7. A zoning permit is required prior to the issuance of any construction permits and prior to the issuance of a Certificate of Occupancy by the Construction Official the Applicant must acquire a Certificate of Zoning Conformity from the Zoning Officer as per §1102, Permits, General, §1103, Zoning Permit and §1104, Certificate of Zoning Conformity.
VII. **RECOMMENDATIONS**

1. The applicant must address the underlined items listed above on the site plan.

We have no further comments regarding the application at this time. Should the Applicant have any questions or wish to schedule a meeting to review our concerns, please contact our office at (850) 374-3511.

SITE INFORMATION:

Applicant: New Jersey CVS Pharmacy, LLC
One CVS Drive
Woonsocket, Rhode Island 02895
Joseph.hussie@cvsehealth.com

Owner: Triad EQ II c/o CVS Pharmacy
One CVS Drive - Store Acct Dept
Woonsocket, Rhode Island 02895
856-439-9200 (phone)
856-439-0404 (fax)

PROJECT SUMMARY:

This application is for modifications to an existing CVS Pharmacy retail facility to make the existing parking area in compliance with current American with Disabilities (ADA) regulations. The site is located on the northwesternly intersection of Berlin – Cross Keys Road (CR 689) and Sicklerville Road (CR 7.5). The applicant is seeking a Minor Site Plan approval.

WAIVERS/VARIANCES:

The applicant has submitted the Land Development Checklist. The applicant has requested waivers from a number of items in the checklist. We defer to the Township Planner regarding any requested waivers.

GENERAL COMMENTS:

1. The width of all sidewalk adjacent to the building shall be indicated on the Site Plan.

2. Modifications to the existing island adjacent to the entrance off of Berlin Cross Keys Road should not be made. The existing curb radius shall be maintained.

3. The grading at the gutter line of the proposed handicap parking spaces facing Sicklerville Road shall be revised to show positive flow away from the spaces. As designed this area is flat and ponding may occur.
4. The proposed sidewalk grades in the rear of the site in the area of the concrete island pitch toward the building and shall be revised.

5. The proposed sidewalk grades along the northeasterly side of the building adjacent to the proposed handicap parking pitch toward the building and shall be revised.

6. All traffic markings and striping shall be thermoplastic or epoxy paint. The details shall be revised to confirm the type of paint to be used.

OUTSIDE AGENCY APPROVALS:

This plan set may be subject to the review and approval of the following outside agencies. Evidence of these approvals must be submitted to the Township Planning Department and this office prior to the final signature of plans:

1. Camden County Planning Board
2. Camden County Soil Conservation District
3. Gloucester Township Municipal Utilities Authority
4. Any other as may be necessary

When plans are resubmitted, they are to be accompanied with a point-by-point response. We reserve the right to make additional comments pending the receipt of revised plans.

If there are any questions or if any additional information is required please contact this office.

Very truly yours,
